As of Thursday, July 23:

- 70% of returning students completed Registration
 - 39% Commitment for At-Home Learning
 - 71% Commitment for In-School Learning

BACK TO SCHOOL 2020

IN-SCHOOL LEARNING

AT-HOME LEARNING

Learning Management *Systems*

- The District has designated the following learning management systems
 - PK–2nd Grade: SeeSaw
 - 3rd–5th Grade: Google Classroom
 - 6th–12th Grade: Canvas

Grading *Guidelines*

- Resources will also be available for parents to learn how to support students in navigating learning through these digital tools.
- In the event that students participating in In-Person Learning are required to quarantine, the education of these students will continue through the designated LMS for the duration of the quarantine period.

Technology

- Students in grades 4–12 will be issued a laptop for use in in-person and at-home learning.
- Mobile devices will be readied for deployment to students in PK–3 who need them for virtual at-home learning, and a process for deployment of devices will be implemented.

Technology

- Internet Access will be necessary for at-home learning activities.
- The District has a limited number of hot spots available for families without internet access in the event a student in in-person learning is quarantined and must be transitioned to at-home learning.

In-School *Learning*

- Students will attend school on a regular instructional schedule
- Student participation required each instructional day per Board adopted calendar

In-School *Learning*

- Elementary students will be assigned to homerooms reducing cross-contact among student groups. For grades that are teamed/departmentalized by subject, students will transition as a homeroom group.
- Secondary students in grades 6–12 will follow their class schedules by transitioning to different classrooms for course instruction.

At - Home Learning

- Students will remain at home and will engage in synchronous and asynchronous learning activities that are primarily delivered through Zoom and the designated learning management system.

At-Home Learning

- Sample Elementary Schedule

Time	Learning Experience	Mode	Mode Described
8:05-8:20	Morning Meeting Social and Emotional Learning	Synchronous	Live teacher-led instruction and peer collaboration through Zoom
8:20- 9:00	Learning in Reading and Writing	Synchronous	Live teacher-led instruction and peer collaboration through Zoom

Period 7	2:05 - 2:35	Synchronous: Live teacher-led instruction and peer collaboration through Zoom	2:35 - 2:55	Asynchronous: Independent learning activities in Canvas

At-Home Learning

- Goal is to have specific teachers dedicated to At-home Learning
 - Application submissions week of July 20
- At-Home Learning mirrors In-School Learning
 - District Curriculum, Activities, and Assessments
 - District Scope and Sequence and Pacing

At-Home Learning

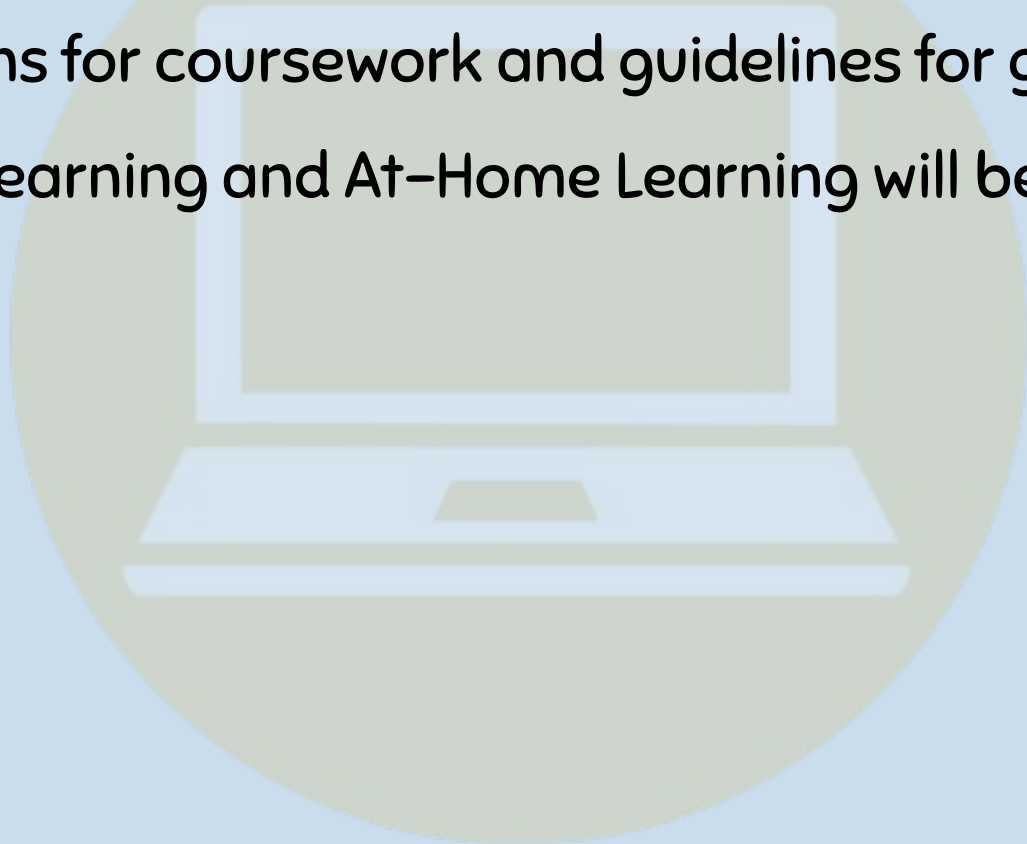

- Attendance requires daily participation in both synchronous and asynchronous activities
- A parent/guardian/caregiver will need to be available to support students in navigating the daily schedule and providing assistance with the learning as needed, particularly with younger students.

At-Home Learning

- At-Home Learning available for all core content as well as elective areas when feasible
- Some elective courses cannot be offered for at-home learning, i.e. welding, band, athletics
 - Students choosing to remain in the class will be required to attend In-School Learning for those courses/activities

At - Home Learning

- Expectations for coursework and guidelines for grading for In-Person Learning and At-Home Learning will be the same.

MAJOR FINDINGS

1. **STAFFING:** Major area of concern in both evaluation and instructional student service needs.
 - a. **DESCRIPTION:** When comparing the 2014-2015 TAPR every year consecutively to 2018-2019 TAPR; the staff: student ratio has decreased annually reflective of fast growth in student population, but not a commensurate response in staffing needs.
 - b. **RECOMMENDATION:** District is encouraged to review current staff caseloads vs workloads to determine if additional FTEs are needed.
 - i. The following numbers are based on the 2019 TASB Benchmarks Report:
 1. 52 Teacher Sped FTEs recommended compared to 44.5 FTEs current
 2. 10 Assessment (Diag/LSSP) FTEs recommended compared to 8 FTEs current (and contracting additional support)
 3. 16 Speech FTEs recommended compared to 8 FTEs current (and contracting additional support)
 4. 6.5 FTEs Central Administration FTEs recommended compared to 5 FTEs currently
 5. 75 Paraprofessional FTEs recommended compared to 55 FTEs current
2. **PROFESSIONAL DEVELOPMENT:**
 - a. **DESCRIPTION:** Teachers and support staff want and need job-specific professional development and training; most staff requested that paraprofessionals have additional days to attend job-specific training & development

DISTRICT SPED PROGRAM EVALUATION

PURPOSE

In an effort to identify areas of strength, as well as opportunities for improving program efficiency, effectiveness, and staffing, Little Elm ISD (LEISD) commissioned the Region 10 Education Service Center (ESC) Special Populations team to conduct a comprehensive program evaluation. The program evaluation process supports the district vision and district-level continuous improvement efforts in the area of special education.

The data analysis and evaluation report was developed with active participation and input from the district SPED leadership team, SPED evaluation and related services personnel, and K-12 SPED teachers.

The comprehensive staffing analysis was comprised of the following components:

- A review of district and campus documents
- Interviews with district and campus service providers
- Service provision survey data
- Classroom observations in the following:
 - Little Elm High School
 - Chavez Elementary
 - Lakeside Middle School
 - Prestwick STEM Academy
 - Lakeview Elementary School
- State performance, finance, and monitoring reports
- Federal accountability reports
- An analysis of all data collected

MAJOR FINDINGS

Through the review process, key findings emerged as noted below:

Staffing: Little Elm ISD is experiencing growth across the district, as well as in special education. To address both evaluation needs and student service needs, the district is encouraged to review current staff caseloads and workloads to determine if additional FTEs are needed.

Professional Development: It was reported that the special education department began job-alike PLCs for special education teachers, and behavior training and resources have been developed to support BASE classrooms. Additional training during staff development days to include paraprofessionals has been requested by teaching staff. Training in areas such as prior written notice, evaluation report writing, and legal framework should be considered.

- Evaluation/Child Find, Session # 2623099
- Data-Based Decision Making and Accountability for LSSPs, Session # 2628668

Programming: A variety of programs are available to support special education students. One highlight includes the collaborative work between CTE and Special Education to provide vocational training/transition services. Through the use of a food trailer, students learn business and culinary

skills alongside non-disabled peers. Additionally, there was positive feedback related to behavior programming and support. Interviewers were informed that another school district is scheduled to observe implementation of the behavior program.

DATA REVIEW

The scope of the data analysis included:

- A review of the 2019-2020 district Full-Time Equivalent (FTE)
- A longitudinal review of SPED enrollment
- A review of the Texas Association of School Boards (TASB) staffing benchmarks
- A review of federal and local budgets along with Summary of Finance data
- A review of district-wide SPED data
- A review of 2018-2019 Texas Academic Performance Report (TAPR)
- A review of 2019 Results Driven Accountability (RDA)
- A review of Service Provision data

DEMOGRAPHIC DATA

Little Elm ISD is located along 62 miles of shoreline on Lake Lewisville. The District encompasses 40 square miles in the southeast corner of Denton County and serves students who reside in the communities of Little Elm, Frisco, Hackberry, Lakewood Village, Oak Point, and The Colony. The demographic data of the district reflects a suburban district with an enrollment of 7,758 students per the 2018-2019 TAPR. The following district distribution is based on the 2018-2019 district profile.

Ethnic Distribution

American Indian-Alaskan Native	0.4%
Asian	3.9%
African American	16.6%
Native Hawaiian- Pacific Islander	0.2%
White	36.2%
Two or more	4.4%
Hispanic-Latino	38.35%

Students by Program Designation

Special Education	8.0%

The Little Elm Special Education Department also self-reported current special education demographic data. The records provided indicate that the special education population currently represents 9.36% of the total district compared to 8.83% in the 1st six weeks and 8.45% at this time last year. There are currently 124 referrals in progress which is reported to be a 61% increase from the same time last year. Of these initial referrals in progress, 40 originated from parent requests. Instructional setting information by campus, provided by the Little Elm Special Education Department, is found below.

STUDENT PERFORMANCE/STATE ASSESSMENT & ACCOUNTABILITY AND FEDERAL PERFORMANCE RESULTS

A review of district-wide SPED data and TAPR reports were completed. LEISD has a 2019 district accountability rating of *B* and a 2019 SPED Determination status of *Meets Requirements*. The SPED rating is an integrated determination status based on the evaluation of the PBMAS/RDA indicators in the SPED program areas, as well as State Performance Plan (SPP) compliance, data integrity, uncorrected non-compliance, and any audit findings. District scores were obtained for LEISD through the Texas Education Agency (TEA) TAPR and RDA reporting sites.

District 2019 STAAR Data	SPED Grade Level Passing Rate				
	Math	Reading	Writing		
3 rd Grade	52%	48%	N/A		
4 th Grade	18%	20%	14%		
5 th Grade	75%	58%	N/A		
6 th Grade	51%	16%	N/A		
7 th Grade	26%	31%	23%		
8 th Grade	81%	52%	N/A		
	Algebra 1	EOC Eng 1	EOC Eng 2	Biology	US History
EOC	53%	25%	33%	68%	63%

The District's SPED students' performance on STAAR EOC compares to the Regional and State average passing rates in the following ways:

STAAR	Math		Reading		Writing	
Grade	<u>Region</u>	<u>State</u>	<u>Region</u>	<u>State</u>	<u>Region</u>	<u>State</u>
3	below	below	below	below	not tested	not tested
4	below	below	below	below	below	below

LEISD was above the regional pass rate averages in 5 out of 19 areas, was equal in 1 of 19 areas, and was below in 13 of 19 areas. LEISD was above the state passing rate averages in 7 of 19 areas, was equal in 1 of 19 areas, and was below in 11 of 19 areas.

District: LEISD	SPED Passing Rate RDA 2019				
	Math	Reading/ELAR	Science	Social Studies	Writing
3-8 Passing Rate	52.3	39.1	48.6	40.5	17.4
EOC Passing Rate	54.8	32.0	68.4	64.6	N/A

With STAAR 3-8 Performance Level 0 (the highest level) cut points for Math, Reading, and Writing being 70 - 100, the passing rate has the district at PL 2 for Math, PL 3 for Reading, and PL 4 for Writing in grades 3-8. The PL 0 cut points for Science and Social Studies were 65-100 resulting in the district having PL 2 in Science and Social Studies for grades 3-8.

The EOC Performance Level 0 cut points were 65-100 for Math resulting in a PL 2, 60-100 for English Language Arts resulting in a PL 2, 75-100 for Science resulting in a PL 1, and 70-100 for Social Studies with a PL 0 (RI).

The public RDA report shows an overall mean for Little Elm ISD BE/ESL of .1, CTE .6, ESSA .1, and SPED 1.0. Each of the four program areas, according to the performance framework, has an overall performance level of 1. It should be noted that official performance level information is found in the Texas Education Agency secure web application TEAL.

STAFFING PATTERNS

Information gathered from the 2019 TAPR confirms that teachers in the special education program comprise approximately 9.5% of the teaching staff employed by LEISD with a total of 44.5 teachers in SPED. This is slightly lower than the Region 10 average of 9.8% yet higher than the Region 11 average of 9.0% and the state average of 9.1%.

LEISD has staff to provide speech/language therapy, occupational therapy (OT), physical therapy (PT), vision services (VI), orientation and mobility services (O&M), auditory impairment services (AI), adapted physical education (APE), behavior consulting services, in-home/parent training, transition services, music therapy, services for students with Autism; and an evaluation staff consisting of 7 full-time diagnosticians, 7 Speech Language Pathologists (SLP) and 1 SLP Assistant, some of which carry full-time caseloads and have leadership and/or supervisory roles. There is one full time Licensed Specialist in School Psychology (LSSP) and 3 part-time contracted LSSPs. Related and Instructional Services staff include 2 Occupational Therapists, 1 Physical Therapist, 1 APE

teacher, 1 VI teacher, 1 Behavior Specialist, 1 Transition Specialist, 1 Dyslexia Therapist, and 1 O&M specialist. There is also a contracted audiologist and a contracted music therapist.

According to the 2014-2015 TAPR report, LEISD had a total of 539 SPED students which was 7.8% of the total enrollment and a total of 27.9 SPED teachers which was 6.8% of teaching staff. This is a 19.32 to 1 student to staff ratio. The most recent TAPR report from 2018-2019 reflects 621 SPED students which is 8% of the total enrollment and 44.5 SPED teachers which is 9.5% of teaching staff. This is a 13.96 to 1 student to staff ratio. The student population has grown by 82 students, and the teaching population has increased by 16.6 teachers. When comparing the 2014-15 TAPR to the 2018-19 TAPR, the student to teacher ratio has decreased.

EVALUATION & RELATED SERVICE STAFF INTERVIEWS

To generate a summary of special education program efficacy and to solicit feedback for improvement, interviews with select central staff were conducted.

The Licensed Specialist in School Psychology (LSSP) was interviewed. LSSPs conduct formal psychological evaluations for special education eligibility, planning, placement, and consultation with or referral to available resources. LSSPs provide psychological/counseling services to special education students. The LSSP interviewed works for 197 days.

The full-time LSSP serves portions of the district (high school, middle school, and elementary) as she is the only full-time LSSP at this time. (It was reported by leadership that the department has a total of three (3) full-time LSSP positions available. There have been difficulties filling the open LSSP positions, therefore services are being contracted.) The LSSP stated that she coordinates evaluations for contract LSSPs. She indicated that some evaluations take up to 25 hours from the point of data gathering to completion of the ARD process. The challenges of this position include serving in many settings, size and growth of the caseload, and communication.

Two Speech Language Pathologists (SLPs) were interviewed. SLPs plan and provide speech-language pathology services to students with speech, voice, or language disorders. They assess students and provide therapeutic intervention to eliminate or reduce problems or impairments that interfere with their students' ability to derive full benefit from the educational program. The SLPs have a contract length of 187 days and some of the District's SLPs are responsible for supervising an SLP assistant.

The first SLP interviewed shared that she serves middle school and high school students in special education settings while the SLP assistant that she works most closely with serves mainstreamed students. It was noted that speech at the secondary level primarily experiences reevaluations with several students not requalifying. It was explained that some speech staff also provide drop-in services, inclusive services at the middle school, and a combination of pull out and push in services in the self-contained classrooms at the high school level.

Another SLP shared that she serves the Early Childhood and elementary age populations. She reported that the loss of the play-based evaluator has increased the amount of time it takes to complete play-based evaluations. This is because she videos the evaluation and then analyzes the

video since there is no longer a note taker available. (It was reported by leadership that the notetaker was an Occupational Therapist. Her participation in play-based evaluations was not required and was impacting services provided to students.) Also, two times a week a SLP and OT work together to provide “Motor Mouth” for 3, 4, and 5 year olds as an evidence-based practice to address motor and oral skills.

Administrative staff at LEISD is comprised of the SPED Executive Director and Assistant Director. There is also an Executive Administrative Assistant and 2 Records Clerks. (There is a records clerk for database management and compliance; and a clerk for interpreting and translating, as well as managing Section 504 records.)

The leadership team reports that there are challenges keeping up with the increasing number of referrals and student services with current staffing and funding allocations. Additional staff will be requested by the special education department for the 2020-2021 school year based on student projection data. The department typically looks at professional organizations for applicable caseloads and PEIMS data for comparable districts when projecting staff allocations. Staff are assigned by considering workload as well as caseload, and variances in caseloads may exist due to factors such as the intensity of services, number of campuses served and their geographical proximity, evaluation type, etc. It was also reported that staff work outside of their traditional schedule to ensure the provision of services/evaluations. The department has developed flex logs and provides incentives for the additional work. Leadership stated that recruiting, hiring and retaining employees for various positions is difficult. For example, there are currently three (3) positions available for LSSPs, however only one (1) is currently filled. Because there are open positions, the district must contract those services. Despite the described challenges, the special education department has a determination status of *Meets Requirements*.

According to multiple staff members interviewed, the LEA is restructuring and opening two (2) new middle school campuses in August 2020. These new campuses will address some of the current challenges such as space and discipline among students at Lakeside Middle School specifically. Prestwick STEM Academy will convert to a K-5 Elementary Campus. As those campuses open, the Special Education Department states that they are working alongside other district departments to ensure that students are able to participate in their most appropriate program while being as close to their neighborhood school as possible/if not on their home campus.

EVALUATION & RELATED SERVICE STAFF SURVEYS

LEISD collected survey results from evaluation staff and related service providers. The purpose of the survey was to ensure LEISD special education staff had a voice to provide insight into current and future special education programming. Evaluators were asked to describe their job-related duties in addition to their standard caseload.

Job-Related Duties:

Diagnosticians - 7 employees in the position engage in the following: prepare for, attend, and facilitate ARD meetings, provide the documentation for the ARD meeting, conduct evaluations, write reports, and support campus staff in the referral process/SST.

Additionally the Diagnosticians, if assigned, may:

- participate as a member of the pre-k school screening team
- mentor new diagnosticians on various campuses. Mentorship duties include direct observations, constant answering of questions and provision of support throughout the day/week, and documentation of observations and meetings with mentees.
- lead a webinar meeting with all diagnosticians 2 times per month and participate in the department leadership committee

Licensed Specialist in School Psychology - 1 district employee in this position and 3 contract employees engage in the following: conduct evaluations, write reports, develop and/or assist in the development of goals, attend ARD meetings, participate in the Manifestation Determination process for students with a psychological disability or a BIP, and provide counseling and consult.

The LSSP is responsible for the following:

- psychological evaluations
 - coordinate psychological services and evaluations for the district
- FBAs & BIPs
- evaluation and workload organization for contract LSSPs
- ARDs
- report writing
- SST meetings
- autism team
- play-based evaluation team

Occupational Therapist/Physical Therapist - 2 OTs and 1 PT position engage in the following: consult with teachers and parents, conduct evaluations specific to OT and PT, score and write reports, schedule and provide services outlined in the IEP, attend ARD Meetings, prepare for ARDs, and maintain progress reports/documentation.

Additionally the OT/PT, if assigned, may:

- serve on the autism team
- serve on the play-based evaluation team
- serve on the assistive technology team
- order supplies

- get doctor's prescriptions

Speech Language Pathologist (SLP) - 6 full-time therapy positions, 2 full-time SLP Assistant, and 2 contract SLP engage in the following: conduct evaluations for speech services, prepare for and assist in scheduling ARDs, facilitate ARD meetings as needed, provide Speech Therapy and consult, maintain progress reports/documentation, conference with teachers.

Additionally an SLP, if assigned, will:

- supervise assistant SLPs
- serve on the autism team, play-based evaluation assessment team and/or the assistive technology team
- conduct early childhood transition meetings and screenings
- assist with Rtl and SST
- maintain AAC devices, provide AT consults, and train teachers and parents on AAC
- mentor staff
- write goals (not just speech)
- complete/assist with COSF and SPP indicators
- serve on the leadership team
- prepare, conduct, and finalize TPBA's
- assist with interviews
- maintain protocols
- assist with child find procedures

The Transition Specialist (1 full-time employee) is responsible for transition services. Additionally, she is responsible for all schedules for students with an IEP at the high school. She reports that she serves on both the leadership team as well as the assistive technology team.

STAFFING BENCHMARKS

According to the 2019-2020 Staffing TASB Benchmarks Report, the following are recommended (Full-Time Equivalent) FTEs per each staff category:

- SPED Teaching Staff: 6.5 FTEs per 1,000 Students
- Assessment (Diagnostician/LSSP): 1 FTE per 80 – 100 Students
- Speech: 1 FTE per 45 – 50 Students
- Central Administration: 1.50 FTEs per 1,000 Students
- Educational Aides: 13.3 FTEs per 1,000 Students
- Professional Support Staff: 12.9 FTEs per 1,000 Students

RECOMMENDATIONS

- 1) Consider reallocating staff or positions to meet the current needs of the LEA to increase retention rate. Examples are as follows:
 - a) Analyze evaluation staff caseload and workload to better align with the national or state recommended caseloads or the average of neighboring schools in the area/region.
 - b) Analyze student to evaluation/related service caseload and workload, particularly for evaluation staff, to determine if additional employees are needed to meet the needs of the students and the LEA.
- 2) Analyze and evaluate the duties and responsibilities of current positions to determine if adjustments can be made to better meet the needs of the LEA while increasing the retention rate. Make adjustments to the posted job descriptions as needed.
- 3) Collaborate with LEISD human resources and finance to consider incentives for hard to fill positions in an effort to attract and retain high-quality candidates.

TEACHER INTERVIEWS

To generate a summary of special education program efficacy and to solicit feedback for improvement, interviews with select teachers were conducted. Seven teachers provided face to face interviews. Teachers spanned across grade levels and represented a variety of instructional arrangements.

One highlight of the teacher interviews includes satisfaction with training, resources, and support in the BASE classrooms. It is the desire of the teachers interviewed to continue these supports, and there was interest from other teachers in the interview to have similar resources and rubrics to guide and support their individual programs.

Based on the interview of self-contained teachers, caseloads are reasonable and manageable at this time, ranging from 3 to 12. Teachers cover all content areas, as well as social skills, behavior skills, SEL and/or communication. It was reported that some campuses have resource services

while others do not. There is variation across campuses and programs in how the master schedule is developed and by whom. In addition to addressing student needs, teachers stated that they require an average of 3 hours and as much as 6 hours to complete IEP paperwork from start to finish, most of which is done before/after school and on the weekend. Interviews indicate teachers experience scheduling difficulties and the need to revisit schedules due to recess time(s), inclusion, motor labs, availability/space. There is a desire to have a clear process for determining when it may be appropriate to serve students in a more restrictive environment, additional special education training for teachers and paraprofessionals during district-wide professional development days, and a group of qualified substitute teachers for self-contained classrooms.

Based on the inclusion/resource teacher interviews, caseloads are reasonable and manageable at this time; however, it is challenging to case manage students who are served by another instructional support team member. It was reported that teachers worked with campus administration to cluster students who receive special education services based on needs/levels of support, behavior, classroom balance, etc. Even with clustering, they experience scheduling difficulties when trying to meet in-class support and resource minutes across content areas, engage in collaborative planning, and hold ARD meetings. In addition to addressing student needs, teachers stated that they require an average of 4-5 hours to complete IEP paperwork from start to finish, most of which is done outside of the school day/week. Teachers reported that they also provide homebound services after hours for extra-duty pay, tutor (some extra-duty pay received), mentor (stipend received), and spend time communicating with parents.

Information self-reported by Little Elm ISD Special Education staff

FINDINGS

1. Campuses have autonomy in the development and revisions of the master schedule.
2. Teachers complete the majority of their IEP paperwork development outside of the workday/week.
3. There is an intentional focus within the BASE program that includes specific teacher training and checklists/rubrics for program implementation.
4. Teachers expressed a desire to attend special education specific training on staff development days in lieu of some of the campus-based offerings.
5. Additional campuses will open during the 2020-2021 school year to address student growth across the district.

RECOMMENDATIONS

1. Analyze the current system for scheduling students in SPED to ensure a continuum of services (to include resources as needed) and maximize the use of current staff. Consider a system for monitoring the efficiency of campus-based master scheduling/clustering.
2. Utilize district-wide professional development days to provide professional learning specific to the role(s) of special education teachers and paraprofessionals.
3. In an effort to potentially restructure staffing and ensure effective case management, visit the inclusion and resource classes to determine if student grouping is done efficiently. Determine if additional staff is needed to provide services to the increasing number of special education students.

