Read-Pattillo Elementary

@readpattrockets

Rockets raised **\$1,987.22** for the American Heart Association through the Kids Heart Challenge! **Thank you to all who participated!**

The kids had so much fun running the Rainbow Trail, jumping rope, playing basketball, and showing their parents the PE ropes! A special THANK YOU to all the parents who joined us for "Bring Your Parent To PE Day"!

StorybookParade

Kids Heart Challenge & Bring Your Parents to PE Day!

SHOUT OUT TO OUR TOP FUNDRAISERS!

Ms. Ferreira's primary class had a busy 100th day of school. The entire day centered around the number 100. Students counted, sorted, and stacked 100 items. They wrote 100 words and shared individual projects. The day ended with a special celebration!

I am so happy to be the new AP at Read-Pattillo Elementary! My name is Elaine Beeghly, and this is my 21st year with Volusia County Schools. I began in 1996 as a volunteer at Enterprise Elementary and loved it so much I returned to school to get my degree in Elementary Education. I taught at Forest Lake Elementary as a fourth grade teacher and then later as the intermediate gifted teacher. My children grew up, and it was time to get a Master's degree while they were away at college. This led to my next adventure as an assistant principal. I am currently in my 8th year. When the opportunity to come to the eastside presented itself, I was so very excited to learn it was at Read-Pattillo Elementary.

During my short time here, I have met so many talented teachers. The staff is outstanding and so supportive! The adventures in learning that I have experienced already such as Winter Wonderland and Literacy parade have been AMAZING. I am learning new names every day and love getting to know the students and families. If we haven't had a chance to talk, stop by and let's chat. Let me know what I can do to help support your student.

> Mrs. Elaine Beeghly Assistant Trincipal

Rocket Families,

This year is flying by so quickly, and it is exciting to see learning taking place every day. As our students grow academically, we challenge everyone to connect with their child about their reading life. You will be amazed at the level of focus your child will have when you engage with them around their

reading. Please encourage your children to read every single day. Parents can be a big influence with home reading by being a reading model. When you show your children how much you value reading, they are likely to follow your lead. Are you a reading role model? Try answering yes or no to the questions below to find out:

- 1. Do you read something for pleasure every day?
- 2. Do you share something that you've read with your child each day?
- 3. Do you keep a book handy for times you may have to wait?
- 4. Do you read food labels at the store and talk about the information with your child?
- 5. Do you keep books and magazines around your home so it's easy to find something to read?

How well are you doing? Each yes means you are a role model for helping your child love reading. For each no, try that idea at home. Be a reading champion each and every day!

Mrs. Kelly Lewis, Principal

Your Child is What They Eat

Nutrition for kids is based on the same ideas as nutrition for adults. Everyone needs the same types of things, such as vitamins, minerals, carbohydrates, protein, and fat. These are called nutrients. Children need different amounts of specific nutrients at different ages. The best eating pattern for a child's growth and development considers the child's age, activity level and other characteristics. Try spicing up and trying something new for healthy nutrition.

Protein. Choose seafood, lean meat and poultry, eggs, beans, peas, soy products, and unsalted nuts and seeds.

Fruits. Encourage your child to eat a variety of fresh, canned, frozen or dried fruits. Look for canned fruit that says it's light or packed in its own juice. This means it's low in added sugar. Keep in mind that 1/4 cup of dried fruit counts as one serving of fruit.

Vegetables. Serve a variety of fresh, canned, frozen or dried vegetables. Choose peas or beans, along with colorful vegetables each week. When selecting canned or frozen vegetables, look for ones that are lower in sodium.

Grains. Choose whole grains, such as whole-wheat bread or pasta, oatmeal, popcorn, quinoa, or brown or wild rice.

Diary. Encourage your child to eat and drink fat-free or low-fat dairy products, such as milk, vogurt, and cheese. Fortified soy beverages also count as dairy.

