

# HOST A STUDENT

Open your heart and home to an  
NWSE Exchange Student

## Host an Exchange Student and the world comes to you!

Hosting an NWSE exchange student is a wonderful opportunity to share your culture with a student from another country, and to experience international culture without leaving home.

- Build lifelong friendships and great personal connections abroad
- Help create greater cross-cultural understanding in your community
- Support the next generation to develop their personalities, build global awareness, and prepare for future study and careers
- Students arrive in August with proof of a negative covid test. They are fully insured.

### Did you know?

Hosting an NWSE Exchange Student may qualify you for a **discount on an outbound study abroad program** for your own children!