CLASSROOM OBSERVATIONS

The review team observed several classrooms in which students with disabilities were being served at elementary, middle school and high school. These levels were chosen to review SPED personnel assignment patterns and delivery of services. Classrooms were selected by the district as a representative sample across multiple levels.

Observations were conducted at five (5) campuses and included seven (7) classes. Classes observed included early childhood special education classrooms, an elementary RISE classroom, a middle

school Life Skills class in the Adapted Physical Education setting, a high school Resource Algebra I class, and high school Life Skills class.

Observations noted the following:

Little Elm ISD: Cesar Chavez Elementary

Pre-K/Early Childhood Special Education (AM classes)

Class 1:

- Classroom logistics: 5 students (all with an IEP), 1 teacher, 1 aide, and 1 volunteer
- Students and adults were at a group table working with Play-doh. The task was making Play-doh cookies using holiday ornaments cookie cutters. All students were asked what color they wanted. Students picked out a cookie cutter. Every student received individual help if needed.
- Good choice of alternative activity for recess as going outside was prohibitive due to weather.
- One student had an iPad and stated that "I need help." The teacher responded after multiple requests for assistance.
- It was reported that the afternoon class consisted of higher needs students (nurse assistance, student(s) in wheelchair(s)).
- Adults had positive attitudes, good sense of humor, and appeared to work well with each other and students.

Class 2:

- Classroom logistics: 4 students (all with an IEP), 1 teacher and 1 aide
- Students and adults were at a group table making gifts for their parents. Students were coloring bags and one student was having his feet painted. Students also put stickers on ornaments. Students made calendars for the new year with different pictures (footprints, etc.) on the back.
- Students had schedules that they picked up before moving to the next area. Most students were on task and one needed additional assistance.
- It was clear there were classroom procedures students knew and followed (putting up coats, signing in, checking individual schedules).
- Each student had their own "office" area labeled with their name and three drawer plastic files for individual tasks.

Prestwick Stem Academy

- Classroom logistics: 18 students (2 with an IEP), 2 teachers.
- Students were working in differentiated stations: read to self, reader's theatre/listen to text, respond to text, word work, guided reading. Students held one another accountable for task completion in groups that were not facilitated by a teacher.
- Students worked in groups/pairs to accomplish tasks within the time provided. A visual timer was provided for both task completion and transitions.
- Teachers had clearly defined roles during instruction, provided positive feedback/affirmations to students, used open-ended questions to guide the discussion, and reinforced "ask 3 before me."
- Technology was incorporated into the stations to respond to text, listen to stories, and complete word work.

Lakeview Elementary School

- Classroom logistics: 6 students (all with an IEP), 1 teacher, 2 aides
- Students were working in learning stations/rotations and independent work tasks. Staff worked one-on-one with individual students. As students worked with clapping syllables, staff modeled and provided physical prompts.
- Routines were established. One student was observed working independently moved through his individual work tasks and preferred activity (computer) with no prompting required.
- Visual schedules were evident but usage was not observed during the observation time.

Lakeside Middle School

- Classroom logistics: 4 total adults between the 2 middle school life skills classroom (one teacher is out on maternity leave); Approximately 20-22 students in the PE setting
- The life skills class observed had 6 students and the other class had 8 students (14 students total between the 2 classrooms)
- One student rotates in and out between life skills and resource
- Adults were assigned to each door except one in the gym due to a student who tries to frequently exit the building (students were aware and blocked the 4th door as needed)
- The setting had limited structure (three different hockey courts were set up)
- Adults were closely monitoring but very limited modeling was provided
- One student was on a cell phone and not engaged in activities and was not redirected by any adults

Little Elm High School

Class 1:

- Classroom logistics: 10 students (all with an IEP), 1 teacher
- The teacher led a Q&A guided practice exam review, using the document camera to share information about using TI-nspire calculators for students to solve each problem. The review was focused on mathematical processes for solving problems, and answers to each question were not provided.
- Students were provided time to work on each problem and were provided help if they asked for it. Students were informed that they “need to advocate” for themselves.
- The teacher engaged in non-class related conversations with students during guided practice.

Class 2:

- Classroom logistics: 7 students (all with an IEP), 1 paraprofessional, teacher was absent
- Students were working on a packet of worksheets independently and in small groups of two. Content of the worksheets included a seasonal story, word puzzles, color sheets and clocks information.
- All students were engaged, and the paraprofessional routinely checked with students while predominantly working one on one with an individual student.
- Students supported each other and had a good rapport with the paraprofessional.

INSIGHTS

- Early Childhood Special Education classes were smoothly run with appropriate instructional methods and high student engagement. There was good rapport between students and

adults.

- Little Elm High School class was fully equipped and well organized. It was reported that students leave for some mainstream classes with/without support from the paraprofessional. Students also have the opportunity to visit various job sites. There are 27 life skills students between two classes with six adults at this campus.
- Elementary RISE was well organized and consistent routines were evident.
- Instructional responsibilities were shared within the elementary inclusion/co-teaching classroom, and teachers appeared comfortable with the selected co-teaching approach. Students were engaged during guided practice and independent work, and it was evident that rules/routines had been established.

RECOMMENDATIONS

- When the full-day pre-kindergarten program is implemented, the LEA may consider revisiting the staffing arrangement to accommodate additional students in each class setting for the full school day.
- Label common objects around the room in Pre-K/Early Childhood Special Education classrooms
- Keep posted information up to date as some information was from the beginning of the school year and had not been updated
- Post time and activity for daily schedules
- Implement with fidelity the visual schedules that were developed for individual students
- Redirect conversations unrelated to coursework/tasks

FOLDER REVIEW

FINDINGS

A folder review was conducted on December 18, 2019 by ESC Region 10. A total of 15 folders were reviewed. The review was a small sampling across grade levels, disabilities and programming in the LEISD SPED program. The findings in the folder review were as follows:

- FIE dates varied within the evaluation reports.
- In one folder, the initial evaluation was not comprehensive as indicated in consent. The current evaluation is not from an LEA and does not address all required areas for FIE.
- Incomplete OHI evaluation (Physician information received and added to IEP with no consent for eval or FIE completed).
- Initial and Re-Evaluations consents not in files.
- Evaluation consent obtained one year in advance.
- Concerns related to dyslexia/reading reported in the current evaluation; however, the concern was not addressed in the student's IEP.
- Deliberations do not appear reflective of all the details of the discussion by the committee.
- Prior Written Notice has limited detail.
- Limited documentation regarding progress on previous goals and objectives.
- Speech only FIEs have limited information about the student with the exception of the speech and language section.

- Data within the FIE may not be considered or utilized when making an eligibility determination.
- An amendment was conducted to add dyslexia. There was no evaluation to support the decision in the files.

RECOMMENDATIONS

- LEA may consider conducting full re-evaluations as a cohesive team with cohesive dates to ensure timelines are not overlooked.
- Consider conducting a comprehensive review of all incoming evaluations.
- Consider conducting an LEA re-evaluation or initial evaluation if incoming evaluation data does not meet the state and federal compliance requirements.
- LEA should consider a system to monitor compliance to ensure consent for evaluation within a reasonable amount of time, prior to evaluating all areas of special education and are documented in the files.
- Consider additional training in writing deliberations and Prior Written Notice to ensure all necessary details of ARD committee discussions are captured appropriately (Region 10 can support with the recommended training(s)).
- Consider including detailed documentation of student progress in the progress reports for goals and objectives.
- Consider providing training to speech in the area of evaluation and report writing to ensure necessary student data is collected and reported on in all Full and Individual Evaluations.
- Consider utilizing the Legal Framework to train staff on the appropriate use of ARD amendments and when ARD amendments are allowed per legal guidance.

SUMMARY AND AREAS OF FOCUS

After conducting a comprehensive staffing analysis, two broad areas of focus could become key drivers for district-level continuous improvement efforts in the area of special education.

1. Staffing: Analyze current staff caseloads and workloads, including those of contract employees, and ensure equitable distribution of responsibilities and duties.
 - a. Consider reallocating positions if possible (i.e. contract staff to full-time LEISD employees) and determine if additional staff is needed to meet the needs of the LEA particularly in evaluation areas.
 - b. Consider options to alleviate time spent on ARD paperwork and meetings, such as ARD facilitators.
 - c. Consider incentives to attract and retain hard to fill positions such as LSSPs, SLPs, a certified teacher for the visually impaired, and behavior classroom teachers.
 - d. Alongside the LEISD human resources and finance teams, explore a grow your own program, partnerships with universities, stipends, and/or paid internships for LSSP positions. University contacts can be found under resources by selecting training programs at <https://www.txasp.org>.
2. Professional Development:
 - a. Consider using already established district-wide professional development days for special education-specific and/or job-specific training for special education teachers and paraprofessionals. To include paraprofessionals, consider having them attend PD as part of their calendar days.

Region 10 Education Service Center is not a regulatory agency and this report does not serve as a compliance document. This review was conducted with the purpose of providing constructive feedback at the LEA's request. Region 10 ESC would like to respectfully thank Little Elm ISD for the opportunity to work with the LEISD Special Education Department. The staff was very accommodating and cooperative in our efforts to complete the folder review, staff analysis, and the procedures/guidelines review. Please direct any questions about this review to ESC 10 at 972-348-1546.

Respectfully,

The Region 10 Special Education Staffing Review Team

The Mission of Little Elm ISD is to Engage, Equip, and Empower each student to realize their full potential.

OUR VISION

The Vision of the Little Elm Independent School District is to be "THE Destination District"

AS LOBOS WE VALUE...

- ❖ A culture founded on the highest qualities of character
- ❖ Unleashing every individual's highest potential
- ❖ Creating a community where every student loves to learn, every teacher loves to teach, and every person is proud to call home
- ❖ Embracing all our kids as all our kids
- ❖ Open, transparent, and timely communication

SPECIAL POPULATIONS DEPARTMENT MISSION

- ❖ **ENGAGE** students learning with the appropriate levels of academic, social, and behavioral supports, in the least restrictive environment.
- ❖ **EQUIP** teachers, service providers, and staff with skills and training in order to support inclusive practices.
- ❖ **EMPOWER** collaborative partnerships with parents and families to collaborate in the ARD process to promote the best possible outcomes for students.

The Special Populations Plan-on-a Page outlines key departmental objectives and measures for the 2020-2021 school year, see appendix A.

STUDENTS INVOLVED

Little Elm ISD Special Education Department serves students with disabilities who require specially-designed instruction to meet their academic and functional needs. Services are individualized, based on the student's Individualized Education Plan (IEP) that is agreed upon by the student's Admission, Review, and Dismissal Committee (ARDC).

Little Elm ISD Special Education Department services students who have been identified with one or more disabilities, as defined by the Texas Education Agency. The thirteen (13) disability categories in which a student may be eligible for services are:

1. Orthopedic Impairment (OI)
2. Other Health Impairment (OHI)
3. Auditory Impairment (AI)
4. Visual Impairment (VI)
5. Deaf-Blindness (DB)
6. Intellectual Disability (ID)
7. Emotional Disturbance (ED)
8. Specific Learning Disability (SLD)
9. Speech-Language Impairment (SI)
10. Autism (AU)
11. Traumatic Brain Injury (TBI)
12. Traumatic Brain Injury (TBI)
13. Non-Categorical Early Childhood (NCEC)

The following chart shows the number of students served in each disability category from 2015-2016 SY compared to the 2019-2020 SY. These disability categories are representative of students' primary disability. This Information is based on the October Snapshot Data submitted to PEIMS, with October 25, 2019 being the most current submission data.

As can be seen from this data, and based on PEIMS October Snapshot information, the district increased in the special education student population by more than 140 students from SY 2019-20 school year to the 2020-21 school year. Initial counts for Little Elm ISD indicate an increase while multiple evaluations are pending due to COVID as well as the increase in

referrals due to the federal corrective action plan in which the state of Texas is under regarding child find violations at the state level.

A preliminary count of students for SY 2020-21 is based on data collected prior to the October Snapshot PEIMS submission and is assumed to be an accurate reflection of the current special education student counts. This data is the last day of school, May 22, 2020. We anticipate that these counts will be higher. On October Snapshot.

CONTINUUM OF SERVICES

Little Elm ISD believes in educating students in the least restrictive environment. The general education curriculum is the foundation for all instructional programs, and planning for a student's special education program begins on the neighborhood campus. The Full and Individual Evaluation (FIE), along with current information regarding Present Levels of Academic Achievement and Functional Performance (PLAAFP) form the basis for decision-making by the Admissions Review and Dismissal (ARD/IEP) Committee who determine specific services needed on an individual basis. Little Elm ISD values the collaboration between parents, staff, and administrators in designing educational programs that support the needs of all students.

A full continuum of instructional and related services is available to eligible students, with initial consideration given to the provision of services in the general education classroom to the greatest extent possible. Students spend varying amounts of time in general education and special education settings, depending upon their specific needs. Special education instructional services are available on every campus, as well as, district-wide instructional/related services. Neighborhood campus services may include full-time placement in a general education classroom and/or pullout special education services. Services are individually determined for each student based on instructional environments that will ensure educational benefit. A high percentage of students receiving special education services attend their home campus.

As can be seen from this data, and based on local department tracking information, the district increased in the special education student population by more than 230 students from 2015-2016 school year to the 2019-2020 school year.

A preliminary count of students for 823 eligible students is based on data collected prior to the October Snapshot PEIMS submission for the 2020-2021 school year and is assumed to be an accurate reflection of the current special education student counts to date.

SPECIALIZED INSTRUCTION & PROGRAMS

MAINSTREAM | SERVICES IN GENERAL EDUCATION

This instructional setting provides special education and related services in the general education classroom in accordance with a student's Individualized Education Program (IEP). Qualified special education personnel is involved in the implementation of the student's instructional process. Examples of special education services provided in the general education classroom include but are not limited to, direct instruction, supporting teacher, accommodations, curriculum modifications, specialized materials/equipment, and consultation with the students and his/her general education classroom teacher(s) regarding the student's progress.

- **MONITOR** - students with IEPs who need minimal supports and accommodations
- **IN-CLASS SUPPORT** - students who need weekly support to access the curriculum as well as mastery toward IEP goals and objectives; instruction will be provided by a teacher or paraprofessional.
- **CO-TEACH** - joint delivery of instruction weekly, up to 4 days a week, with general education and special education teacher. (High level of support)

SERVICES & REMOVAL FROM THE GENERAL EDUCATION CLASSROOM

Students requiring specially designed instruction beyond what is available in the general education classroom may receive services in a special education setting. Specially designed instruction is defined as content, methodology, or delivery of instruction that meets the unique needs of a student with a disability. The amount of time a student spends in this setting varies, depending upon his/her specific needs. One student may receive instruction in a special education classroom for only one academic subject and the rest of the instruction in the general education classes. Another student may need to spend the entire instructional day in a special education setting. Special education teachers who are designated highly qualified in the instructional services provide instruction. Students who are unable to participate in a general education classroom, with a high level of support from the special education department, these students will be placed in a resource setting. These classes are typically characterized by smaller class sizes and an altered pace of instruction. These services are offered from preschool through high school.

- **RESOURCE** Less than 59% of school day student is removed from the general education classroom in which the student receives specially designed instruction for functional and/or academic needs

- **SELF-CONTAINED** More than 60% of school day student is removed from the general education classroom in which the student receives specially designed instruction for functional and/or academic needs

SERVICES PROVIDED IN HIGHLY SPECIALIZED CENTRALIZED CLASSROOMS

Students needing highly specialized programming from highly specialized staff in order to gain educational benefit may receive services in a centralized setting. These classrooms are not available at every campus, requiring that some students receive services away from their neighborhood campus. An ARD/IEP committee recommends a centralized classroom only when a student is not able to receive educational benefit from the services available at his/her neighborhood school. Students receiving services in these specialized settings also spend a varying amount of time in the general education classroom to the greatest extent possible.

MODERATE SUPPORT: In-District Age-Appropriate Campuses with access to age-appropriate non-disabled peers allows for independence & program exit, strategically selected campuses that align with feeder patterns, transportation routes, and mitigate fiscal liabilities	
BASE (Behavior, Academics, Social-Emotional)	This specially designed instruction is designed to provide a general education curriculum to students with significant social, emotional, and behavioral needs. These students have not been successful in lesser restrictive settings due to behavior despite the utilization of all school resources with fidelity. In addition to the general curriculum, these students will receive social-emotional learning (SEL) curriculum/ direct instruction to increase their prosocial and coping skills. Will provide instruction and daily behavioral support to students through building levels of student responsibility and trust by providing support throughout the day while gradually releasing students to general education through a token economy system paired with counseling and daily social skills.
RISE (Reaching Independence through Structured Environments)	Structured learning is a specialized program for students with autism that have significant communication and behavior deficits. These students need structured behavioral and academic supports including visual schedules, defined space, and integrated sensory supports. The techniques of Applied Behavioral Analysis (ABA) through the TEACCH program are utilized while delivering the grade-level curriculum. (Grades K-12) Students typically meet eligibility for STAAR Alt 2, but it is not exclusive.
LIFE (Learning Independence in Functional Environments)	Includes students who have significant deficits in cognitive and adaptive skills and will need some degree of intermittent lifelong home and/or community support. An alternate curriculum based on functional goals will be provided to increase independence and access grade level/course curriculum standards through prerequisite skills. Students typically meet eligibility for STAAR Alt 2.

SIGNIFICANT SUPPORT: In-District Locations Range, On-Campus Site Locations with access to age-appropriate non-disabled peers, allows for independence & program exit, strategically selected campuses that align with feeder patterns, transportation routes, and mitigate fiscal liabilities while providing increased support for students.	
BASE + (Behavior, Academics, Social-Emotional - more intensive)	This specially designed instruction is designed to provide a general education curriculum to students with significant social, emotional, and behavioral needs. These students have not been successful in lesser restrictive settings due to behavior despite the utilization of all school resources with fidelity. In addition to the general curriculum, these students will receive social-emotional learning (SEL) curriculum/ direct instruction to increase their prosocial and coping skills. BASE+ provides a self-contained classroom for those students who need a self-contained setting. BASE+ is the programming provided for students that are not successful on campuses or in the BASE program and typically need the consistent intensive support of specialized staff in order to remain in the district.
FLITe (Functional Learning & Independence in Transition Environment)	Includes students with significant deficits in cognitive and adaptive skills, including deficits in communication skills and self-care skills, and will need constant daily, life-long support. Alternate curriculum based on functional goals will focus on increasing independence within a supported and/or sheltered setting; including HCS, group living, and/or supported employment. Students meet eligibility for STAAR Alt 2 for those required to participate in state assessment. Some students may age-out at 22 y/o in this setting if an adult placement is not secured or family prefers.
18+ VAC A Step Beyond A Step Forward	<p>Students who have earned the required high school credits but have not yet met graduation criteria are provided post-high school services that emphasize preparation for adult life following graduation.</p> <p>The goal is to provide students with an age-appropriate post-high school educational experience that promotes independence and life-long learning through the use of community-based vocational, independent, and social integration activities. ARDC considers the following skill areas: Vocational, Daily Living, Community-Based Instruction, Social, and Leisure/Recreation. Services are individualized to meet the needs of each student. These students may fulfill graduation requirements prior to 22 years of age at which time services would cease.</p> <p>A Step Beyond These services may include instruction, related services, secondary education/vocational training, and adult daily living skills. The majority of the educational day is spent in the community.</p> <p>A Step Forward These services are for students who typically have more significant disabilities, requiring a higher level of support in the areas of social skills, independent living, self-advocacy, and vocational training. The amount of time spent in the community may be less than the students receiving services in A Step Beyond due to the more intensive needs of the students.</p>

MOST SIGNIFICANT SUPPORT: Locations Range, In-District, Off-Campus Site Locations Out-of-District Public School RDSPD; Non-Public Day School, Residential Placement	
i-SAC iNTENSIVE Social Adjustment (Alternative) Classroom	This specially designed instruction is designed to provide access to the general education curriculum for students with significant social, emotional, and behavioral needs who are unable to be successful or make progress in BASE+. These students have not been successful in less restrictive settings due to behavior despite the utilization of all school resources with fidelity. In addition to the general curriculum, these students will receive social-emotional learning (SEL) curriculum/ direct instruction to increase their prosocial and coping skills. i-SAC provides a self-contained classroom for those students who need a self-contained setting off-campus. i-SAC is the programming provided for students that are not successful on campuses and must be centralized or removed. All program practices must be exhausted before considering placement in iSAC.
RDSPD (Regional Day School for the Deaf)	<p>RDSPD in Denton ISD provides educational services for students with hearing impairments, including students who are deaf and need total communication instruction. Two different services are provided:</p> <p>Denton Campuses services provided to students who require interpreter services and an intensive level of support from certified teachers for the auditorily impaired.</p> <p>Services provided at LEISD campuses – itinerant teachers from RDSPD collaborates with LEISD teaching staff to provide services to students whose hearing impairment does not require an intensive level of support.</p>
NON-PUBLIC DAY SCHOOL NON-PUBLIC RESIDENTIAL	<p>The Individuals with Disabilities Act entitles a student with a disability to a free, appropriate public education in the least restrictive environment. When a student has educational needs that cannot be met in a public school setting, that student can be educated in a private school or facility, referred to as a nonpublic school, at public expense.</p> <p>Prior to convening and ARD Committee meeting; staffing including the student's teacher(s), related services providers, campus administrator and director of special populations is required to be held and ensure that if this is the most appropriate proposed placement, that there is not a delay in services due to logistics.</p> <p>A student's admission, review, and dismissal (ARD) committee must determine that the school district or charter school cannot provide the student with the special education instruction and related services necessary to meet the student's unique needs in order for that student to be educated in a nonpublic school. The ARD committee identifies a nonpublic school that will provide the student with an appropriate educational program.</p> <p>The nonpublic school's education program must be approved by the commissioner of education if a nonpublic day or residential school will</p>

		<p>provide any of the special education and related services listed in the student's individualized education program. Nonpublic schools that provide special education are monitored by TEA to ensure compliance with federal and state standards. The nonpublic school review process is based on procedures established by the Division of School Improvement, formerly known as the Program Monitoring and Interventions Division. The nonpublic school review process is not required for a private school or facility that provides only related services or whose special education instructional program is provided by an accredited Texas school district or charter school. The school district is responsible for making sure appropriate educational services are provided to the student. Information about making placements to a nonpublic facility is in the nonpublic school placement manual. The nonpublic school guidance and resource web page is a resource to help districts conduct the required non-public interventions.</p>

SPECIAL POPULATIONS DEPARTMENT STAFF

The Special Populations Department has approximately 29 itinerant staff who provide support to students, parents, teachers and campuses, including:

- Educational Diagnosticians
- Speech Language Pathologists
- Licensed Specialists in School Psychology
- Behavior Specialists
- Transition Specialist
- Occupational Therapists
- Physical Therapist
- Certified Teacher for the Visually Impaired
- Adaptive Physical Education Teacher

Special Education teachers serve students ages birth to 22 years of age. The district employs approximately 44 Special Education teachers and 48 Special Education paraprofessionals. Overall, the Little Elm ISD Special Populations Department employs approximately 121 staff districtwide.

All Special Education evaluation staff, related service providers, and specialized instructional itinerant staff are supervised by the Executive Director and Assistant Director for Special Populations.

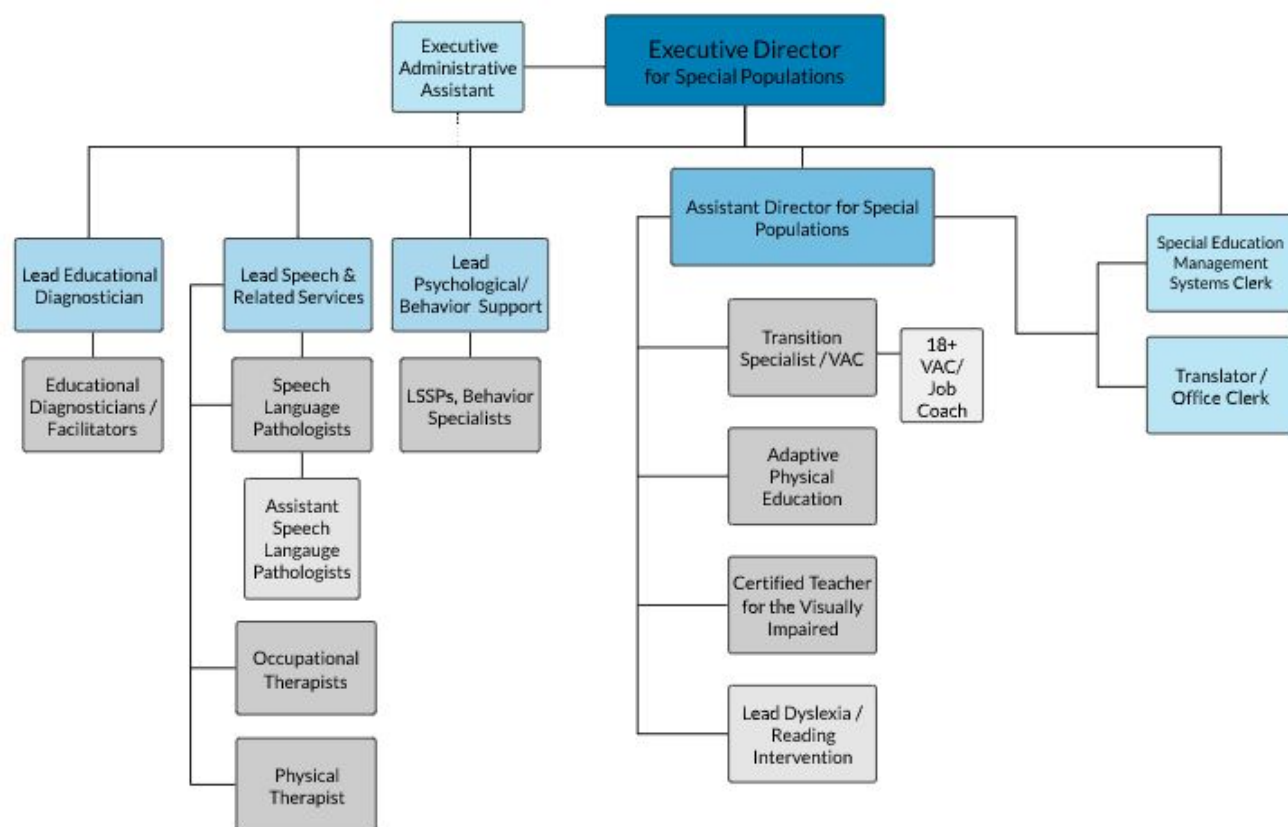

Campus-based teachers and paraprofessionals are supervised by campus principals.

