

HIGH SCHOOL

2023/24 IMMUNIZATION CHECKLIST

High school registration is not complete until your child has completed required examinations, immunizations and health screenings.

High school students need:

- Students entering 9th grade need a health exam/physical within one year of starting school or when entering the IL school system for the first time.
- Immunizations: Students must show proof of basic immunizations and required boosters for:

Diphtheria	Red Measles	Meningococcal
Tetanus	Mumps	Hepatitis B
Pertussis	Rubella	Tdap vaccine
Polio	Varicella	

- An oral health/dental exam before May 15 during their ninth grade school year.
- Students entering grades 10, 11, or 12 need a sports physical if participating in sports. Sports physicals are good for 13 months and DO NOT replace the required ninth grade physical.

Objections: Parents/guardians who object to required examinations or immunizations must submit an Illinois Certificate of Religious Exemption from their doctor's office.

Take care of these required health examinations, immunizations and screenings:

- Your child's primary care physician
- The Winnebago County Health Department: 815-720-4000
- The Ronald McDonald Care Mobile: 815-971-5800, ext. 5
- Crusader Community Health School-Based Health Center/Auburn Campus: 815-490-1600

Students will not be allowed to attend class the first day of school without this completed checklist.
