February 2023

Dear Pentucket Regional School District Community,

The past year has been extraordinarily challenging for schools and homes. The rising costs of utilities and inflation have hit all of us hard. That fact combined with a failed override in May of 2022 and additional, unexpected mandated increases imposed on school districts by the Commonwealth have made Fiscal Year 2024 (FY24) incredibly challenging for our school system.

As our student population plateaus (we have had three consistent years and, for the first time, we have more students than the previous year), the drop of student population that used to be a financial benefit for us as we did not have to fill positions when educators retired, no longer exists. Our financial backdrop is not one that builds much confidence in where we are heading as a school district. Last year, due to the failed override, we were forced to cut 12 teaching positions, 9 athletic coaching positions (no more Freshmen or JV2 sports), and 3 paraeducator positions. Over the past five years, while our student population has decreased by 203 students, we have actually cut 34.1 classroom teachers. Predictably, this has a serious impact on the class sizes and the types of education programming we can provide. At the elementary level, in particular we see this with class sizes well above where they should be, particularly at the early elementary level.

While we have been seeing tremendous academic growth over the past four years, the question of whether or not this can continue is a valid one. The FY24 budget already shows a projected shortfall of around \$1,670,000. That shortfall is largely due to many of the factors that every single school district is going to have to address this fiscal year. If approved, the FY24 budget replaces the positions required to meet the needs of our students, though we will still have fewer teachers than we had prior to the failed override last year.

Simply put, this is a critical fiscal year. We are in a very deep financial hole, and while we have trimmed the shortfall from \$3,100,000 down to roughly \$1,670,000, we appreciate the serious impact second, consecutive failed override will have on the future of our students, communities, and school district.

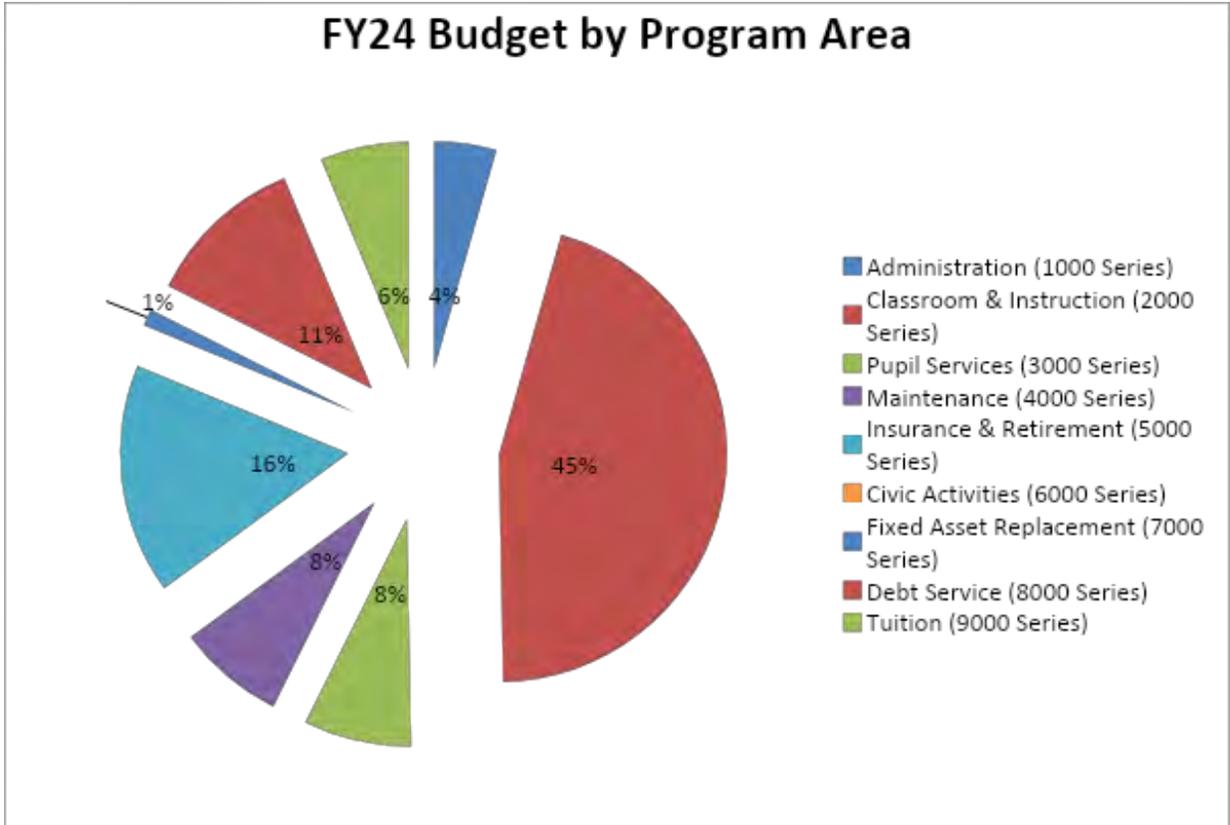

Sincerely,

A handwritten signature in black ink, appearing to read "Justin Bartholomew", written over a horizontal line.