SPECIAL POPULATIONS STAFFING TRENDS

PROGRAM IMPROVEMENT

WANTS & NEEDS FOR THE PROGRAM

- Develop and publish comprehensive Operating Procedures for the Special Populations Department; accessible for all staff
- Develop and implement on-going administrator training to support ongoing needs of the campuses and to support process improvement, build capacity
- Increase referral success rate for eligibility for services; target supporting the referrals for students who have English as a Second Language, specifically referrals coming out of the dual language program
- Appropriate staffing and supports to meet the needs of students eligible for the program

RECOMMENDATIONS FOR CHANGES

- Continue to build capacity with job-alike program staff in order to implement continuum of services across the district
- Provide specific Special Education Training for special education teachers and paraprofessionals as recommended by the ESC R10 Program Evaluation
- Build collaborative system between the Finance Department, Human Resources, and Special Populations in order to staff the program appropriately to meet the needs of students and staff, and ultimately impact the achievement of students

CURRENT YEAR SYSTEM INNOVATIONS

- ❖ Comprehensive review and restructuring of existing staff in order to reallocate resources of personnel to meet the program demands and needs
- ❖ Create a robust staffing review process including retention and recruitment of evaluation staff, teachers, and paraprofessionals
- ❖ Increase Teacher and Paraprofessional FTEs to meet program demands and come in line with program recommendations
- ❖ Increase number of students achieving Meets Standard in reading and math

Initial Unemployment Claims

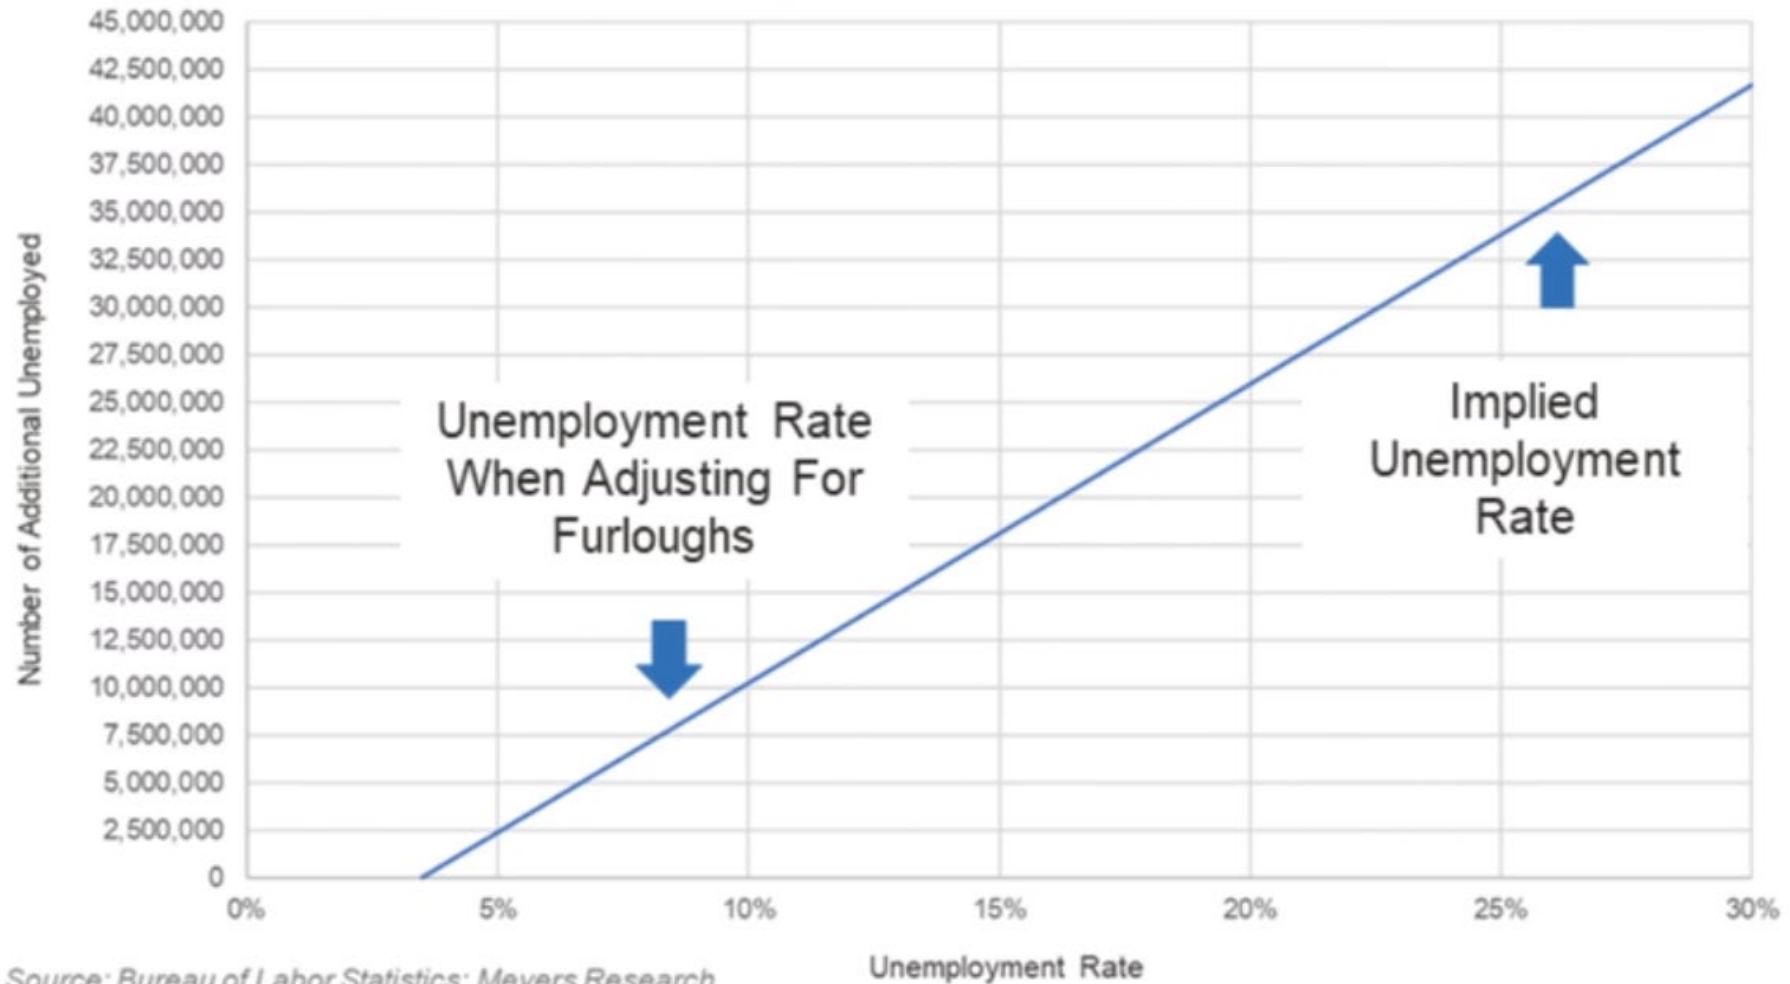

- Dallas and Austin are considered two of the markets nationwide with low risk from the COVID pandemic, however, Houston is expected to experience high risk during the pandemic due to their connection to the oil industry
- Due to COVID impact, Texas has laid off approx. 12% of its workforce; ranked 6th best state economy in the nation
- Texas has 5 of the Top 10 Most Recession-Resistant Cities in America (1. Frisco 3. Plano 4. Denton 5. Austin 7. Lubbock)

Texas Builders Survey: Starts & Contract Sales (April 27TH)

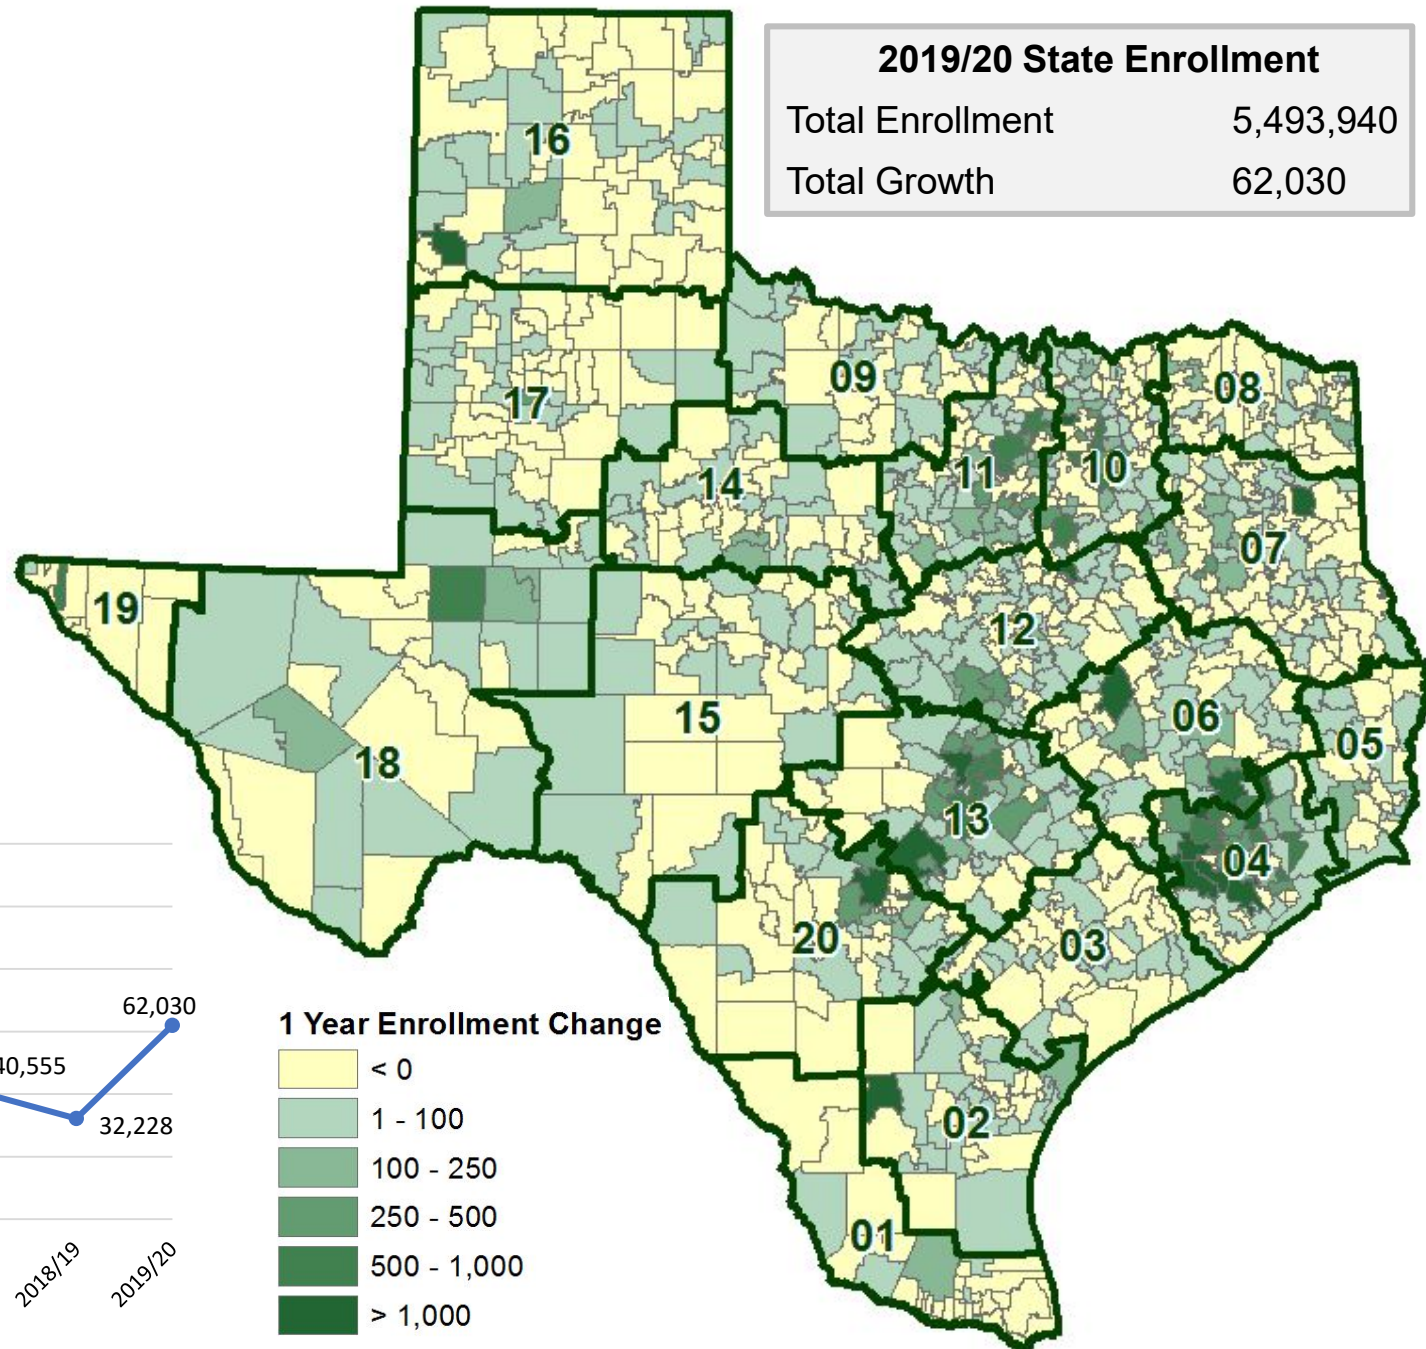

While starts will be down in 2020, sales activity is adapting and stabilizing.

- Home sales in Texas have improved by late April as cancellations flattened
- Online home sales traffic and virtual interaction increased during the end of April
- Existing home listings decreased 11% YOY while new home listings increased 2% YOY; this is caused by a reluctance to list and show an existing home and a decline in new home sales activity
- Most builders expect to build roughly 80% of plan in 2020
- Low new and existing home inventory coming into the decline means a slowdown will not result in an oversupplied market

Subject:	CONTRACTING WITH ESS SUBSTITUTE MANAGEMENT SYSTEM				
Presenter or Contact Person:	Asheley Brown, Executive Director of Human Resource Services				
Policy/Code:	DCA, DCB, DC, and DCE as appropriate				
Strategic Plan Goal:	We will recruit, recognize, and retain high quality and effective personnel to support student success at every level.				
Summary:	The demand for substitute teachers is consistently high and we expect the demand to only increase in the 2020-21 school year due to the COVID-19 pandemic. To maximize our substitute fill rate and meet the needs of our campuses and our students, outsourcing substitute services is necessary.				
Financial Implications:	\$280,000 of new expenditures (total contract amount is \$1,200,000).				
Attachments:	Little Elm ISD Substitute Solutions Summary.				
Recommendation:	The Administration recommends approval of the ESS Contract to provide substitute services for the 2020-21 school year.				
Motion:	I move the Board approve the ESS Contract to provide substitute services for the 2020-21 school year.				

Little Elm ISD Substitute Solutions Summary

Texas is facing a state-wide teacher shortage and one of the impacts is that Texas districts are struggling to find enough high-quality substitute teachers and substitute paraprofessionals. The COVID-19 pandemic is exacerbating this problem.

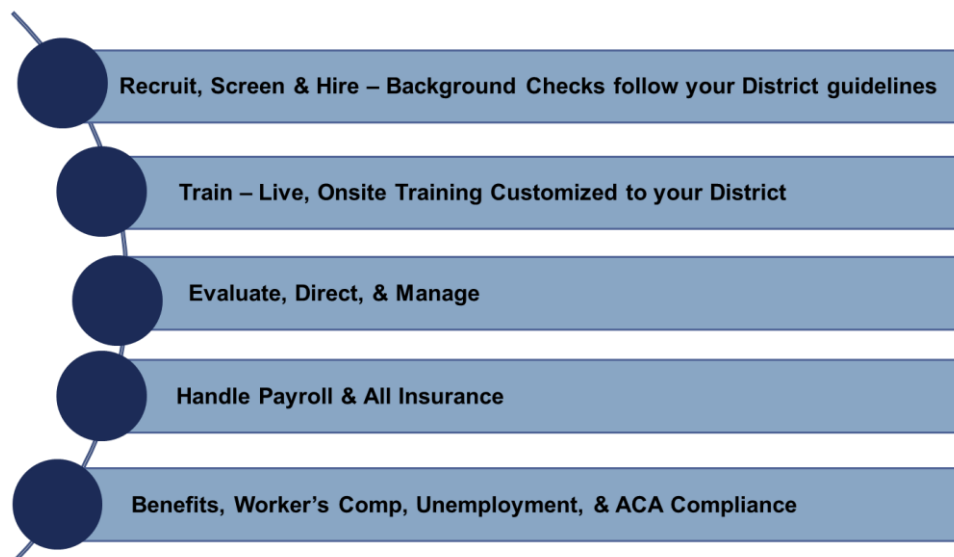

Each day a large percentage of substitute needs are not met in districts across Texas. This leaves school administrators scrambling to find solutions. The substitute shortage has a negative effect on student achievement, harms teacher morale, creates safety and security concerns, and impedes the district's ability to reach strategic performance goals.

Despite hard work and strong processes implemented by the Little Elm ISD Human Resources team, the district's daily "fill rate" was only 82.9% for the 19-20 school year through February 27, 2020. This left over 1,000 substitute requests unfilled with a disproportionate impact on Lakeside Middle School, Lakeview Elementary, Brent Elementary and Chavez Elementary.

ESS is a national K-12 Substitute Management company designed specifically to help school districts ensure that they have enough high-quality substitute staff. ESS has been in business for over 19 years, works with over 700 districts across the country and regularly achieves fill rates of 94%-98% for their partner Districts. Here in Texas they are working with 17 Districts including Denton ISD, Frisco ISD, Aubrey ISD, Sanger ISD and Celina ISD. In total they are serving over 300 Texas schools comprised of over 230,000 Texas students. This chart shows some examples of the track record of success that ESS has established:

	Before ESS Partnership	After ESS Partnership
District	Fill Rate	Fill Rate
Denton ISD	88.8%	95.3%
Frisco ISD	86.0%	96.0%
Celina ISD	90.4%	99.1%
Midland ISD	68.2%	85.1%
Everman ISD	58.5%	93.3%

Little Elm ISD has done extensive due diligence on possible solutions to address the substitute shortage in the district. District leadership requested a customized proposal from ESS and have met with ESS multiple times to tailor a solution that is specific to the needs of the Little Elm community. ESS has proposed a solution whereby the company will handle all the tasks associated with the substitute program as outlined here:

ESS will provide an Onsite Manager with support from regional and national resources to ensure that Little Elm ISD has the best possible people and processes dedicated to providing the district with more high-quality substitutes.

This chart shows the dedicated management team that Little Elm ISD will receive in this proposal:

ESS has a clear goal for Little Elm ISD and that is to fill 95%+ of the daily substitute needs in the district with a well-trained substitute. This goal will be pursued by retaining all the qualified current substitutes and then recruiting 24-7-365 to substantially increase the size of the active substitute pool.

The ESS team will provide live onsite training that can be customized for Little Elm ISD to substitutes in the district and then provide ongoing training to ensure that classrooms are covered by professional, well-trained substitutes. Little Elm ISD will maintain control of the required qualifications, background check requirements, and pay rates for substitutes in the district. If a substitute is provided that is not a good fit for the needs of a classroom ESS will remove that substitute upon feedback from the district. Little Elm ISD maintains control of who is in their classrooms and who is teaching their students. ESS is a partner dedicated to executing on the strategic vision of the district and is accountable to Little Elm ISD administration and schools daily. Additionally, ESS will provide the entire substitute pool with weekly pay via direct deposit and will offer the entire substitute pool access to affordable health, dental, and vision insurance along with access to a 401(k) program.

ESS understands that the fiscal environment for public schools in Texas is very tight at this time and has offered Little Elm ISD pricing that is as close as possible to break-even versus the current substitute program total costs. ESS will provide all services outlined at a price rate of "daily substitute pay rate * 1.2925".

This pricing includes the support structure outlined above, initial and ongoing training programs, employee incentive and recognition programs, and all substitute employee-related expenses, i.e. payroll taxes, workers' compensation, unemployment, general liability, Affordable Care Act compliance, etc. for all substitute employees. And to be clear, Little Elm ISD will only pay ESS for substitute placements. ESS only gets paid by providing Little Elm ISD with substitutes. There are no extra fees. For the 18-19 school year the total cost of the Little Elm ISD substitute program vs. the cost of what it would have been in partnership with ESS is shown here:

Little Elm ISD Substitute Program Costs	Current Program	ESS Partnership (Payroll * 1.2925)	ESS Partnership Payroll * 1.2925 (with 4% reduction in total substitutes requested)
Total Payroll	\$ 617,190	\$ 617,190	\$ 592,502
Payroll Taxes	\$ 8,949		
General Liability Insurance	\$ 9,875		
Workers Compensation Insurance	\$ 9,875		
Personnel Savings - central office (1 FTE - salary and benefits)	\$ 36,000		
Soft costs - based on Denton ISD analysis	\$ 77,149		
Total Substitute Program Cost	\$ 759,038	\$ 797,718	\$ 765,809
Cost Differential		\$ 38,680	\$ 6,771
Cost Differential %		5.1%	0.9%

Of course, when fill rates increase the total payroll for the substitutes program will increase but a.) ESS will work within budget parameters outlined by District Administration and b.) this would be true if the district increased the fill rates as well. And the goal is to deliver higher fill rates; more high-quality substitutes for Little Elm ISD students and classrooms.

ESS is a trusted and approved vendor in the TIPS Purchasing Cooperative, which Little Elm ISD is already a member of, so the district can address the challenging substitute issues with ESS quickly and easily while complying with state laws and strong governance principles.

Recommendation: | The Administration recommends the Board approve the resolution concerning St. Arbor Community Development Corporation and authorize the Superintendent or their designee to execute final contracts.

Motion: | I move the Board approve the resolution concerning St. Arbor Community Development Corporation and authorize the Superintendent or their designee to execute final contracts.

**RESOLUTION
OF THE BOARD OF TRUSTEES
OF THE LITTLE ELM INDEPENDENT SCHOOL DISTRICT**

STATE OF TEXAS §
 §
COUNTY OF DENTON §

On the 27th day of July, 2020, the Board of Trustees of the Little Elm Independent School District adopted by vote the following findings and resolution:

WHEREAS, Little Elm Independent School District has always been and will remain committed to providing the best possible programs and educational opportunities for its students while at the same time being good stewards of available public funds;

WHEREAS, in furtherance of these duties and responsibilities, Little Elm ISD is interested in entering into a Memorandum of Understanding with the St. Arbor Community Development Corporation (hereinafter “St. Arbor”);

WHEREAS, St. Arbor is a 501(c)(3) non-profit organization and local community organization working for the common good of the residents of the District’s community, including students, and staff, to develop mutually beneficial programs, gardening projects and activities at St. Arbor Community Garden and Little Elm High School;

WHEREAS, these programs, projects and activities will comprise part of the District’s horticulture curriculum, student gardening club, and meet the mission of both entities to serve the public;

WHEREAS, the ability to sow seeds in the District’s greenhouse, with the academic support of LEISD faculty and students, will provide a reliable source of fresh, organic vegetables and produce year-round to area food banks; and

WHEREAS, the District will annually assess the benefit and value, both direct and indirect, received by the District by being part of the cooperative program with St. Arbor.

Be it therefore **RESOLVED**:

That the Little Elm ISD Board of Trustees has determined that there is a legitimate public purpose served by entering the Memorandum of Understanding with the St. Arbor Community Development Corporation through July 30, 2021, including providing access, utilities, materials, and amenities at the Little Elm High School greenhouse to St. Arbor at no charge, and:

1. **BE IT FURTHER RESOLVED** that the District has established reasonable and sufficient controls over the expenditure of funds and

resources for this agreement to ensure that such funds exist and are available, and that the District's public purpose is accomplished, to include the ability to terminate the agreement at any time and annually assessing the continued public benefit the District receives through this agreement.

2. BE IT FURTHER RESOLVED that the District will receive a return benefit and value to its students and staff from St. Arbor in the form of educational support in the form of educational speakers, demonstrations, tools, and supplies.
3. BE IT FURTHER RESOLVED that a copy of this Resolution be placed in the meeting Minutes of the Little Elm Independent School District Board of Trustees.

Dear Mr. Gallagher:

On behalf of the Denton County Extension Staff, I/we hereby respectfully request approval of the attached Adjunct Faculty Agreement with the Little Elm Independent School District.

The State Board of Education passed an amendment to 19 TAC§129.21 (j). Requirements for Student Attendance Accounting for State Funding Purposes allows public school students to be considered "in attendance" when participating in off-campus activities with an adjunct staff member of the school district. Section 3 of the Student Attendance Handbook states:

(1) The student is participating in an activity that is approved by the local board of school trustees and is under the direction of a member of the professional or paraprofessional staff of the school district, or an adjunct staff member who:

(A) has a minimum of a bachelor's degree; and

(B) is eligible for participation in the Teacher Retirement System of Texas.

Denton County requests the agents listed on the enclosed Adjunct Faculty Agreement be awarded adjunct staff member status for the period of time indicated on the agreement.

I hope Little Elm Independent School District will accept this request. Please let me know if you would like to schedule an appointment to discuss the amendment and request or if you need further information.

Thank you and members of the Board of Trustees for your consideration of this request.

