

High School Mathematics Teacher

Job Purpose (Overview)

The Harbour School is a community-oriented organization that values its employees and supports continued growth and education of all its staff. We aim to have a work environment that mirrors our school, with staff loving to come in each day just as much as our students love coming to school. Working at THS should be as much of a joy as the learning experiences are, and we aim to inspire future leaders in progressive education.

Teaching at The Harbour School requires teachers to put student learning first, demonstrating excellence in subject-area matter and progressive teaching pedagogy. Teachers are expected to regularly reflect and research up-to-date teaching strategies for continuous improvement, for their own, and students' benefit.

Teaching at The Harbour School assumes a role beyond the classroom. Applicants must demonstrate the ability to work and communicate collaboratively within a team, assist with the holistic development of students and the school, and be open and willing to undertake duties in addition to their teaching duties.

We are seeking to add to our team and invite applications for passionate **High School Mathematics Teachers** to apply;
