November 27, 2018

To the Board of Trustees Little Elm Independent School District Little Elm, Texas

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Little Elm Independent School District (the District) for the year ended August 31, 2018. Professional standards require that we communicate to you the following information related to our audit.

### <u>Our Responsibilities under U.S. Generally Accepted Auditing Standards and the Uniform</u> Guidance

As stated in our engagement letter dated April 27, 2018, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. We also considered internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance.

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also in accordance with the Uniform Guidance, we examined, on a test basis, evidence about the District's compliance with the types of compliance requirements described in the "U.S. Office of Management and Budget (OMB) Compliance Supplement" applicable to each of its major federal programs for the purpose of expressing an opinion on the District's compliance with those requirements. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the District's compliance with those requirements.

Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

#### Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter dated April 27, 2018.

#### Significant Audit Findings

#### Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. In the current fiscal year the District implemented GASB Statement No. 75 related to accounting for the District's participation in TRS-Care, the state-wide health insurance plan for retirees. The implementation of this accounting standard resulted in a prior period adjustment that reduced beginning net position by \$37.1 million. No other new accounting policies were adopted and the application of existing policies was not changed during fiscal year 2018. We noted no transaction entered into by the District during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of state revenue, depreciation expense, and the allowance for uncollectible property taxes. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The disclosures in the financial statements are neutral, consistent, and clear.

#### **Difficulties Encountered in Performing the Audit**

We encountered no significant difficulties in dealing with management in performing and completing our audit.

#### **Corrected and Uncorrected Misstatements**

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

#### **Disagreements with Management**

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

#### **Management Representations**

We have requested certain representations from management that are included in the management representation letter dated November 27, 2018.

#### Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to our retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

#### Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of Trustees and management of the District and is not intended to be and should not be used by anyone other than these specified parties.

#### **III. GENERAL CONDITIONS**

#### 1.0 SCOPE OF PROPOSAL.

1.1 The Little Elm Independent School District (LEISD) invites proposals from contractors for grounds mowing and maintenance services as specified in this solicitation. This request for proposals contains submission requirements, scope of services, period of services, terms and conditions and other pertinent information for submitting a proper and responsive proposal. To be deemed responsive and qualify for evaluation, a proposal must be timely submitted and must materially satisfy all mandatory requirements identified within this specification. All proposals in response to this RFP must be submitted prior to the closing date and time listed and must be executed by an officer of the responding firm, who has contractually binding authority. Late proposals will not be accepted. The District is not responsible for lateness or non-delivery of any proposal. The successful contractor will provide all labor, equipment, and frequency of service necessary to meet the District's and the community's expectations of professionally manicured landscapes.

1.2 This is a service contract and effective for an initial term of three years from date of award. Two (2) additional one (1) year renewal periods, making this a maximum of 5 years at the unilateral discretion of LEISD based on factors such as, but not limited to, unit prices, satisfaction of services, compliance with terms/conditions, and needs of the district. To exercise the option to renew, LEISD must give written notice to the vendor of its election to renew for one (1) additional year term within 120 days of the expiration of the agreement. If LEISD fails to timely exercise any of the options to renew, all remaining options to renew shall expire and terminate.

**2.0 CONDITIONS OF AGREEMENT**. The conditions of agreement consist of the following and in the event of conflicting provisions, the order of importance is:

- Notice to Proposers
- Instructions to Offerors
- General Conditions
- Responsibilities of Offerors
- Contract Specifications
- Offer Forms

3.0 PROPOSAL SUBMITTAL. A signed, submitted proposal constitutes an offer to perform the work and/or deliver the product(s) specified in the solicitation, combined with the acceptance of said proposal by the District. No products shall be delivered, nor work be performed without a Purchase Order issued to the successful vendor(s), written on an official District Purchase Order Form, prior to the products being delivered or work being performed. Under NO circumstances are vendors to deliver products or perform work without a valid Purchase Order received prior to the delivery or performance.

- **4.0 BRANDS AND MODELS**. Brands and model numbers, where listed, are used for specification reference only, unless otherwise stated, and are not intended to limit consideration of an approved equal or equivalent item. Descriptive information or a sample may be requested for any item proposed other than the referenced item.
- 5.0 EQUIVALENT OR APPROVED EQUAL. Whenever a product is defined in any of the Conditions of Agreement by describing a proprietary product, or by using the name/model of a manufacturer or vendor, the term "or other units considered to be equivalent", if not inserted, shall be implied. The specific product described shall be understood as indicating the type, function, and minimum standard of design, efficiency, and quality desired and shall not be construed in such a manner as to exclude products of comparable quality, design, and efficiency.
- 5.1 If a brand/model is offered other than the one specified, complete descriptive information of the offered product must be included with the proposal. Products being proposed as an equal to the items specified must be available for inspection/evaluation by LEISD. Samples, when requested, must be furnished within five (5) working days of the

Due Date: November 27, 2018 Time Due: 10 AM

request at no cost to the district. If not destroyed during evaluation, samples may be returned to the Offeror on request at Offeror's expense.