Sincerely,

Zach Davis

ADJUNCT FACULTY REQUEST

Adjunct Faculty Agreement

THE STATE OF TEXAS COUNTY OF DENTON

On this date, at a regularly scheduled and posted meeting, came the Board of Trustees of the Little Elm Independent School District, hereinafter referred to as "District." A quorum having been established, the Board proceeded to consider the appointment of the herein named individual as an adjunct member of the Little Elm Independent School District.

Upon consideration and vote of _____ in favor Janet Laminack and Zach Davis are hereby named as adjunct faculty member(s) of the Little Elm Independent School District subject to the following considerations and provisions of such appointment to wit:

1. This appointment shall commence on the 28th day of August, 2020 and remain in effect until the 20th day of May, 2021.

2. This appointment will include the Texas A&M AgriLife Extension Service employees listed below:

NAME	TITLE	DEGREE	INSTITUTION	DATE
Janet Laminack	CEA Horticulture	M.. Ed.	Texas A&M University	2005
Zach Davis	CEA Agriculture & Natural Resources	M.S. Agriculture Science	Texas A&M University- Kingsville	2015

3. Adjunct faculty member(s) will receive no compensation, salary, or remuneration from Little Elm Independent School District.
4. Adjunct faculty member(s) is and shall remain an employee, in good standing, of the Texas A&M AgriLife Extension Service.
5. Adjunct faculty member(s) is and shall remain under the direct supervision of either the District Extension Administrator of District 4 or Denton County Extension Director.
6. Adjunct faculty member(s) shall receive all group insurance benefits, workman's compensation insurance benefits, unemployment insurance, and any and all other plans for the benefit of Texas A&M AgriLife Extension Service employees. District shall have no responsibility for any of such benefits or plans.

Adjunct faculty member (s) shall direct the activities and participation of students of the school district in sponsored and approved activities as designated from time to time by adjunct faculty members for which notices shall be given to School District administrative personnel. Adjunct faculty members' activities and participation with students of the School District are directed, supervised, and controlled by and through supervisory personnel of Texas A&M AgriLife Extension Service pursuant to the supervisory authority of the District Extension Administrator or County Extension Director. Adjunct faculty member(s) is not the employee of the School District, and School District does not nor shall not supervise, direct or control the activities and/or participation of such Denton County Extension Agent(s) who have/has been herein designated as an adjunct faculty member.

This appointment is made by the Independent School District by and through the Board of Trustees of said district for the benefit of allowing voluntary student participation in programs conducted by the Texas A&M AgriLife Extension Service in recognition of the educational benefits arising from such participation and activities and/or directed by the Texas A&M AgriLife Extension Service. This appointment is made in accordance with the provisions of Section 129.21 (j)(1) of the Texas Administrative Code authorizing the school to deem such participating students in attendance for foundation school program purposes.

This appointment of the herein named Denton County Extension Agent(s), Janet Laminack and Zach Davis are not intended nor shall be construed as a waiver of any claim or defense of sovereign or governmental immunity from liability now possessed by Little Elm Independent School District or any of its employees, agents, officers, and/or board members in the performance of governmental functions.

Signed this day of July 27, 2020.

ACADEMIC ELIGIBILITY PROCESS

Procedures For Securing Eligibility Information And Excused Absences For 4-H Members To Participate In 4-H Event Or Activity

This procedure applies to ALL 4-H events or activities (competitive or non-competitive) and all 4-H members in public, private, and/or home school that requires a 4-H member to be absent from school. For instance, if a 4-H member is a member of a state planning task force and needs to miss a day of school to participate, the 4-H member would have to be eligible according to the Texas Education Code to be excused from school.

There are two ways a County Extension Office can request academic eligibility for 4-H members. One is on an individual basis using the Declaration of Eligibility Form (Attachment B) for times when only one or two 4-H members may be needing an absence. The second option is for times when a large number of youth may be needing an excused absence, such as a county or major stock show. The steps below outline how the county office needs to proceed with each of the processes.

BEGINNING OF THE SCHOOL YEAR	
August/September	County Extension Agents should meet with school officials to <u>determine the steps</u> the agent needs to take to assist 4-H members in obtaining excused absences to participate in 4-H events and to determine eligibility of 4-H members for competitive events.
30 DAYS PRIOR TO ANY 4-H EVENT/ACTIVITY NEEDING ACADEMIC ELIGIBILITY CHECKED	
Declaring eligibility for small number of 4-H members	<ol style="list-style-type: none"> 1. Ensure that all members needing an excused absence are ACTIVE 4-H members. 2. Complete the County Agent section of the Declaration of Eligibility Form. Provide the form to either the 4-H member and request they submit to the school for completion, or have the 4-H parent/guardian complete the first section, return back to the County Extension Office and then submit as a group to the respective school campuses. 4-H member then returns completed form back to the County Extension Office within the timeframe given by the office.
Declaring eligibility for large number of 4-H members	<p>Extension agents should prepare a document on official letterhead which includes the items listed below and submit to each school/campus requesting eligibility status for each 4-H member.</p> <ol style="list-style-type: none"> a. Name of 4-H member(s) involved b. School they attend c. Current grade level in school d. Dates of proposed absence(s) e. Name of event f. Educational value g. Chaperone <p>List is returned back to County Extension Office by school/campus.</p>
RESPONSE FROM SCHOOL ON DECLARATION OF ELIGIBILITY	
Eligible	The school should respond to CEA if there are any students who are eligible. County Extension Office should follow up with the school/campus if no response is received.
Ineligible	If a 4-H member is ineligible for a 4-H competitive event, the agent must notify the 4-H member, their parents and the sponsoring agency, by letter, of this situation. If the parent has any questions, they should be referred to the school administrator for the family and school to resolve eligibility issues.

If county Extension faculty and schools develop and agree on procedures they deem more efficient and effective and still ensures 4-H's compliance with the Texas Education Code requirements, they should inform their District Extension Administrator/County Extension Director of the plan to be followed.

DECLARATION OF ELIGIBILITY FORM INSTRUCTIONS

4-H'ers should complete a separate form for each competitive event/activity in which they plan to participate. The original form should be returned to the county Extension office by the deadline established by the County Extension Office..

NOTE: Schools requiring a copy of this form should make their copy before returning it to the student.

Parent/Guardian Section

1. Parent/Guardian will select the information being requested. It is either:
 - Academic eligibility information only. (Used to verify academic eligibility only for 4-H competitive events/activities.), or
 - Academic eligibility information and authorization to receive an excused absence from school. (Used to verify academic eligibility as well as receive authorization to receive an excused absence. Introduction

The purpose of this Handbook is to provide information that will help with questions and pave the way for a successful year. Not all District policies and procedures are included. Those that are have been summarized.

This Handbook is neither a contract nor a substitute for the official District policy manual. Nor is it intended to alter the at-will status of non-contract employees in any way. Rather, it is a guide to and a brief explanation of District policies and procedures related to employment. These policies and procedures can change at any time; these changes shall supersede any handbook provisions that are not compatible with the change. For more information, employees may refer to the policy codes that are associated with handbook topics, confer with their supervisor, or call the appropriate District office. District policies can be accessed online at www.littleelmisd.net.

Little Elm ISD does not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, age, disability, military status, genetic information, or on any other basis prohibited by law. Additionally, the District does not discriminate against an employee or applicant who acts to oppose such discrimination or participates in the investigation of a complaint related to a discriminatory employment practice. Employment decisions will be made on the basis of each applicant's job qualifications, experience, and abilities.

Board of Trustees

Policies BA, BB series, BD series, and BE series

Texas law grants the Board of Trustees the power to govern and oversee the management of the District's schools. The Board is the policy-making body within the District and has overall responsibility for the curriculum, school taxes, annual budget, and employment of the

superintendent and other professional staff, and facilities.. The Board has complete and final control over school matters within limits established by state and federal laws and regulations.

The Board of Trustees is elected by the citizens of the District to represent the community's commitment to a strong educational program for the District's children. Trustees are elected at large and serve three-year terms. Trustees serve without compensation, must be qualified voters, and must reside in the District.

Current board members include:

- David Montemayor, President
- Dan Blackwood, Vice President
- Alex Flores, Secretary
- LeAnna Harding, Member
- DeLeon English, Member
- Melissa Myers, Member
- Jason Olson, Member

The Board usually meets at the Zellars Center for Learning & Leadership on the third Monday of the month at 6:30 pm. Special meetings may be called when necessary. A written notice of regular and special meetings will be posted on the District website and at Zellars at least 72 hours before the scheduled meeting time. The written notice will show the date, time, place, and agendas of each meeting. In emergencies, a meeting may be held with a two-hour notice.

All meetings are open to the public. In certain circumstances, Texas law permits the Board to go into a closed session from which the public and others are excluded. Closed sessions may occur for such things as discussing prospective gifts or donations, real-property acquisition, certain personnel matters including employee complaints, security matters, student discipline, or consulting with attorneys regarding pending litigation.

Employment

Equal Employment Opportunity

Policies DAA, DIA

In its efforts to promote nondiscrimination and as required by law, Little Elm ISD does not discriminate against any employee or applicant for employment because of race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, age, disability, military status, genetic information, or on any other basis prohibited by law. Additionally, the District does not discriminate against an employee or applicant who acts to oppose such discrimination or participates in the investigation of a complaint related to a discriminatory employment practice. Employment decisions will be made on the basis of each applicant's job qualifications, experience, and abilities.

In accordance with Title IX, the district does not discriminate on the basis of sex and is required not to discriminate on the basis of sex in its educational programs or activities. The requirement not to discriminate extends to employment. Inquiries about the application of Title IX may be referred to the district's Title IX coordinator, to the Assistant Secretary for Civil Rights of the Department of Education, or both.

The district designates and authorizes the following employee as the Title IX coordinator for employees to address concerns or inquiries regarding discrimination based on sex, including sexual harassment should contact Asheley Brown, Executive Director of HR & Student Services, the District Title IX coordinator. Reports can be made at any time and by any person, including during non-business hours, by mail, email, or phone. During district business hours, reports may also be made in person. The district designates and authorizes the following employee as the ADA/Section 504 coordinator for employees for concerns regarding discrimination on the basis of a disability: Asheley Brown, Executive Director of HR & Student Services, the District ADA/Section 504 coordinator. Questions or concerns relating to discrimination for any other reason should be directed to the Superintendent.

Job Vacancy Announcements

Policy DC

Announcements of job vacancies by position and location are posted on a regular basis to the District's Web site.

Campus Administration Openings

Internal applicants for Assistant Principal positions are encouraged to have completed Aspiring Leadership Institute - Year 2.

Employment After Retirement

Policy DC

Individuals receiving retirement benefits from the Teacher Retirement System (TRS) may be employed under certain circumstances on a full-time or part-time basis without affecting their benefits, according to TRS rules and state law. Detailed information about employment after retirement is available in the TRS publication *Employment After Retirement*. Employees can contact TRS for additional information by calling 800-223-8778 or 512-542-6400. Information is also available on the TRS Web Site (www.trs.texas.gov).

Contract and Non-contract Employment

Policy DC series

State law requires the District to employ all full-time professional employees in positions requiring a certificate from the State Board for Educator Certification (SBEC) and nurses under probationary, term, or continuing contracts. Employees in all other positions are employed at-will or by a contract that is not subject to the procedures for nonrenewal or termination under Chapter 21 of the Texas Education Code. The paragraphs that follow provide a general description of the employment arrangements used by the District.

Probationary Contracts. Nurses and full-time professional employees new to the District and employed in positions requiring SBEC certification must receive a probationary contract during their first year of employment. Former employees who are hired after a two-year lapse in District employment or employees who move to a position requiring a new class of certification may also be employed by probationary contract. Probationary contracts are one-year contracts. The probationary period for those who have been employed as a teacher in public education for at least five of the eight years preceding employment with any Texas District may not exceed one school year.

For those with less experience, the probationary period will be three school years (i.e., three one-year contracts) with an optional fourth school year if the board determines it is doubtful whether a term or continuing contract should be given.

Term Contracts. Full-time professionals employed in positions requiring certification and nurses will be employed by term contracts after they have successfully completed the probationary period. The terms and conditions of employment are detailed in the contract and employment policies. All employees will receive a copy of their contract. Employment policies can be accessed on line or copies will be provided upon request.

Dual Contracts. A dual assignment contract is a Chapter 21 agreement that includes both teaching duties and supplemental duties. Because both are included in the contract, the district and the teacher are mutually committed to both. Certified personnel assigned to both teaching and coaching duties will be issued a dual contract for the two assignments. An employee may not resign from only one position. Should a person resign or be dismissed from the coaching duties, the person shall be considered to have resigned or been dismissed from the teaching assignment. Should a person resign or be dismissed from teaching duties, the person shall be considered to have resigned or been dismissed from the coaching assignment. At contract renewal, if a dual assignment contract is currently in place, only a dual assignment contract will be considered. If the employee wishes to resign from coaching duties, the employee must resign from both positions and is eligible to reapply for any open teaching position.

Noncertified Professional and Administrative Employees. Employees in professional and administrative positions that do not require SBEC certification (such as non-instructional administrators) are employed by a one-year contract that is not subject to the provisions for nonrenewal or termination under the Texas Education Code.

Paraprofessional and Auxiliary Employees. All paraprofessional and auxiliary employees, regardless of certification, are employed at will and not by contract. Employment is not for any specified term and may be terminated at any time by either the employee or the District.

Certification and Licenses

Policies DBA, DF

Professional employees whose positions require SBEC certification or professional license are responsible for taking actions to ensure their credentials do not lapse. Employees must submit documentation that they have passed the required certification exam and/or obtained or renewed their credentials to Little Elm ISD Human Resource Services Department in a timely manner. Employees licensed by the Texas Department of Licensing and Regulations (TDLR) must notify Little Elm ISD Human Resource Services Department when there is action against, or revocation of their licenses.

A certified employee's contract may be voided without due process and employment terminated if the individual does not hold a valid certificate or fails to fulfill the requirements necessary to renew or extend a temporary certificate, emergency certificate, probationary certificate, or permit. A contract may also be voided if SBEC suspends or revokes certification because of an individual's failure to comply with criminal history background checks. Contact Little Elm ISD Human Resource Services Department if you have any questions regarding certification or licensure requirements.

Recertification of Employment Authorization

Policy DC

At the time of hire all employees must complete the Employment Eligibility Verification Form (Form I-9) and present documents to verify identity and employment authorization.

Employees whose immigration status, employment authorization, or employment authorization documents have expired must present new documents that show current employment authorization. Employees should file the necessary application or petition sufficiently in advance to ensure that they maintain continuous employment authorization or valid employment authorization documents. Contact Shai Walker in Little Elm ISD Human Resource Services if you have any questions regarding reverification of employment authorization.

Searches and Alcohol and Drug Testing

Policy CQ, DHE

Non-investigatory searches in the workplace including accessing an employee's desk, file cabinets, or work area to obtain information needed for usual business purposes may occur when an employee is unavailable. Therefore, employees are hereby notified that they have no legitimate expectation of privacy in those places. In addition, the District reserves the right to conduct searches when there is reasonable cause to believe a search will uncover evidence of work-related misconduct. Such an investigatory search may include drug and alcohol testing if the suspected violation relates to drug or alcohol use. The District may search the employee, the employee's personal items, and work areas including District-owned technology resources, lockers, and private vehicles parked on District premises or work sites or used in District business.

Employees Required to Have a Commercial Driver's License. Any employee whose duties require a commercial driver's license (CDL) is subject to drug and alcohol testing. This includes all drivers who operate a motor vehicle designed to transport 16 or more people counting the driver, drivers of large vehicles, or drivers of vehicles used in the transportation of hazardous materials. Teachers, coaches, or other employees who primarily perform duties other than driving are subject to testing requirements if their duties include driving a commercial motor vehicle.

Drug testing will be conducted before an individual assumes driving responsibilities. Alcohol and drug tests will be conducted when reasonable suspicion exists, at random, when an employee returns to duty after engaging in prohibited conduct, and as a follow-up measure. Testing may be conducted following accidents. Return-to-duty and follow-up testing will be conducted if an employee who has violated the prohibited alcohol conduct standards or tested positive for alcohol or drugs is allowed to return to duty.

All employees required to have a CDL or who otherwise are subject to alcohol and drug testing will receive a copy of the District's policy, the testing requirements, and detailed information on alcohol and drug abuse and the availability of assistance programs.

Employees with questions or concerns relating to alcohol and drug policies and related educational material should contact Little Elm ISD Human Resource Services.

Health Safety Training

Policies DBA, DMA

Certain employees who are involved in physical activities for students must maintain and submit to the District proof of current certification or training in first aid, cardiopulmonary resuscitation (CPR), the use of an automated external defibrillator (AED), concussion, and extracurricular athletic activity safety. Certification or documentation of training must be issued by the American Red Cross, the American Heart Association, University Interscholastic League, or another organization that provides equivalent training and certification. Employees subject to this requirement must submit their certification or documentation to Toni Nelson, Coordinator of Health Services by September 1, 2020.

School nurses and employees with regular contact with students must complete a Texas Education Agency approved, online training regarding seizure disorder aware-ness, recognition, and related first aid.

Reassignments and Transfers

Policy DK

All personnel are subject to assignment and reassignment by the superintendent or designee when the superintendent or designee determines that the assignment or reassignment is in the best interest of the District. Reassignment is a transfer to another position, department, or facility that does not necessitate a change in the employment contract. Campus reassignments must be approved by the principal at the receiving campus except when reassignments are due to enrollment shifts or program changes. Extracurricular or supplemental duty assignments may be reassigned at any time unless an extracurricular or supplemental duty assignment is part of a

dual-assignment contract. Employees who object to a reassignment may follow the District process for employee complaints as outlined in this handbook and District policy DGBA (Local).

An employee with the required qualifications for an open position may apply to another campus or department job posting through the internal application system. Requests for transfer during the school year will be considered only when unusual, extenuating circumstances exist. All transfer requests must be approved by both supervisors and Human Resource Services.

Workload and Work Schedules

Policies DEAB, DK, DL

Professional Employees. Professional employees and academic administrators are exempt from overtime pay and are employed on a 10-, 11-, or 12-month basis, according to the work schedules set by the District. A school calendar is adopted each year designating the work schedule for teachers and all school holidays. Notice of work schedules including start and end dates and scheduled holidays will be distributed each school year.

Classroom teachers will have planning periods for instructional preparation including conferences. The schedule of planning periods is set at the campus level but must provide at least 450 minutes within each two-week period in blocks not less than 45 minutes within the instructional day. Teachers and librarians are entitled to a duty-free lunch period of at least 30 minutes. The District may require teachers to supervise students during lunch one day a week when no other personnel are available.

Paraprofessional and Auxiliary Employees. Support employees are employed at will and receive notification of the required duty days, holidays, and hours of work for their position on an annual basis. Paraprofessional and auxiliary employees are not exempt from overtime and are not authorized to work in excess of their assigned schedule without prior approval from their supervisor.

Breaks for Expression of Breast Milk

Policies DEAB, DG

The district supports the practice of expressing breast milk and makes reasonable accommodations for the needs of employees who express breast milk. A place, other than a multiple user bathroom, that is shielded from view and free from intrusion from other employees and the public where the employee can express breast milk will be provided.

A reasonable amount of break time will be provided when the employee has a need to express milk. For nonexempt employees, these breaks are unpaid and are not counted as hours worked. Employees should meet with their supervisor to discuss their needs and arrange break times.

Notification to Parents Regarding Qualifications

Policies DK, DBA

In schools receiving Title I funds, the District is required by the Every Student Succeeds Act (ESSA) to notify parents at the beginning of each school year that they may request information regarding the professional qualifications of their child's teacher. ESSA also requires that parents be notified if their child has been assigned or taught for four or more consecutive weeks by a teacher who does not meet applicable state certification or licensure requirements.

Texas law requires that parents be notified if their child is assigned for more than 30 consecutive instructional days to a teacher who does not hold an appropriate teaching certificate. This notice is not required if parental notice under ESSA is sent. Inappropriately certified or uncertified teachers include individuals on an emergency permit (including individuals waiting to take a certification exam) and individuals who do not hold any certificate or permit. Information relating to teacher certification will be made available to the public upon request. Employees who have questions about their certification status can call Renee Pentecost, Director of Human Resource Services.

Outside Employment and Tutoring

Policy DBD

Employees are required to disclose in writing to their immediate supervisor any outside employment that may create a potential conflict of interest with their assigned duties and responsibilities or the best interest of the District. Supervisors will consider outside employment on a case-by-case basis and determine whether it should be prohibited because of a conflict of interest.

Performance Evaluation

Policy DN series

Evaluation of an employee's job performance is a continuous process that focuses on improvement. Performance evaluation is based on an employee's assigned job duties and other job-related criteria. All employees will participate in the evaluation process with their assigned supervisor at least annually. Written evaluations will be completed on forms approved by the District. Reports, correspondence, and memoranda also can be used to document performance information. All employees will receive a copy of their written evaluation, participate in a performance conference with their supervisor, and have the opportunity to respond to the evaluation.

Employee Involvement

Policies BQA, BQB

At both the campus and District levels, Little Elm ISD offers opportunities for input in matters that affect employees and influence the instructional effectiveness of the District. As part of the District's planning and decision-making process, employees are elected to serve on District- or campus-level advisory committees. Plans and detailed information about the shared decision-making process are available in each campus office or from campus/department supervisors.

Staff Development

Policy DMA

Staff development activities are organized to meet the needs of employees and the District. Staff development for instructional personnel is predominantly campus-based, related to achieving campus performance objectives, addressed in the campus improvement plan, and approved by a campus-level advisory committee. Staff development for non-instructional personnel is designed to meet specific licensing requirements (e.g., bus drivers) and continued employee skill development.

All individuals holding renewable SBEC certificates are responsible for obtaining the required training hours and maintaining appropriate documentation.

Staff Development / Workdays and Employee Children

District employees are expected to make child care arrangements for all staff development and workdays during the school year. During instructional hours of the school day, children of District employees may not stay with their parent in their job assignment.

Compensation and Benefits

Salaries, Wages, and Stipends

Policies DEA, DEAA, DEAB

Employees are paid in accordance with administrative guidelines and an established pay structure. The District's pay plans are reviewed by the administration each year and adjusted as needed. All District positions are classified as exempt or nonexempt according to federal law. Professional employees and academic administrators are generally classified as exempt and are paid monthly salaries. They are not entitled to overtime compensation. Other employees are

generally classified as non-exempt and are paid an hourly wage or salary and receive compensatory time or overtime pay for each hour worked beyond 40 in a workweek. (See *Overtime Compensation* on page 22 for more information.)

All employees will receive written notice of their pay and work schedules each school year. Classroom teachers, full-time librarians, full-time nurses, and full-time counselors will be paid no less than the minimum state salary schedule. After initial employment, salary increases are determined annually by the Board of Trustees during the budget process. Contract employees who perform extracurricular or supplemental duties may be paid a stipend in addition to their salary according to the District's extra-duty pay schedule. All stipends are Board approved at the beginning of each academic school year.

Employees should contact Little Elm ISD Payroll Department for more information about their pay. The District's pay schedules are available online at the LEISD website.

Annualized Compensation

Policy DEA

The District pays all salaried employees over 12 months regardless of the number of months employed during the school year. Salaried employees will be paid in equal monthly payments, beginning with the first pay period of the school year. Employees that separate after the last day of instruction will continue to receive paychecks through the end of the summer.

Paychecks

All professional and salaried employees are paid monthly (generally on the 20th of the month). However, holidays necessitate the schedule to be altered from time to time.

An employee's payroll statement contains detailed information including deductions, withholding information, and the amount of leave accumulated. Any questions regarding your paycheck can be directed to the LEISD Payroll Department at 972-947-9340.

The schedule of pay dates for the 2020–2021 school year are as follows:

September 18th	January 20th	May 20th
October 20th	February 19th	June 18th
November 20th	March 19th	July 20th
December 18th	April 20th	August 20th

Automatic Payroll Deposit

All Little Elm ISD employees will receive their pay via direct deposit. This option sends your net pay electronically to the employee's bank of choice on the pay date. There is no charge for this service. Funds from the automatic deposit will not be available before the pay date but will be available on the pay date.

Payroll Deductions

Policy CFEA

The District is required to make the following automatic payroll deductions:

- Teacher Retirement System of Texas (TRS) or Social Security employee contributions
- Federal income tax required for all full-time employees
- Medicare tax (applicable only to employees hired after March 31, 1986)
- Child support and spousal maintenance, if applicable
- Delinquent federal education loan payments, if applicable

Other payroll deductions employees may elect include deductions for the employee's share of premiums for health, dental, life, and vision insurance; annuities; and higher education savings plans; and saving deposits and loan payments through the Denton Area Teachers Credit Union. Employees also may request payroll deduction for payment of membership dues to professional organizations. Salary deductions are automatically made for unauthorized or unpaid leave.

Universal Availability

Employees of LEISD are eligible to begin contributions through salary deferral into a 403(b). Any school employee who works 20 hours a week is eligible to participate and have a portion of his or her paycheck deferred to the plans.

Overtime Compensation

Policy DEA

The District compensates overtime for nonexempt employees in accordance with federal wage and hour laws. Only nonexempt employees (hourly employees and paraprofessional employees) are entitled to overtime compensation. Nonexempt employees are not authorized to work beyond their normal work schedule without advance approval from their supervisor.

Overtime is legally defined as all hours worked in excess of 40 hours in a workweek and is not measured by the day or by the employee's regular work schedule. Nonexempt employees that are paid on a salary basis are paid for a 40-hour workweek and do not earn additional pay unless they work more than 40 hours. For the purpose of calculating overtime, a workweek begins at 12:00AM Saturday and ends at 11:59PM Friday.

Employees may be compensated for overtime at time-and-a-half rate with compensatory time off (comp time) or direct pay. The following applies to all nonexempt employees:

- Employees can accumulate up to 40 hours of comp time.
- Comp time must be used in the semester that it is earned.
- Use of comp time may be at the employee's request with supervisor approval, as workload permits, or at the supervisor's direction.
- Comp time must be used in ½ day or whole day increments.
- The District may require an employee to use comp time when in the best interest of the District.
- Compensatory time accumulated must be used prior to using other paid leave (e.g., sick, personal, vacation) provided by the District.
- Compensatory time is accumulated (with supervisor's approval) and then utilized. Employees cannot use comp time earned **after** an absence to cover the prior absence.
- Weekly time records will be maintained on all nonexempt employees for the purpose of wage and salary administration.