Aim to limit your child's calories from added sugar

Natural sugars Naturally occurring sugars, such as those in fruit and milk, aren't added sugars. Examples of added sugars include brown sugar, corn sweetener, corn syrup and honey. To avoid added sugar, check nutrition labels. Choose cereals with minimal added sugars. Avoid sodas and other drinks with added sugars. Limit juice servings. If your child drinks juice, make sure it's 100% juice without added sugar.

Saturated fats. Saturated fats mainly come from animal sources of food, such as red meat, hot dogs, poultry, butter and other full-fat dairy products. Pizza, sandwiches, burgers and burritos are a common source of saturated fat. Desserts such as cakes and ice cream are another common source of saturated fat. When cooking, look for ways to replace saturated fats with vegetable and nut oils, which provide essential fatty acids and vitamin E.

Salt. Most children in the United States have too much salt in their daily diets. Another name for salt is sodium. Salt can hide in sandwiches, where the sodium in bread, meat, condiments, and toppings adds up. Processed foods, such as pizza, pasta dishes and soup, often have high amounts of salt. Encourage snacking on fruits and vegetables instead of chips and cookies. Check nutrition labels and look for products low in sodium. If you have questions about nutrition for kids or specific concerns about your child's diet, talk to your child's health care provider or a registered dietitian. For more information from this article go to: https://mayocl.in/3IBNGJZ

Coach's 'orner

The physical education department would like to remind parents that on the days the students have physical education they should wear proper footwear, (i.e. sneakers). PLEASE NO BOOTS, SHOES WITH HEELS, OPEN-TOED SHOES OR SANDALS, Also, ladies must wear shorts underneath a dress. Sunscreen and bug spray are permitted.

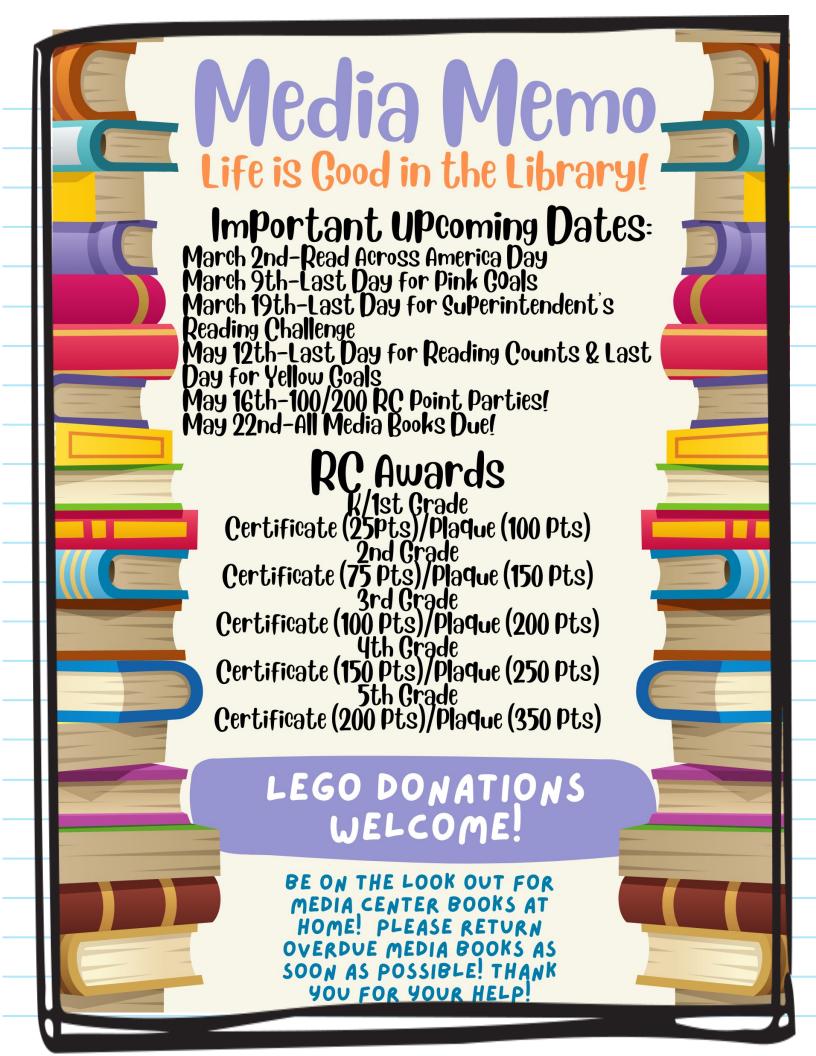

IMPORTANT:

STUDENTS SHOULD BRING A WATER BOT-TLE SO THEY CAN HYDRATE DURING CLASS.

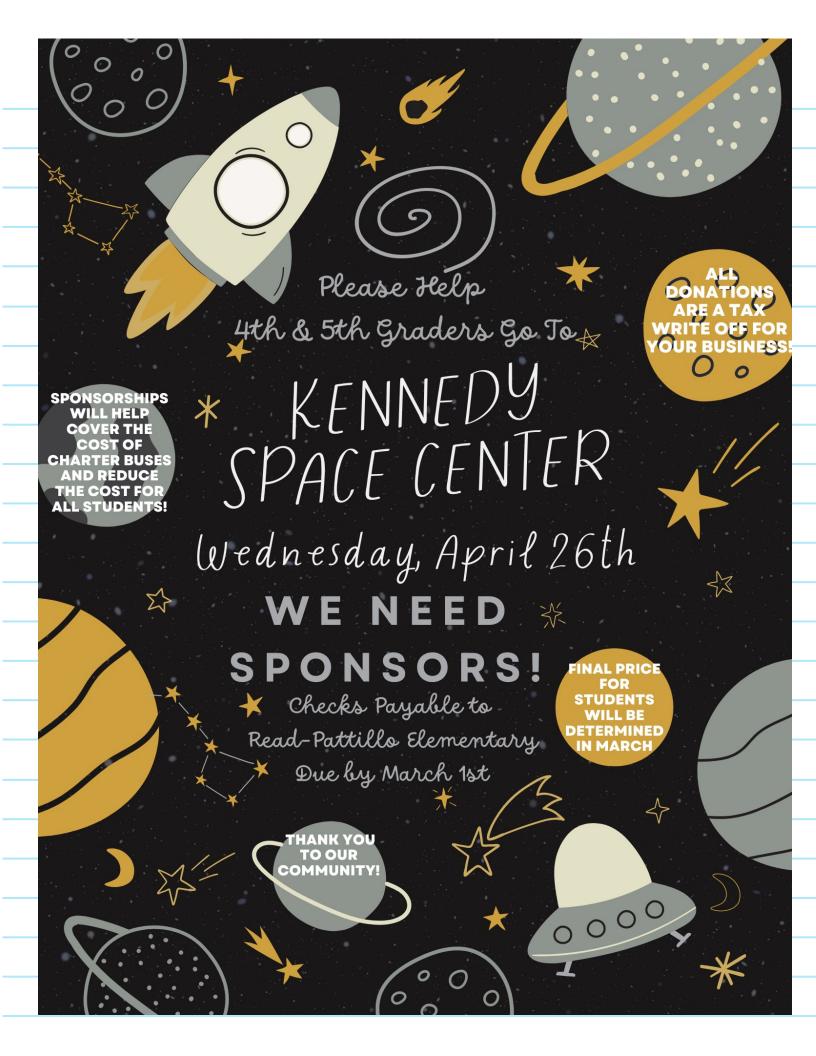

> Thank you for your cooperation!

WHAT IS PBIS?

Positive Behavioral Interventions and Supports (PBIS) is an "evidence - based three-tiered framework for improving and integrating all of the data, systems, and practices affecting student outcomes every day. It is a way to support everyone - especially students with disabilities - to create the kinds of schools where all students are successful." (pbis.org)

Rocket FUEL is an incentive program within our school's PBIS plan. Students can earn FUEL bucks by exemplifying our school goals by being FOCUSED, showing UNITY, striving for EXCELLENCE, and exemplifying characteristics of positive LEADERSHIP.

