

CBVAT hosts winter sale and open house

Community-Based Vocational Assessment and Training, or CBVAT, recently hosted their winter sale and open house. Members of the community were invited to come and purchase items created by the CBVAT students and see all of the great work they have done so far this school year!

Items for sale included pet toys, centerpieces, greeting cards, gift bags, movie night gift sets, spa gift sets and toolbox gift sets. Students in the CBVAT program were present to restock the gifts and help customers check out.