- 5.2 Determination of equivalent or approved equal is at the sole discretion of LEISD.
- 5.3 If the Offeror takes no exception to specifications of referenced data, brand names, models, etc. must be provided as specified.
- **6.0 SPECIFICATIONS**. The Offeror shall note in writing any deviations, including manufacturer and/or model, from the specifications and shall submit those changed specifications as alternates.
- **7.0 GENERAL EVALUATION**. LEISD will generally award contracts based upon the lowest, responsive, responsible offer, price and other factors considered as required in Texas Education Code §44.031 (b). It is not the practice of the district to award purchases on the basis of low price alone. Contracts may be awarded on a lump sum basis or on a unit price basis, provided that, in the event a contract specifies a unit price basis, the compensation paid by LEISD shall be based upon the actual quantities supplied. In determining the "lowest responsible" offer, LEISD may consider, in addition to price, other factors such as compliance with the RFP documents, delivery requirements, suitability of product, costs of maintenance and operations, training requirements, warranties, availability of repairs or other services, past performance of the vendor, other factors contributing to the overall costs, both direct and indirect, related to an item, and compliance with LEISD's policies, procedures and goals.
- 7.1 The district may award a contract to the responsive, responsible Offeror with the lowest aggregate offer. If unable to award as a package, the district will evaluate proposals and may award alternate awards.
- 7.2 Extensions of unit prices shown will be subject to verification by the district. In case of conflict between the unit price and the extension, the unit price will prevail.
- 7.5 In the event identical proposals are submitted which are determined by LEISD to be the lowest responsible offers, usually one offer will be selected as the successful vendor. If one of the Offerors submitting identical proposals is a resident of the District, that Offeror shall be selected. If two or more such Offerors are residents of the District, one shall be selected by the casting of lots. In all other cases, one of the identical offers shall be selected by casting of lots.
- 7.6 Multiple criteria will be considered in evaluating the proposals. This evaluation will be made based upon information provided within the Proposal, by the Proposer during RFP specific presentations or negotiations, news articles, press releases, client references, industry references, vendors and related sources, and any other sources. Finalists will be determined by applying the following criteria established by the Texas Education Code §44.031 (b) as the primary Evaluation Criteria, as listed in Section V, paragraph 5.12 of this specification.
- 7.7 Once selected, the Finalists may be presented specific questions pertaining to the submitted proposal or the District's needs, expectations, and requirements. A price quote may be requested to compare pricing for various items being requested. Food Samples may be requested.

#### 7.8 **SELECTION PROCESS**

7.8.1 **EVALUATION COMMITTEE**: If deemed necessary, the evaluation and selection of vendor(s) for contract award will be conducted by an Evaluation Committee. The Evaluation Committee will be composed of members from Little Elm ISD based on position, expertise in the area for which the procurement is being conducted, or as the requestor of the procurement process. The Little Elm ISD reserves the right to add, delete or substitute members of the Evaluation Committee as it deems necessary. In the event Offeror breaches this warranty, the prices of the items shall be reduced to the Offeror's current prices on orders by others, or in the alternative, LEISD may cancel this RFP without liability to Offeror for breach. Quotes provided to the district, under any resulting contract or agreement from this process, shall reference the products awarded with this contract and shall reflect any discount, in addition to RFP number.

**12.0 TERMINATION**. LEISD shall have the right to terminate for default all or any part of this contract if Offeror breaches any of the terms hereof or if the Offeror becomes insolvent or files any petition in bankruptcy. Such right of termination is in addition to and not in lieu of any other remedies which LEISD may have in law or equity, specifically including, but not limited to, the right to collect for damages or demand specific performance.

Due Date: November 27, 2018 Time Due: 10 AM

12.1 LEISD has the right to terminate this contract for convenience, without penalty, for non-appropriation or non-availability of funds by delivery to the Offeror of a "Notice of Termination" specifying the extent to which performance hereunder is terminated and the date upon which such termination becomes effective.