Time Clock / Veritime

Each nonexempt employee will clock in each day and will clock out during any non-work related activity. Each nonexempt employee will clock in and out each and every day for lunch. Employees who fail to clock in or clock out at each appropriate time will require their supervisor's approval for time worked, to be compensated.

Travel Expense Reimbursement

Policy DEE

Before any travel expenses are incurred by an employee, the employee's supervisor must give approval. For approved travel, employees will be reimbursed for mileage and other travel expenditures according to the current rate schedule established by the District. Employees must submit receipts, to the extent possible, to be reimbursed for expenses other than mileage.

Current Reimbursement Rates

Mileage	\$ 0.575 per mile
Per Diem	\$36.00 per full day

If travel is less than a full day, the following per diem amounts apply:

Breakfast	\$6.00 (must leave by 6:00 a.m.)
Lunch	\$12.00 (must leave by 11:00 a.m.)
Dinner	\$18.00 (must return after 6:00 p.m.)

*Meal per diem does not apply to “local” travel or local conferences. Denton and all surrounding counties are considered local and are “eat on your own.”

Health, Dental, and Life Insurance

Policy CRD

Group health insurance coverage is provided through TRS-ActiveCare, the statewide public school employee health insurance program. The District’s contribution to employee insurance premiums is determined annually by the board of trustees. Employees eligible for health insurance coverage include the following:

- Employees who are active, contributing TRS members
- Employees who are not contributing TRS members and who are regularly scheduled to work at least 10 hours per week

TRS retirees who are enrolled in TRS-Care (retiree health insurance program) and employees who are not contributing TRS members who are regularly scheduled to work less than 10 hours per week, are not eligible to participate in TRS-ActiveCare.

The insurance plan year is from September 1 through August 31. Current employees can make changes in their insurance coverage during open enrollment each spring. Detailed descriptions of insurance coverage, employee cost, and eligibility requirements are provided to all employees in a separate booklet. Employees should contact Little Elm ISD Payroll/Benefits Department for more information.

Supplemental Insurance Benefits

Policy CRD

At their own expense, employees may enroll in supplemental insurance programs for disability, cancer and additional life insurance. Premiums for these programs can be paid by payroll deduction. Employees should contact Little Elm ISD Payroll/Benefits Department for more information.

Cafeteria Plan Benefits (Section 125)

Employees may be eligible to participate in the Cafeteria Plan (Section 125) and, under IRS regulations, must either accept or reject this benefit. This plan enables eligible employees to pay certain insurance premiums on a pretax basis (i.e., disability, accidental death and dismemberment, cancer and dread disease, dental, and additional term life insurance). A third-party administrator handles employee claims made on these accounts.

New employees must accept or reject this benefit during their first month of employment. All employees must accept or reject this benefit on an annual basis and during the specified time period.

Workers' Compensation Insurance

Policy CRE

The District, in accordance with state law, provides workers' compensation benefits to employees who suffer a work-related illness or are injured on the job. The District has workers' compensation coverage from TASB, effective upon employment.

Benefits help pay for medical treatment and make up for part of the income lost while recovering. Specific benefits are prescribed by law depending on the circumstances of each case.

All work-related accidents or injuries should be reported immediately to the Campus Nurse and/or supervisor. Employees who are unable to work because of a work-related injury will be notified of their rights and responsibilities under the Texas Labor Code. See *Workers' Compensation Benefits* for information on use of paid leave for such absences.

Unemployment Compensation Insurance

Policy CRF

Employees who have been laid off or terminated through no fault of their own may be eligible for unemployment compensation benefits. Employees are not eligible to collect unemployment benefits during regularly scheduled breaks in the school year or the summer months if they have employment contracts or a letter of reasonable assurance of returning to service. Employees with questions about unemployment benefits should contact Little Elm ISD Human Resource Services Department.

Teacher Retirement

Policy DEG

All personnel employed on a regular basis for at least four and one-half months are members of the Teacher Retirement System of Texas (TRS). Substitutes not receiving TRS service retirement benefits who work at least 90 days a year are also eligible for TRS membership and to purchase a year of creditable service. TRS provides members with an annual statement of their account showing all deposits and the total account balance for the year ending August 31, as well as an estimate of their retirement benefits.

Employees who plan to retire under TRS should notify Little Elm ISD Human Resource Services as soon as possible. Information on the application procedures for TRS benefits is available from TRS at Teacher Retirement System of Texas, 1000 Red River Street, Austin, TX 78701-2698, or call 800-223-8778 or 512-542-6400. TRS information is also available on the TRS website.

Leaves, Absences and Vacations

Policies DEC, DECA, DECB, DED

The District offers employees paid and unpaid leaves of absence in times of personal need. This handbook describes the basic types of leave available and restrictions on leaves of absence. Employees who expect to be absent for an extended period of more than five days should call Little Elm ISD Human Resource Services for information about applicable leave benefits, payment of insurance premiums, and requirements for communicating with the District.

Leave must be used in half-day increments. Earned comp time must be used before any available paid state and local leave. Unless an employee requests a different order, available paid state and local leave will be used in the following order:

- Local Leave
- State Leave

Employees must follow District and department/campus procedures to report or request any leave of absence using AESOP.

Immediate Family. For purposes of leave other than family and medical leave, immediate family is defined as the following:

- Spouse
- Son or daughter, including a biological, adopted, or foster child, a son- or daughter-in-law, a stepchild, a legal ward, or a child for whom the employee stands *in loco parentis*.
- Parent, stepparent, parent-in-law, or other individual who stands *in loco parentis* to the employee.
- Sibling, stepsibling, and sibling-in-law
- Grandparent and grandchild
- Any person residing in the employee's household at the time of illness or death

For purposes of family and medical leave, the definition of family is limited to spouse, parent, son or daughter, and next of kin. The definition of these are found in Policy DECA (LEGAL).

Medical Certification. Any employee who is absent more than 5 consecutive days because of a personal or family illness must submit a medical certification from a qualified healthcare provider confirming the specific dates of the illness, the reason for the illness, and—in the case of personal illness—the employee's fitness to return to work.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits covered employers from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we ask that employees and health care providers do not provide any genetic information in any medical certification. 'Genetic information,' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

Return to Work Authorization. Employees who are removed from campus for a personal medical emergency, whether by ambulance or other means, shall be required to provide medical clearance to the District's Human Resource Services Department before the employee is permitted to return to work. The clearance must be filled out and signed by a licensed physician. Such certification must be provided twenty-four hours prior to return to work.

Continuation of Health Insurance. Employees on an approved leave of absence other than family and medical leave may continue their insurance benefits at their own expense. Health insurance benefits for employees on paid leave and leave designated under the Family and Medical Leave Act will be paid by the District as they were prior to the leave. Otherwise, the District does not pay any portion of insurance premiums for employees who are on unpaid leave.

Under TRS-Active Care rules, an employee is no longer eligible for insurance through the district after six months of unpaid leave other than FML. If an employee's unpaid leave extends for more than six months, the district will provide the employee with notice of COBRA rights.

Personal Leave

State law entitles all employees to five days of paid personal leave per year. Personal leave is available for use at the beginning of the year. A day of personal leave is equivalent to the number of hours per day in an employee's usual assignment, whether full-time or part-time. State personal leave accumulates without limit, is transferable to other Texas school Districts, and generally transfers to education service centers. Personal leave may be used for two general purposes: nondiscretionary and discretionary.

Nondiscretionary. Leave taken for personal or family illness, family emergency, a death in the family, or active military service is considered nondiscretionary leave. Reasons for this type of leave allow very little, if any, advance planning. Nondiscretionary leave may be used in the same manner as state sick leave.

Discretionary. Leave taken at an employee's discretion that can be scheduled in advance is considered discretionary leave. An employee wishing to take discretionary personal leave must submit a request to his or her principal or supervisor a minimum of three (3) days in advance of the anticipated absence. Discretionary personal leave is subject to the following limitations:

- A maximum of 5 percent of campus employees in each job category will be permitted to take discretionary personal leave at the same time.
- Discretionary leave may not be taken on the following key days:
 - the day before a school holiday,
 - the day after a school holiday,
 - days scheduled for end-of-semester or end-of-year exams,
 - days scheduled for STAAR tests,
 - on professional or staff development days,
 - nor on any other days which an absence would disrupt the educational process.
- Leave exceeding 10% in a pay period **will not be approved**, except with special approval for extenuating circumstances as determined by the Superintendent or Superintendent's designee.

The effect of the employee's absence on the educational program or department operations, as well as the availability of substitutes, will be considered by the principal or supervisor.

If an employee's absence is on a protected day and is due to a once-in-a-lifetime event (graduation, wedding, etc) of the employee, or employee's immediate family (see definition below), a one-time exception may be approved. A request for exemption must be made to LEISD HR Services at least 30 days prior to the absence. Funerals and medical emergencies

involving immediate family are exempted from the 30 day notice. If approved, only the day of the event will be exempted from dock. Any additional days of absence will remain as dock days.

*Due to the Absence Management system requirements, supervisor approval of a discretionary absence on a protected day does not constitute approval of the absence with pay. Rather, the supervisor is merely acknowledging that the absence has been entered and that the employee is aware of the dock day policy.

The following dates are protected for the 2020-2021 school year and will result in docking of pay:

August 3-7 (Staff Development)
August 10-14 (Staff Development)
August 17-21 (Staff Development)
August 24 (Staff Development)
September 4 (Day before holiday weekend)
September 8 (Day after holiday weekend)
October 12 (Staff Development, if waiver approved)
October 14 (PSAT Testing Day, LEHS only)
November 20 (Day before holiday break)
November 30 (Day after holiday break)
December 8-11 (State Testing, LEHS only)
December 15-18 (End-of-semester exams, LEHS only)
December 18 (Day before holiday break/End-of-semester exams)
January 4-5 (Staff Development, January 5th only if waiver approved)
January 15 (Day before holiday weekend)
January 19 (Day after holiday weekend)
February 12 (Day before a school holiday if February 15 is NOT used as a Bad Weather/COVID Make-up Day)
February 16 (Day after school holiday if February 15 is NOT used as a Bad Weather/COVID Make-up Day)
March 3 (SAT Testing Day, LEHS only)
March 5 (Day before Spring Break)
March 16 (Day after school holiday if March 15 is NOT used as a Bad Weather/COVID Make-up Day)
April 1 - (Day before holiday weekend, if April 2nd is NOT used as Bad Weather/COVID Make-up day)
April 5 - (Day after holiday weekend, if April 2nd is NOT used as a Bad Weather/COVID Make-up day)
April 6-9 (State Testing - All levels)
May 4-7 (State Testing, MS/HS)
May 11-14 (State Testing - Elementary/MS)
May 17-20 (End-of-semester exams, LEHS only)
May 20 (Last Day of School/End-of-semester exams/Day before Summer Break)
May 21 (Teacher Work Day)

Leave Proration. If an employee separates from employment with the District before his or her last duty day of the year, or begins employment after the first duty day, state personal leave will be prorated based on the actual time employed. When an employee separates from employment before the last duty day of the school year, the employee's final paycheck will be reduced by the amount of state personal leave the employee used beyond his or her pro rata entitlement for the school year.

State Sick Leave

State sick leave accumulated before 1995 is available for use and may be transferred to other school Districts in Texas. State sick leave can be used only in half-day increments, except when coordinated with family and medical leave taken on an intermittent or reduced-schedule basis or when coordinated with workers' compensation benefits.

State sick leave may be used for the following reasons only:

- Employee illness
- Illness in the employee's immediate family
- Family emergency (i.e., natural disasters or life-threatening situations)
- Death in the immediate family
- Active military service

Local Leave

All employees shall earn an additional four equivalent workdays of local leave per school year. Local leave shall accumulate to a maximum of 30 equivalent workdays, shall be taken with no loss of pay and shall not transfer from one District to another. Local leave is available for use at the beginning of the year.

Sick Leave Bank

LEISD administration has implemented a "Sick Leave Bank", which replaced the previous "Sick Leave Pool". The Sick Leave Bank offers an equal opportunity for all LEISD employees to buy-in to the Bank by contributing two days of their current state and/or local days. In exchange, the employee will be guaranteed the opportunity to receive 30 sick leave days during a school year (based on Sick Leave Bank Committee approval and District Policy) and up to 90 days lifetime. This change will better provide LEISD employees who choose to participate the option of additional paid leave in case of a serious illness or major catastrophic event.

The Sick Leave Bank may be used for the employee's own catastrophic, life-threatening, or major medical conditions or disability, or a catastrophic or life-threatening illness or disability of a member of the employee's immediate family.

Conditions such as routine pregnancy or **elective** surgery shall not be eligible for the establishment of a sick leave bank. Employees suffering from complications arising from pregnancy shall be eligible. Full details and forms needed to request Sick Leave Bank days can be found on the [LEISD Human Resource Services webpage](#). The option to participate will be offered during each employees annual benefits election period.

Family and Medical Leave Act (FMLA)—General Provisions

The following text is from the federal notice, *Employee Rights and Responsibilities Under the Family and Medical Leave Act*. Specific information that the District has adopted to implement the FMLA follows this general notice.

Basic Leave Entitlement. The FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- The birth of a child or placement of a child for adoption or foster care;
- To bond with a child (leave must be taken within 1 year of the child's birth or placement);
- To care for the employee's spouse, child, or parent who has a serious health condition;
- For the employee's own serious health condition that makes the employee unable to perform the employee's job;
- For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child or parent.

If FMLA is required prior to the start of a new school year then you must work at least 2 days of the week that your contract begins to start your payroll for the new school year.

Military Family Leave Entitlements. An eligible employee whose spouse, son, daughter or parent is on covered active duty or called to covered active duty status may use his or her 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

The FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is (1) a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is

otherwise outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness*; or (2) a veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness.*

*The FMLA definitions of “serious injury or illness” for current servicemembers and veterans are distinct from the FMLA definition of “serious health condition.”

Benefits and Protections. During FML, the employer must maintain the employee’s health coverage under any “group health plan” on the same terms as if the employee had continued to work. Upon return from FML, most employees must be restored to the same job or one nearly identical to it with equivalent pay, benefits, and other employment terms. Use of FML cannot result in the loss of any employment benefit that accrued prior to the start of an employee’s leave.

An employer may not interfere with an individual’s FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMLA, or being involved in any proceeding under or related to the FMLA.

Eligibility Requirements. Employees are eligible if they have worked for a covered employer for at least one year, for 1,250 hours over the previous 12 months*, and if at least 50 employees are employed by the employer within 75 miles.

*Special hours of service eligibility requirements apply to airline flight crew employees.

Definition of Serious Health Condition. A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a healthcare provider for a condition that either prevents the employee from performing the functions of the employee’s job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Requesting Leave. Generally, employees must give 30-days’ advance notice of the need for FMLA leave. If it is not possible to give 30-days’ notice, an employee must notify the employer as soon as possible and, generally, follow the employer’s usual procedures.

Employees do not have to share a medical diagnosis but must provide enough information to the employer so it can determine if the leave qualifies for FMLA protection. Sufficient information could include informing an employer that the employee is or will be unable to perform his or her

job functions, that a family member cannot perform daily activities, or that hospitalization or continuing medical treatment is necessary. Employees must inform the employer if the need for leave is for a reason for which FMLA leave was previously taken or certified.

Employers can require a certification or certification or periodic recertification supporting the need for leave. If the employer determines that the certification is incomplete, it must provide a written notice indicating what additional information is required.

Substitution of Paid Leave for Unpaid Leave. Employees may choose or employers may require use of accrued paid leave while taking FML. In order to use paid leave for FML, employees must comply with the District's normal paid leave policies.

Employer Responsibilities. Covered employers must inform employees requesting leave whether they are eligible under the FMLA. If they are eligible, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the employer must provide a reason for the ineligibility.

Covered employers must inform employees if leave will be designated as FML and the amount of leave counted against the employee's leave entitlement. If the employer determines that the leave is not FML, the employer must notify the employee.

Enforcement. An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

The FMLA does not affect any Federal or State law prohibiting discrimination or supersede any state or local law or collective bargaining agreement which provides greater family or medical leave rights.

FMLA section 109 (29 U.S.C. § 2619) requires FMLA covered employers to post the text of this notice. Regulations 29 C.F.R. § 825.300 (a) may require additional disclosures.

Local Family and Medical Leave Provisions

Eligible employees can take up to 12 weeks of unpaid leave in the 12-month period measured forward from the date an individual employee's first FML begins.

Use of Paid Leave. FML runs concurrently with accrued sick and personal leave, temporary disability leave, compensatory time, assault leave, and absences due to a work-related illness or injury. The District will designate the leave as FML, if applicable, and notify the employee that accumulated leave will run concurrently.

Combined Leave for Spouses. A husband and wife who are both employed by the District are limited to a combined total of 12 weeks of FML to care for a parent with a serious health condition; or for the birth, adoption, or foster placement of a child. Military caregiver leave for spouses is limited to a combined total of 26 weeks.

Intermittent Leave. When medically necessary or in the case of a qualifying exigency, an employee may take leave intermittently or on a reduced schedule. The District does not permit the use of intermittent or reduced-schedule leave for the care of a newborn child or for adoption or placement of a child with the employee.

Fitness for Duty. An employee that takes FML due to the employee's own serious health condition shall provide, before resuming work, a fitness-for-duty certification from the health care provider. If certification of the employee's ability to perform essential job function is required, the district shall provide a list of essential job functions (e.g., job description) to the employee with the FML designation notice to share with the health care provider.

Reinstatement. An employee returning to work at the end of FML will be returned to the same position held when the leave began or to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

In certain cases, instructional employees desiring to return to work at or near the conclusion of a semester may be required to continue on family and medical leave until the end of the semester. The additional time off is not counted against the employee's FML entitlement, and the district will maintain the employee's group health insurance and reinstate the employee at the end of the leave according to the procedures outlined in policy (see DECA (LEGAL)).

Failure to Return. If, at the expiration of FML, the employee is able to return to work but chooses not to do so, the district may require the employee to reimburse the district's share of insurance premiums paid during any portion of FML when the employee was on unpaid leave. If the employee fails to return to work for a reason beyond the employee's control, such as a continuing personal or family serious health condition or a spouse being unexpectedly transferred more than 75 miles from the district, the district may not require the employee to reimburse the district's share of premiums paid.

District Contact. Employees that require FML or have questions should contact Lesly Malmer, Little Elm ISD Payroll Department, for details on eligibility, requirements, and limitations.

Temporary Disability Leave

Certified Employees. Any full-time employee whose position requires certification from the State Board for Educator Certification (SBEC) is eligible for temporary disability leave. The purpose of temporary disability leave is to provide job protection to full-time educators who cannot work for an extended period of time because of a mental or physical disability of a temporary nature. Temporary disability leave must be taken as a continuous block of time. It may not be taken intermittently or on a reduced schedule. Pregnancy and conditions related to pregnancy are treated the same as any other temporary disability.

Employees must request approval for temporary disability leave. An employee's notification of need for extended absence due to the employee's own medical condition shall be accepted as a request for temporary disability leave. The request must be accompanied by a physician's statement confirming the employee's inability to work and estimating a probable date of return. If disability leave is approved, the length of leave is no longer than 180 calendar days.

If an employee is placed on temporary disability leave involuntarily, he or she has the right to request a hearing before the board of trustees. The employee may protest the action and present additional evidence of fitness to work.

When an employee is ready to return to work, the Executive Director of Human Resource Services should be notified at least 30 days in advance. The return-to-work notice must be accompanied by a physician's statement confirming that the employee is able to resume regular duties. Certified employees returning from leave will be reinstated to the school to which they were previously assigned if an appropriate position is available. If an appropriate position is not available, the employee may be assigned to another campus, subject to the approval of the campus principal. If a position is not available before the end of the school year, the employee will be reinstated to a position at the original campus at the beginning of the following school year.

Workers' Compensation Benefits

An employee absent from duty because of a job-related illness or injury may be eligible for workers' compensation weekly income benefits if the absence exceeds seven calendar days.

An employee receiving workers' compensation wage benefits for a job-related illness or injury may choose to use accumulated sick leave or any other paid leave benefits. An employee choosing to use paid leave will not receive workers' compensation weekly income benefits until all paid leave is exhausted or to the extent that paid leave does not equal the pre-illness or -injury wage. If the use of paid leave is not elected, then the employee will only receive workers'

compensation wage benefits for any absence resulting from a work-related illness or injury, which may not equal his or her pre-illness or -injury wage.

Assault Leave

Assault leave provides extended job income and benefits protection to an employee who is injured as the result of a physical assault suffered during the performance of his or her job. An incident involving an assault is a work-related injury, and should be immediately reported to the employee's immediate supervisor and LEISD Human Resource Services. An injury is treated as an assault if the person causing the injury could be prosecuted for assault or could not be prosecuted only because that person's age or mental capacity renders the person nonresponsible for purposes of criminal liability.

An employee who is physically assaulted at work may take all the leave time medically necessary (up to two years) to recover from the physical injuries he or she sustained. At the request of an employee, the District will immediately assign the employee to assault leave. Days of leave granted under the assault leave provision will not be deducted from accrued personal leave and must be coordinated with workers' compensation benefits. Upon investigation the District may change the assault leave status and charge leave used against the employee's accrued paid leave. The employee's pay will be deducted if accrued paid leave is not available.

Jury Duty

Policies DEC, DG

The district provides paid leave to employees who are summoned to jury duty. The district will not discharge, threaten to discharge, intimidate, or coerce any regular employee because of juror or grand juror service or for the employee's attendance or scheduled attendance in connection with the service in any court in the United States. Employees who report to the court for jury duty may keep any compensation the court provides. An employee should report a summons for jury duty to his or her supervisor as soon as it is received. The employee will scan and upload a copy of the summons to their AESOP absence report to document the need for leave.

An employee should contact their supervisor as soon as they are released from jury duty. The supervisor may consider the travel time required and the nature of the individual's position when determining the need to report to work. A copy of the release from jury duty or of documentation of time spent at the court should be scanned and uploaded to the AESOP absence report for the day(s) missed.

Truancy Court Appearances

An employee who is a parent, guardian of a child, or a court-appointed guardian ad litem of a child who is required to miss work to attend a truancy court hearing may use personal leave or compensatory time for the absence. Employees who do not have paid leave available will be docked for any absence required because of the court appearance.

Religious Observance

The district will reasonably accommodate an employee's request for absence for a religious holiday or observance. Accommodations such as changes to work schedules or approving a day of absence will be made unless they pose an undue hardship to the district. The employee may use any accumulated personal leave for this purpose. Employees who have exhausted applicable paid leave may be granted an unpaid day of absence.

Compliance with a Subpoena

Employees will be paid while on leave to comply with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding and will not be required to use personal leave. Employees may be required to submit documentation of their need for leave for court appearances.

Other absences for court appearances related to an employee's personal business must be taken as personal leave or leave without pay (if no personal leave is available).

Military Leave

Paid Leave for Military Service. Any employee who is a member of the Texas National Guard, Texas State Guard, reserve component of the United States Armed Forces, or a member of a state or federally authorized Urban Search and Rescue Team is entitled to paid leave for authorized training or duty orders. Paid military leave is limited to 15 days each fiscal year. In addition, an employee is entitled to use available state and local personal or sick leave during a time of active military service.

Reemployment after Military Leave. Employees who leave the District to enter into the United States uniformed services or who are ordered to active duty as a member of the military force of any state (e.g., National or State Guard) may return to employment if they are honorably discharged. Employees who wish to return to the District will be reemployed provided they can be qualified to perform the required duties. Employees returning to work following military leave should contact LEISD HR Services. In most cases, the length of federal military service cannot exceed five years.

Continuation of Health Insurance. Employees who perform service in the uniformed services may elect to continue their health plan coverage at their own cost for a period not to exceed 24 months. Employees should contact Little Elm ISD Benefits Department for details on eligibility, requirements, and limitations.

Vacation

Policy DED

Full-time, 12-month employees shall be eligible for annual paid vacation at an amount to be determined by the District on a yearly basis upon approval of the upcoming school year's calendar.

1. Availability
 - a. The District shall make vacation days for the current work year available at the beginning of the school year.
2. Scheduling
 - a. Employees shall request use of vacation days **in writing to the employee's direct supervisor as follows:**
 - i. A minimum of ten calendar days' advance for notice shall be required for a request totaling five consecutive days
 - ii. A minimum of 20 calendar days' advance notice shall be required for a request in excess of five consecutive days.
 - b. Vacation schedules shall be approved by the Superintendent or designee in each department. The decision regarding the employee's vacation request shall be given in writing within five business days from the date of receipt.
3. Carryover
 - a. No more than 20 vacation days shall carry forward from one work year to the next. Any vacation days earned above the maximum accumulation of 20 and not used within the work year in which they were earned shall be forfeited at the end of the work year.

Neutral Absence Policy

Policy DEC(Local)

If an employee does not return to work after exhausting all available paid and unpaid leave, the District shall provide the employee written notice that he or she no longer has leave available for use. The District shall automatically pursue termination of an employee who has exhausted all available leave, regardless of the reason for the absence [see DF series]. The employee's eligibility for reasonable accommodations, as required by the Americans with Disabilities Act [see DAA(LEGAL)], shall be considered before termination. If terminated, the employee may apply for reemployment with the District.

Employee Relations and Communications

Employee Recognition and Appreciation

Continuous efforts are made throughout the year to recognize employees who make an extra effort to contribute to the success of the District. Employees are recognized at board meetings, in the District newsletter, and through special events and activities. Recognition and appreciation activities also include the awarding of Excellence Coins by the Superintendent, designated Appreciation Weeks such as Teacher Appreciation Week, Teacher, Para, and Auxillary Employees of the Year and Employee Retirement receptions.