Dr. Justin Bartholomew
Superintendent of Schools

Executive Summary

The Fiscal Year 2024 budget is \$50,320,089.99; an increase of \$2,474,089.99 or 5.17% more than the FY 2023 budget of \$47,846,000.00. Included in this total increase are new positions that the District requires to perform its core functions, specifically, increased Special Education Services, Curriculum Support, replacement of in-class educators removed from last years' budget, and a District Office personnel specific position. Additionally, no new contracts for any vendor or position union were negotiated or bid. Therefore, costs associated with personnel and large contracts are known. The larger problem for this budget cycle are the large utility increases and inflationary pressure on supplies and materials. With a projected 10% increase in supplies along with a 15% to 50% percent increase in electric and a 25% increase in heating fuel non-personnel costs are increasing at a rate not seen in recent memory. Revenue projections are estimated at \$48,641,744.13 in local, State, and excess and deficiency receipts. This leaves an operational deficit of \$1,678,345.86 to be closed before the district has a balanced budget. Please review the pie chart below that breaks out spending by function in the school budget:

As the chart shows, Pentucket’s largest areas for spending are Instruction (45%) and Fixed Charges (16%) which includes insurance/retirement programs. Revenue projections are based on a \$60 per pupil increase in chapter 70 funding based on prior level student enrollment. Last year we received a one-time increase in our minimum to \$60 per student and we are hoping for a repeat of that funding. Funding for transportation reimbursement is estimated to be level funded based on actual FY 23 funding. That number is \$114,787.00 less than what was projected in the FY 23 budget. Medicaid Reimbursement is expected to increase from FY 2023 levels by \$25,000.00 and Interest Income is expected at \$20,000.00, an increase of \$10,000.00 based upon current FY 2023 estimates. Increased operational assessments for the three member towns total \$803,062.00, not including capital expenses. This is a 3% increase over FY 2023 assessments. Capital expenses are set to decrease \$14,646.45 due to new debt schedules updates. West Newbury taxpayers will see the benefits of this as student population drives this assessment and a decrease of \$119,027.44 will lower their capital costs. Excess and Deficiency funds are used for Stabilization and Other Post Employment Benefit transfers. Because the State revenues are not keeping pace, the funding

for educational programs is becoming the burden of the local taxpayer, and in Massachusetts, that means property taxation.

Below is a 3-year trend of expenses in the school budget:

<u>Comparison of Per Pupil Expenditures</u>	<u>FY 22 Actuals</u>	<u>Per Pupil</u>	<u>FY 24 Proposed</u>	<u>Per Pupil</u>	<u>Inc/Dec %</u>
Administration (1000 Series)	\$1,699,588.16	\$762.49	\$2,261,466.61	\$1,012.29	24.85%
Classroom & Instruction (2000 Series)	\$21,328,255.05	\$9,568.53	\$23,261,047.47	\$10,412.29	8.31%
Pupil Services (3000 Series)	\$3,584,822.48	\$1,608.26	\$3,779,491.49	\$1,691.80	5.15%
Maintenance (4000 Series)	\$2,734,999.73	\$1,227.01	\$3,359,974.04	\$1,504.02	18.60%
Insurance and Retirement (5000 Series)	\$7,409,683.45	\$3,324.22	\$8,288,972.19	\$3,710.37	10.61%
Fixed Asset (7000 Series)	\$367,951.00	\$165.07	\$598,250.00	\$267.79	38.50%
Debt Service (8000 Series)	\$5,768,237.09	\$2,587.81	\$5,794,614.19	\$2,593.83	0.46%
Tuition (9000 Series)	\$3,090,540.16	\$1,386.51	\$2,976,274.00	\$1,332.26	-3.84%

As the detailed breakout shows, the administration increase reflects an average annual increase of 8.28%. However, this amount is increased for the three-year period because of the proposed technology upgrades and two administrative positions to be added in FY 2024. These new positions include a System-wide Curriculum support individual to ensure proper material is being taught to all students at a consistent level. This individual currently exists in the District but is paid for with grant funds. These funds run out in FY 2025 so it is our wish to begin to transfer these 3 positions into the general budget over the next three years. A Director of Human Resources position for Central Office is also included. This individual is necessary as we experience many personnel issues with our staff of over 500 employees. No one in Central Office is completely trained in dealing with the many facets of personnel administration. Errors in dealing with personnel issues can be costly and this individual will ensure that no District funds have to be spent unnecessarily to cover mistakes. This increased administrative staffing is budgeted at \$189,556.25. Additionally, technology hardware and software increases for switching and access replacement at the schools to allow for connection reliability total \$304,500.00. Without these new costs, the Administration section would increase 3.83% or 1.26% per year on average. Classroom and Instruction increases are tied primarily to the replacement of new instructors that were cut from last years' budget due to the failed override votes. Maintenance increases are because of the inflationary cost adjustments to supplies along with severely increased utility charges. Insurance and Retirement is due to Health Insurance for employees and retirees with additional costs for Other

Post Employment Benefit charges. Commonwealth of Massachusetts' Group Insurance Commission rates are targeted to increase at 6.00% next year. This is less than most insurance plans and continues to be a benefit to the District. The area of Pupil Services shows an increase due to transportation costs associated with Special Education and regular student bus costs. These contracts were publicly bid for Fiscal Year 2023 through Fiscal Year 2025 with an additional two years should the District find the rate to be advantageous. The Fixed Asset increase is a presented category in its seventh budget cycle, which places certified E and D funds in the budget for transfer into the District Stabilization fund. These funds are also listed as a revenue source so as not to increase the member Town assessments. Debt service costs are now steady, as the cost associated with the new building project have been fully borrowed. The Tuition increase is actually understated as shown because more funds are pulled from the rainy day circuit breaker account to help offset the increases for out placement special education costs. An additional \$283,796.00 has been allocated over the normal \$1,600,000 we allocated in the prior year budget cycle. In actual general fund dollars, the decrease from FY 2023 is approximately \$128,283.00. We were able to lower this budget section's needs only because we had a reduction in Out-of-District placement costs due to graduation and parent relocation. This coupled with the Commonwealth of Massachusetts' reluctance to place the same restrictions we face under proposition 2 ½ by allowing out of district placements to increase their tuitions by greater amounts places further undue burdens on the District to cover these costs. In Fiscal Year 2024, these institutions have been granted a 14% increase. Even with increased circuit breaker funding, we will not see the return on this increase until Fiscal year 2025. However, the cost is in Fiscal Year 2024 which harms our overall budget presentation. In Fiscal Year 2021, the State had proposed paying up to 25% of the costs related to Special Education transportation but those funds would not have been realized until FY 2022. In the interim, the COVID-19 pandemic caused all aspects of the Student Opportunity Act to be delayed; however, these funds did begin to materialize in limited form during FY 2023.

