Camp 2023

Tuesday, June 13 – Friday, June 16, 2023

9:00 a.m. – 2:00 p.m.

Campers will take part in four fun-filled days of Science exploration and experimentation. Each grade level will experience its own unique variety of hands on activities and projects in Physical Science, Life Science, Earth Science, and Astronomy. Each camper will create their own science-themed T-shirt. Hot lunch is available for purchase Tuesday through Thursday, and we will have a pizza party on Friday; campers will especially enjoy making their own "experimental" dessert.

Students are grouped according to their grade level for Fall 2023. Groups have a maximum of 21 students each. Enrollment is on a first-come, first-served basis. Science Camp has a history of filling up quickly so register today! The cost is \$545.00 per child. For more information and to register online, please visit our website at www.summeratviewpoint.org
