Contact Phone Number

Requirements

Students applying are expected to meet or exceed the following:

Proficient in Math/Reading on KSA OR MAP testing OR have 3.0 cumulative GPA/On or Above Grade Level

Exemplary Behavior

Exemplary Attendance/Participation

Due to the nature and rigor of the academic content that will be delivered, students should have a passion for learning and be able to function somewhat independently in a classroom setting. It is highly recommended that students have solid attendance records with few absences. Students will need to demonstrate persistence when faced with challenging academic expectations.

The Eagle Center of Innovation is designed to stress self-reliance, self-advocacy, and community. Students who are accepted are expected to participate in functions above what they would in other academic environments. Cleaning, gardening, organizing, and community service projects are fundamental aspects. Every individual will have a unique experience while participating at iEagle.

Details About Enrolling

- There will be no discrimination in the admission of students to iEagle based on race, creed, color, disability, or gender.
- The school will assert its best effort to attract a diverse student body that reflects the community and the school.

iEagle will be a rigorous program that will work at an accelerated pace.

Why do you want to participate in the Eagle Center of Innovation?

(A minimum of one paragraph is required, **MUST be handwritten by the student**)

If admitted, what interests would you like to explore within each subject? (**MUST be handwritten by the student**)

What specific talents or strengths do you have that you would like us to know about?

Parent Acknowledgement of Admission

Our admissions policy seeks students who have achieved proficiency in reading, writing, and mathematics skills, and whose performance testifies to their commitment to learn in all their studies. iEagle seeks students who are not only able, but have expressed interest in science, technology, engineering, art, or math and want to become involved in a rigorous academic environment that emphasizes these subjects.

I acknowledge the above response is in-line with our values and we will be supportive of the Eagle Center of Innovation.

Admissions

Prospective students must complete the application and submit it prior to the deadline, **APRIL 14, 2023**. Every student will receive a review of their most recent academic and attendance/participation records to ensure that the Eagle Center of Innovation is an appropriate potential option and educational placement.

Application will be reviewed and letters will be mailed home at the end of April once placement decisions are finalized.