District Communications

Throughout the school year, the LEISD Communications Services and Community Relations office publishes print and electronic materials, brochures, fliers, calendars, news releases, and other communication materials. These publications offer employees and the community information pertaining to school activities and achievements. They include the following:

Little Elm Journal
School Messenger
LEISD website
LEISD Facebook
LEISD Twitter
Parent Portal

Complaints and Grievances

Policy DGBA

In an effort to hear and resolve employee concerns or complaints in a timely manner and at the lowest administrative level possible, the board has adopted an orderly grievance process. Employees are encouraged to discuss their concerns or complaints with their supervisors or an appropriate administrator at any time.

The formal process provides all employees with an opportunity to be heard up to the highest level of management if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, employees can bring concerns or complaints to the board of trustees.

For convenience of our employees [the forms needed to file a Level 1, 2, or 3 grievance are located on the LEISD Human Resources webpage.](#)

Additionally, the entire District policy concerning the process of bringing complaints and grievances is reprinted as follows:

DGBA (LOCAL)-

Personnel Relations:

Employee Complaints

The purpose of this policy is to provide employees an orderly process for the prompt and equitable resolution of complaints. The Board intends that, whenever feasible, complaints be resolved at the lowest possible level.

The principal of each campus and other supervisory personnel shall ensure that all employees under their supervision are informed of this policy. Employees shall be provided a copy of this policy at the time of employment and whenever it is revised.

A complaint under this policy shall include grievances concerning an employee's wages, hours, or conditions of work and specific allegations of unlawful discrimination in employment on the basis of sex (including allegations of sexual harassment), race, religion, national origin, age, or handicap or on the basis of the employee's exercise of constitutional rights. A complaint must specify the individual harm alleged.

When the Superintendent determines that two or more individual complaints are sufficiently similar in nature and remedy to permit their resolution through one proceeding, he or she may consolidate the complaints.

Neither the Board nor the administration shall unlawfully retaliate against any employee for bringing a complaint under this policy.

Employees who allege unlawful discrimination in retaliation for reporting a violation of law to an appropriate authority shall invoke this policy not later than 15 days after the date the alleged

violation occurred or was discovered by the employee through the use of reasonable diligence. The complaint shall begin at Level Two. If the complaint is not resolved at that level, the Superintendent shall ensure the matter reaches the Board expeditiously. Timelines for the employee and District set out in the policy may be shortened to ensure that the Board's final decision is made within 30 days of the initiation of the complaint.

Complaints shall be heard in informal administrative conferences. All complaints arising out of an event or related series of events must be addressed in one complaint.

An employee is precluded from bringing separate or serial complaints concerning events about which the employee has previously complained. Costs of any complaint shall be paid by the party incurring them.

In resolving complaints, time is of the essence. All time limits shall be strictly complied with, unless extended by mutual consent. All references are to calendar days.

The appropriate administrator at each level shall respond to the employee within seven days of a complaint conference. Written complaints shall receive a written response. The employee has seven days after receiving a response to appeal to the next level. The complaint shall be considered concluded if the employee does not appeal within that limit.

Employees shall be entitled to administrative review conferences as outlined in the Level One and Level Two sections below and to an informal presentation of the complaint to the Board as specified in the Level Three section, unless the Board grants a hearing.

If an employee alleges in writing specific facts that, if true, would constitute a violation of the employee's common law, statutory, or constitutional rights, the superintendent or designee shall investigate the allegations. If the employee does not accept the Superintendent's resolution at Level Two and requests a Board hearing, the superintendent shall schedule a hearing as specified in the Level Three section below.

Announcing a decision in the employee's presence constitutes communication of a decision.

LEVEL ONE An employee who has a complaint shall meet with the principal or immediate supervisor within 15 days of the time the employee first knew or should have known of the event or series of events causing the complaint. At this meeting, the employee shall submit the complaint in writing [on a form provided by the District](#).

LEVEL TWO If the outcome of the conference at Level One is not to the employee's satisfaction, the employee may request, [in writing on a form provided by the District](#), to meet with the Superintendent or a designee. The meeting shall be held within seven days after the Superintendent or designee received the request to discuss the complaint.

LEVEL THREE If the outcome at Level Two is not to the employee's satisfaction, the employee may submit a written request, [on a form provided by the District](#), to place the matter on the agenda of a future Board meeting. [See BE (LEGAL)] The Superintendent shall inform

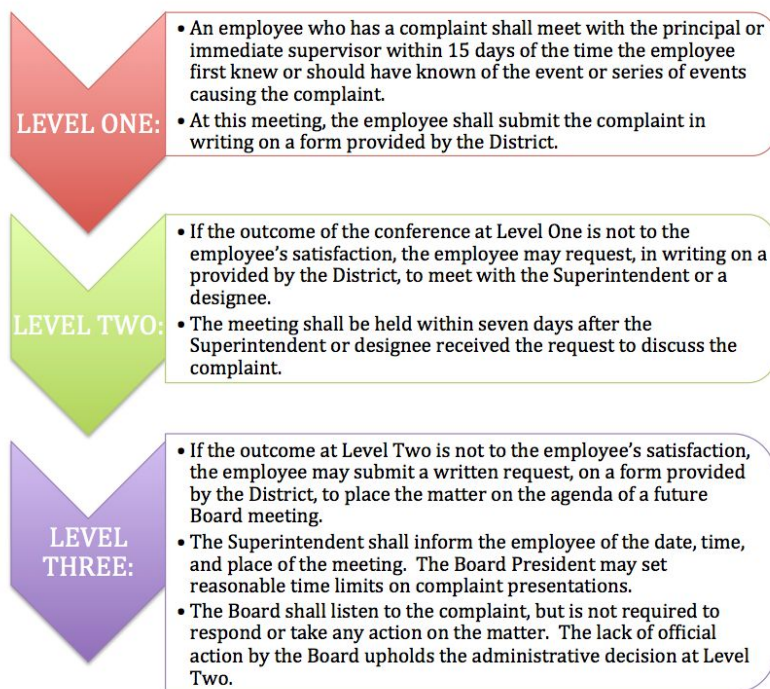

the employee of the date, time, and place of the meeting. The Board President may set reasonable time limits on complaint presentations. The Board shall listen to the complaint, but is not required to respond or take any action on the matter. The lack of official action by the Board upholds the administrative decision at Level Two.

Employees who are granted a hearing shall be afforded that hearing either with the Board in a meeting that includes the hearing as an item in the posted agenda or with the Board's designee. If the Board conducts the hearing, it shall make and communicate its decision at any time up to and including the next regularly scheduled Board meeting.

If the Board's designee conducts the hearing, he or she shall make a recommendation to the Board at the first regular meeting following the hearing that affords adequate time to prepare a written recommendation. The employee shall be provided a copy of the recommendation before the meeting and shall be given an opportunity at the meeting to respond to the recommendation either orally or in writing.

The Board shall then make and communicate its decision at any time up to and including the next regularly scheduled Board meeting.

If the complaint involves the appointment, employment, evaluation, reassignment, duties, discipline, or dismissal of the employee bringing the complaint, it shall be heard by the Board in closed meeting unless the employee bringing the complaint requests it to be heard in public. However, if the complaint constitutes a complaint or charge against another District employee, it shall be heard in closed meeting unless an open hearing is requested in writing by the employee against whom the complaint or charge is brought.

Employee Conduct and Welfare

Standards of Conduct

Policy DH

All employees are expected to work together in a cooperative spirit to serve the best interests of the District and to be courteous to students, one another, and the public. Employees are expected to observe the following standards of conduct:

- Recognize and respect the rights of students, parents, other employees, and members of the community.
- Maintain confidentiality in all matters relating to students and coworkers.
- Report to work according to the assigned schedule.
- Notify their immediate supervisor in advance or as early as possible in the event that they must be absent or late. Unauthorized absences, chronic absenteeism, tardiness, and failure to follow procedures for reporting an absence may be cause for disciplinary action.
- Know and comply with department and District policies and procedures.
- Express concerns, complaints, or criticism through appropriate channels.
- Observe all safety rules and regulations and report injuries or unsafe conditions to a supervisor immediately.
- Use District time, funds, and property for authorized District business and activities only.

All District employees should perform their duties in accordance with state and federal law, District policies and procedures, and ethical standards. Violation of policies, regulations, or guidelines may result in disciplinary action, including termination. Alleged incidents of certain misconduct by educators, including having a criminal record, must be reported to SBEC not later than the seventh day after the superintendent first learns of the incident. See *Reports to the Texas Education Agency*, page 60 for additional information.

The *Educators' Code of Ethics*, adopted by the State Board for Educator Certification, which all District employees must adhere to, is reprinted below:

Texas Educators' Code of Ethics

Statement of Purpose

The Texas educator shall comply with standard practices and ethical conduct toward students, professional colleagues, school officials, parents, and members of the community and shall safeguard academic freedom. The Texas educator, in maintaining the dignity of the profession, shall respect and obey the law, demonstrate personal integrity, and exemplify honesty and good moral character. The Texas educator, in exemplifying ethical relations with colleagues, shall extend just and equitable treatment to all members of the profession. The Texas educator, in accepting a position of public trust, shall measure success by the progress of each student toward realization of his or her potential as an effective citizen. The

Texas educator, in fulfilling responsibilities in the community, shall cooperate with parents and others to improve the public schools of the community. (19 TAC 247.1(b))

Professional Standards

1. Professional Ethical Conduct, Practices, and Performance

Standard 1.1 The educator shall not intentionally, knowingly, or recklessly engage in deceptive practices regarding official policies of the school district, educational institution, educator preparation program, the Texas Education Agency, or the State Board for Educator Certification (SBEC) and its certification process.

Standard 1.2 The educator shall not knowingly misappropriate, divert, or use monies, personnel, property, or equipment committed to his or her charge for personal gain or advantage.

Standard 1.3 The educator shall not submit fraudulent requests for reimbursement, expenses, or pay.

Standard 1.4 The educator shall not use institutional or professional privileges for personal or partisan advantage.

Standard 1.5 The educator shall neither accept nor offer gratuities, gifts, or favors that impair professional judgment or to obtain special advantage. This standard shall not restrict the acceptance of gifts or tokens offered and accepted openly from students, parents of students, or other persons or organizations in recognition or appreciation of service.

Standard 1.6 The educator shall not falsify records, or direct or coerce others to do so.

Standard 1.7 The educator shall comply with state regulations, written local school board policies, and other state and federal laws.

Standard 1.8 The educator shall apply for, accept, offer, or assign a position or a responsibility on the basis of professional qualifications.

Standard 1.9 The educator shall not make threats of violence against school district employees, school board members, students, or parents of students.

Standard 1.10 The educator shall be of good moral character and be worthy to instruct or supervise the youth of this state.

Standard 1.11 The educator shall not intentionally or knowingly misrepresent his or her employment history, criminal history, and/or disciplinary record when applying for subsequent employment.

Standard 1.12 The educator shall refrain from the illegal use or distribution of controlled substances and/or abuse of prescription drugs and toxic inhalants.

Standard 1.13 The educator shall not be under the influence of alcohol or consume alcoholic beverages on school property or during school activities when students are present.

Standard 1.14 The educator shall not assist another educator, school employee, contractor, or agent in obtaining a new job as an educator or in a school, apart from the routine transmission of administrative and personnel files, if the educator knows or has probable cause to believe that such person engaged in sexual misconduct regarding a minor or student in violation of the law.

2. Ethical Conduct toward Professional Colleagues

Standard 2.1 The educator shall not reveal confidential health or personnel information concerning colleagues unless disclosure serves lawful professional purposes or is required by law.

Standard 2.2 The educator shall not harm others by knowingly making false statements about a colleague or the school system.

Standard 2.3 The educator shall adhere to written local school board policies and state and federal laws regarding the hiring, evaluation, and dismissal of personnel.

Standard 2.4 The educator shall not interfere with a colleague's exercise of political, professional, or citizenship rights and responsibilities.

Standard 2.5 The educator shall not discriminate against or coerce a colleague on the basis of race, color, religion, national origin, age, gender, disability, family status, or sexual orientation.

Standard 2.6 The educator shall not use coercive means or promise of special treatment in order to influence professional decisions or colleagues.

Standard 2.7 The educator shall not retaliate against any individual who has filed a complaint with the SBEC or provides information for a disciplinary investigation or proceeding under this chapter.

3. Ethical Conduct toward Students

Standard 3.1 The educator shall not reveal confidential information concerning students unless disclosure serves lawful professional purposes or is required by law.

Standard 3.2 The educator shall not intentionally, knowingly, or recklessly treat a student or minor in a manner that adversely affects or endangers the learning, physical health, mental health, or safety of the student or minor.

Standard 3.3 The educator shall not intentionally, knowingly, or recklessly misrepresent facts regarding a student.

Standard 3.4 The educator shall not exclude a student from participation in a program, deny benefits to a student, or grant an advantage to a student on the basis of race, color, gender, disability, national origin, religion, family status, or sexual orientation.

Standard 3.5 The educator shall not intentionally, knowingly, or recklessly engage in physical mistreatment, neglect, or abuse of a student or minor.

Standard 3.6 The educator shall not solicit or engage in sexual conduct or a romantic relationship with a student or minor.

Standard 3.7 The educator shall not furnish alcohol or illegal/unauthorized drugs to any person under 21 years of age unless the educator is a parent or guardian of that child or knowingly allow any person under 21 years of age unless the educator is a parent or

guardian of that child to consume alcohol or illegal/unauthorized drugs in the presence of the educator.

Standard 3.8 The educator shall maintain appropriate professional educator-student relationships and boundaries based on a reasonably prudent educator standard.

Standard 3.9 The educator shall refrain from inappropriate communication with a student or minor, including, but not limited to, electronic communication such as cell phone, text messaging, email, instant messaging, blogging, or other social network communication. Factors that may be considered in assessing whether the communication is inappropriate include, but are not limited to:

- (i) the nature, purpose, timing, and amount of the communication;
- (ii) the subject matter of the communication;
- (iii) whether the communication was made openly or the educator attempted to conceal the communication;
- (iv) whether the communication could be reasonably interpreted as soliciting sexual contact or a romantic relationship;
- (v) whether the communication was sexually explicit; and
- (vi) whether the communication involved discussion(s) of the physical or sexual attractiveness or the sexual history, activities, preferences, or fantasies of either the educator or the student.

Discrimination, Harassment, and Retaliation

Policies DH, DIA

Employees shall not engage in prohibited harassment, including sexual harassment, of other employees or students. While acting in the course of their employment, employees shall not engage in prohibited harassment of other persons including board members, vendors, contractors, volunteers, or parents. A substantiated charge of harassment will result in disciplinary action.

Employees who believe they have been discriminated against or retaliated against or harassed are encouraged to promptly report such incidents to the campus principal, supervisor, or appropriate District official. If the campus principal, supervisor, or District official is the subject of a complaint, the employee should report the complaint directly to the superintendent. A complaint against the superintendent may be made directly to the board.

The District's policy that includes definitions and procedures for reporting and investigating discrimination, harassment, and retaliation is reprinted below:

[Policy DIA \(Local\)](#)

The District prohibits sexual harassment and harassment based on a person's race, color, gender, national origin, disability, religion, or age. Employees shall not tolerate harassment of others and shall make reports as required at reporting procedures, below.

Sexual Harassment

Sexual harassment of an employee is defined as unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

1. Submission to the conduct is either explicitly or implicitly a condition of an employee's employment, or when submission to or rejection of the conduct is the basis for an employment action affecting the employee; or
2. The conduct is so severe, persistent, or pervasive that it has the purpose or effect of unreasonably interfering with the employee's work performance or creates an intimidating, threatening, hostile, or offensive work environment.

Examples

Examples of sexual harassment may include, but are not limited to, sexual advances; touching intimate body parts; coercing or forcing a sexual act on another; jokes or conversations of a sexual nature; and other sexually motivated conduct, communication, or contact.

Other Prohibited Harassment

Harassment of a District employee on the basis of the employee's race, color, gender, national origin, disability, religion, or age includes physical, verbal, or nonverbal conduct related to these characteristics when the conduct is so severe, persistent, or pervasive that the conduct:

1. Has the purpose or effect of unreasonably interfering with the employee's work performance;
2. Creates an intimidating, threatening, hostile, or offensive work environment; or
3. Otherwise adversely affects the employee's employment opportunities.

Examples

Examples of prohibited harassment may include, but are not limited to, offensive or derogatory language directed at another person's religious beliefs or practices, accent, skin color, or need for workplace accommodation; threatening or intimidating conduct; offensive jokes, name calling, slurs, or rumors; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other types of aggressive conduct such as theft or damage to property.

Reporting Procedures

An employee who believes that he or she has experienced prohibited harassment should immediately report the alleged acts to an appropriate person designated below.

Any District employee with supervisory authority who receives notice that another employee has or may have experienced prohibited harassment is required to immediately report the alleged acts and take whatever other steps are required by this policy.

Any other person who knows or believes that a District employee has experienced harassment should immediately report the alleged acts to the appropriate person designated by this policy.

Timely Reporting

Reports of harassment shall be made as soon as possible after the alleged acts. A failure to promptly report alleged harassment may impair the District's ability to investigate and address the harassment.

A District employee may report harassment to his or her supervisor or campus principal. A person shall not be required to report harassment to the alleged harasser; nothing in this policy prevents a person from reporting harassment directly to one of the District officials below:

District Officials

1. For sexual harassment, the Title IX coordinator, Asheley Brown, Executive Director of Human Resource Services . [See DAA(LOCAL)]
2. For all other prohibited harassment, the Superintendent.

A report against the Title IX coordinator may be made directly to the Superintendent; a report against the Superintendent may be made directly to the Board.

Notification of Report

Upon receipt of a report of harassment, a supervisor or principal shall immediately notify the appropriate District official listed above.

Confidentiality

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

Investigation of the Report

The District may request, but shall not insist upon, a written report. If a report is made orally, the District official shall reduce the report to written form.

Upon receipt or notification of a report, the District official shall determine whether the allegations, if proven, would constitute sexual harassment or other prohibited harassment as defined by District policy. If so, the District official shall immediately authorize or undertake an investigation.

If appropriate, the District shall promptly take interim action to prevent harassment during the course of an investigation.

The investigation may be conducted by the District official or a designee, such as the campus principal, or by a third party designated by the District, such as an attorney. When appropriate, the campus principal or supervisor shall be involved in or informed of the investigation.

The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations.

The District's obligation to conduct an investigation is not satisfied by the fact that a criminal or regulatory investigation regarding the same or similar allegations is pending.

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within ten business days from the date of the report; however, the investigator shall take additional time if necessary to complete a thorough investigation.

The investigator shall prepare a written report of the investigation. The report shall be filed with the District official overseeing the investigation.

District Action

If the results of an investigation indicate that prohibited harassment occurred, the District shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the harassment.

The District may take disciplinary action based on the results of an investigation, even if the District concludes that the conduct did not rise to the level of harassment prohibited by law or District policy.

Appeal

A complainant who is dissatisfied with the outcome of the investigation may appeal through DGBA(LOCAL), beginning at the appropriate level.

The complainant shall be informed of his or her right to file a complaint with the Texas Workforce Commission Civil Rights Division, the Equal Employment Opportunity Commission, or the United States Department of Education Office for Civil Rights.

Retaliation Prohibited

Retaliation against an employee alleged to have experienced harassment, a witness, or another person who makes a report or participates in an investigation is strictly prohibited. A person who makes a good faith report of prohibited harassment shall not suffer retaliation for making the report. A person who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding prohibited harassment is subject to appropriate discipline.

Records Retention

Retention of records shall be in accordance with DAA(LOCAL).

Access to Policy

This policy shall be distributed annually to District employees. Copies of the policy shall be readily available at each campus and the District administrative offices.

Harassment of Students

Policies DH, DHB, FFG, FFH, FFI

Sexual and other harassment of students by employees are forms of discrimination and are prohibited by law. Romantic or inappropriate social relationships between students and District employees are prohibited.

Employees who suspect a student may have experienced prohibited harassment are obligated to report their concerns to the campus principal or other appropriate District official. Any district employee who suspects or receives direct or indirect notice that a student or group of students has or may have experienced prohibited conduct based on sex, including sexual harassment, of a student shall immediately notify the district's Title IX coordinator, the ADA/Section 504 coordinator, or superintendent and take any other steps required by district policy.

All allegations of prohibited harassment of a student by an employee or adult will be reported to the student's parents and promptly investigated. An employee who knows of or suspects child abuse must also report his or her knowledge or suspicion to the appropriate authorities, as required by law. See *Reporting Suspected Child Abuse* page 57 and *Bullying* page 53-54 for additional information.

The District's policy that includes definitions and procedures for reporting and investigating harassment of students is reprinted below:

"Solicitation of a romantic relationship" means deliberate or repeated acts that can be reasonably interpreted as the solicitation by an educator of a relationship with a student that is romantic in nature. A romantic relationship is often characterized by a strong emotional or sexual attachment and/or patterns of exclusivity, but does not include appropriate educator-student relationships that arise out of legitimate contexts such as familial connections or longtime

acquaintance. The following acts, considered in context, may constitute prima facie evidence of the solicitation by an educator of a romantic relationship with a student:

1. Behavior, gestures, expressions, or communications with a student that are unrelated to the educator's job duties and evidence a romantic intent or interest in the student, including statements of love, affection, or attraction. Factors that may be considered in determining the romantic intent of such communications or behavior include:
 - The nature of the communications;
 - The timing of the communications;
 - The extent of the communications;
 - Whether the communications were made openly or secretly;
 - The extent that the educator attempts to conceal the communications;
 - If the educator claims to be counseling a student, SBEC may consider whether the educator's job duties included counseling, whether the educator reported the subject of the counseling to the student's guardians or to the appropriate school personnel, or, in the case of alleged abuse or neglect, whether the educator reported the abuse or neglect to the appropriate authorities; and
 - Any other evidence tending to show the context of the communications between educator and student.
2. Making inappropriate comments about a student's body, creating or transmitting sexually suggestive photographs or images, or encouraging the student to transmit sexually suggestive photographs or images.
3. Making sexually demeaning comments to a student.
4. Making comments about a student's potential sexual performance.
5. Requesting details of a student's sexual history
6. Requesting a date, sexual contact, or any activity intended for the sexual gratification of the educator.
7. Engaging in conversations regarding the sexual problems, preferences, or fantasies of either party.
8. Inappropriate hugging, kissing, or excessive touching.
9. Providing the student with drugs or alcohol.
10. Suggestions that a romantic relationship is desired after the student graduates, including post-graduation plans for dating or marriage.
11. Any other acts tending to show that the educator solicited a romantic relationship with the student. 19 TAC 249.3(51)

FFH (Local)

The District prohibits sexual harassment and harassment based on a person's race, color, gender, national origin, disability, or religion.

Employees shall not tolerate harassment of students and shall make reports as required at REPORTING PROCEDURES, below.

Sexual Harassment

Sexual harassment of a student by a District employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

By an Employee

1. A District employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or
2. The conduct is so severe, persistent, or pervasive that it:
 - Affects the student's ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student's educational opportunities; or
 - Creates an intimidating, threatening, hostile, or abusive educational environment.

Romantic or inappropriate social relationships between students and District employees are prohibited. Any sexual relationship between a student and a District employee is always prohibited, even if consensual.

By Others

Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
3. Otherwise adversely affects the student's educational opportunities.

Examples

Examples of sexual harassment of a student may include, but are not limited to, sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Necessary or permissible physical contact such as assisting a child by taking the child's hand, comforting a child with a hug, or other physical contact not reasonably construed as sexual in nature is not sexual harassment.

Other Prohibited Harassment

Prohibited harassment of a student is defined as physical, verbal, or nonverbal conduct based on the student's race, color, gender, national origin, disability, or religion that is so severe, persistent, or pervasive that the conduct:

1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
3. Otherwise adversely affects the student's educational opportunities.

Examples

Examples of prohibited harassment may include, but are not limited to, offensive or derogatory language directed at another person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes, name calling, slurs, or rumors; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

Reporting Procedures

Any student who believes that he or she has experienced prohibited harassment should immediately report the alleged acts to a teacher, counselor, principal, or other District employee.

Any District employee who receives notice that a student has or may have experienced prohibited harassment is required to immediately report the alleged acts to an appropriate person designated below.

Any other person who knows or believes that a student has experienced prohibited harassment should immediately report the alleged acts to the appropriate person designated below.

Reports of known or suspected child abuse or neglect shall be made as required by law. [See FFG]

Timely Reporting

Reports of harassment shall be made as soon as possible after the alleged acts. A failure to promptly report alleged harassment may impair the District's ability to investigate and address the harassment.

Oral or written reports of prohibited harassment shall normally be made to the campus principal. A person shall not be required to report harassment to the alleged harasser; nothing in this policy prevents a person from reporting harassment directly to one of the District officials below:

District Officials

1. For sexual harassment, the Title IX coordinator, Asheley Brown, Executive Director of Human Resource Services. [See FB(LOCAL)]
2. For all other prohibited harassment, the Superintendent.

A report against the Title IX coordinator may be made directly to the Superintendent; a report against the Superintendent may be made directly to the Board.

Notification of Report

Upon receipt of a report of harassment, a principal shall immediately notify the appropriate District official listed above.

Notice to Parents

The principal or District official shall promptly notify the parents of any student alleged to have experienced prohibited harassment by a District employee or another adult associated with the District. In cases of student-to-student harassment, the District shall promptly notify the parents of any student alleged to have experienced harassment when the allegations presented, if proven, would constitute sexual harassment or other prohibited harassment as defined by District policy.

Confidentiality

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

Investigation of the Report

The District may request, but shall not insist upon, a written report. If a report is made orally, the District official shall reduce the report to written form.

Upon receipt or notification of a report, the District official shall determine whether the allegations, if proven, would constitute sexual harassment or other prohibited harassment as defined by District policy. If so, the District official shall immediately authorize or undertake an investigation.

If appropriate, the District shall promptly take interim action to prevent harassment during the course of an investigation.

The investigation may be conducted by the District official or a designee, such as the campus principal, or by a third party designated by the District, such as an attorney. When appropriate, the campus principal shall be involved in or informed of the investigation.

The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations.

The District's obligation to conduct an investigation is not satisfied by the fact that a criminal or regulatory investigation regarding the same or similar allegations is pending.

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within ten business days from the date of the report; however, the investigator shall take additional time if necessary to complete a thorough investigation.