**14.0 INTERPRETATION**. This writing is intended by the parties as a final expression of their agreement and is intended also as a complete and exclusive statement of the terms thereof. No course of prior dealings between the parties and no usage of the trade shall be relevant to supplement or explain any term used herein, and acceptance of a course of performance rendered under this RFP shall not be relevant to determine the meaning of this RFP even though the accepting party has knowledge of the performance and opportunity for objection.

**15.0 APPLICABLE LAW**. This RFP, and its resulting contract, shall be governed first by the laws of the State of Texas, and venue for any disputes arising thereunder shall be in Denton County, Texas and secondarily by the Uniform Commercial Code as adopted in the State of Texas and in force on the date of this RFP.

**16.0 NOTIFICATION OF CRIMINAL RECORD**. The person or entity submitting an offer must give notice to the district, at the time of offer submission, if the person or an owner or operator of the business entity has been convicted of a felony. The notice must include a general description of the conduct resulting in this conviction of a felony (this requirement does not apply to a publicly held corporation).

17.0 INSURANCE. The successful Offeror, at his/her own expense, shall provide and maintain insurance with fiscally sound firms (at least an AM Best rating of A-) authorized to do business in Texas as follows. Successful Offeror may be required to provide a copy of insurance coverage to LEISD. Insurance certificates may contain a provision, or Offeror's signature on this bid/proposal certifies, that coverage afforded under the policies will not be canceled until at least thirty (30) days prior written notice has been given LEISD. Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <a href="https://www.dol.gov/whd/govcontracts">www.dol.gov/whd/govcontracts</a>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

-----

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

#### **Union Rate Identifiers**

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

#### WAGE DETERMINATION APPEALS PROCESS

- 1.) Has there been an initial decision in the matter? This can be:
- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on
  - a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

#### **FXHIBIT A**

**Branch of Construction Wage Determinations** Wage and Hour Division U.S. Department of Labor 200 Constitution Avenue, N.W. Washington, DC 20210 2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to: Wage and Hour Administrator U.S. Department of Labor 200 Constitution Avenue, N.W. Washington, DC 20210 The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue. 3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to: Administrative Review Board U.S. Department of Labor 200 Constitution Avenue, N.W. Washington, DC 20210 4.) All decisions by the Administrative Review Board are final.

#### LITTLE ELM INDEPENDENT SCHOOL DISTRICT

#### HISTORICALLY UNDERUTILIZED BUSINESSES

The Little Elm Independent School District is committed to assure that small, women-owned, and minority businesses have knowledge of, and access and equal opportunity to, compete for goods and services required by the District. The District supports the development and enhancement of small, women-owned, and minority businesses through outreach programs that will allow them to participate. Nothing shall be construed to authorize or require expenditures of funds for goods or services apart from normal and statutory purchasing processes.

The awarded Proposer will be required to document a "Good Faith Effort" to secure small, women-owned, and minority businesses as subcontractors/sub-consultants. A report detailing the participation of these businesses will be submitted as part of Project closeout.

The "Good Faith Effort" outlined below is for use by the District to help the District determine whether a "Good Faith Effort" was made by the vendor.

#### "Good Faith Effort" will be defined as:

- 1. Attendance at the pre-proposal/pre-proposal conference, if any.
- Efforts to follow up initial solicitation of interest by contacting small, woman-owned, and minority businesses to determine with certainty whether these businesses are interested.
- Efforts made to identify portions of the work that can be performed by small, woman-owned, and
  minority businesses in order to increase participation. If possible this should include the breakdown
  of subcontracts into economically feasible units to facilitate participation.
- 4. Document each small, women-owned, and minority business contacted, indicating the inclusion or decision regarding inclusion and the reason for the decision.
- Efforts that demonstrate that the contractor effectively used the services of available organizations, contractor's groups, local, state and federal small, women-owned, and minority business assistance offices and other organizations that provide assistance and placement of small, women-owned, and minority businesses.