The Superintendent presented a plan to the school committee to redistribute resources in the FY 2023 budget including but not limited to:

- ✓ Recalibrating staffing to reflect the effect of the new High School
- ✓ Updating curriculum materials for Science and Writing
- ✓ Providing additional custodial staff for the new High School

✓ Maintaining current course offerings and extracurricular activities

Of these initiatives, recalibrating staff and maintaining course offerings and extracurricular activities could not be realized because of the budget restrictions caused from the failed override. In FY 2024, this work continues as the administration and school committee work together to redefine the district goals, and set accountability measures to meet them. Because of shortfalls in special education staffing due to increased enrollment, the replacement of staff reduced from last year, and a Human Resources Director position, there are proposed personnel increases. Additionally, curriculum improvements will continue to be budgeted at \$160,000, which is the same amount as in FY 2023.

The administration will work closely with the School Committee, Staff, and the Community to determine priorities, and develop the FY 2024 Budget to reflect important education outcomes. Strong schools support strong communities, and our budget document reflects our commitment to our students, parents, and our member community residents.

The increased detail and transparency affords a clear view into the financial planning of the district. We look forward to your feedback and are open to answering your questions.

Pentucket Regional School District Fiscal Year 2024 School Operating Budget

After a difficult budget process last year when the Town requested overrides failed, Fiscal Year 2024 presents challenges as well. The cuts made to balance Fiscal Year 2023, along with additional staff hiring, need to be reinstated to support opportunities for improvement to the educational program. For the first time in recent memory, there are no union contracts subject to negotiation or large vendor contracts due for bid for Fiscal Year 2024. This gives us some cost certainty in very costly areas of the proposed spending plan. We are, however, still wrestling with how to show the large increases for utility costs that the State has granted National Grid. We have already been informed of 15% minimum increases in the locally provided electric service. The Governor's proposal is normally issued on the fourth Thursday in January. This important first benchmark in the budget process will provide additional information on revenue and expenses for our decision-making going forward. This year, with a new Governor, they are allowed additional time and the expected release is March 2, 2023. This delay affects the School Committees decision making and creates a tight turnaround to produce the assessments to the Towns. This budget assumes normal student enrollment, which means we expect a strong increase continuing for students in the elementary grades. This budget includes one new general education classroom

teacher for that purpose. At this time, curriculum development, a Human Resources Director, and several new positions tied to student needs are included as new initiatives in this budget. Additionally, the District seeks to reinstate the positions lost to last year's budget cuts as well as reinstating the athletic fee family cap. The increased athletic fees from Fiscal year 2023 will remain at this time. In addition, the cuts to 7th grade team building and 6th grade graduation shall also remain. Beginning in FY 2015 the district had to determine the direction of several key programs: school choice, the use of excess and deficiency, and the administrative structure of the district. With votes limiting additional school choice seats along with the elimination of E and D funds as a general fund revenue source, the district's operating budget will consist of known cost drivers and local revenue sources. Local and State revenues are very predictable at this time. The State is giving very little in the way of increases and the Towns have the ability to provide an additional 2.50% on tax increase plus whatever new growth they can certify. The State has supported local governments and School Districts as best they can through grants paid for on their own or as passed through Federal dollars. The Student Opportunity Act was partially implemented and the expected funds to help offset Special Education transportation have begun to materialize in FY 2023. The State was able to give \$60.00 per pupil in Chapter 70 funds for FY 2023 and we are hopeful for that same amount again in FY 2024. Transportation aid was decreased in FY 2023 by \$114,787.00 over the amount that was budgeted due to action by the legislature.

Massachusetts depends on several sources of tax revenue, and supports local districts through a variety of programs and services. Income taxes are a major portion of the taxes Massachusetts collects. Although tax collections have recently increased, significantly enough to require mandatory tax refunds to its resident taxpayers, these funds have not been made available to smaller school districts, including Pentucket. We have been allotted funds that have to be used for specific purposes through the Federal government's ESSER relief programs. There have been three allotments of these funds as of now. All of the first two allotments have been spend on personal protective equipment such as masks and hand sanitizer, educational access equipment such as internet hot spots and chromebooks, and additional curriculum staff to assist special education students to keep from regressing in their education.

Comparing data with previous data reported shows Massachusetts is gaining jobs lost due to the pandemic. Reviewing the data from November 2021 to December

2022, Massachusetts unemployment went from 4.8% to 3.2%. Essex County is now at 3.4% from its November 2021 rate of 5.4%, showing a major decrease in unemployment but still exceeding the State average.