The investigator shall prepare a written report of the investigation. The report shall be filed with the District official overseeing the investigation.

District Action

If the results of an investigation indicate that prohibited harassment occurred, the District shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the harassment.

The District may take disciplinary action based on the results of an investigation, even if the District concludes that the conduct did not rise to the level of harassment prohibited by law or District policy.

Appeal

A student, including a complainant, may appeal through FNG (LOCAL), beginning at the appropriate level. A complainant shall be informed of his or her right to file a complaint with the United States Department of Education Office for Civil Rights.

Retaliation Prohibited

Retaliation against a student alleged to have experienced harassment, a witness, or another person who makes a report or participates in an investigation is strictly prohibited. A person who makes a good faith report of prohibited harassment shall not suffer retaliation for making the report. A person who intentionally makes a false claim, offers false statements, or refuses to

cooperate with a District investigation regarding prohibited harassment is subject to appropriate discipline.

Records Retention

Retention of records shall be in accordance with FB(LOCAL).

Access to Policy

Information regarding this policy shall be distributed annually to District employees and included in the student handbook. Copies of the policy shall be readily available at each campus and the District's administrative offices.

Reporting Suspected Child Abuse

Policies DG, GRA

All employees are required by state law to report any suspected child abuse or neglect, as defined by Texas Family Code §26.001, to a law enforcement agency, Child Protective Services, or appropriate state agency (e.g., state agency operating, licensing, certifying, or registering a facility) within 48 hours of the event that led to the suspicion. Alleged abuse or neglect involving a person responsible for the care, custody, or welfare of the child (including a teacher) must be reported to CPS.

Employees are also required to make a report if they have cause to believe that an adult was a victim of abuse or neglect as a child and they determine in good faith that the disclosure of the information is necessary to protect the health and safety of another child or person with a disability.

Reports to Child Protective Services can be made to www.txabusehotline.org/Login/Default.aspx or to the Texas Abuse Hotline (800-252-5400). ***State law specifies that an employee may not delegate to or rely on another person or administrator to make the report.***

Under state law, any person reporting or assisting in the investigation of reported child abuse or neglect is immune from liability unless the report is made in bad faith or with malicious intent. In addition, the District is prohibited from retaliating against an employee who, in good faith, reports child abuse or neglect or who participates in an investigation regarding an allegation of child abuse or neglect.

An employee's failure to report suspected child abuse may result in prosecution as a Class A misdemeanor. The offense of failure to report by a professional may be a state jail felony if it is shown the individual intended to conceal the abuse or neglect. In addition, a certified employee's failure to report suspected child abuse may result in disciplinary procedures by SBEC for a violation of the Texas Educators' Code of Ethics.

Employees who suspect that a student has been or may be abused or neglected should also report their concerns to the campus principal. This includes students with disabilities who are no longer

minors. Employees are not required to report their concern to the principal before making a report to the appropriate agency.

Reporting the concern to the principal does not relieve the employee of the requirement to report it to the appropriate state agency. In addition, employees must cooperate with investigators of child abuse and neglect. Interference with a child abuse investigation by denying an interviewer's request to interview a student at school or requiring the presence of a parent or school administrator against the desires of the duly authorized investigator is prohibited.

Sexual Abuse and Maltreatment of Children

The District has established a plan for addressing sexual abuse and other maltreatment of children, which may be accessed at the [LEISD Student Code of Conduct](#). As an employee, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused or maltreated. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Maltreatment is defined as abuse or neglect. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility under state law for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS). Employees are required to follow the procedures described above in *Reporting Suspected Child Abuse*.

What to look for:

Physical Abuse

Common indicators of physical abuse include:

- Frequent injuries such as bruises, cuts, black eyes, or burns, especially when the child cannot adequately explain their cause
- Frequent complaints of pain without obvious injury
- Burns or bruises in an unusual pattern which may indicate the use of an instrument or a human bite; cigarette burns may be seen on the face, arms, or palms
- Aggressive, disruptive, and destructive behavior
- Passive, withdrawn, and emotionless behavior
- Lack of reaction to pain
- Fear of going home, seeing parents
- Injuries which appear after the child has not been seen for several days
- Wears unseasonable clothes, which may hide injuries to arms or legs

Neglect

Common indicators of neglect include:

- Obvious malnourishment
- Lack of personal cleanliness
- Habitually dressed in torn and/or dirty clothes
- Unattended for long periods of time

- Needs glasses, dental care, or other medical attention
- Begs or steals food
- Frequently absent or late to school

Sexual Abuse

Common indicators of sexual abuse include:

- Physical signs of sexually transmitted disease
- Evidence of injury to the genital areas
- Pregnancy in a young girl
- Difficulty in walking or sitting
- Frequent expressions of their own or other children's sexual involvement with adults
- Extreme fear of being alone with members of the opposite sex
- Engages in sexually suggestive or promiscuous behavior
- Knowledgeable about sexual relations
- Reports sexual assault

Reporting Crime

Policy DG

The Texas Whistleblower Act Protects district employees who make good faith reports of violations of law by the district to an appropriate law enforcement authority. The district is prohibited from suspending, terminating the employment of, or taking other adverse personnel action against, an employee who makes a report under the Act. State law also provides employees with the right to report a crime witnessed at the school to any peace officer with authority to investigate the crime.

Scope and Sequence

Policy DG

If a teacher determines that students need more or less time in a specific area to demonstrate proficiency in the Texas Essential Knowledge and Skills (TEKS) for that subject and grade level, the district will not penalize the teacher for not following the district's scope and sequence.

The district may take appropriate action if the teacher does not follow the district's scope and sequence based on documented evidence of a deficiency in classroom instruction. This documentation can be obtained through observation or substantiated and documented third-party information.

Technology Resources

Policy CQ

The District's technology resources, including its networks, e-mail accounts, devices connected to its networks, and all District-owned devices used on or off school property are primarily for administrative and instructional purposes. Limited personal use is permitted if the use:

- Imposes no tangible cost to the District.
- Does not unduly burden the District's computer or network resources
- Has no adverse effect on job performance or on a student's academic performance

Electronic mail transmissions and other use of the technology resources are not confidential and can be monitored at any time to ensure appropriate use.

Employees are required to abide by the provisions of the acceptable use agreement and administrative procedures. Failure to do so can result in suspension of access or termination of privileges and may lead to disciplinary action. Employees with questions about computer use and data management can contact the Director of Instructional Technology.

Personal Use of Electronic Media

Policy DH

Electronic communications includes all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), web logs (blogs), wikis, electronic forums (chat rooms), video-sharing websites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, Twitter, LinkedIn, Instagram). Electronic communications also includes all forms of telecommunication such as landlines, cell phones, and web-based applications.

As role models for the district's students, employees are responsible for their public conduct even when they are not acting as district employees. Employees will be held to the same professional standards in their public use of electronic media as they are for any other public conduct. If an employee's use of electronic media interferes with the employee's ability to effectively perform his or her job duties, the employee is subject to disciplinary action, up to and including termination of employment. If an employee wishes to use a social network site or similar media for personal purposes, the employee is responsible for the content on the employee's page, including content added by the employee, the employee's friends, or members of the public who can access the employee's page, and for web links on the employee's page. The employee is also responsible for maintaining privacy settings appropriate to the content.

An employee who uses electronic media for personal purposes shall observe the following:

The employee may not set up or update the employee's personal social network page(s) using the district's computers, network, or equipment.

- The employee may not set up or update the employee's personal social network pages(s) using the district's computers, network, or equipment.
- The employee shall limit use of personal electronic communication devices to send or receive calls, text messages, pictures, and videos to breaks, meal times, and before and after scheduled work hours, unless there is an emergency or the use is authorized by a supervisor to conduct district business.
- The employee shall not use the district's logo or other copyrighted material of the district without express, written consent.
- An employee may not share or post, in any format, information, videos, or pictures obtained while on duty or on district business unless the employee first obtains written approval from the employee's immediate supervisor. Employees should be cognizant that they have access to information and images that, if transmitted to the public, could violate privacy concerns.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Texas Educators' Code of Ethics, even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off campus. These restrictions include:
 - Confidentiality of student records [See Policy FL]
 - Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law [See DH (EXHIBIT)]
 - Confidentiality of district records, including educator evaluations and private e-mail addresses. [See Policy GBA]
 - Copyright law [See Policy CY]
 - Prohibition against harming others by knowingly making false statements about a colleague or the school system. [See DH (EXHIBIT)]

See *Electronic Communications between Employees, Students, and Parents*, below, for regulations on employee communication with students through electronic media.

Electronic Communications between Employees, Students, and Parents

Policy DH

A certified or licensed employee, or any other employee designated in writing by the superintendent or a campus principal, may use electronic communications with students who are currently enrolled in the district. The employee must comply with the provisions outlined below. Electronic communications between all other employees and students who are enrolled in the

district are prohibited. Employees are not required to provide students with their personal phone number or email address.

An employee is not subject to provisions regarding electronic communications with a student to the extent the employee has a social or family relationship with a student. For example, an employee may have a relationship with a niece or nephew, a student who is the child of an adult friend, a student who is a friend of the employee's child, or a member or participant in the same civic, social, recreational, or religious organization. An employee who claims an exception based on a social relationship shall provide written consent from the student's parent. The written consent shall include an acknowledgement by the parent that:

- The employee has provided the parent with a copy of this protocol
- The employee and the student have a social relationship outside of school;
- The parent understands that the employee's communications with the student are excepted from district regulation; and
- The parent is solely responsible for monitoring electronic communications between the employee and the student.

The following definitions apply for the use of electronic media with students:

- *Electronic communications* means any communication facilitated by the use of any electronic device, including a telephone, cellular telephone, computer, computer network, personal data assistant, or pager. The term includes e-mail, text messages, instant messages, and any communication made through an Internet website, including a social media website or a social networking website.
- *Communicate* means to convey information and includes a one-way communication as well as a dialogue between two or more people. A public communication by an employee that is not targeted at students (e.g., a posting on the employee's personal social network page or a blog) is not a *communication*; however, the employee may be subject to district regulations on personal electronic communications. See *Personal Use of Electronic Media*, above. Unsolicited contact from a student through electronic means is not a *communication*.
- *Certified or licensed employee* means a person employed in a position requiring SBEC certification or a professional license, and whose job duties may require the employee to communicate electronically with students. The term includes classroom teachers, counselors, principals, librarians, paraprofessionals, nurses, educational diagnosticians, licensed therapists, and athletic trainers.

An employee who communicates electronically with students shall observe the following:

- The employee is prohibited from knowingly communicating with students using any form of electronic communications, including mobile and web applications, that are not provided or accessible by the district unless a specific exception is noted below.
- Only a teacher, trainer, or other employee who has an extracurricular duty may use text messaging, and then only to communicate with students who participate in the

extracurricular activity over which the employee has responsibility. An employee who communicates with a student using text messaging shall comply with the following protocol:

- **For each text message addressed to one or more students, the employee shall send a copy of the text message to the employee's district email address.**
- The employee shall limit communications to matters within the scope of the employee's professional responsibilities (e.g., for classroom teachers, matters relating to class work, homework, and tests; for an employee with an extracurricular duty, matters relating to the extracurricular activity).
- The employee is prohibited from knowingly communicating with students through a personal social network page; the employee must create a separate social network page ("professional page") for the purpose of communicating with students. The employee must enable administration and parents to access the employee's professional page.
- The employee shall not communicate directly with any student between the hours of 7:00 p.m. and 6:00 a.m. An employee may, however, make public posts to a social network site, blog, or similar application at any time.
- The employee does not have a right to privacy with respect to communications with students and parents.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Texas Educators' Code of Ethics including:
 - Compliance with the Public Information Act and the Family Educational Rights and Privacy Act (FERPA), including retention and confidentiality of student records. [See Policies CPC and FL]
 - Copyright law [Policy CY]
 - Prohibitions against soliciting or engaging in sexual conduct or a romantic relationship with a student. [See Policy DH]
- Upon request from administration, an employee will provide the phone number(s), social network site(s), or other information regarding the method(s) of electronic media the employee uses to communicate with one or more currently-enrolled students.
- Upon written request from a parent or student, the employee shall discontinue communicating with the student through e-mail, text messaging, instant messaging, or any other form of one-to-one communication.
- An employee may request an exception from one or more of the limitations above by submitting a written request to his or her immediate supervisor.
- All staff are required to use school email accounts for all electronic communications with parents. Communication about school issues through personal email accounts or text messages are not allowed as they cannot be preserved in accordance with the district's record retention policy

- An employee shall notify his or supervisor in writing within one business day if a student engages in an improper electronic communication with the employee. The employee should describe the form and content of the electronic communication.

An employee may request an exception from one or more of the limitations above by submitting a written request to his or her immediate supervisor.

Public Information on Private Devices

Policy DH

Employees should not maintain district information on privately owned devices. Any district information must be forwarded or transferred to the district to be preserved. The district will take reasonable efforts to obtain public information in compliance with the Public Information Act.

Reasonable efforts may include:

- Verbal or written directive
- Remote access to district-owned devices and services

Criminal History Background Checks

Policy DBAA

Employees may be subject to a review of their criminal history record information at any time during employment. National criminal history checks based on an individual's fingerprints, photo, and other identification will be conducted on certain employees and entered into the Texas Department of Public Safety (DPS) Clearinghouse. This database provides the District and SBEC with access to an employee's current national criminal history and updates to the employee's subsequent criminal history.

Employee Arrests and Convictions

Policy DH

An employee must notify his or her principal or immediate supervisor within three calendar days of any arrest, indictment, conviction, no contest or guilty plea, or other adjudication of any felony, and any of the other offenses listed below:

- Crimes involving school property or funds
- Crimes involving attempt by fraudulent or unauthorized means to obtain or alter any certificate or permit that would entitle any person to hold or obtain a position as an educator
- Crimes that occur wholly or in part on school property or at a school-sponsored activity
- Crimes involving moral turpitude

Moral turpitude includes the following:

- Dishonesty
- Fraud
- Deceit
- Theft
- Misrepresentation
- Deliberate violence
- Base, vile, or depraved acts that are intended to arouse or gratify the sexual desire of the actor
- Crimes involving any felony possession or conspiracy to possess, or any misdemeanor or felony transfer, sale, distribution, or conspiracy to transfer, sell, or distribute any controlled substance
- Felonies involving driving while intoxicated (DWI)
- Acts constituting abuse or neglect under the SBEC rules

If an educator is arrested or criminally charged, the superintendent is also required to report the educators' criminal history to the Division of Investigations at TEA.

Alcohol and Drug-Abuse Prevention

Policy DH

Little Elm ISD is committed to maintaining an alcohol- and drug-free environment and will not tolerate the use of alcohol and illegal drugs in the workplace and at school-related or school-sanctioned activities on or off school property. Employees who use or are under the influence of alcohol or illegal drugs as defined by the Texas Controlled Substances Act during working hours may be dismissed. The District's policy regarding employee drug use follows:

[Policy DH \(LOCAL\)](#)

Employees shall not unlawfully manufacture, distribute, dispense, possess, use, or be under the influence of any of the following substances during working hours while at school or at school-related activities during or outside of usual working hours:

1. Any controlled substance or dangerous drug as defined by law, including but not limited to marijuana, any narcotic drug, hallucinogen, stimulant, depressant, amphetamine, or barbiturate.
2. Alcohol or any alcoholic beverage.
3. Any abusable glue, aerosol paint, or any other chemical substance for inhalation.
4. Any other intoxicant, or mood-changing, mind-altering, or behavior-altering drugs.

An employee need not be legally intoxicated to be considered "under the influence" of a controlled substance.

Compliance with these requirements and prohibitions is mandatory and is a condition of employment. As a further condition of employment, an employee shall notify the superintendent of any criminal drug statute conviction the employee incurs for a violation in a workplace no later than five days after such conviction.

Within 30 calendar days of the superintendent receiving notice of any source of conviction for any drug statute violation occurring in the workplace, the superintendent or designee shall either (1) take appropriate personnel action against the employee, up to and including termination of employment or referral for prosecution or (2) require the employee to participate satisfactorily in a drug and alcohol abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health agency, law enforcement agency, or other appropriate agency. The cost of any such program shall be borne by the employee

[This notice complies with notice requirements imposed by the federal Drug-Free Workplace Act [20 U.S.C. 3471, 1221e-3(a)(1) and 34 CFR 85.630]; notice requirements imposed by the federal Drug-Free Schools and Communities Act Amendments of 1989 [20 U.S.C. 3224a and 34 CFR 86.201; and requirements imposed by the Texas Workers' Compensation Commission rules at 28 TAC 169.2]

An employee who uses a drug authorized by a licensed physician through a prescription specifically for that employee's use shall not be considered to have violated this policy.

Tobacco Use and E-Cigarette Use

Policies DH, FNCD GKA

State law prohibits smoking, using tobacco products, or e-cigarettes on all District-owned property and at school-related or school-sanctioned activities, on or off school property. This includes all buildings, playground areas, parking facilities, and facilities used for athletics and other activities. Drivers of District-owned vehicles are prohibited from smoking, using tobacco products, or e-cigarettes while inside the vehicle. Notices stating that smoking is prohibited by law and punishable by a fine are displayed in prominent places in all school buildings.

Fraud and Financial Impropriety

Policy CAA

All employees should act with integrity and diligence in duties involving the District's financial resources. The District prohibits fraud and financial impropriety, as defined below. Fraud and financial impropriety include the following:

- Forgery or unauthorized alteration of any document or account belonging to the District
- Forgery or unauthorized alteration of a check, bank draft, or any other financial document
- Misappropriation of funds, securities, supplies, or other District assets including employee time
- Impropriety in the handling of money or reporting of District financial transactions

- Profiteering as a result of insider knowledge of District information or activities
- Unauthorized disclosure of confidential or proprietary information to outside parties
- Unauthorized disclosure of investment activities engaged in or contemplated by the District
- Accepting or seeking anything of material value from contractors, vendors, or other persons providing services or materials to the District, except as otherwise permitted by law or District policy
- Inappropriately destroying, removing, or inappropriately using records, furniture, fixtures, or equipment
- Failing to provide financial records required by state or local entities
- Failure to disclose conflicts of interest as required by policy
- Any other dishonest act regarding the finances of the District
- Failure to comply with requirements imposed by law, the awarding agency, or a pass-through entity for state and federal awards

Conflict of Interest

Policy CB, DBD

Employees are required to disclose to their supervisor any situation that creates a potential conflict of interest with proper discharge of assigned duties and responsibilities or creates a potential conflict of interest with the best interests of the District. This includes the following:

- A personal financial interest
- A business interest
- Any other obligation or relationship
- Non-school employment

Gifts and Favors

Policy DBD

Employees may not accept gifts or favors that could influence, or be construed to influence, the employee's discharge of assigned duties. The acceptance of a gift, favor, or service by an administrator or teacher that might reasonably tend to influence the selection of textbooks, electronic textbooks, instructional materials or technological equipment may result in prosecution of a Class B misdemeanor offense. This does not include staff development, teacher training, or instructional materials such as maps or worksheets that convey information to students or contribute to the learning process.

Copyrighted Materials

Policy CY

Employees are expected to comply with the provisions of federal copyright law relating to the unauthorized use, reproduction, distribution, performance, or display of copyrighted materials (i.e., printed material, videos, computer data and programs, etc.). Electronic media, including motion pictures and other audiovisual works, are to be used in the classroom for instructional purposes only. Duplications are to be used in the classroom for educational purposes only. Duplication or backup of computer programs and data must be made within the provisions of the purchase agreement.

Associations and Political Activities

Policy DGA

The District will not directly or indirectly discourage employees from participating in political affairs or require any employee to join any group, club, committee, organization, or association. Employees may join or refuse to join any professional association or organization.

An individual's employment will not be affected by membership or a decision not to be a member of any employee organization that exists for the purpose of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work. Use of District resources including work time for political activities is prohibited.

The District encourages personal participation in the political process, including voting. Employees who need to be absent from work to vote during the early voting period or on election day must communicate with their immediate supervisor prior to the absence.

Charitable Contributions

Policy DG

The Board or any employee may not directly or indirectly require or coerce an employee to make a contribution to a charitable organization or in response to a fund-raiser. Employees cannot be required to attend a meeting called for the purpose of soliciting charitable contributions. In addition, the Board or any employee may not directly or indirectly require or coerce an employee to refrain from making a contribution to a charitable organization or in response to a fund raiser or attending a meeting called for the purpose of soliciting charitable contributions.

Safety

Policy CK series

The District has developed and promotes a comprehensive program to ensure the safety of its employees, students, and visitors. The safety program includes guidelines and procedures for responding to emergencies and activities to help reduce the frequency of accidents and injuries. To prevent or minimize injuries to employees, coworkers, and students and to protect and conserve District equipment, employees must comply with the following requirements:

- Observe all safety rules.
- Keep work areas clean and orderly at all times.
- Immediately report all accidents to their supervisor.
- Operate only equipment or machines for which they have training and authorization.

While driving on district business, employees are required to abide by all state and local traffic laws. Employees driving on district business are prohibited from texting and using other electronic devices that require both visual and manual attention while the vehicle is in motion. Employees will exercise care and sound judgment on whether to use hands-free technology while the vehicle is in motion.

Pursuant to International Fire Code 2003 Section 308, a person shall not utilize or be allowed to utilize a candle, open flame and/or candle warmers in connection with a public meeting place or gathering for purposes of educational occupancy.

Furthermore, pursuant to Fire Code Chapter 803.3.2, artwork and teaching materials shall be limited on the walls to not more than 20% of the wall area.

Employees with questions or concerns relating to safety programs and issues can contact Little Elm ISD Human Resource Services.

Possession of Firearms and Weapons

Policies DH, FNCG, GKA

Employees, visitors, and students, including those with a license to carry a concealed handgun, are prohibited from bringing firearms, knives, clubs or other prohibited weapons onto school premises (i.e., building or portion of a building) or any grounds or building where a school-sponsored activity takes place. A person, including an employee, who holds a license to carry a handgun may transport or store a handgun or other firearm or ammunition in a locked vehicle in a parking lot, garage, or other district provided parking area, provided the handgun or firearm or ammunition is properly stored, and not in plain view. To ensure the safety of all persons, employees who observe or suspect a violation of the District's weapons policy should report it to their supervisor or call the local authorities immediately.

Visitors in the Workplace

Policy GKC

All visitors are expected to enter any District facility through the main entrance and sign in or report to the building's main office. Authorized visitors will receive directions or be escorted to their destination. Employees who observe an unauthorized individual on the District premises should immediately direct him or her to the building office or contact the administrator in charge.

Any guests/visiting teachers must submit a background check (level 3) through the District system at least 48 hours prior to their scheduled visit to the campus. Guest/visiting teachers without background clearance will not be permitted on campus with students.

Asbestos Management Plan

Policy CKA

The District is committed to providing a safe environment for employees. An accredited management planner has developed an asbestos management plan for each school. A copy of the District's management plan is kept in each building's office and is available for inspection during normal business hours.

Pest Control Treatment

Policies CLB, DI

Employees are prohibited from applying any pesticide or herbicide without appropriate training and prior approval of the integrated pest management (IPM) coordinator. Any application of pesticide or herbicide must be done in a manner prescribed by law and the District's integrated pest management program.

Notices of planned pest control treatment will be posted in a District building 48 hours before the treatment begins. Notices are generally located in the main entrances of the building. In addition, individual employees may request in writing to be notified of pesticide applications. An employee who requests individualized notice will be notified by telephone, written or electric means. Pest control information sheets are available from Danny Cogdell, the District IPM Coordinator, at (972) 947-9456 x13004 or email at dcogdell@leisd.ws upon request.

Little Elm ISD has a policy that requires us to follow integrated pest management (IPM) procedures to control pests on school grounds. Little Elm ISD strives to use the safest effective procedures to manage pests, including a variety of non-chemical control measures; however pesticide use is sometimes necessary to maintain adequate pest control and assure a safe, pest-free school environment.

All pesticides used in our District are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Prior to indoor applications, signs will be posted 48 hours in advance of the treatment. All outdoor applications will be posted at the time of treatment and signs will remain until it is safe to enter the area. Parents with further questions, or who wish to be notified directly about upcoming pesticide applications on their children's campus, can contact Danny Cogdell, the District IPM Coordinator, at (972) 947-9456 x13004 or email at dcogdell@leisd.ws

General Procedures

Emergency School Closing

The District may close schools because of severe weather, epidemics, or other emergency conditions. When such conditions exist, the Superintendent will make the official decision concerning the closing of the District's facilities. When it becomes necessary to open late, to release students early, or to cancel school, District officials will post a notice on the District's Web site and notify the following radio and television stations:

WBAP 820 radio and **Channels 4, 5, 8 and 11** television stations.

Every attempt will be made to post information on the LEISD website (www.littleelmsd.net) and District social media in a timely manner.

Emergencies

Policies CKC, CKD

All employees should be familiar with the safety procedures for responding to emergencies, including a medical emergency. Employees should locate evacuation diagrams posted in their work areas and be familiar with shelter in place, lockout, and lockdown procedures. . Emergency drills will be conducted to familiarize employees and students with safety and evacuation procedures. Each campus is equipped with an automatic external defibrillator and Stop the Bleed Kit. Fire extinguishers are located throughout all District buildings. Employees should know the location of these devices and procedures for their use.

Purchasing Procedures

Policy CH

All requests for purchases must be submitted to the Little Elm ISD Business department on an official District purchase order (PO) form with the appropriate approval signatures. No purchases, charges, or commitments to buy goods or services for the District can be made

without a PO number. The District will not reimburse employees or assume responsibility for purchases made without authorization. Employees are not permitted to purchase supplies or equipment for personal use through the District's business office. Contact Little Elm ISD Business department for additional information on purchasing procedures.

Accounting - Cash in School Buildings This applies to all state funds, local taxes, cafeteria or activity funds, and funds raised by students. Any District employee who comes into possession of any District funds shall turn the same into the school office (or designated official) on a daily basis. The employee turning in the money shall be given a proper receipt and shall be responsible for obtaining such receipt. The money turned in shall be deposited in a school vault daily. District funds coming into the hands of any employee from any source shall be kept separate until turned in and receipted; no employee shall allow District funds to be commingled with personal funds.

