Dear Parents, Alumni, and Friends of Dwight,

It is my pleasure to share The Dwight School Foundation’s 2022 *Annual Report*. On behalf of the Foundation’s Board of Trustees, thank you for giving your time, energy, and resources in support of Dwight’s singular mission of igniting the spark of genius in every child.

As the pandemic continued without abatement this year, Dwight’s community also continued to come together to help one another without fail and to support the Foundation’s critical work. Thanks to your generosity in 2021-22, we awarded \$1.4 million in financial aid, enabling students to receive a world-class Dwight education regardless of their financial means; funded 135 professional development grants — nearly three times the previous year, as borders and opportunities opened up more widely — so that faculty could bring the latest teaching and innovation strategies into their classrooms to benefit all students; and fostered entrepreneurship for students seeking to start their own enterprises through Spark Tank, including seven who received innovation grants for launching their projects.

This year, four members of the Dwight community shared their expertise through the Foundation’s virtual Spark Talks — each one interviewed by a student-moderator whose personal passions aligned with the speaker’s — inspiring the next generation as they look ahead to their own careers.

We were so delighted to resume the Foundation’s Spring Benefit — “Our Doorway to the Future” — in person at 583 Park Avenue. The joy of reconvening to kick off the celebration of Dwight’s 150th anniversary and reconnecting was palpable. The festivities drew over 350 attendees and we had a high level of engagement by contributors and auction bidders alike, raising \$500,000 for our core initiatives.

During 2021-22, the Foundation also supported the WILD (Wilderness Instruction and Leadership Development) program, which was launched three years ago with Foundation funding. This outdoor program embraces Dwight’s vision of educating the next generation of global leaders who can thrive anywhere in the world.

I want to extend our deep appreciation to the many Committee members and volunteers whose unfailing commitment enables the Foundation to continue its work and raise funds to benefit the entire Dwight community year in and year out.

Our School stands apart from all others, thanks to the extraordinary continuity of leadership by Dwight’s Chancellor Stephen Spahn, Vice Chancellor Blake Spahn, and Head of School Dianne Drew — and our collective dedication to igniting the spark of genius in every child.

Thank you for your ongoing and meaningful support of The Dwight School Foundation. I wish you and your family a happy and healthy year ahead.

Warmly,

Susan Kessler (Stephen ’10, William ’14)
Board Chair, The Dwight School Foundation

Dear Dwight Community and Friends,

We are most grateful that as the pandemic entered another year, our School continued to be buoyed by the formidable strength of our community and its unwavering commitment to ensuring that our students are well cared for and continue to learn and grow without fail. We are also deeply grateful to The Dwight School Foundation and to you, on behalf of students and faculty, who are the beneficiaries of your generosity. Your support of the Foundation and its vital mission to fund student financial aid, faculty professional development, and Spark Tank innovation grants is absolutely critical.

In 2021-22, financial aid enabled more students to attend Dwight, so they could pursue their passions and excel within and beyond the classroom, than in the previous year. The Foundation also made it possible for more student-entrepreneurs to participate in our Spark Tank incubator this year, gaining the guidance, mentorship, and innovation grants needed to see their own ideas come to fruition. We never cease to be impressed by the ingenuity of our students and their desire to make a difference, especially during challenging times.

Our expert faculty, whose tireless dedication to igniting the spark of genius in every child distinguishes our School, received almost three times the number of professional development grants from the Foundation this year than the year before. This significant increase enabled more of our teachers to bring innovative approaches back to the classroom to benefit students right away.

The Foundation invested further in our students by funding the WILD (Wilderness Instruction and Leadership Development) program through its third year, advancing opportunities for students to challenge themselves outdoors and develop leadership skills that will enable them to survive and thrive anywhere in the world.

We were delighted to see the return of the Foundation’s in-person Spring Benefit, as our community gathered together to celebrate the beginning of Dwight’s milestone 150th anniversary year. Rallying around the theme, “Our Doorway to the Future,” parents, alumni, faculty, staff, and friends of Dwight reconnected for the festivities and reaffirmed their support of the Foundation. Community members donated items and experiences to the auction, while bidders raised the bar, making the event a great success and reflecting our community’s enthusiasm for our School’s commitment to innovation and a bright future.

We thank all of you and the Foundation for your generous gifts to ignite the infinite sparks of our students.

Warm regards,

Stephen Spahn
Chancellor

Senior Gift

Grade 12 families leave a legacy at Dwight by directing their Annual Fund donations to a specific purpose or part of the School to be dedicated in their honor. The Class of 2022 directed their gift to name plaques on a stairwell at Dwight's Main Campus, and the Class of 2021 named the new Timothy House entryway. The plaques commemorating the Class of 2022 will be installed later this year and will serve as a lasting legacy and source of pride.

Spring Benefit

We were delighted to gather again with over 350 members of our community for the 2022 Spring Benefit at 583 Park Avenue. The theme of the event was “Our Doorway to the Future” and marked the beginning of the celebration of Dwight’s 150-year milestone anniversary.

The evening, which included a spectacular auction, dinner and dancing, and a live fundraising appeal, raised \$500,000 of critical funds in support of student financial aid, faculty professional development, and Spark Tank innovation grants. We also heard from Lesa Wang, Global Spark Program Director and Head of Design, about Dwight’s commitment to innovation and exciting future ahead; and students Carolina Arap ’22, Jacob Bruner ’23, Isabella Fakhouri ’26, and Bernardo Sequeira ’22. Carolina and Bernardo sang a stirring duet; Jacob dazzled on the piano; and Isabella spoke about her invaluable experiences since Kindergarten, especially through the Spark Tank program, and what she believes Dwight’s legacy will be for the next 150 years.

We are enormously grateful to our Spring Benefit Co-Chairs Darly Corniel, Aileen Bruner, and Geidy Perez-Storch, and to the entire committee. We are also grateful to our donors, guests, and volunteers for their participation and generosity!
