Rutgers Preparatory School has a long tradition of welcoming International Students to our school community. It is very typical to see students from many countries enrolled in our Lower, Middle or Upper Schools, and because of the significant range of cultural, religious and geographic diversity that exists on campus, International Students are comfortable as students here. Our students learn from their peers about the leadership roles each of us can assume in a world that is based on globalization and interdependence.

International Students at Rutgers Preparatory School are fully integrated into the school program and find great success in the classroom, in the arts, in athletics, and in community activities. Rutgers Prep International Students must have a high level of proficiency with the English language as we do not offer ESL training. It is our goal for all of the students to choose from, and complete their academic coursework through, our regular, honors and AP course offerings.
