SUBJECT: 2022-2023 Budget Message

DATE: April 14, 2022

I am pleased to present my budget message for the 2022-2023 school year. I am honored to serve you and the Troup County community in my third year as the Superintendent of the Troup County School System (TCSS). I am convinced that the Troup County School System is built on the solid foundation of the past, is presently responding well to the current trends in society and education, and is poised to become a leader in educational practice, innovation, and results for students in the state of Georgia and the nation.

I would like to express my appreciation to the members of the Troup County School System Board of Education, various Troup County Community partners, our staff and our families and students for their service, support, input, thoughtful dialogue, and consideration of this proposed budget.

As you know, the past two years have been extraordinary on many levels. A look back at the previous two budgets --- As a result of the COVID-19 pandemic that began March 2020, the TCSS was immediately faced with a \$7.5 million funding shortfall as we developed the FY2021 budget. We navigated that budget by reducing staff, using \$2.5 million in CARES I stimulus money as well as \$3.5 million in fund reserves. As we entered the FY2022 budget cycle last spring, we received better news from the state and federal

governments. The district received notification of another round of federal stimulus funds (CARES II) that assisted in offsetting budget deficits as well as to continuing funding of future expenses related to offering both in-person and virtual instruction. (Note – through budget amendments in FY2022, we have since moved the CARES II continuation of services line item to the general fund and made up for the deficit using fund balance). Additionally, the state restored 60% of the funding cuts from the spring of 2020. While this news was encouraging, it still left a gap as we developed the FY2022 budget. We ultimately navigated the FY2022 budget development process by utilizing reduced expenditures, increased state and local revenues and fund reserves.

As we develop the current FY2023 budget, we are fortunate that the state has restored all austerity reductions which brought us back to a full funding model. While we are fortunate to have remaining CARES III stimulus funds, we have become less reliant on those funds to manage and fully fund our operations and educational services. The current proposed budget will rely on current fully funded state revenues, local revenues and limited/if any fund reserves as we present a balanced budget. However, it is important to note that some of our expected expenses (e.g., nurses, partial virtual staff, cleaning, technology, HVAC, social workers) in the 2022-2023 budget cycle will continue to be funded utilizing CARES III funding as long as those expenses meet the criteria set forth by the federal government and fulfill state oversight.

In this document, I am presenting a balanced operating fund budget bolstered by stimulus grant funding to support COVID-19 related positions which may or may not be needed in the future. Prior to presenting the details of the proposed budget, I will present current results of the School System and what the School System has identified as opportunities for growth and strategic goals for the coming year. The priorities outlined in this budget are the foundation of a comprehensive plan that will continue to evolve in the coming years.

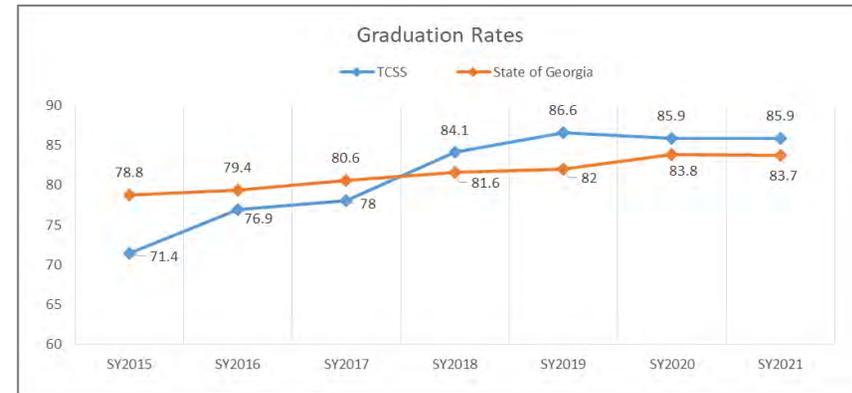

**Realizing Results**

I present assessment results in this budget message because I believe that a budget should be built with student achievement in mind. Obviously, we want to be good stewards of the public trust and we must stay focused on our core business: student achievement and student well-being. In the spring 2020 Budget Message, I presented extensive assessment results from 2019 in English Language Arts, Reading, Mathematics, Social Studies and Science. I also presented extensive CCRPI data and illustrated comparisons to similar districts around the state. Unfortunately, all state assessments and subsequent CCRPI scores were suspended for the spring 2020 and therefore there was no state data to report in the FY2022 budget development. We did, however, present internal data (iReady) from SY2021 which provided some indication of student progress as we prepared for the Georgia Milestones Assessment (GMAS). In this year's budget message, I will reference graduation rate data, iReady interim assessment data, 2021 GMAS data as well as ACT and

Advanced Placement data. While the TCSS still lags behind state and national averages, we have shown slight improvement in some areas and I believe it is important to report the data as is and work to improve our overall academic performance in the coming year.

### Graduation Rate

Since 2017, the Troup County high school graduation rate has increased from 78% to 85.9%. The School System's graduation rate has increased 15% since SY2015, and in SY2021, the TCSS graduation rate was 85.9 % which is 2.2% percentage points above the 83.7% average in the State of Georgia. This steady increase is attributed to the extensive use of data for early identification of credit deficient students and customized remediation plans designed to meet individual student needs. For the fourth year in a row, the Troup County School System's graduation rate was above the state average. TCSS students also continue to earn college credit while simultaneously earning high school credits in the state's Dual Enrollment program. As we discussed and planned in my first year, we have now developed the Troup County Career Center on the campuses of West Georgia Technical College (WGTC). Troup County Career Center has now grown to over 200 students. The program was first designed to specifically address graduation rate through a drop-out prevention and credit recovery model, but it is now expanded to allow students to pursue advanced CTAE options at WGTC utilizing the dual enrollment and Option Bravo (Option B) graduation option in the state of Georgia. The goal is to increase high school graduation as well as increase college credits earned in CTAE classes. This further enhances TCSS student opportunities supporting the school-to-work pipeline in the areas of industrial manufacturing, welding, healthcare, cosmetology, culinary arts and construction.

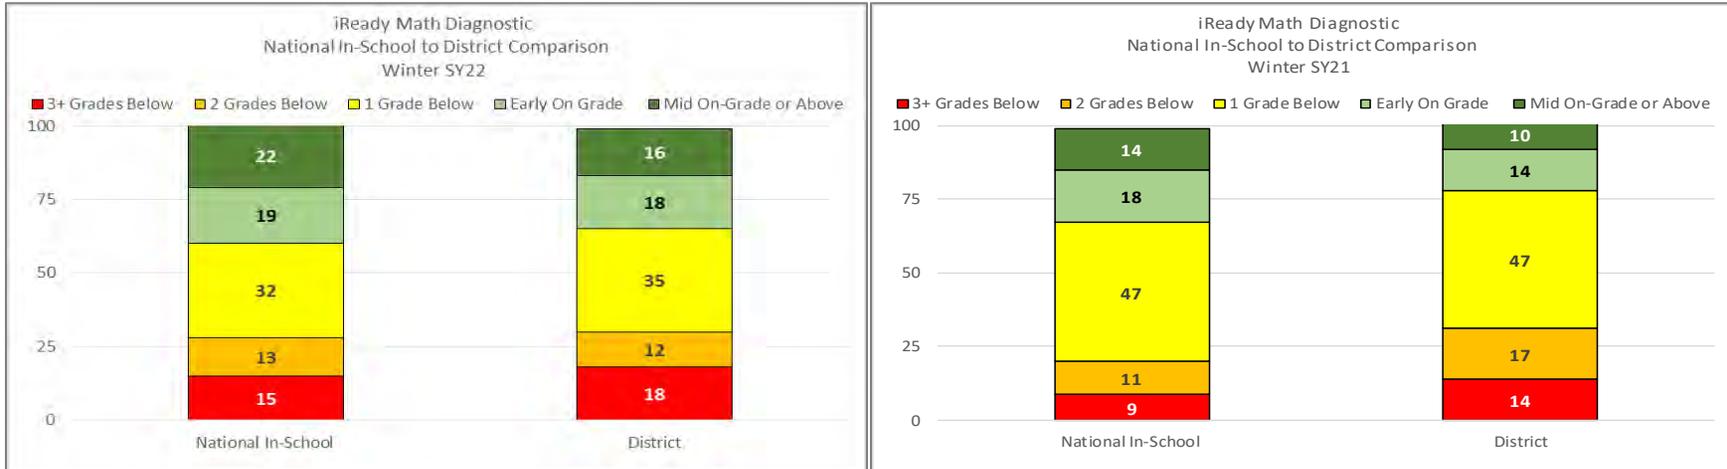

In order to continue to improve our graduation rates, the School System must identify and meet the needs of every student. Achieving a 90% four-year graduation rate will require a greater commitment by the System as well as the community. We believe that by creating alternative programming utilizing online options, expanding opportunities to earn college credits, and expanding the System's CTAE options, we will be able to engage and retain more of our current students as well as attract new and underserved students to our schools.