2022–23 Florida Assessment of Student Thinking (FAST) Fact Sheet Grades 3–10 ELA Reading and Grades 3–8 Mathematics

FAST Overview

In March 2022, Governor Ron DeSantis signed new legislation that replaces the grade-level Florida Standards Assessments (FSA) in English Language Arts (ELA) and Mathematics with the Coordinated Screening and Progress Monitoring System, also called the Florida Assessment of Student Thinking (FAST), required in section 1008.25(8), Florida Statutes. This fact sheet provides an overview of the new FAST system for grades 3–10 ELA Reading and grades 3–8 Mathematics that is being administered for the first time during the 2022–23 school year.

Grades 3-10 FAST Overview

- Grades 3–10 FAST ELA Reading and grades 3–8 FAST Mathematics assessments are aligned to the Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards.
- Because all FAST assessments are computer-adaptive, items may become progressively harder as students successfully respond to items and easier if students answer more questions incorrectly.
- FAST assessments are administered three times during each school year: once at the beginning of the
 year (PM1), once in the middle of the year (PM2), and once at the end of the year (PM3).
- Each PM event is tied to a blueprint for the full grade-level content. The <u>ELA</u> and <u>Mathematics</u> blueprints show how many items in each reporting category students will encounter during each PM window.
- Here are descriptions of each PM opportunity for students:
 - PM1 because this administration occurs at the very beginning of the school year, it is designed to provide a baseline score so teachers can track student progress in learning the B.E.S.T.
 Standards from PM1 to PM2.
 - PM2 by the time of this administration window, students will have had an opportunity to learn
 the grade-level standards, and this administration will provide a mid-year score to compare to
 the baseline score from PM1.
 - PM3 this last administration will provide a summative score that will accurately measure student mastery of the B.E.S.T. Standards at the end of the school year. While PM1 and PM2 are for informational purposes only, PM3 will be used for school accountability beginning in the 2023–24 school year.

Administration Windows

FAST will be administered during three windows in the school year (PM1, PM2, and PM3). The following windows have been established to provide schools with maximum scheduling flexibility; they do not reflect the amount of time one school will spend administering tests.

- PM1: August 15–September 30, 2022
- PM2: December 5, 2022–January 27, 2023
- PM3: May 1–June 2, 2023

Elementary 2022-2023 District State Testing Calendar

7/13/22 (Dates Subject to Change)

Date	Assessment
August 15-26	Infrastructure Trial *CBT

FAST 3-5 Testing ELA - 5/15/23 Math 5/18/23

Help Your Child Succeed in School: Build the Habit of Good Attendance Early

School success goes hand in hand with good attendance!

DID YOU KNOW?

- Starting in kindergarten, too many absences can cause children to fall behind in school.
- Missing 10 percent (or about 18 days) can make it harder to learn to read.
- Students can still fall behind if they miss just a day or two days every few weeks.
- Being late to school may lead to poor attendance.
- · Absences can affect the whole classroom if the teacher has to slow down learning to help children catch up.

Attending school regularly helps children feel better about school—and themselves. Start building this habit in preschool so they learn right away that going to school on time, every day is important. Good attendance will help children do well in high school, college, and at work.

WHAT YOU CAN DO

- Set a regular bed time and morning routine.
- Lay out clothes and pack backpacks the night before.
- Find out what day school starts and make sure your child has the required shots.
- Introduce your child to her teachers and classmates before school starts to help her transition.
- Don't let your child stay home unless she is truly sick. Keep in mind complaints of a stomach ache or headache can be a sign of anxiety and not a reason to stay home.
- If your child seems anxious about going to school, talk to teachers, school counselors, or other parents for advice on how to make her feel comfortable and excited about learning.
- Develop back-up plans for getting to school if something comes up. Call on a family member, a neighbor, or another parent.
- Avoid medical appointments and extended trips when school is in session.

