TOWN OF VERNON ADA TRANSITION PLAN 14 Park Place

Transition Plan

The Town of Vernon has completed an ADA building evaluation for our Town Hall, 14 Park Place. After completing the evaluation, the Town has learned that there are several items that need to be upgraded to meet ADA regulations.

<u>Location</u>	<u>Deficiency</u>	<u>Corrective Action</u>
Town Hall	1. Section 1.5; The van space is not 11 feet wide.	Restripe spot to the appropriate size 2022-2023.
	2. Section 1.11; Handicapped Parking sign needed to identify van space in rear lot	Replace existing sign with a new sign identifying the Van spot 2022-2023.
	3. Section 2.5; The passing space is not 60X60. The building is historic and it is impractical to alter.	None recommended at this time.
	4. Section 2.38; Tactile character signs needed to identify permanent rooms on floor number 2	New permanent signage will be added 2022-2023.
	5. Section 4.15; TTY for phone on first floor	Identify a location to place a phone with a TTY device 2022-2023.

This document will be available for review at the Town Clerk's Office and in the office of the Mayor and will also be placed online.

The public is encouraged to comment on or add to this plan. Please direct any comments, or suggestions to the Office of the Mayor.