### Academic Performance – iReady Mathematics

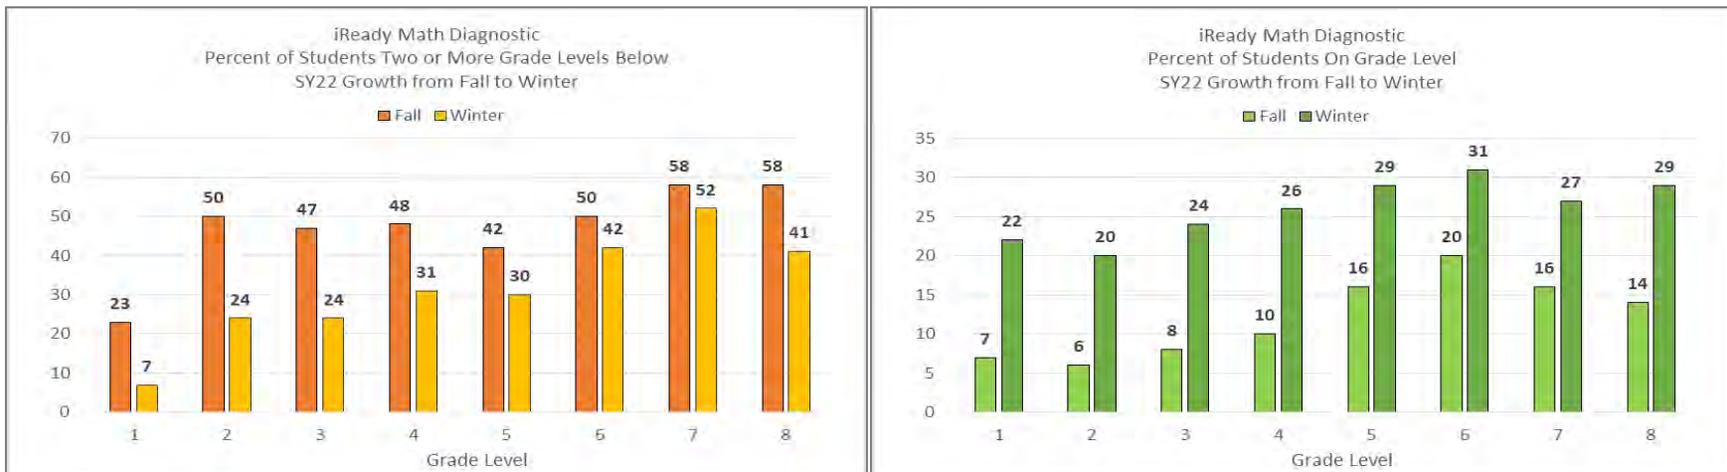

**2022-2023 Budget Message**  
**April 14, 2022**

In math, the Troup County School System student performance is similar to National iReady data when compared with students across the nation who have been in-school during the 2021-2022 school year (first chart). While many of our students are still performing below grade level, the data is improved over the 2020-2021 data (second chart).

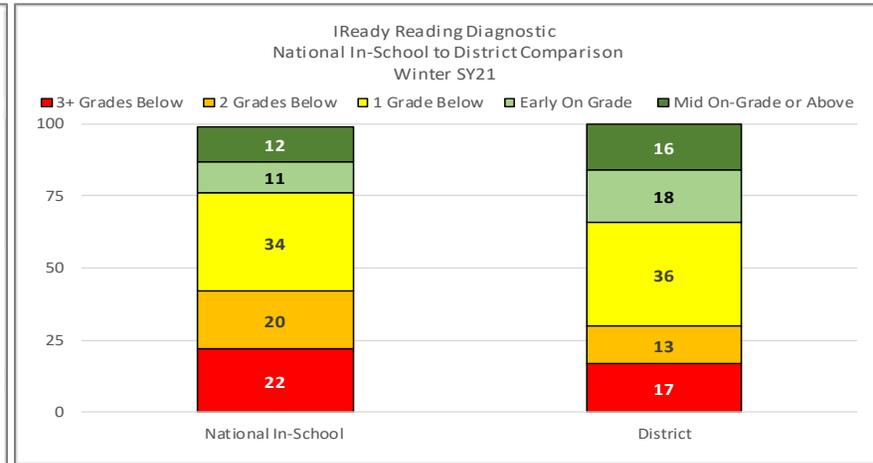

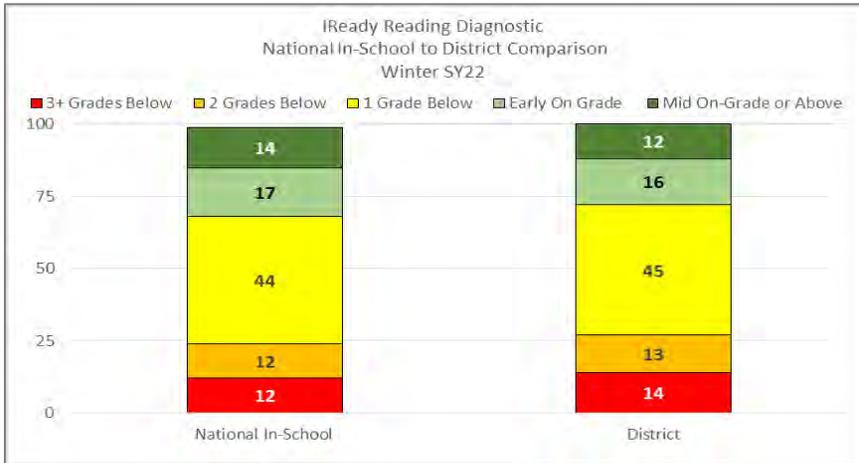

The following data charts disaggregate Math mid-year data by grade:

**April 14, 2022**

In Reading, students in the Troup County School System are out-performing National iReady data when compared with students across the nation who have been in school during the 2021-2022 school year (first chart). While many of our students are still performing below grade level, the data is improved over the 2020-2021 data (second chart).

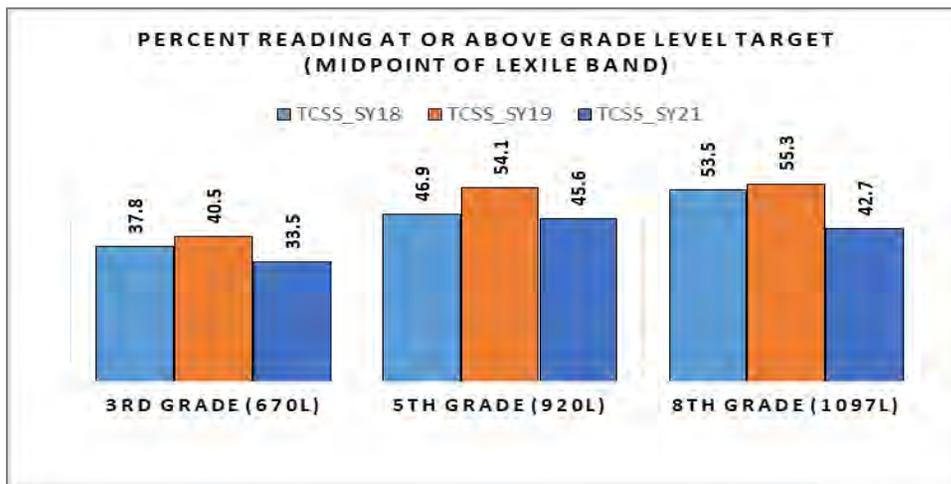

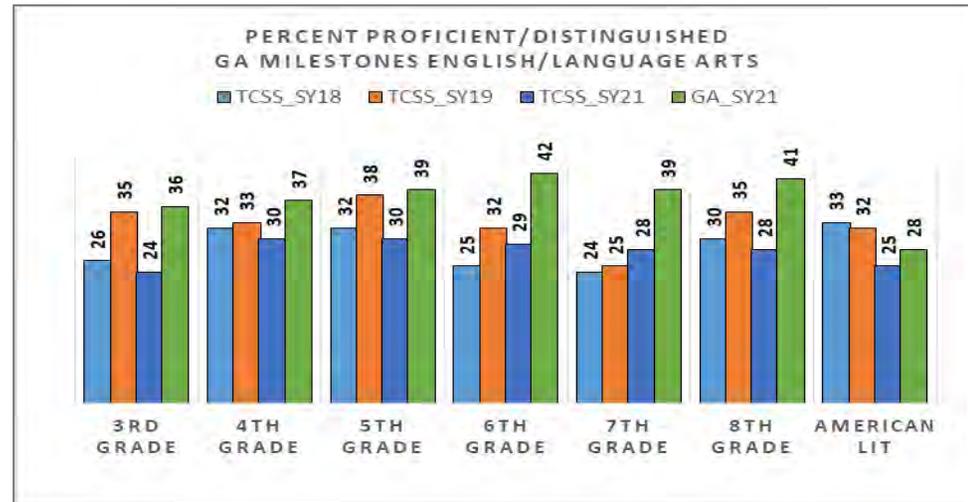

The following data charts disaggregate ELA mid-year data by grade:

**GMAS Assessment Results**

We believe regular assessments are an important way to measure student progress as well as help students prepare for year-end state and college level assessments. In SY2021, the number of students performing at Proficient or Distinguished in English/Language Arts levels decreased for most grade levels as compared to FY2019 (note – there were no GMAS assessments given in 2020). At the secondary level, the percent of students in Ninth Grade Lit performing at Proficient or Above decreased seven (7) percentage points moving from 35% in SY2019 to 25% in SY2021. At grades 3-8, we generally saw a decrease of ELA students performing at Proficient or Distinguished levels in all grades except the 7<sup>th</sup> grade. While we had decreases, so did the State and most all school systems in Georgia.

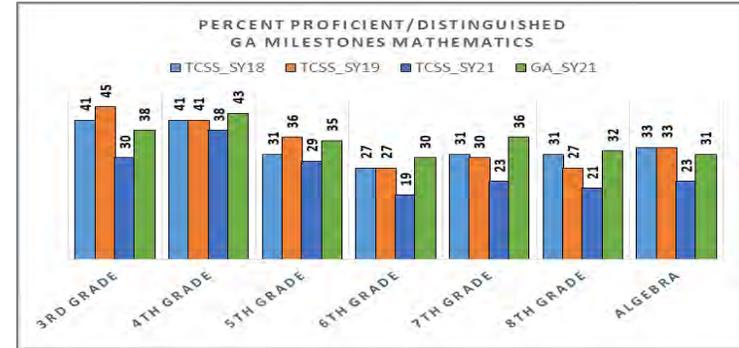

The SY2019 ELA and Reading scores also decreased in all grade levels with students reading at or above grade level. In the 3rd grade, scores moved from 40.5% to 33.5%, 5th grade moved from 54.1% to 45.6% and 8th grade moved from 55.3% to 42.7%.

**2022-2023 Budget Message**  
**April 14, 2022**

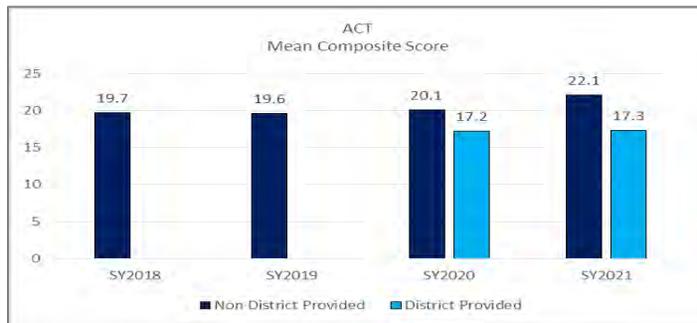

In GMAS mathematics in SY2021, the number of students performing at Proficient or Distinguished levels decreased for all grade levels as compared to FY2019 (note – there were no GMAS assessments given in 2020). At the secondary level, the percent of students in Ninth Grade Algebra I scoring Proficient or Above decreased ten (10) percentage points moving from 33% in SY2019 to 23% in SY2021. At grades 3-8, we saw a decrease of mathematics students performing at Proficient or Distinguished levels. While we had decreases, so did the State and most all school systems in Georgia.

While these results are disappointing, we certainly are proud that we kept schools open last year and we attempted to test every student who was in our Virtual program. Of course, the uncertainty and inconsistency created by the pandemic created continuous interruptions in our overall academic program. However, we believe we will be on a continuous trajectory of improvement from this point forward. In the coming year, newly implemented strategies aligned to mastery of state standards, data analysis in Professional Learning Communities, as well as, high expectations of performance for our students and staff should lead to improvement. These focused and deliberate strategies for improvement, along with the dedication of a staff committed to meeting the needs of all students, will lead to performance levels at or above the State.

**Academic Performance – ACT and Advanced Placement:**

**ACT Testing:**

The 2020 School Year was the first time the ACT was administered at no cost to all third-year high school students. This system initiative resulted in a 65 percent increase in the number of tests taken and provided all Juniors with a “college level experience.” We believe that providing the ACT for all juniors will continue to add to the “college going experience” that we want all students to have before graduating high school.

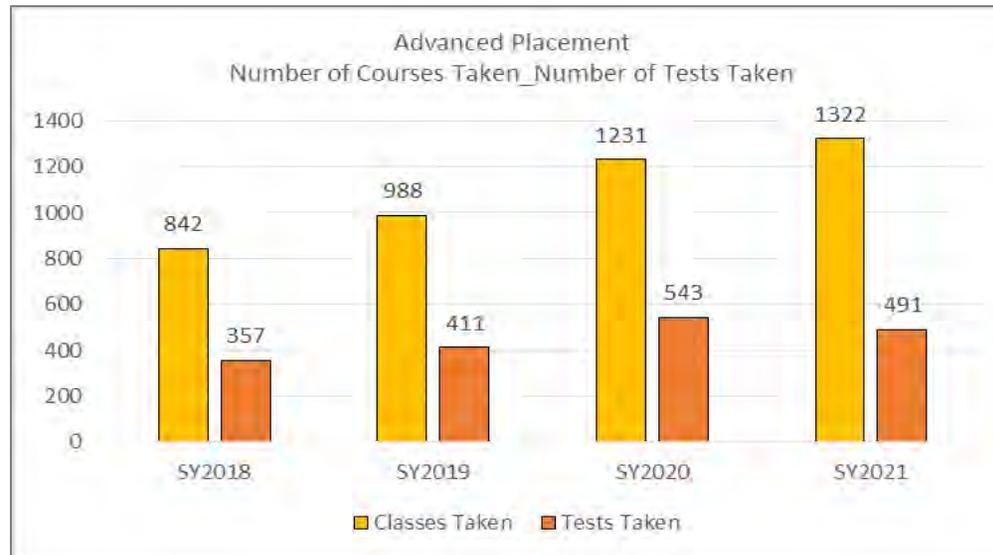

**2022-2023 Budget Message**  
**April 14, 2022**

The SY2020 ACT Mean Composite Score of 17.2 continues to serve as a benchmark (starting) data point that will be used as a measure of overall district academic performance in the future. The SY2021 Mean Composite Score was 17.3, a slight increase over the previous year. Please note that we are now giving the ACT to all juniors, approximately 800 students. Many of these students would have never taken a college entrance exam previously.

**AP Testing**

Finally, as a measure of the TCSS advanced academic participation and performance, the number of students taking Advanced Placement (AP) classes continues to increase. In SY2020, 1,231 credits were earned in AP classes taken on all three high school campuses and at THINC College and Career Academy. Although not required, 543 AP tests were taken in these classes. In SY2021, 1,322 credits were earned in AP classes taken on all three high school campuses and at THINC College and Career Academy and 491 AP tests were taken.

### **Budget Priorities**

As we move into the 2022-2023 school year, the School System will embark on a new and visionary strategic plan that will guide the budget processes in the future. As we develop this budget, we will rely on and evaluate current practices, identify gaps and needs and identify and implement best practices for overall improvement. As you know, the TCSS embarked on a strategic planning process beginning in May 2021 and concluded in December 2021. The plan was developed with multiple stakeholders throughout Troup County and the plan will guide us in the coming years both in our budget development process and in our actions.

In this plan, I outline a blueprint for the future utilizing our new TCSS Strategic Plan:

### **Strategic Goal 1: Focus on Student Success and Well Being.**

#### *Strategic Goal #1 Statements:*

- GS 1.1 Reading on Grade Level
- GS 1.2 Mathematical Competency
- GS 1.3 Problem Solving and Critical Thinking
- GS 1.4 Curricular Coherence
- GS 1.5 Common Assessments
- GS 1.6 Data Usage and Analysis
- GS 1.7 Targeted Interventions
- GS 1.8 Professional Learning Communities
- GS 1.9 Academic and Technical Pathways
- GS 1.10 Dual Enrollment, Articulated Credit Offerings, Work-Based Learning and Blended Learning Opportunities
- GS 1.11 Educating the Entire Child by Providing for Students' Social Emotional and Physical Well Being

#### *Strategic Actions (We Will):*

- SA 1.1 Provide coaching and support through the implementation of job-embedded professional learning to teachers in effective strategies for standards based classroom instruction.  
Provide ongoing coaching and support in the implementation of recently adopted system wide reading programs, Foundations, and Bookworms.  
Provide LETRS Training (Language Essentials for Teachers of Reading and Spelling) to Elementary Teachers.