For reference for the reader, the three member town rates are as follows: Groveland's unemployment was 2.4% in November 2021 and is 2.3% in December 2022; West Newbury was 3.9% in November 2021 and is now 2.2%; and Merrimac was 2.8% in November 2021 and is still 2.8% according to the Labor and workforce development department at www.mass.gov/lwd. Unemployment has decreased for all of our member communities, except Merrimac, which holds steady, in the last year, and they continue to perform better than the State or County. In spite of these low unemployment numbers we continue to have problems filling many of our needed positions such as custodial, food service, substitutes, and para-educators.

Special Education has been a tough review for this budget cycle. The District has seen cost decreases due to lessened out-of-District student placements because of residents moving out of the District or reaching the age of 22. The State has also allowed out of district schools to increase their rates by 14% for Fiscal Year 2024. We are also going to have to catch up on many student IEP services that were lost due to COVID-19 issues. With uncertainty around additional slot needs and student services, we have decided to budget Special Education services with additional circuit breaker funds equal to what was received in Fiscal Year 2023. Should other factors such as increased enrollment or Circuit Breaker funding reductions occur then budget adjustments will need to be made.

With the State continuing to face increased expenditures for Medicaid programs and children's services through the Department of Children and Families the district will not budget for any significant increases in State aid for the following fiscal year. Due to this, we are proposing our budget with a \$60.00 per pupil increase in Chapter 70 State aid, the same as this year.

The process of developing the Fiscal Year 2024 budget starts by determining the revenues available for the school department. In Massachusetts, cities and towns are limited to 2.5% taxation year over year (not counting excess levy limit appropriations), unless an override is passed. To begin the process of creating a

sustainable budget process, the district cannot count on operational overrides, and must work within the revenue available when possible. In this budget proposal, the district is requesting towns to increase their operational assessment by 3.00% to help fund the schools operating budget, and to continue to fund their portions of agreed upon capital projects with a combined increase of \$788,415.55. This increase is the normal request based upon what can be expected under proposition 2 ½, however to fully fund the budget we would need to ask for an increase of \$2,466,761.41. The combined total percentage increase over the approved amounts in Fiscal Year 2023 would be 5.15%.

Below is a chart that shows the major revenue components of the operating budget.

Revenue Source	FY21 Actual	FY22 Actual	FY23 Estimate	FY 24 Estimate
Chapter 70	\$12,438,120.00	\$13,250,162.00	\$13,307,662.00	\$13,440,212.00
<i>Transportation</i>	\$830,324.00	\$737,370.00	\$756,593.00	\$641,806.00
Medicaid Reimbursement	\$138,288.21	\$311,093.81	\$100,000.00	\$100,000.00
<i>Interest Income</i>	\$9,980.34	\$10,411.15	\$10,000.00	\$10,000.00
<i>Misc. Receipts</i>	\$179,451.39	\$53,180.82	\$5,000.00	\$5,000.00
<i>E&D</i>	\$667,951.00	\$698,871.00	\$1,178,789.00	\$1,098,250.00
<i>Treasury Subsidy</i>	\$0.00	\$29,148.14	\$56,895.00	\$46,999.58
West Newbury Operating Assessment	\$7,387,515.00	\$7,242,985.00	\$7,408,673.00	\$7,630,933.00
West Newbury Capital	\$1,212,005.00	\$1,689,894.00	\$1,718,060.00	\$1,599,032.56
Groveland Operating Assessment	\$9,577,507.00	\$10,079,119.00	\$10,192,767.00	\$10,498,550.00
<i>Groveland Capital</i>	\$1,472,758.00	\$2,245,566.00	\$2,198,911.00	\$2,250,853.02
Merrimac Operating Assessment	\$8,491,105.00	\$8,902,686.00	\$9,167,301.00	\$9,442,320.00
<i>Merrimac Capital</i>	\$1,072,528.00	\$1,766,073.00	\$1,745,349.00	\$1,797,787.97
Subtotal Operating Revenues	\$43,477,532.94	\$47,016,559.92	\$47,846,000.00	\$48,561,744.13

Projected / Actual FY Budget	\$42,298,744.29	\$45,984,077.12	\$47,846,000.00	\$51,338,455.39
Surplus / (Deficit):	\$1,178,788.65	\$1,032,482.80	\$0.00	(\$2,776,711.26)

Another funding issue schools have is the fact that the increases provided by the State do not keep up with the educational and fiscal mandates set forth by the Commonwealth. Massachusetts spends and budgets educational dollars below the national average based on its ability to pay. It ranks near the bottom third of its percentage in regards to the State economy when compared to the other 50 States. Ironically, they hold our member Towns ability to pay against us when increasing Chapter 70 aid or in determining the net minimum spending requirements of each Town when we perform our legally mandated assessments under Massachusetts General Law. The legislature is currently reviewing how it funds education along with a change in how it allocates its Chapter 70 funding but at this time, the results of these potential changes are unknown. In FY 2021, the legislature enacted the Student Opportunity Act, which greatly increased school funding but the program, when fully implemented, appears to only pass significant dollar increases to the State’s larger cities while putting Pentucket and other smaller systems in a hold harmless category where only \$60 per year per student increases can be expected.

What this means for school districts is that local revenues are forced to make up for these gaps in State and federal funding. (A majority comes directly from property taxes assessed at the local level). However, understanding how our revenues work creates a clear disconnect between the two forces. Our expenses rarely increase less than 2.5%, but our municipal revenue is tied by law to a 2.5% increase. If tax revenues can increase by 2.5%, and if any of our expenses increase by more than 2.5% we automatically have an operational deficit in that account. The Commonwealth has chosen to not make up the difference in that gap so choices on where to spend our education dollars, after mandated special education and transportation costs, become the task of the Pentucket School Committee. In years past, we have limited payroll growth to 2.50%, however the current contracts with all our unions have renewed salary grids and for the Pentucket Association of Teachers members it now allows for both lateral and horizontal moves on that grid. The cost of living adjustment to the PAT grid is 2%. Because all union contracts are current, the employment costs in this budget are known with a great deal of certainty.