Money Handling

No money shall be kept in the school buildings overnight except for enough to make change next day. Teachers who sell things or collect money should turn that money into the principal's office **daily**. Each principal is responsible for managing a sound method for the handling and accounting of money.

Returned Check Policy The District uses a third party, Paytek Solutions, to process returned checks on our behalf. Checks that do not clear the bank on the initial presentation are forwarded to Paytek for collection. Paytek will charge the check writer a \$31.88 fee for their service.

Name and Address Changes

It is important that employment records be kept up to date. Employees must notify the Little Elm ISD Human Resource Services office if there are any changes or corrections to their name, home address, contact telephone number, marital status, emergency contact, or beneficiary. **Address and phone changes may be submitted through [Employee Access accounts](#).** Please contact the Benefits Department for assistance. You will also need to update records with TEA (SBEC) and TRS.

Personnel Records

Policy DBA, GBA

Most District records, including personnel records, are public information and must be released upon request. In most cases, an employee's personal email address is confidential and may not be released without the employee's permission.

Employees may choose to have the following personal information withheld:

- Address
- Phone number, including cell phone number
- Emergency contact information
- Information that reveals whether they have family members
- Personal e-mail address

The choice to not allow public access to this information may be made at any time by submitting a written request to Little Elm ISD Human Resource Services department. New or terminated employees have 14 days after hire or termination to submit a request. Otherwise, personal information will be released to the public until a request to withhold the information is submitted or another exception for release of information under law applies. An employee is responsible for notifying the district if he or she is subject to any exception for disclosure of personal or confidential information.

HB 2961 specifies that the social security number of an employee or former employee is confidential and cannot be used as an employee identifier except for tax purposes.

Facility Use

Policies DGA, GKD

Employees who wish to use District facilities after school hours must follow established procedures. The building principal and the maintenance department is responsible for scheduling the use of facilities after school hours. Contact the campus principal to request to use school facilities and to obtain information on the fees charged.

Keys and Access Fobs

Principals issue the keys and access fobs to their buildings. Keys and access fobs are checked out at the beginning of the year and must be checked back in at the end of the school year. School keys and access fobs are **not** to be copied or loaned to others.

Dress

DH (Local)

The dress and grooming of District employees shall be clean, neat, in a manner appropriate for assignments and in accordance with any additional standards established by their supervisors and approved by the Superintendent.

Only professional attire shall be worn by professional and paraprofessional personnel for days of student instruction and for professional learning days on or off campus. Employees shall act as

role models by exemplifying the highest standard of professional appearance for the educational purposes of teaching community values and proper grooming and hygiene.

1. Employees are expected to dress in a manner that projects a professional image for the employee, District, and community.
2. Style of clothing should always reflect a professional and business-like atmosphere. Clothing should not attract unfavorable attention. This guideline applies to regular workday, professional learning and summer employment time.
3. Tattoos, body art, or piercings that are distracting, lewd, provocative, or depict unlawful actions or products, incite violence or lawlessness are inappropriate and must be covered or removed at work.
4. Administrators and supervisors shall have the discretion to determine appropriateness of attire for all personnel in certain grades or subjects (physical education, agriculture, auto mechanics, building trades, special education), or for medical necessities.
5. Support staff (custodial, food service, maintenance, and transportation employees) shall dress appropriately as described in their respective guidelines.
6. District employee's hair should be appropriate and not a distraction to the learning environment.

Recommended Standards Of Dress:

Employees in the Child Care, Custodian, Maintenance, Grounds, and Child Nutrition departments will follow their department specific dress guidelines provided by their supervisor. All other professional and paraprofessional district employees will adhere to the following minimum standard of professional dress:

- Slacks (may be Docker-style), skirts and dresses of appropriate length
- Shirts (not t-shirts) and blouses with or without collars can be button-down or plain front)
- Dress-style polo shirts
- Sweaters or turtlenecks
- Dress capri/cropped pants that are at least mid-calf length
- Sensible shoes appropriate to the assignment

Conditions Under Which Exceptions Could Be Made

- Designated casual days
- Designated "special occasion day"
- Spirit Day at schools
- Medical necessity
- Teacher workday
- Other conditions that are deemed occupationally necessary

Clothing Items That Are Inappropriate In Any Venue

- Flip flops / beach wear
- Torn or worn-out clothing
- Pants with frayed hems or that drag the ground

- Tight fitting or revealing clothing
- Tops with spaghetti straps or tank tops without a jacket
- Clothing that shows bare midriffs
- Lingerie-style clothing
- Short skirts
- Workout clothing/jogging suits/sweatpants and sweatshirts/spandex or jeggings
- Sheer or see-through clothing
- Pajamas/sleepwear/house slippers
- Shorts/skorts (unless occupationally necessary – ie., PE teachers/coaches*)

*Coaches wear athletic clothing only during athletic periods. Professional dress is required during your instructional teaching assignments.

Jeans And Spirit Wear

- Jeans may only be worn on Spirit Days in conjunction with a school shirt.
- They may also be worn on specially designated days, as approved by the supervisor

The principal/supervisor may authorize exceptions to the dress code for special days and/or when an activity warrants exceptions.

Employees who fail to adhere to the aforementioned standards of dress, will be asked to leave the work setting and return when appropriately attired. Repeated failure to demonstrate appropriate personal appearance will result in disciplinary action up to and including termination of employment.

Termination of Employment

Resignations

Policy DFE

Contract Employees. Contract employees may resign their position without penalty at the end of any school year if written notice is received at least 45 days before the first day of instruction of the following school year. A written notice of resignation should be submitted to the superintendent through TalentEd. Contract employees may resign at any other time only with the approval of the superintendent or the board of trustees. Resignation without consent may result in disciplinary action by the State Board for Educator Certification (SBEC).

The principal is required to notify the superintendent of an educator's resignation following an alleged incident of misconduct for any of the acts listed in *Reports to Texas Education Agency*. The superintendent will notify SBEC when an employee resigns and reasonable evidence exists to indicate that the employee has engaged in of the same acts.

Noncontract Employees. Noncontract employees may resign their position at any time. A written notice of resignation should be submitted through the TalentEd system at least two weeks prior to the effective date. Employees are encouraged to include the reasons for leaving in the letter of resignation but are not required to do so.

Additional information regarding the resignation process can be found [here on the LEISD Human Resources Department website.](#)

All employees. Resignations must be entered through the TalentEd system by logging in to the employee's account and entering the required information.

Dismissal or Nonrenewal of Contract Employees

Policies DFAA, DFAB, DFBA, DFBB, DFD, DFF, DFFA, DFFB, DFFC

Employees on probationary, term, and continuing contracts can be dismissed during the school year according to the procedures outlined in District policies. Employees on probationary or term contracts can be nonrenewed at the end of the contract term. Contract employees dismissed during the school year, suspended without pay, or subject to a reduction in force are entitled to receive notice of the recommended action, an explanation of the charges against them, and an opportunity for a hearing. The timelines and procedures to be followed when a suspension, termination, or nonrenewal occurs will be provided when a written notice is given to an employee. Advance notification requirements do not apply when a contract employee is dismissed for failing to obtain or maintain appropriate certification or when the employee's certification is revoked for misconduct. Information on the timelines and procedures can be found in the DF series policies that are provided to employees or are available on line.

Dismissal of Noncontract Employees

Policy DCD

Noncontract employees are employed at will and may be dismissed without notice, a description of the reasons for dismissal, or a hearing. It is unlawful for the District to dismiss any employee for reasons of race, color, religion, gender, national origin, age, disability, military status, genetic information, any other basis protected by law, or in retaliation for the exercise of certain protected legal rights. Noncontract employees who are dismissed have the right to grieve the termination. The dismissed employee must follow the District process outlined in this handbook when pursuing the grievance. (See *Complaints and Grievances*)

The principal is required to notify the superintendent of a noncertified employee's resignation or termination within seven business days following an alleged incident of misconduct of abuse of a student, or was involved in a romantic relationship with or solicited or engaged in sexual conduct with a student or minor. The superintendent will notify TEA within seven business days of

receiving a report from a principal, or knew about an employee's resignation or termination following an alleged incident of misconduct described above.

Discharge of Convicted Employees

Policy DF

The District shall discharge any employee who has been convicted of or placed on deferred adjudication community supervision for an offense requiring the registration as a sex offender or convicted of a felony under Title 5 Penal Code if the victim was a minor.

If the offense is more than 30 years before the date the person's employment began or the person satisfied all terms of the court order entered on conviction the requirement to discharge does not apply.

Exit Interviews and Procedures

Policies DC and CY

Exit interviews will be conducted electronically through TalentEd for all employees leaving the District. Information on the continuation of benefits, release of information, and procedures for requesting references will be provided at this time. Separating employees are asked to provide the District with a forwarding address and phone number and complete a questionnaire that provides the District with feedback on his or her employment experience. All District keys, books, property, including intellectual property, and equipment must be returned upon separation from employment.

Additional information regarding the resignation process can be found [here on the LEISD Human Resources Department website](#).

Reports to Texas Education Agency

Policies DF, DHB, DHC

Certified Employees. The resignation or termination of a certified employee must be reported to the Division of Investigations at TEA if there is evidence that the employee was involved in any of the following:

- Any form of sexual or physical abuse of a minor or any other unlawful conduct with a student or a minor
- Soliciting or engaging in sexual contact or a romantic relationship with a student or minor
- The possession, transfer, sale, or distribution of a controlled substance

- The illegal transfer, appropriation, or expenditure of district or school property or funds
- An attempt by fraudulent or unauthorized means to obtain or alter any certificate or permit for the purpose of promotion or additional compensation
- Committing a criminal offense or any part of a criminal offense on district property or at a school-sponsored event

The reporting requirements above are in addition to the superintendent's ongoing duty to notify TEA when a certified employee or an applicant for certification has a reported criminal history or engaged in conduct violating the assessment security procedures established under TEC 39.0301. "Reported criminal history" means any formal criminal justice system charges and dispositions including arrests, detentions, indictments, criminal information, convictions, deferred adjudications, and probations in any state or federal jurisdiction that is obtained by a means other than the Fingerprint-based Applicant Clearinghouse of Texas (FACT).

Noncertified Employees. The voluntary or involuntary separation of a noncertified employee from the District must be reported to the Division of Investigations at TEA by the superintendent if there is evidence the employee abused or otherwise committed an unlawful act with a student or minor, was involved in a romantic relationship with a student or minor, or solicited or engaged in sexual contact with a student or minor.

Reports Concerning Court-Ordered Withholding

The district is required to report the termination of employees that are under court order or writ of withholding for child support or spousal maintenance. Notice of the following must be sent to the support recipient and the court or, in the case of child support, the Texas Attorney General Child Support Division:

- Termination of employment not later than the seventh day after the date of termination
- Employee's last known address
- Name and address of the employee's new employer, if known

Student Issues

Equal Educational Opportunities

Policies FB, FFH

Little Elm ISD does not discriminate on the basis of race, color, religion, national origin, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

Questions or concerns about discrimination of students based on any of the reasons listed above should be directed to Asheley Brown, Executive Director of Human Resource Services.

Student Records

Policy FL

Student records are confidential and are protected from unauthorized inspection or use. Employees should take precautions to maintain the confidentiality of all student records. The following people are the only people who have general access to a student's records:

- Parents: Married, separated, or divorced unless parental rights have been legally terminated and the school has been given a copy of the court order terminating parental rights
- The student: The rights of parents transfer to a student who turns 18 or is enrolled in an institution of post-secondary education. A District is not prohibited from granting the student access to the student's records before this time.
- School officials with legitimate educational interests

The student handbook provides parents and students with detailed information on student records. Parents or students who want to review student records should be directed to the campus principal for assistance.

Parent and Student Complaints

Policy FNG

In an effort to hear and resolve parent and student complaints in a timely manner and at the lowest administrative level possible, the board has adopted orderly processes for handling complaints on different issues. Any campus office or the superintendent's office can provide parents and students with information on filing a complaint.

Parents are encouraged to discuss problems or complaints with the teacher or the appropriate administrator at any time. Parents and students with complaints that cannot be resolved to their satisfaction should be directed to the campus principal. The formal complaint process provides parents and students with an opportunity to be heard up to the highest level of management if they are dissatisfied with a principal's response.

Administering Medication to Students

Policy FFAC

Only designated employees may administer prescription medication, nonprescription medication, and herbal or dietary supplements to students. Exceptions apply to the self-administration of asthma medication, medication for anaphylaxis (e.g., EpiPen®), and medication for diabetes management, if the medication is self-administered in accordance with District policy and procedures. A student who must take any other medication during the school day must bring a written request from his or her parent and the medicine in its original, properly labeled container. Contact the principal or school nurse for information on procedures that must be followed when administering medication to students.

Dietary Supplements

Policies DH, FFAC

District employees are prohibited by state law from knowingly selling, marketing, or distributing a dietary supplement that contains performance-enhancing compounds to a student with whom the employee has contact as part of his or her school District duties. In addition, employees may not knowingly endorse or suggest the ingestion, intranasal application, or inhalation of a performance-enhancing dietary supplement to any student.

Psychotropic Drugs

Policy FFAC

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

District employees are prohibited by state law from doing the following:

- Recommending that a student use a psychotropic drug
- Suggesting a particular diagnosis
- Excluding from class or school-related activity a student whose parent refuses to consent to a psychiatric evaluation or to authorize the administration of a psychotropic drug to a student

Student Conduct and Discipline

Policies in the FN series and FO series

Students are expected to follow the classroom rules, campus rules, and rules listed in the Student Handbook and Student Code of Conduct. Teachers and administrators are responsible for taking disciplinary action based on a range of discipline management strategies that have been adopted by the District. Other employees that have concerns about a particular student's conduct should contact the classroom teacher or campus principal.

Student Attendance

Policy FEB

Teachers and staff should be familiar with the District's policies and procedures for attendance accounting. These procedures require minor students to have parental consent before they are allowed to leave campus. When absent from school, the student upon returning to school, must bring a note signed by the parent that describes the reason for the absence. These requirements are addressed in campus training and in the student handbook. Contact the campus principal for additional information.

Bullying

Policy FFI

Bullying is defined by §TEC 37.0832. All employees are required to report student complaints of bullying, including cyber bullying, to campus administration. The district's policy includes definitions and procedures for reporting and investigating bullying of students and is reprinted below:

[https://pol.tasb.org/Policy/Download/393?filename=FFI\(LOCAL\).pdf](https://pol.tasb.org/Policy/Download/393?filename=FFI(LOCAL).pdf)

Hazing

Policy FNCC

Students must have prior approval from the principal or designee for any type of "initiation rites" of a school club or organization. While most initiation rites are permissible, engaging in or permitting "hazing" is a criminal offense. Any teacher, administrator, or employee who observes a student engaged in any form of hazing, who has reason to know or suspect that a student intends to engage in hazing, or has engaged in hazing must report that fact or suspicion to the designated campus administrator.

Transporting Students in Personal Vehicle

Employees shall not transport students in their personal vehicles without prior written authorization of the student's parent/guardian and written approval from the employee's supervisor.

Other Student Issues

For any other student services issues not included, please contact LEISD Student Services and/or HR Services for guidance.

Suggestions for additions and improvements to this handbook are welcome and may be sent to the Human Resource Services Department.

FOOD AND NUTRITION MANAGEMENT

CO
(LOCAL)

Food Donation

The Superintendent shall be authorized to develop regulations for the District to donate or otherwise dispose of leftover food in accordance with law.

Meal Charges

State Law

As established by the Board, a student with an exhausted or insufficient balance on his or her meal card or meal account shall be allowed to continue to purchase meals for up to five school days the school year. The Superintendent shall develop administrative regulations for this grace period to address:

1. The District's processes for parent notification during the grace period, including a schedule for repayment; and
2. Whether the student will be limited to certain foods or beverages during this grace period, and, if so, the District's efforts to minimize overt identification of the student.

No fees or interest shall be charged by the District for meals purchased during the grace period.

Federal Law

For each campus that participates in the federal school breakfast or lunch programs under which students may incur a meal charge, the District's administrative regulations shall also address procedures for a student who has insufficient funds to purchase a meal following exhaustion of the grace period described above. The procedures shall address:

1. The parameters under which meals shall be served to the student;
2. The District's efforts to minimize overt identification of the student; and
3. How the District will attempt to collect unpaid debt in order to maintain the financial integrity of the food service account.

Subject:	TREASURY KEY SERVICES ADDED TO DEPOSITORY SERVICES				
Presenter or Contact Person:	Grant Anderson, Associate Superintendent and Chief Financial Officer				
Policy/Code:	BDAE				
Strategic Plan Goal:	Ensuring Fiscal Health and Sustainability				
Summary:	The addition of Treasury Key Services will create individual accounts for each campus and each campus Child Nutrition location. These additionally accounts will create efficiencies with cash receipts and facilitate research of transactions, returned checks, and deposit discrepancies. The accounts will be ZBAs (zero balance accounts) whose balances will automatically sweep into the General Operating Account at the close of business each day.				
Financial Implications:	\$1,836 annually plus \$200 implementation fee. The ZBA services will cost \$69 per month, and each individual account will have a \$4 monthly fee. There will be 21 individual accounts. The fees could be offset by Earnings Credits from the depository.				
Attachments:	Authorization and Agreement for Treasury Services.pdf Little Elm ISD TKey_Sig Card.pdf TKey Location Spreadsheet.xlsx				

Recommendation:	The Administration recommends approval of the addition of Treasury Key Services to the depository services.
Motion:	I move the Board approve the request to approve the addition of Treasury Key Services to the depository services as presented.

AUTHORIZATION AND AGREEMENT FOR TREASURY SERVICES

I am an authorized representative of the organization specified below (the "Customer"). By signing below, Customer acknowledges that it has received from Capital One ("Bank") its Treasury Management Terms and Conditions Agreement (the "Agreement") by virtue of its accessibility through the Bank's website, at <https://www.capitalone.com/treasury-management/terms-and-conditions/> and agrees to be bound by the General Provisions section of the Agreement, as well the sections of the Agreement for the various treasury management services (individually, each a "Service", collectively, the "Services") for which Customer shall enroll, as all may be amended from time to time, and any corresponding Operational Instructions that Bank deems necessary, all of which are specifically incorporated herewith as if set forth fully at length herein. The Agreement is supplemental to the Bank's Rules Governing Deposit Accounts, which is also specifically incorporated herewith, and is the agreement governing all deposit accounts maintained with Bank. The Services covered by the Agreement may change from time to time. Capitalized terms used herein and not otherwise defined, have the meanings given to them in the Agreement.

Upon full execution below, Customer may from time to time request Bank to provide any of the Services described in the Agreement. Customer may begin to use any such Service once Bank has approved such use and has received all required and properly executed forms and Customer has successfully completed any testing and training requirements. The Agreement supersedes any other agreements between the Customer and Bank with regard to the provision of Services.

Customer agrees that, in the event Bank receives an electronic signature (e.g., the clicking of an "I ACCEPT" button when presented with same), from Customer or its authorized user(s), in connection with the Agreement, any amendments thereto, or the Accounts associated therewith, Bank shall be entitled to rely on such electronic signature as Customer's authorization of the underlying action or request. Bank shall not be required to obtain a physical signature for such purposes or any other purpose, except as may be required by law.

I warrant that Customer has taken all action required by its applicable organizational documents to authorize me to execute and deliver on behalf of Customer this Authorization and Agreement for Treasury Services and any other documents Bank may require with respect to a Service. I am authorized to enter into all transactions contemplated by the provision of Services to Customer. These may include, but are not limited to, giving Bank instructions with regard to Electronic Funds Transfer Services and designating employees or agents to act in the name and on behalf of the Customer.

THE WORD "OWNER" REFERS TO THE BUSINESS ENTITY NAMED ABOVE.
BY OWNER'S AUTHORIZED REPRESENTATIVE(S) SIGNATURE(S) ABOVE, OWNER ACKNOWLEDGES AND AGREES TO THE FOLLOWING:
OWNER ACKNOWLEDGES RECEIPT OF A COPY OF THE BANK'S "RULES GOVERNING DEPOSIT ACCOUNTS," DEPOSIT AVAILABILITY POLICY, ELECTRONIC FUND TRANSFERS AGREEMENT AND DISCLOSURE FOR PERSONAL AND BUSINESS ACCOUNTS, AND ALL APPLICABLE PRODUCT DISCLOSURES AND/OR TERMS AND CONDITIONS ASSOCIATED WITH THE ACCOUNT, AND AGREES TO BE BOUND BY THE TERMS AND CONDITIONS OF THIS ACCOUNT AS DESCRIBED IN SAID DISCLOSURES, INCLUDING ANY AND ALL AMENDMENTS THERETO.

TAX IDENTIFICATION NUMBER TO BE USED FOR REPORTING : 75-1318916

TAXPAYER IDENTIFICATION NUMBER/BACKUP WITHHOLDING CERTIFICATION

Under penalties of perjury, I certify that: 1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and 2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and 3. I am a U.S. citizen or other U.S. person (defined below), and 4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from the FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN.

Subject:	DECLARING LIBRARY MATERIALS SURPLUS AND AUTHORIZING FOR DISPOSAL				
Presenter or Contact Person:	Jeff Wiseman, Director for Digital Learning and Library Services				
Policy/Code:	CI (LOCAL), CI (LEGAL)				
Summary:	Numerous items of library materials have exhausted their cycle of service. These items are either obsolete or beyond economical repair due to the condition, age, usefulness, or demand for the materials. Due to the age and condition of these items, Little Elm ISD Administration requests that the items identified on the attached "LEISD Libraries Weeded Items Lists for 2019-2020" be declared surplus and authorized for disposal.				
Financial Implications:	There is no financial impact to the budget.				
Attachments:	LEISD Libraries Weeded Items Lists for 2019-2020				
Recommendation:	The Administration recommends that the items identified in "LEISD Libraries Weeded Items Lists for 2019-2020" be declared surplus and authorize them for disposal.				
Motion:	I move the Board declare surplus the items identified in LEISD Libraries Weeded Items Lists for 2019-2020" and authorize them for disposal.

Subject:	AMENDMENT NO.3 TO GOLDSTAR TRANSIT, INC. CONTRACT FOR THE 2020-2021 SCHOOL YEAR				
Presenter or Contact Person:	Rod Reeves; Executive Director for Operational Services				
Policy/Code:	CAN (LEGAL)				
Strategic Plan Goal:	Ensuring Fiscal Health & Sustainability				
Summary:	<p>Little Elm ISD outsources transportation services with Goldstar Transit, Inc. The LEISD Administration is requesting an amendment to the contract for the 2020-21 school year. In accordance with Section 15f of LEISD agreement with Goldstar Transit, Inc, requested increase in rates are based on the Dallas-Fort Worth Consumer Price Index, All Urban Consumers, for the twelve-month period ending in March for that year. Paragraph 11c stipulates that in no event shall the increase be less than 2%. If the CPI-U is below 2%, then the rate increase will be 2%. HOWEVER, in November 2019, a 6.7% rate increase, effective immediately, was agreed upon to increase driver wages. It was further agreed that the rate increase for the 2020-2021 school year would be one-half of two percent (2%) minimum. THEREFORE, the rate increase for the 2020-2021 school year is one percent (1%).</p> <p>The requested budget also includes the additions of two regular education routes, one special populations route, and one special populations monitor.</p>				
Financial Implications:	The Administration is requesting a transportation budget for the 2020-2021 school year of \$2,781,251.78.				

Attachments:	Amendment No. 3 to AGREEMENT
Recommendation:	The Administration recommends the Board approve Amendment No.3 to Goldstar Transit, Inc. contract along with a transportation budget for the 2020-2021 school year as submitted and authorizes the Superintendent or designee to execute final contracts.
Motion:	I move the Board approve the Amendment No.3 to Goldstar Transit, Inc. contract along with a transportation budget for the 2020-2021 school year as submitted and authorizes the Superintendent or designee to execute final contracts.

Amendment No. 3 to
AGREEMENT

The Amendment is made and entered into this _____ day of _____ 2020, by and between Student Transportation of America, Inc. operating in the State of Texas as GoldStar Transit, Inc. (“Contractor”) and the Little Elm Independent School District (“District”).

WHEREAS, the Company and District entered into that certain Agreement dated the 21st day of May 2018.

And WHEREAS, Company and District desire to amend the Agreement for the rates of compensation for the 2020-2021 school year. In accordance with Section 15f of the Agreement, requested increases in rates are based on the Dallas-Fort Worth Consumer Price Index, All Urban Consumers, for the twelve-month period ending in March for that year. Paragraph 11c stipulates that in no event shall the increase be less than 2.0%. If the CPI-U is below 2.0%, then the rate increase will be 2.0%. HOWEVER, in November 2019, a 6.7% rate increase, effective immediately, was agreed upon in order to increase driver wages. It was further agreed that the rate increase for the 2020-2021 school year would be one-half of two percent (2%) minimum. THEREFORE, the rate increase for the 2020-2021 school year is one percent (1.0%).

According to Section 15a of the Agreement, the rates contained therein are based upon a mini-mum of 170 school days per year. In the event the 2020-2021 school year is less than 170 days, the District agrees to compensate the Company for the Company’s daily fixed cost times the number of days by which the school year was shortened. The daily fixed cost for the 2020-2021 school year reflects a 1.0% increase over the previous year.

And WHEREAS, all other terms and conditions of the Agreement shall remain unchanged.

The pricing for the 2020-2021 school year shall be as follows:

Special Needs	\$324.43	\$40.05

Daily Fixed Cost: The District agrees to compensate the company for the Company's daily fixed cost times the number of days by which the school year was shortened from 170 days. This daily fixed cost for the 2020-2021 school year is \$5,920 and will be included on the May invoice.

Maintenance Cost Cap: The District agrees to compensate the Company to maintain the District's school bus fleet for maintenance related cost beyond \$103,903 for the 2020-2021 school year. This maintenance cost cap amount will increase each year of the contract based on the agreed upon rate adjustment.

IN WITNESS WHEREOF, the District and Contractor have executed and delivered this Amendment No. 3 of the Agreement as of the date first above written.