- Ensure scheduling models are inclusive of all students, e.g., EIP, ESOL, Exceptional Ed, REP, during grade level reading instruction.
- Implement consistent data driven practices to provide targeted interventions to lower performing students.
- SA 1.2 Provide coaching and support through the implementation of job-embedded professional learning to teachers in effective strategies for standards based classroom instruction.  
Provide coaching and support in the utilization of Ready Math resources.  
Ensure scheduling models are inclusive of all students (e.g., EIP, ESOL, Exceptional Ed, REP) during grade level mathematics instruction.  
Develop and implement a math fluency improvement plan.
- SA 1.3 Provide training and coaching in depth of knowledge, the understanding of the Georgia Standards of Excellence, and monitor that instructional delivery and expectation of student performance is to the rigor of the standard.  
Implement International Baccalaureate.  
Increase offerings and access to STEAM instructional activities.
- SA 1.4 Develop, implement, and monitor a system wide coherent curriculum.
- SA 1.5 Develop and administer system wide formative and summative common assessments written to the rigor of the standard, spiraled, and utilized to guide instruction.
- SA 1.6 Provide training in the area of data analysis and implement data analysis protocols to assist in providing timely interventions in the areas of academics, attendance, behavior, and social emotional needs. Utilize data for students to set goals, and monitor their own progress towards their goals.
- SA 1.7 Ensure scheduling models are created to provide time for targeted interventions.  
Create a menu of resource options for teachers to utilize when providing interventions based on skill or concept deficit.  
Implement threat assessment protocols.  
Evaluate the effectiveness of intervention programs based on student achievement.
- SA 1.8 Train and monitor the implementation of effective Professional Learning Communities in all schools with a focus on standards based instruction, utilization of real time data, and instructional decision making.
- SA 1.9 Develop, administer, and analyze a comprehensive needs assessment with local business partners.  
Seek industry certification status and renewal of all pathways within the system.  
Utilize the Perkins V Grant to ensure all CTAE lab equipment is aligned with industry standards.
- SA 1.10 Create a partnership with West Georgia Technical College to increase course offerings, and certification programs offered to Troup County Students.  
Expand partnerships with local industry to offer additional internship opportunities.

Investigate CTI (Career and Technical Instruction) certification to support students with disabilities as well as other subgroups in CTAE courses.

Employ additional Work Based Learning staff to supervise Work Based Learning programs and add a Youth Apprenticeship program supervisor.

Review, evaluate, and enhance virtual programs.

SA 1.11 Provide professional learning in providing social and emotional support for students.

Purchase and implement social and emotional curriculum to support at risk students.

Increase accessibility to health care through school based health care centers and telehealth.

## **Strategic Goal 2: Ensure Equitable Opportunities for All.**

### *Strategic Goal #2 Statements:*

GS 2.1 Curricular Equity - Access and opportunity for all students to all curricular offerings.

GS 2.2 Student Services Equity - Access for all students to student support services.

GS 2.3 Co-Curricular Equity - Access and opportunity for all students to all extracurricular offerings.

GS 2.4 Staff Equity - A commitment to the recruitment of a diverse staff that is representative of our students and our community and a commitment to all employees to be able to access leadership development and promotional opportunities.

### *Strategic Actions (We Will):*

SA 2.1 Evaluate criteria for accessing the TCSS Gifted program, create a system for identifying students for Advanced Placement courses in high school, reduce barriers to college going activities (e.g., transportation, club fees, courses, co-curricular activities, financial aid services, entrance exams, dual enrollment, college visits), ensure access to all curricular offerings to all students.

SA 2.2 Partner with local health care and human services providers to increase access to basic student service opportunities (e.g., United Way, Unity development, Well-Star West Georgia, Housing Authority, Day Care providers, Pre-K services, Communities In Schools, Family Connections).

SA 2.3 Reduce barriers and increase access to all sports, clubs, teams and co-curricular offerings by providing transportation, fee scholarships for students, and reduce/eliminate equipment, supply and instrument fees for students in need.

SA 2.4 Actively recruit diverse employees into every employee group, improve pay structures for our lowest paid employees and provide opportunities for leadership development and professional growth to paraprofessionals, classified employees and teachers wishing to advance in the organization. Increase teacher recruitment efforts at all colleges and universities in the Southeast and specifically at HBCUs, increase the ‘Grow your Own’ and ‘Teaching as a Profession’ programs to incentivize students and classified employees to become teachers, create cohorts of diverse teachers to pursue administrative certification, and actively recruit diverse pools of candidates to fill leadership positions.

**Strategic Goal 3: Focus on Recruiting, Inducting, and Retaining Quality Staff.**

*Strategic Goal #3 Statements:*

- GS 3.1 Increase Efforts to Recruit a High Quality Staff.
- GS 3.2 Improve Hiring, Onboarding, Training, Coaching, and Culture Building Among Staff.
- GS 3.3 Develop Professional and Human Capital (knowledge, skills, abilities).
- GS 3.4 Provide Professional Growth and Opportunity for Advancement.
- GS 3.5 Serve and Honor Staff.
- GS 3.6 Increase Retention through Mentoring (serve and minister to one another).

*Strategic Actions (We Will):*

- SA 3.1 Create recruitment teams consisting of teachers, administrators and classified employees.  
Increase partnerships with colleges and universities.  
Incorporate a wider range of advertising coverage for job fairs.  
Hire a Chief Talent Officer.
- SA 3.2 Modify the New Teacher Induction/Academy Program (e.g., Trainings, Peer group meetings, Experiences).  
Establish structured interview processes and procedures.  
Explore using internships as part of the hiring process.  
Develop a more detailed on-boarding process for all employees to allow for an easier transition.  
Create a development system for prospective employees and those pursuing advancement to learn about school system departments, policies and procedures.
- SA 3.3 Conduct monthly meetings and visits with new principals.

- Implement a leadership develop program to focus on leadership skills (e.g., organizational theory, communication, instructional leadership, operational leadership, human resources, finance).
- SA 3.4 Continue with weekly Zoom meetings to educate principals and directors on all TCSS systems and decision making processes.  
Create a Leadership Development Program for all employee groups. Implement a five step program for leadership development.  
Create learning strands to improve system leadership capacity (e.g., Instructional Leadership, Culture Building, Systems Thinking, Communication, Public Speaking, Operational Systems Development).
- SA 3.5 Enhance employee recognition programs.  
Celebrate Teacher of the Year Candidates. Ask them to lead professional learning sessions for other teachers.  
Create Classified Employee of the Year recognition programs.  
Create a Job Exchange program between and among certified, classified and administrative employees.
- SA 3.6 Continue with learning from exit interviews.  
Create systems of peer mentoring for all role groups.  
Provide coaching and guidance to struggling employees.  
Conduct salary study system wide.

**Strategic Goal 4: Cultivate the Capacity of the School System to Function as a Flexible and Adaptable Organization.**

*Strategic Goal #4 Statements:*

- GS 4.1 Create alternative programming and pathways for diverse learners.
- GS 4.2 Invest in technological solutions to offer courses, credits and certifications.
- GS 4.3 Invest in communications systems to enhance the knowledge of our stakeholders.
- GS 4.4 Invest in facilities solutions to create high efficiency educational facilities.
- GS 4.5 Invest in infrastructure designed to reduce barriers for students to access and benefit from all of our programs, co-curricular activities and opportunities in and around the school system.
- GS 4.6 Create and maintain a transparent, participatory, and effective budget development process.
- GS 4.7 Ensure that teachers are allocated to schools in a transparent, equitable, and needs based manner.
- GS 4.8 Ensure that school budgets are allocated in a transparent, equitable, and needs based manner.