When Do Absences Become a Problem?

Note: These numbers assume a 180-day school year.

For more on school readiness, visit attendanceworks.org and reachoutandread.org

Student Attendance Policy 206: Elementary

Under Florida's compulsory school attendance law:

Each parent of a child within the compulsory attendance age is responsible for such child's school attendance, during the entire school term.

Compulsory Age: All children who have attained the age of 6 years, on, or before February 1st of the school year, until the student turns eighteen, graduates or until the parent or legal guardian signs the declaration of intent to terminate school enrollment.

A student who attains the age of 16 years is not subject to compulsory school attendance if the student files a formal declaration of intent to terminate school enrollment and must be signed by the student and parent or legal guardian.

The parent has the responsibility to report any non-attendance and explain the cause of any school absence of a child.

The superintendent has the responsibility to enforce the compulsory school attendance law.

The **schools** must track excused and unexcused absences and contact the home in the case of an unexcused absence from school, or absence for which the reason is unknown, to prevent patterns of non-attendance.

Excused absence (parent notification/documentation required)/Tardy:

Brief student illness/injury

Medical/dental appointments

Death of an immediate family member

Religious holiday of the specific faith of the student (principal approved)

Compelled absence (i.e., judicial)

Natural/major disaster that would justify absence (principal approved)

School-sponsored/related activity (principal approved)

Other advance notice absences (principal approved)

Insurmountable conditions (principal approved)

Appointment for autism spectrum disorder therapy (HB 7069)

Illnesses or other legitimate causes will be excused, up to 15 days within the school year. After 15 days of absence, excused or unexcused, a student must have a doctor's verification for subsequent absences or illnesses.

For students with chronic illnesses that may require more than the allowed 15 days of absences, the parent must provide a letter from the student's doctor stating that the student suffers with a chronic illness that will likely require more than 15 days of absences each year. This letter must be provided to the school each year that the condition continues. The parent may then call -in illnesses beyond the 15 days without providing additional medical documentation.

Unexcused absence/Tardv:

Missing school bus/oversleeping

Shopping/pleasure/vacation trips

Excessive illness (without physician verification that medical condition justifies pattern)

Failure to communicate the reason for the absence

In cases of truancy and habitual truancy that are referred to the Problem-Solving Team, five unexcused tardies and/or five unexcused checkouts will equal one unexcused absence.

2022-2023

Make a difference in our school! PTA membership is only \$5

The Read-Pattillo PTA sponsors and supports many school programs and events such as Winter Wonderland, Field day, Family Nights, Teacher and Staff appreciation events and much more!

Families interested in Summer VPK or School Year VPK, please visit www.vcsedu.org and click on VPK Registration or call the front office for more information!

VPK Summer enrollment begins Spring 2023

Program Dates: June 12, 2023 - August 3, 2023

Summer VPK 2023 hours: 7:30 AM to 5:30 PM

Thank you for showing interest in the Volusia County Schools' **SUMMER** Voluntary Pre-Kindergarten program (VPK)! Please follow the steps bellow to receive notification when the VPK **SUMMER** enrollment opens. At this time, enrollment for **SUMMER 2023** is not yet available.

To be eligible for **SUMMER 2023** VPK your child must be **5** on or before September 1, 2023 **AND** have not attended a VPK program in the 2022-2023 school year.

HOW TO BE ADDED TO THE SUMMER VPK PARENT INTEREST LIST:

Step 1:

<u>Apply for a Certificate of Eligibility</u> through the Early Learning Coalition of Flagler and Volusia.

Step 2:

Click on the following link and complete the *Parent Interest* form. You must have your child's Certificate of Eligibility to complete the process.

Link to the Summer Parent Interest Form.

<u>Please Note</u>: Approvals to enroll in the Summer VPK program will begin Spring 2023. You will be notified by e-mail once the 2023-2024 VPK registration is open.

Summer VPK Locations								
Champion Elementary	Freedom Elementary 1395 S. Blue Lake	Indian River Elementary
