

Pierce County Schools and Title I

Excellence is Standard

Purpose of Title I, Part A

Title I is a part of the Elementary Secondary Education Act (ESEA) and the new Every Student Succeeds Act (ESSA). This Act provides federal funds through the Georgia Department of Education to districts with high numbers or percentages of poor children to help ensure that all children meet challenging State academic content and performance standards. Title I funds allow schools to offer a variety of services which may include additional teachers and support staff, extra time for instruction, training on a variety of instructional methods, and instructional materials.

Families and school staff engage in regular, two-way, meaningful communication about student learning.

3. SUPPORTING STUDENT SUCCESS

4. SPEAKING UP FOR EVERY CHILD

Families are empowered to be advocates for their own and other children, to ensure that students are treated fairly and have access to learning opportunities that will support their success.

5. SHARING POWER

Families and school staff are equal partners in decisions that affect children and families and together inform, influence, and create policies, practices, and programs.