*Strategic Actions (We Will):*

- SA 4.1 Continue to develop the Troup County Career Center in order to increase opportunities for students to transition directly from the classroom to the work environment.
- SA 4.2 Continue software purchases to enhance technological advances (e.g., Purchase software and subsequent professional learning for Canvas, Odysseyware, Kloud12 camera implementations).
- SA 4.3 Improve communication methods with parents, staff and students (e.g., system web page updates, SendIt, social media (Facebook & Twitter), Infinite Campus and Remind 101).
- SA 4.4 Commit to energy efficient upgrades (e.g., VRF (Variable Refrigerant Flow) units, High Efficiency HVAC Equipment, ERU (Energy Recovery Unit) to treat air humidity, LED lighting installation).
- SA 4.5 Reduce obstacles requiring after school participation (e.g., Purchase of Micro Birds for all Secondary Schools, 1:1 Chromebooks and hotspot purchases, additional middle school sports, orchestra).
- SA 4.6 Create a new cost center budgeting process which allows Cost Center Managers to have better visibility of accounts and meaningful input as to what is budgeted.
- SA 4.7 Establish a new teacher allocation system that is transparent and provides the ability to adjust to enrollment changes in an appropriate, uniform manner.
- SA 4.8 Revise school allocation system for non-personnel school allotments.

**Strategic Goal 5: Lead in the Cultivation of Relationships and Strategic Partnerships between the School System and Parents, and Among Agencies and Organizations Which Provide Services to Children.**

*Strategic Goal #5 Statements:*

- GS 5.1 Build positive working relationships with local elected officials and city and county governments.
- GS 5.2 Positively integrate with social service and non-profit organizations throughout Troup County.
- GS 5.3 Highly encourage all school system leaders to serve on at least one non-profit board in Troup County.
- GS 5.4 Highly encourage all school system leaders to serve in leadership roles in their professional role group organizations.
- GS 5.5 Create parent advisory groups at each school and within departments as appropriate.
- GS 5.6 Conduct partnership summits for the TCSS community partners.
- GS 5.7 Create effective communication plans for all Partners-In-Education (PIE) and partnership activities.
- GS 5.8 Highlight the success of partnerships with school systems, parents and agencies.
- GS 5.9 Improve the use of multiple communication platforms.

GS 5.10 Continue to earn and maintain the respect and trust of the county.

*Strategic Actions (We Will):*

- SA 5.1 Encourage all administrators to actively engage in governmental agencies to support the community and the school system. Encourage employees to serve on boards when possible and meet regularly with local governing authorities (e.g., Board Members with other elected officials, system leaders with Mayors and Commissioners) as well as all first responder groups (e.g., police, fire, EMS).
- SA 5.2 Partner with the Housing Authority to develop Unity School as a wraparound services center, partner with local non-profit organizations to assist families and children (e.g., Head Start, Communities In Schools, United Way, Get Troup Reading, Success by Six, Housing Authority, Boys and Girls Club, Family Connections).
- SA 5.3 Encourage all non-profit social service agencies to invite TCSS employees to serve on their boards.
- SA 5.4 Seek out state and national role group organizations and encourage employee leaders in each role group to engage and potentially serve as leaders in those organizations.
- SA 5.5 Poll system department leaders about their needs for input from our parent/ community partners/consumers.
- SA 5.6 Create a list of all TCSS service providers and their leaders and set up quarterly meetings with the group. Encourage a shared governance and leadership model.
- SA 5.7 Enforce program goals of PIE to support student achievement, engage in the educational process, maximize efficiency and productivity, support a healthy learning environment.
- SA 5.8 Revamp and publish school and community newsletters, either monthly, bi-monthly or quarterly. Distribution by email, mail and website.
- SA 5.9 Improve the use of our SendIt platform, phone messages to staff and parents, TCSS website, social media (e.g., Facebook, Twitter).
- SA 5.10 Encourage transparency and open communication while preserving the privacy of students and employees.

These priorities represent a plan that continues to develop after three years of observation and analysis, as well as best practice initiatives, that we believe will lead to improved academic achievement across the board and improved rates of college and career ready graduates. We are setting forth serious and focused plans to improve our School System in each of these areas and plan to align our School System budget and strategic initiatives toward these budget priorities in the near future.

### **Funding Outlook**

The funding outlook for FY2022-2023 is expected to be better in terms of revenue received. State aid is expected to include a restoration of previous year “austerity” cuts of \$2.7 million. Additionally, state revenue in FY2023 is projected to include funding for the remaining \$2,000 teacher salary increase needed to satisfy the Governor’s campaign promise of providing a \$5,000 increase to the state salary schedule during his first term of office. State-wide revenues continue to grow as reflected in the Governor’s recent budget message. Likewise, local revenue is expected to increase in the upcoming year as property assessments are projected to grow in value by double-digits.

In the current year (FY2021-2022), changes have been made to the original budget plan. The most significant is the reversal of the original plan to use \$8,403,328 in CARES/ESSER funds to support operational expenses due to guidance from the State and Feds in regard to allowable CARES grant expenses. The \$8.4 million will need to be absorbed by General Fund through a combination of additional revenues, budget expense savings, and/or use of Fund Balance. Additionally, \$4 million of Fund Balance has been set aside for capital projects. It should be noted, due to the worldwide delays in receiving building materials, projects are often delayed from previously established timelines. This results in the necessity to “carry-forward” funds to the next fiscal year in order to fund projects.

COVID-19 funding, in the form of the \$29.2 million American Rescue Plan Act (ARPA/CARES III), continues to provide additional support to our schools in the form of instructional and operational supports. These supports include additional staffing for nurses, social workers, virtual school teachers, technology equipment, and instructional/behavioral student intervention positions. Non-personnel support includes such items as classroom technology, curriculum, and PPE supplies. In the future, as federal funds continue to not be available, the district will have to incur those expenses or reduce staff.

There are two current dangers to the financial health of TCSS. Inflation continues to erode TCSS’s buying power which decreases available funds for other purposes. This is most acutely felt in regard to capital projects, fuel, supplies, technology, and food. Inflation will also result in increased borrowing costs by businesses and governmental entities due to the expected rate increases by Federal Reserve rates in the upcoming year(s). The second danger to TCSS’s financial health is Russia’s invasion of Ukraine. This event has the potential to disrupt financial markets, increase Federal government spending, dampen consumer confidence, exacerbate the volatility of oil prices and, perhaps, create more financial instability. This situation has the potential to cause worldwide political and financial upheaval and the TCSS is not immune from its impact.

**2022-2023 Budget Message**  
**April 14, 2022**

The administration continues to work diligently to improve both the development and production of the budget and improve the financial health of the system. The School District's total net position increased by \$10.2 million as reported in the 2021 Audit. Among the major funds, the General Fund had \$126.1 million in revenues and \$115.0 million in expenditures. The General Fund's fund balance increased by \$10.3 million to \$25.4 million (includes \$3 million for carryover FY2020-2021 expenses) which represents 22.1% of total General Fund expenditures. However, the total Governmental Fund Balance as of 06/30/2021 is \$13.4 million or 9.7% of total expenditures due to \$13.4 million being advanced to the Capital Projects Fund. In the upcoming year, these type of transfers will not occur as TCSS plans to solicit bonds to help fund the SPLOST VI capital projects in the next the five years.

**Looking to the Near Future**

After three years of assessing and evaluating the Troup County School System and navigating many issues, I remain resolute in my belief that this school system is poised to move forward in all components of system performance. We want to make our school system a "Place to Be" for all families, students and employees. Our Troup County School System has tradition, sound infrastructure, committed staff and great students and families. It will be our challenge to navigate uncertain economic circumstances in the next few years to best serve students while creating an efficient and well-run School System.

To accomplish this, we will create streamlined educational and operational central office services and greater efficiencies at the school level. We are creating more focused and intentional instructional and operational services that are focused on school system alignment with our strategic plan, which we believe will best serve students and staff. As we navigate our current economic circumstances and pandemic recovery, I remain steadfast that the Troup County School System is on a positive trajectory and will be competitive with every school system in the state of Georgia in all metrics. To get there, it will take a comprehensive and focused plan, extreme effort on the part of our staff and an unparalleled set of external supports from our community.

I appreciate your support and consideration of this proposed budget.

Respectfully,

## **TCSS Adopted Budget** *Fiscal Year 2022-2023*

### **Budget Development Overview**

O.C.G.A. §20-2-167.1 (c) requires a summary of the annual operating budget proposed by the governing board and the annual operating budget adopted by the governing board to be posted on a publicly available area of such governing body's website. This budget document covers the period from July 1, 2022 through June 30, 2023.

There are three primary phases in the budget development process: 1) *Proposed Budget* (administrative recommendation presented to the Board of Education), 2) *Board of Education Tentative Budget* (Board of Education proposed budget subject to final millage rate approval) and 3) *Board of Education Adopted Budget* (Board of Education adopted operating budget based on final funding authorization/appropriation).