The combined year over year expected revenue change of \$795,744.13 represents a revenue increase of 1.66% overall, leaving an operation deficit with our expenditures scheduled at 5.17% increase. This percentage and amount are artificially decreased due to slightly less funding being allocated from E and D over FY 2023. If this difference is removed from the projection, then the revenue increase would be \$876,283.13 representing a 1.83% increase for the general fund. We are anticipating a minimal increase in State aid in FY 2024 totaling \$132,550.00. This increase is based on our understanding that we will only receive a \$60.00 per pupil increase in Chapter 70 aid. It also assumes the State will hold educational facilities harmless for their student population decreases as it relates to regional transportation aid after ridership percentages decreased when schools were operating on a hybrid model where most children attended in person two days a week. This budget projection overall is accurate for what we now know and expect. Excess and Deficiency (E&D) funds are budgeted for FY 2024 to fund stabilization and other post-employment benefit deposits. In agreement with our auditors, and with a new School Committee Policy on the use of E&D, these funds will no longer be budgeted as an ongoing cost general fund revenue source. This was waived by the School Committee for Fiscal Year 2023 and \$250,000.00 was allocated to reduce the spending cuts and help save some much needed staff and programs.

After reviewing these revenue estimates, the District then proceeds to estimate costs for the next fiscal year based on known expenses. These are employment contracts, spending on educational supplies, and the cost of ongoing service contracts with providers. In determining the redesign and restructuring in FY 2014 and FY 2015, the superintendent, school committee, and leadership team prioritized the greatest needs of the district while keeping in mind the current fiscal reality. As of the time of this presentation, major cost drivers, such as special education placements, are based on projected current students and not including any potential student move-ins or pre-school additions. The district staff came together and worked to create a more sustainable plan for insurance in Fiscal Year 2017 that led to savings over the normal expected increases for employee and retiree health insurance. That agreement was placed in permanent status during contract negotiations for FY 2021 and will remain in place as long as both parties do not agree to terminate.

GIC health insurance plan rates are not projected to be finalized until late-February so we are budgeting using a GIC provided estimate of 6% for Fiscal

Year 2024 at this time. The budget includes actual salaries for all union represented employees as all unions have an approved contract at this time. The District has no major vendor contracts out for bid during Fiscal Year 2024. Regular and Special Education transportation costs are based on contracted rates with all current routes as they are now.

Next year, Pentucket expects the operating budget to rise by \$2,474,089.99, a 5.17% increase. The majority of this increase is due to new union contracts, new positions, utility and transportation increases. This increase is calculated after the District has included E and D funds and as a revenue and cost as it is self-funded either through State approved certifications. Without these adjustments to operating funds, the general fund increase would be \$2,643,550.99 or 5.52%.

This means our FY 2024 operational budget, which is inclusive of labor, service and supplies, special education, debt service, and stabilization offsets would be \$50,150,628.99 without the new adjustments.

If local growth continues to expand, it can help by providing relief to the school district to fund their operational costs if the towns can afford to increase the operational assessments. Additional growth in each member town can assist the district in increasing the operational costs above 2.5%, but each town has different growth depending on the community’s ability to maintain new residential, commercial or industrial construction, and this revenue cannot be counted on yearly. Although this budget does not reflect any new growth, as towns generally do not have this figure early in the budget cycle, it is asking for an overall assessment increase of 3.00%.

The chart below represents a history of State aid that Pentucket has received through the period of Fiscal Year 2019 to present.

<u>Category</u>	<u>2023</u>	<u>2022</u>	<u>2021</u>	<u>2020</u>	<u>2019</u>
Estimated Receipts:					
General School Aid	\$13,385,162	\$13,250,162	\$13,182,092	\$13,182,092	\$13,111,292
Transportation of Pupils	\$641,806	\$756,593	\$654,897	\$610,182	\$582,207
Charter Tuition Reimb.	\$158,706	\$25,326	\$119,310	\$52,100	\$21,432

Reciepts Net of Charges	\$13,342,447	\$13,497,214	\$13,325,723	\$13,611,899	\$13,654,919

As the chart above shows, State Chapter 70 General School aid to Pentucket has increased 2.05%, an average of .51% per year, since Fiscal Year 2019. This is clearly not enough to support their percentage growth of a normal 2.5% growth budget. What this has done has pushed more of the burden onto local taxpayers though property taxes.

