	Two Rivers credits	College credits
Language Arts	_____	_____
Social Studies	_____	_____
Math	_____	_____
Science	_____	_____
Art	_____	_____
Phy Ed/Health	_____	_____
Electives	_____	_____

Every PSEO institution has its own application process and criteria for admission. According to Minnesota state statute, students must notify their high school by May 30th if they plan to participate in PSEO.

Two Rivers High School needs a copy of your PSEO schedule each semester.

PSEO courses will transfer to your TRHS transcript with the college grade earned.

No college grades are weighted when transferred to your TRHS transcript.

Your high school counselor needs to be informed of changes made in your schedule (dropping/adding a course). Dropping or withdrawing from a course after the initial drop/add date (usually 7-10 days after the semester begins) at the college will result in a “NG” on the student’s high school transcript. Be aware of drop deadlines. Missing one could result in an “F” on your college transcript.

High school diplomas are held until TRHS receives an official transcript from the college and all TRHS graduation requirements are verified.

Students are responsible for attending state tests such as the MCAs and ACT.

PSEO students can participate in high school events and activities. If a PSEO student chooses to participate in college extra-curricular activities, they are no longer eligible for MN State High School League activities.