The annual budget process begins in January with the development of the budget calendar. In February, the administration seeks input and approval from the Board of Education about the process that will be used for formulating next year's budget. From February through April, departmental and school budget requests are compiled and analyzed, and meetings are scheduled with the budget/cost center managers to discuss requests and proposals for new positions, expanded programs, and new initiatives. The *Proposed Budget* is developed and presented to the Board of Education in April. The public is encouraged to provide input on the budget at the scheduled public hearings. After public hearings on the budget, the Board of Education approves the tentative budget proposal in May and the final budget in June. The millage rate is set and approved by the Board of Education and County Board of Commissioners in June/July.

### Operating Budget Expenditure Summary Reports

In the following pages, the expenditure budget is presented in 3 different ways (by **FUNCTION, OBJECT, and COST CENTER**). The type of presentations in this document are:

1. **FUNCTION** - A group of related activities aimed at accomplishing a major service or regulatory program for which a school system is responsible. Following the state's categories, the presented **FUNCTIONAL** categories are:

- Instruction
- Pupil Services
- Instructional Services
- General Administration
- School Administration
- Business Services
- Maintenance and Operations
- Student Transportation
- Support Services - Central
- Other Support Services
- Community Services
- Outgoing Transfers

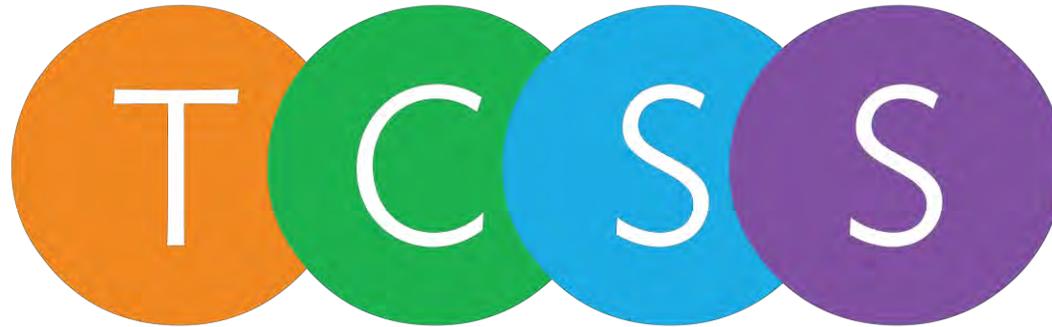

Please see Glossary of Terms for additional information.

2. **OBJECT CODE (OBJECT OF EXPENDITURE)** - An expenditure classification, referring to the lowest and most detailed level of classification, such as salaries, health insurance, electricity, supplies, and equipment. **OBJECT** categories are broken down further into the following expenditure types:

- *Personnel Salaries/Wages* – further broken down by object classifications, e.g., teachers, subs, supplements, etc.
- *Employee Benefits* - further broken down by object classifications, e.g., Social Security, Medicare, retirement costs, health, etc.
- *Purchased Services*
- *Internal Services* - further broken down by object classifications, e.g., repairs, rental, etc.
- *Other Charges* - further broken down by object classifications, e.g., property insurance, communications, tuition, etc.
- *Materials and Supplies* - further broken down by object classifications, e.g., instructional supplies, software, textbooks, etc.
- *Fees/Dues*
- *Other Uses of Funds* - transfers

Please see Glossary of Terms for additional information.

3. **COST CENTER** - A department or other unit within an organization to which costs may be charged for accounting purposes. Each cost center has a manager who is assigned responsibility for the use of the assigned funds. In TCSS **COST CENTERS** are its schools and departments.

Summary of Funds

& Grant Funds

**Budget Components - Summary of Funds**

In addition to the operating funds described in previous pages, Troup County School System’s total resources are made up of several component funds (a self-balancing set of accounts that generally have a common purpose): the Operating Fund, Food Service Fund, and other supplemental grant funds. The operating fund is the largest and most widely discussed since it supports the daily operational expenses of the school system. The Food Service Fund supports the food service program that serves breakfast and lunch to our students. Supplemental grant funds are funds that are provided for very specific purposes, e.g., Title I funds, which must only be spent on improving student achievement for disadvantaged students.

Title V, Part B - Rural Education Initiative**

**Grant Description**

The Rural Education Initiative is designed to assist rural school districts in using federal resources more effectively to improve the quality of instruction and student academic achievement. The Rural and Low Income Schools (RLIS) program is an initiative that provides grant funds to rural LEAs that serve concentrations of children from low-income families. Under the RLIS program, the U.S. Department of Education awards funds by formula to State Education Agencies (SEAs) to provide subgrants to eligible LEAs to support a range of authorized activities to support student achievement.

**L4GA Grant - Literacy for Learning, Living, and Leading**

**Grant Description**

Introduced in 2016, L4GA is a unique approach to improving literacy that pairs community-driven action with research-proven instruction. In its first round, funded by a federal Striving Readers grant of \$61.5 million, 38 school districts (map below) partnered with early learning and care providers as well as community organizations to implement community efforts and improve classroom instruction. By working together, schools, early learning providers and caretakers, and community leaders are moving the needle on literacy – in 2019, third-grade students showed significant gains in English Language Arts and grade-level reading. Georgia was awarded a total of \$179,174,766 over five years to continue the L4GA initiative, which aims to improve literacy outcomes for students from birth through grade 12. The Georgia Department of Education awarded a second round of Literacy for Learning, Living, and Leading in Georgia (L4GA) grants to 23 school districts. The goal of L4GA is to improve student literacy learning. The grants awarded total \$22,101,554.

**The Coronavirus Aid, Relief, and Economic Security (CARES) Act/  
Elementary and Secondary School Emergency Relief (ESSER) Funds**