If we isolate Chapter 70 funding (named for the section of Massachusetts General Law it originates from) to review the history, this fact becomes more apparent. Below is a chart that shows the historical funding for Chapter 70, as well as the % of Net School Spending. (NSS is all school spending subtracting *transportation, debt service, civic activities, crossing guards, and capital equipment*)

Year	State Aid	Enrollment	% of NSS
FY 11	\$12,454,267	3055	42.1%
FY 12	\$12,521,127	2947	41.3%
FY 13	\$12,635,127	2942	39.9%
FY 14	\$12,703,677	2841	39.7%
FY 15	\$12,770,527	2721	38.4%
FY 16	\$12,834,852	2599	38.4%
FY 17	\$12,968,282	2510	39.0%
FY 18	\$13,040,102	2477	37.2%
FY 19	\$13,111,292	2454	35.2%
FY 20	\$13,182,092	2405	36.2%
FY 21	\$13,182,092	2229	34.8%
FY 22	\$13,250,162	2223	34.1%
FY 23	\$13,385,162	2234	34.6%

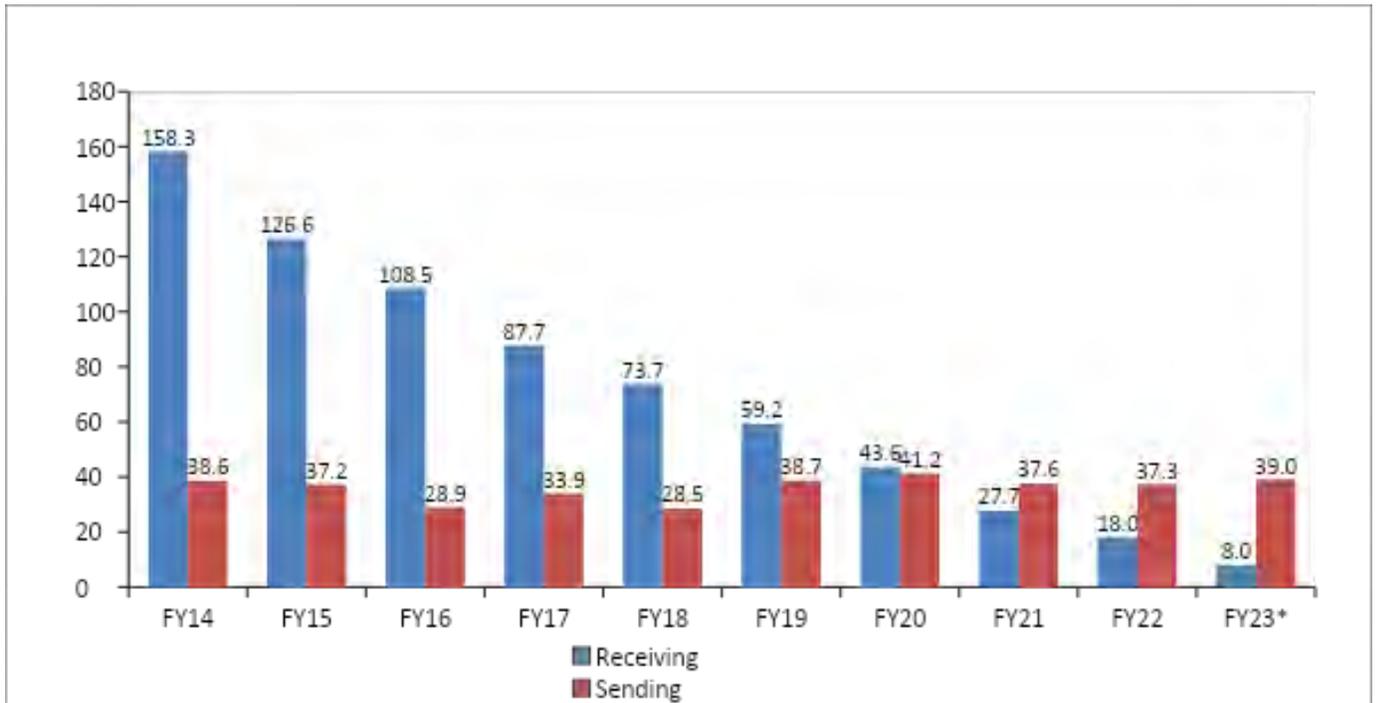

NSS is all spending subtracting transportation, debt service, civic activities, crossing guards and capital equipment

In Fiscal Year 2011, Chapter 70 paid for 42.1% of Pentucket’s net school spending. In Fiscal Year 2023, it only paid for 34.6%. As we described above, this is clearly increasing the towns funding percentage of the operational budget for the school district.

What the chart below also clearly shows is that Pentucket had attempted to limit the local increases by opening up more slots for school choice prior to Fiscal Year 2014 when the School Committee voted to freeze school choice slots.

FY	Receiving		Sending	
	FTE Pupils	Tuition	FTE Pupils	Tuition
1996	181.3	629,254	49.6	193,077

2023	8.0	40,000	39.0	273,101

By adopting so many school choice students, the district had relied on the choice funding as a major part of our revenue stream for the future. This was both risky

and unsustainable over time, and this year will show that School Choice receipts paying for expenses is a gamble each year that district can hardly afford to play. This year, the operating budget will need to assume over \$30,000.00 in costs due to the choice account not generating enough revenue to cover these previously budgeted expenses. Additionally, we have now reached the point where choice out students exceed choice in students. Our District choice out students now cost us \$195,000 annually. We graduated our largest remaining class after the 2021-2022 school year, and at the conclusion of the 2022-2023 school year, we will be down to our last 3 school choice students. At this point we have effectively eased all lost revenue into the system and with the outgoing choice students holding steady and the cost included within the operating budget this area of budget concern will no longer effect ongoing operations in regards to budget preparation.

The information below offers a glimpse as how this loss of State aid is pushing the burden of funding an appropriate and free education for all students onto local taxpayers. This spending also includes assessments to the towns for Whittier Technical and North Shore Vocational Technical.

