

# HAPPY EARTH DAY

April 22, 2023 - Town Green - 10am to 2pm

## ***Join us for our 4th Annual Earth Day Celebration Event!***

We are so excited to announce that Earth Day is BACK in 2023! We're pleased to be able to provide another opportunity for our residents and members of the local community to come out for a free, fun-filled day of entertainment, refreshments, games and activities, and learning opportunities! Individuals of all ages can check out local businesses, organizations and vendors who will be promoting practices that can make Ellington even more eco-friendly! Past events have included musical entertainment and planting presentations, and this year we're happy to offer food options including Adam Ice Cream, Backroads Smokin' BBQ, Chick-Fil-A, LuAnn's, No Coast Kitchen, and more! The majority of vendors and displays will be set up along Church Street and throughout the Town Green. We will be keeping an updated confirmed vendor list going on the Earth Day page on our website, so keep checking back to plan your vendor visits!

Plans for the Crystal Lake Showcase exhibit at the Nellie McKnight Museum, which will open in conjunction with the Earth Day event, are well underway. The exhibit explores the diverse history of Ellington's long ago resort destination. Visitors will be amazed at the backstory of "Little Coney Island", an era of photos, original artifacts, and limelight on Jimmy's famous hotdog stand.

We're still looking for vendors who wish to participate by setting up a booth/display for the event!

If your business/  
group/organization is interested,  
please contact Becky at  
[reinsiedel@ellington-ct.gov](mailto:reinsiedel@ellington-ct.gov), or call  
us at 860-870-3100 #8 for  
more information!

We'd love to have you!