**Grant Description**

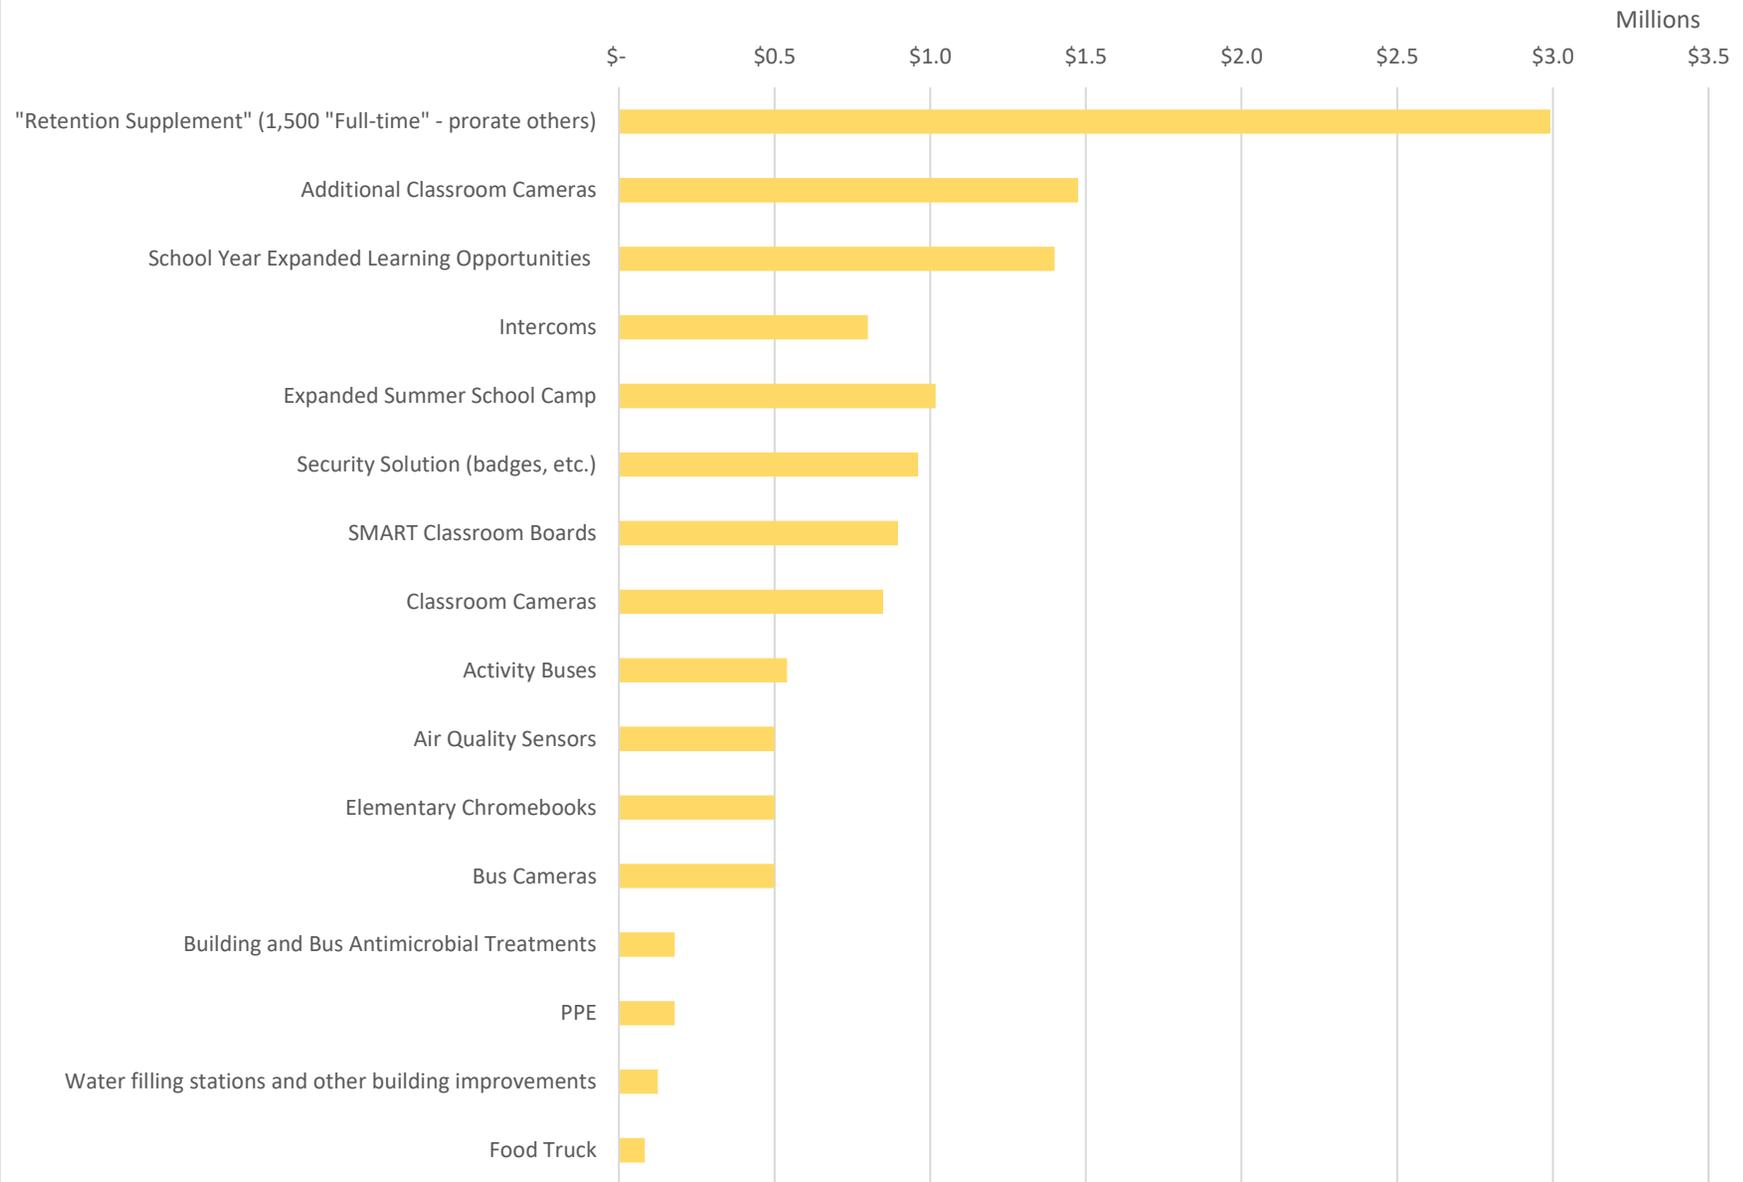

In response to the economic outcome of the COVID-19 pandemic in the United States, Congress passed three bills that provided immediate and direct economic assistance to state and local educational agencies through the Elementary and Secondary School Emergency Relief funds. These funds were provided to support areas with the greatest need, where the academic and non-academic components for school districts had the greatest impact due to COVID-19. As additional funding was provided, the intent of the funds was to support States and local school districts' efforts to safely reopen schools, address significant gaps in learning, and support measures of implementation that will continue to reduce the effects of COVID-19 on students and families.

The following pages provide detailed information in regard to the main CARES/ESSER funds received by the system.

## GLOSSARY OF TERMS

*This glossary includes definitions of terms used in this budget document and other terms as deemed necessary for an understanding of financial accounting procedures for the Troup County School System (TCSS).*

**Account Code** – A system of numbering or otherwise designating accounts, entries, invoices, vouchers, etc., in such a manner that the symbol/code used quickly reveals certain required information

**Accrual Basis** – A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

**Activity** – Departmental efforts which contribute to the achievement of a specific set of program objectives; the smallest unit of the program budget.

**Allocation** - The amount of funding appropriated to a school or cost center. Types of allocations include the per pupil allocation for specific purposes, activities, or objects such as instructional supplies, postage, staff development, and certain categories of capital equipment.

**Allot** – To divide an appropriation into amounts that may be encumbered or expenses during an allotment period.

**Annualize** – Taking changes that occurred mid-year and calculating their cost for a full year, for the purpose of preparing an annual budget.

**Appropriation** – An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in purpose, amount, and as to the time when it may be expended.

**Assessed Valuation** – The valuation set upon real estate and certain personal property the assessor as a basis for levying property taxes.

**Asset** – Resources owned or held by an entity, which have monetary value.

**Attrition** – A method of achieving a reduction in personnel by not refilling the positions vacated through resignation, reassignment, transfer, retirement, or means other than layoffs.

**Authorized Positions** – Employee positions, which are authorized in the adopted budget, to be filled during the year.

**Balance Sheet** – A financial statement that discloses the assets, liabilities, reserves, and fund balance of a school division by fund type at a specified date.

**Basis of Accounting** – The school division uses, for budgetary purposes, the modified accrual basis of accounting where revenues are recorded when susceptible to accrual (i.e., both measurable and available). Available means collectible within the current period or soon enough thereafter to be used

to pay liabilities of the current period. Expenditures, other than principal and interest on long-term debt which is recorded when due, are recorded when the related fund liability is incurred.

**Bond** – A written promise to pay a specified sum of money called the face value or principal amount together with periodic interest, at a specified rate, over a specific period of time.

**Budget** – A plan of financial operation/activity embodying an estimate or proposed expenditures for a given period and the proposed means of financing them.

**Budget Calendar** – The schedule of key dates which the government follows in the preparation and adoption of the budget.

**Budgetary Basis** – This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, Cash, or modified accrual.

**Budgetary Control** – The control or key management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

**Capital Assets** – Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets.

**Capital Expenditures** – Capital expenditures are usually regarded as long-term, while operating expenditures – even though recurring – are short-term. A project generally will be suitable for the capital improvement budget if:

- It requires extensive architectural/engineering services.
- It requires expenditures of \$50,000 or more.
- It has a useful life of ten (10) years or longer.
- It takes four (4) or more weeks to complete.
- It significantly improves the value of the asset.

**Capital Improvements** – Expenditures related to the acquisition, expansion or rehabilitation of an element of the government’s physical plant; sometimes referred to as infrastructure.

**Capital Improvements Program/Capital Improvement Plan (CIP)** – A plan for capital outlay to be incurred each year over a fixed number of years to meet capital needs arising from the government’s long-term needs.

**Capital Outlay** – Expenditures which result in the acquisition of or addition to fixed assets such as land, buildings and equipment.

**Capital Project** – Major construction, acquisition, or renovation activities that add value to a government’s physical assets or significantly increase their useful life. Also called capital improvements.

**Cash Basis** – A basis of accounting in which transactions are recognized only when cash is increased or decreased.

**Commodities** – Expendable items that are consumable or have a short life span; i.e., office supplies, gasoline, minor equipment and asphalt.

**Consumer Price Index (CPI)** – A statistical description of price levels provided by the U.S. Department of Labor. The index is used as a measure of the increase in the cost of living (i.e., economic inflation).

**Contingency** – A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

**Contractual Services** – Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include utilities, rent, maintenance agreements, and professional consulting services.

**Cost Center** - A department or other unit within an organization to which costs may be charged for accounting purposes. Each cost center has a manager who is assigned responsibility for the use of the assigned funds. In TCSS cost centers are its schools and departments.

**Cost of Living Adjustment (COLA)** – An increase in salaries to offset the adverse effect of inflation on compensation.

**Current Level Budget** – Cost of continuing the existing levels of service in the current year.

**Debt Service** – The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

**Deficit** – The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

**Department** – The basic organizational unit of government which is functionally unique in its delivery of services.

**Disbursement** – The expenditure of monies from an account.

**Employee Benefit Costs/Fringe Benefits** – All expenditures for job related costs provided to employees as part of their compensation. Fringe benefit costs include employer's portion of FICA, Medicare, retirement, group insurance (health, dental, and life), unemployment, workers' compensation, and tuition assistance.