Education Spending as a Percentage of Budget

Year	Groveland		Merrimac		West Newbury	
	\$ of total	% of total	\$ of total	% of total	\$ of total	% of total
2023	\$13,552,405	63.8%	\$11,974,175	60.0%	\$9,043,356	52.1%
2022	\$13,150,704	64.5%	\$11,647,715	61.4%	\$8,850,363	52.6%
2021	\$12,050,265	63.6%	\$10,634,568	60.3%	\$8,831,545	53.4%
2020	\$10,821,891	62.1%	\$9,480,724	60.2%	\$8,246,189	51.5%
2019	\$10,654,932	63.1%	\$9,189,854	61.2%	\$8,074,422	53.9%

As the District has been able to control recent costs mainly due to employment contracts, health insurance, and staffing numbers, the percentage of municipal spending has decreased slightly but is still well above of what nearby cities and towns spend as a percentage of their overall budgets for two of our three members. This does not mean actual dollars though, as most local communities pay more per pupil towards their school budgets than our member Towns do. The recent increase from 2020 to 2021, and 2021 to 2022, is because of the new construction debt exclusion, which does not take away from community operating budgets. At this point, with new union contracts, new transportation contracts, and additional student populations at the elementary schools the District budget

will need to begin a reversal of the recent downward trends in funding we have been experiencing.

To review the current member town demographics, we can use census data as well as current surveys from the labor and workforce development agency. Below is a table showing median household income and age for the member towns, Essex County, and Massachusetts for the most recent data submitted through December of 2021.

<u>Location</u>	<u>Median Income</u>	<u>Median Average Age</u>
Massachusetts	\$89,645	39.9 years
Essex County	\$87,433	40.9 years
Groveland	\$111,056	41.8 years
Merrimac	\$79,909	48.5 years
West Newbury	\$151,500	49.5 years

In two member towns, income is higher than the Massachusetts and Essex County average. Merrimac has been lagging in wage growth over the past year and now sits below the both Massachusetts and Essex County median income but the other two Towns remain solidly above that average. Along with higher annual earnings you usually find a population with a higher average age and this is also the case as all our member communities have a much higher median average age than both Essex county and Massachusetts as a whole.

All three member towns also saw population increases in the most recent 10 years' census covering the period 2010-2020 with Groveland increasing its total population 4.53%, Merrimac 6.07%, and West Newbury 6.25%. During the same time period Essex County saw an increase of 8.83% while Massachusetts saw an increase of 7.36%.

The table below shows the increases in population since 2010 based on the 2022 estimated populations.

<u>Year</u>	<u>Groveland</u>	<u>Merrimac</u>	<u>West Newbury</u>	<u>Essex County</u>	<u>Massachusetts</u>
2022 (Est.)	6,815	6,926	4,688	807,074	6,984,723
2020 (Census)	6,752	6,723	4,500	808,829	7,029,917
2010 (Census)	6,459	6,338	4,235	743,159	6,547,629
% Change	5.51%	9.28%	10.70%	8.60%	6.68%

As you can see, the member communities, other than Groveland, grew at a greater rate than Massachusetts and Essex County over the period covering 2010 to 2022. However, in the period post census 2020 all member Towns saw population increases while Massachusetts and Essex County both saw population decreases. While a host of factors may be used to explain this, available land for new construction, along with a relatively safe environment as it pertains to criminal activity, and a desirable school district should place the Town's in high demand. Additionally, the new High School is most certainly a draw for families with children looking to relocate from their current Towns.

Per pupil spending is not an indicator of performance in schools, but is an indicator of how Pentucket chooses to expend its educational resources as a comparison to the State average for all districts. Below is a chart showing Pentucket's per pupil expenditures compared to the State averages.

Pentucket Regional School District Per Pupil Expenditures FY 21 End of Year Financial Reporting	Total Expenditures All Funds	Function As Percentage Of Total	Expend- Expenditure Per Pupil	State Average Per Pupil
Administration	\$1,262,776.98	3.00%	\$537.97	\$632.37
Instructional Leadership	\$2,348,098.08	5.58%	\$1,000.34	\$1,232.42
Classroom and Specialist Teachers	\$15,444,435.92	36.69%	\$6,579.66	\$7,185.22
Other Teaching Services	\$3,903,207.81	9.27%	\$1,662.85	\$1,555.49
Professional Development	\$144,711.05	0.34%	\$61.65	\$181.33
Instructional Materials, Equipment and Tech.	\$947,816.27	2.25%	\$403.79	\$762.50
Guidance, Counseling and Testing	\$1,208,413.51	2.87%	\$514.81	\$626.06
Pupil Services	\$3,442,338.92	8.18%	\$1,466.51	\$1,619.14
Operations and Maintenance	\$3,013,721.94	7.16%	\$1,283.91	\$1,500.25
Insurance, Retirement Programs and Other	\$7,159,405.84	17.01%	\$3,050.06	\$3,261.39
Payments To Out-Of-District Schools	\$3,216,786.87	7.64%	\$1,370.42	\$557.24
Total Expenditures	\$42,091,713.18	100%	\$17,931.97	\$19,113.41

Pentucket spends \$1,181.44 less per pupil than the State average on education. Using this data as a comparison only, based on 2,234 pupils at the time of this reporting Pentucket is spending \$2.64 million dollars less than the State average.

The average spending of the Essex County Districts listed below is \$18,800.55. Pentucket is 4.62% below that average.