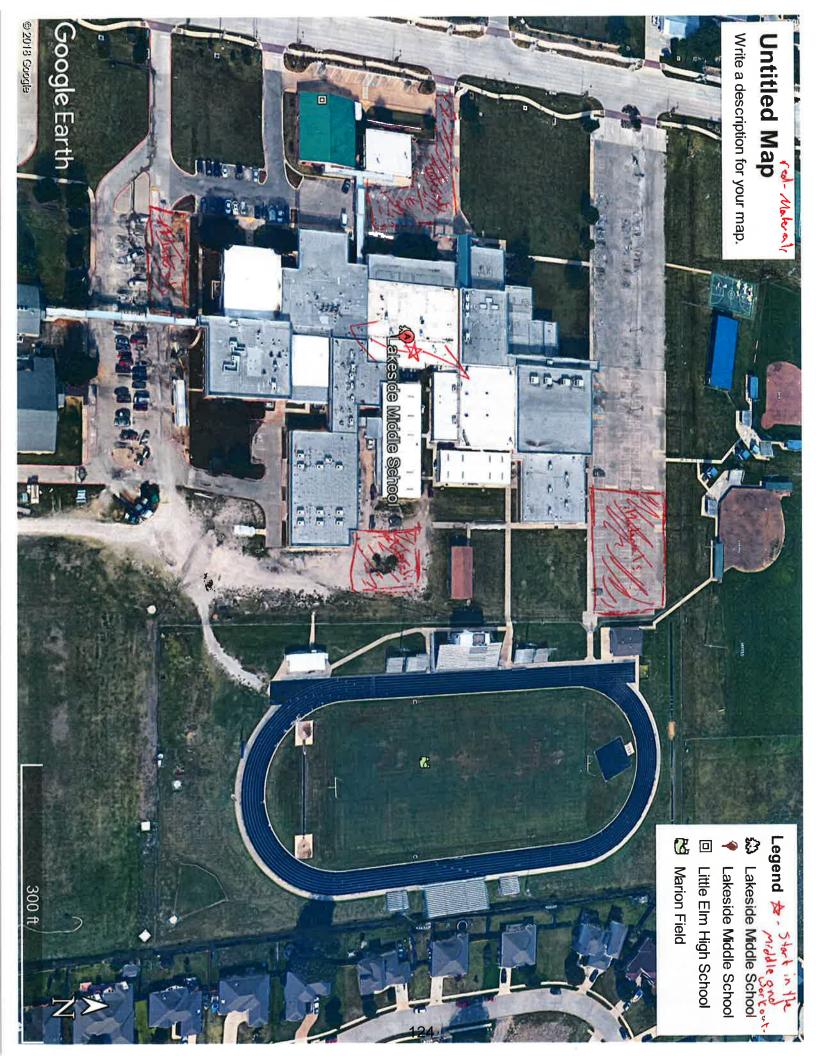

#### REQUIREMENTS FOR ALL PROPOSERS/PROPOS ALDERS:

Each firm responding to this request is required to submit with the proposal/proposal form information regarding small, women-owned and minority business participation in this project.

#### Little Elm ISD

#### **Board of Trustees Social Media Internal Guidelines**

Board members serve as not only representatives and fiduciaries of the Little Elm ISD community but also as role models of good judgment, professionalism, and the highest-level community standards. As trustees are only acting in their capacity as trustees when they constitute a legally posted quorum, private use of social media is not acting as a trustee. When participating on social media school trustees are expected to make all communications clear that they are speaking in their individual and non-trustee capacity, and that all such communications are wholly their own.

These internal guidelines provide guidance for school board member use of social media, which should be broadly understood for purposes of this policy to include, but not be limited to, blogs, wikis, microblogs, message boards, chat rooms, electronic newsletters, online forums, social networking sites, and other sites and services that permit users to share information with others in a contemporaneous manner.

The following principles apply to personal use of social media when referencing LEISD.

- School Board Members should be aware of the effect their actions may have on their images as representatives of LEISD, as well as LEISD's image.
- School Board Members should be aware that the LEISD community may observe content and information made available by School Board Members through social media. School Board Members should use their best judgment in posting material that is neither inappropriate nor harmful to LEISD, other School Board Members, or district employees.
- Although not an exclusive list, some specific examples of prohibited social media conduct include posting commentary, content, or images that are defamatory, pornographic, proprietary, harassing, libelous, or that constitute hate speech, incite violence, or can create a hostile environment.
- School Board Members are not to publish, post or release any information that is considered confidential or not public. If there are questions about what is considered confidential, School Board Members should check with the appropriate District administrator.
- Social media networks, blogs and other types of online content sometimes generate press and media attention or legal questions. For any request for public statements or official comments made on behalf of LEISD, School Board Members should refer these inquiries to authorized LEISD spokespersons.
- Social media use shouldn't interfere with Board member's responsibilities at LEISD. LEISD's computer systems and LEISD technology are to be used for district purposes only. When using LEISD's computer systems and LEISD technology, personal use of social media networks or personal blogging of online content is prohibited and could result in disciplinary action.