**Encumbrance** – The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.

**Entitlements** – Payments to which local governmental units are entitled, pursuant to an allocation formula determined by the agency providing monies, usually the state or the federal government.

**Expenditures** – The cost of goods delivered or services rendered, whether paid or unpaid.

**Expense** – Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest or other charges.

**Fiscal Period** – Any period of time at the end of which an entity determines its financial position and results of operations. TCSS has a fiscal year of July 1 to June 30.

**Fiscal Policy** – A government’s policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

**Fiscal Year** – A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. WJCC has a fiscal year of July 1 to June 30.

**Fixed Assets** – Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment. Assets of significant value and having a useful life of several years. Fixed assets are also called capital assets.

**Full-Time Equivalent (FTE) Position** – This represents the number of full-time positions in a given area. A 1.0 refers to a position which is full-time and a .5 FTE refers to a position which is equivalent to half-time. In Georgia, FTEs are also often used for classifications of students.

**Function** - A group of related activities aimed at accomplishing a major service or regulatory program for which a school system is responsible. Following the state’s categories, the presented functional categories are:

- Instruction
- Pupil Services
- Instructional Services
- General Administration
- School Administration
- Business Services
- Maintenance and Operations
- Student Transportation
- Support Services - Central
- Other Support Services
- Community Services
- Outgoing Transfers

See following description of Georgia Department of Education Function Codes for more information.

**Fund** – A fiscal and accounting entity with a self-balancing set of accounts, recording assets, and liabilities for a specific purpose or activity of the school system.

**Fund Balance** – The excess of assets of a fund over its liabilities and reserves.

**Generally Accepted Accounting Principles (GAAP)** – Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules and procedures that define accepted accounting principles.

**Goal** – A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless.

**Grants** – A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending on the grantee.

**Hourly** – An employee who fills a temporary or short-termed position. Such employees provide contingency staffing for government operations during peak workloads, or to address temporary staffing needs. Hourly employees are paid on a per-hour basis and receive limited benefits.

**Indirect Cost** – A cost is necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

**Infrastructure** – The physical assets of a government (e.g., streets, water, sewer, public buildings and parks).

**Instruction** – Instruction includes the activities that deal directly with the interaction between teachers and students.

**Interfund Transfers** – The movement of monies between funds of the same governmental entity.

**Intergovernmental Revenue** – Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

**Line-Item Budget** – A budget prepared along departmental lines that focuses on what is to be bought.

**Long-Term Debt** – Debt with a maturity of more than one year after the date of issuance.

**Material and Supplies** – Expendable materials and operating supplies necessary to conduct departmental operations.

**Modified Accrual** – Under this method of accounting, revenues are recognized in the period in which they become measurable and available. Expenditures are recorded when the fund liability is incurred.

**Object Code (object of expenditure)** - An expenditure classification, referring to the lowest and most detailed level of classification, such as salaries, health insurance, electricity, supplies, and equipment. Object categories are broken down further into the following expenditure types:

- *Personnel Salaries/Wages* – further broken down by object classifications, e.g., teachers, subs, supplements, etc.
- *Employee Benefits* - further broken down by object classifications, e.g., Social Security, Medicare, retirement costs, health, etc.
- *Purchased Services*
- *Internal Services* - further broken down by object classifications, e.g., repairs, rental, etc.
- *Other Charges* - further broken down by object classifications, e.g., property insurance, communications, tuition, etc.
- *Materials and Supplies* - further broken down by object classifications, e.g., instructional supplies, software, textbooks, etc.
- *Fees/Dues*
- *Other Uses of Funds* - transfers

See following description of Georgia Department of Education Function Codes for more information.

**Objective** – Something to be accomplished in specific, well-defined and measurable terms and that is achievable within a specific time frame.

**Obligations** – Amounts that a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

**Operating Expenses** – The cost for personnel, materials, and equipment required for a department t function.

**Operating Revenue** – Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

**Pay-As-You-Go Basis** – A term used to describe a financial policy by which capital outlays are finances from current revenues rather than through borrowing.

**Per Pupil Allocation** – An amount provided to a school based on the number of students enrolled.

**Performance Budget** – A budget wherein expenditures are based primarily upon measurable performance of activities and work programs.

**Performance Indicators** – Specific quantitative and qualitative measures of work performed as an objective of specific departments or programs.

**Performance Measure** – Data collected to determine how effective or efficient a program is in achieving its objectives.

**Personnel Services** – Expenditures for salaries, wages, and fringe benefits of a government’s employees.

**Prior Year Encumbrances** – Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. They cease to be encumbrances when the obligation are paid or otherwise terminated.

**Program Revenue (Income)** – Revenues earned by a program, including fees for services, license and permit fees, and fines.

**Purpose** – A broad statement of the goals, in terms of meeting the public service needs, that a department is organized to meet.

**Reserve** – An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific purpose.

**Resolution** – A special or temporary order of a legislative body; an order of a legislative body less legal formality than an ordinance or statute.

**Resources** – Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

**Revenue** – The sources of income of a governmental agency from taxation and other sources to finance operations.

**Service Level** – Services or products which comprise actual or expected output of a given program. Focus is on results, not measures of workload.

**Site-Based Budgeting** – A decentralized budget process whereby budget preparation and development are based on individual schools (and departmental) sites.

**Source of Revenue** – Revenues are classified according to their source or point of origin.

**State Categories** – The broad expenditure categories for school divisions determined by the State Board of Education. Current state categories are as follows:

Instruction	Transportation	Facilities
Administration	Operations and Maintenance	Debt Service
Student Attendance and Health	Child Nutrition Services	Technology

**Supplemental Appropriation** – An additional appropriation made by the governing body after the budget year or biennium has started.

**Target Budget** – Desirable expenditure levels provided to departments in developing the coming year’s recommended budget. Based on the prior year’s adopted budget, excluding one-time expenditures, projected revenues and reserve requirements.

**Tax Levy** – The resultant product when the tax rate per one hundred dollars is multiplied by the tax base.

**Taxes** – Compulsory charges levied by a government for the purpose of financing services for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special assessments.

**Transfers In/Out** – Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

**Unencumbered Balance** – The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purposes.

**Unreserved Fund Balance** – the portion of a fund’s balance that is not restricted for a specific purpose and is available for general appropriation.

**User Charges** – The payment of a fee for direct receipt of a public service by the party who benefits from the service.

**Variable Cost** – A cost that increases/decreases with increases/decreases in the amount of service provided such as the payment of a salary.

FY20 FUNCTION CODES

Function	Name	Description
1000	INSTRUCTION	Instruction includes activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as television, radio, telephone, and correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) which assist in the instructional process. Note: Counselors and Technology Specialists funded through QBE are allowable charges to this function for expenditure control purposes.
2100	PUPIL SERVICES	Activities designed to assess and improve the well-being of students and to supplement the teaching process. Activities include guidance, counseling, testing, attendance, social work, health services, etc. Also include supplemental payments for additional duties such as coaching or supervising extracurricular activities.
2210	IMPROVEMENT OF INSTRUCTIONAL SERVICES	Technical and logistical support activities designed to aid teachers in developing the curriculum, preparing and using special curriculum materials, and understanding the various techniques that stimulate and motivate students. These services facilitate, sustain, and enhance instruction techniques. Includes costs associated with technology personnel (Technology Specialists), contracted support services, systems planning and analysis, systems application development, network support services, and other technology-related costs that relate to the support of instructional activities. <b>Effective FY 2018 – All Instructional Staff Training (professional development) costs will be reported using Function 2213.</b> Training and professional development for other, non-instructional employees should be reported in their respective functions.
2213	INSTRUCTIONAL STAFF TRAINING	Activities associated with the professional development and training of instructional personnel. These include such activities as in-service training (including mentor teachers), workshops, conferences, demonstrations, courses for college credit (tuition reimbursement), and other activities related to the ongoing growth and development of instructional personnel. Training that supports the use of technology for instruction should be included in this code. The incremental costs associated with providing substitute teachers in the classroom (while regular teachers attend training) should be captured in this function code. All costs should be charged to this code regardless of whether training services are provided internally or purchased from external vendors. It should be noted that the salary of a teacher who is attending training would still be reported in function 1000.
2220	EDUCATIONAL MEDIA SERVICES	Activities concerned with directing, managing and operating educational media centers. Included are school libraries, audio-visual services and educational television.
2230	FEDERAL GRANT ADMINISTRATION	Activities concerned with the demands of Federal Programs grant management. Federal Indirect Cost Charges should continue to be charged to 2300-880.