<u>Town/City</u>	<u>FY21 Per Pupil Spending</u>	<u>Town/City</u>	<u>FY21 Per Pupil Spending</u>
Masconomet	\$22,151.29	Saugus	\$18,320.35
Whittier	\$21,641.88	Newburyport	\$18,008.45
Andover	\$20,941.36	Pentucket	\$17,931.97
Triton	\$20,857.87	Georgetown	\$17,847.87
Ipswich	\$20,686.90	Lynnfield	\$17,558.54
Hamilton-Wenham	\$20,544.67	Lawrence	\$17,329.75
Gloucester	\$20,131.02	Haverhill	\$16,705.23
Amesbury	\$19,883.64	Peabody	\$16,188.62
Swampscott	\$18,977.66	North Andover	\$16,052.29
Danvers	\$18,348.72	Methuen	\$15,902.93

Since FY 2010, when our student population totaled 3280, there has been a decline in enrollment of 46.82% to 2234 in October of 2022. More recently, the enrollment decline has been 16.34% from FY 2015, when the enrollment totaled 2599 to FY 2023. This coincided with the lower birth rates in the member communities, slowed building construction during the 2010 to 2015 period, the freezing of school choice slots, and an aggressive effort to ensure that residency for students is restricted to our member communities. A much larger adjustment in this calculation came for FY 2021 with many students leaving for home schooling or attending private school due to the COVID-19 protocols enacted by the District in accordance with State guidelines. Some parents did not feel safe sending their children to school at all and some wanted their children in school every day. These sentiments led to nearly 200 expected enrolled students to leave the District. Over the time period of FY 2017-FY 2023, Pentucket has reduced staff by 10.48% overall, from 377.3 full time equivalent positions to 341.50. Staff capacities during this time were used to maintain class sizes and increase special education related teaching and support positions. However, many secondary offerings were reduced for students. As student populations show steady improvement, especially at the early elementary age level, the FY 2024 budget

proposes the addition of several new positions and the reinstatement of last year’s staff reductions to better serve our students.

Now that we have reviewed the sources of information that assist in informing the community on how our revenue and expenditures affect the operating budget, we should review how decision making at the School Committee, Administrative, and Staff levels are helping us define how we spend public funds on our school district.

The district has set forth initiatives that will assist us in creating an excellent education system. The initiatives in Section 1 are the basis for decision making with education funding for the district. Decisions around staffing, redistribution of education resources and reductions of current programs revolve around how to bring Pentucket to the next level of performance and sustainability for the future. The District Strategic Plan for 2022-2026 is included as an attachment to the end of this section.

Pentucket Regional School District

Strategic Plan 2022-2026

MISSION

The Pentucket Regional School District seeks to inspire its students with a love of learning and to enable them to develop their academic potential and individual talents in an atmosphere that cultivates independent thinking. We will prepare our students to develop respect for others and to be responsible citizens of a global society.

Objectives	Priorities
<p>1. Protocols & Procedures:</p> <p>PRSD will establish and document defined protocols and procedures that will enable all students and employees to work efficiently and, as a result, increase the time spent focusing on learning.</p>	<p>1.1 Early in the school year, all students will understand the protocols and procedures for the following:</p> <ul style="list-style-type: none"> a. Grading b. Bullying/Harassment c. Safety d. Discipline <p>1.2 Parents/Guardians will understand how their child(ren) are being assessed by their teachers.</p> <p>1.3 Parents/Guardians have a place to go to on a website or a person to call that identifies the correct person they need to speak to regarding a specific topic they want to address.</p> <p>1.4 Students will have support in working on post-secondary plans with professional student support personnel. The same personnel will provide opportunities for students to apply for various scholarships.</p>
<p>2. Wellness:</p> <p>PRSD will prioritize the mental, social, and physical well-being of students and staff, particularly given the changing needs of our children.</p>	<p>2.1 Mental health and social and emotional learning (SEL) will be priorities of the work done to support the well-being of our students.</p> <p>2.2 The district and schools will make every effort to increase the number of extra-curricular opportunities for students.</p> <p>2.3 Students in grades K-8 will have an increased number of opportunities to participate in intramural programs including the potential of a new middle school athletics program.</p>
<p>3. Curriculum:</p> <p>PRSD will ensure that all students are part of a creative and rigorous academic program that is developed, delivered, and adapted based on data. Students and staff will have the support they need in order to be successful.</p>	<p>3.1 The curriculum that is developed and delivered will be adapted for different learning styles and abilities.</p> <p>3.2 Curriculum will be developed collaboratively or reviewed by special education professionals to ensure students with special needs are supported in mastering the curriculum.</p> <p>3.3 Schools will ensure that there is a consistent grading philosophy.</p> <p>3.4 Diversity, Equity, and Inclusion will be incorporated within lessons whenever/wherever possible.</p>

4. Communication:

PRSD will emphasize communication as a mechanism to bring schools, families, and the Pentucket community closer together to ensure stakeholders understand what is happening in the district.

- 4.1 When it comes to communicating out general information or essential information about the school or district, the following forms of communication will be used: text messaging, email, and phone calls.
- 4.2 Communications from the school or classroom to the parent/guardian will be done so via phone, email, or in-person meeting. A phone call/virtual call or in-person meeting is the preferred method between the classroom/school and the home when a discussion needs to be held regarding a student.

5. Facilities & Technology:

PRSD will continue to work closely with necessary personnel to ensure that all facilities are properly maintained.

PRSD will prioritize the utilization of technology in the schools by students and all instructional personnel.

- 5.1 Address the capital needs of the elementary schools.
- 5.2 School grounds and facilities will be clean and inviting.
- 5.3 Provide and optimize the technology in classrooms to support student learning.
- 5.4 Students/Staff will have proper/adequate technology support when issues arrive.
- 5.5 All students and classroom employees will have access to a mobile device so they can work at home or in a different classroom/building.
