

## **3160 STUDENT TRANSPORTATION SAFETY POLICY**

### **I. PLAN FOR STUDENT TRANSPORTATION SAFETY TRAINING**

#### A. School Bus Safety Week

The first full week of school is designated as school bus safety week.

#### B. Student Training

The School District shall provide students enrolled in grades kindergarten through 12 with school bus safety training. The training shall be results-oriented and shall consist of both classroom instruction and practical training using a school bus and a Duluth Transit Authority bus, where applicable. Upon completing the training, a student shall be able to demonstrate knowledge and understanding of at least the following competencies and concepts:

1. transportation by school bus is a privilege, not a right
2. School District policies for student conduct and school bus safety
3. appropriate conduct while on the bus
4. the danger zones surrounding a school bus
5. procedures for safely boarding and leaving a school bus
6. procedures for safe vehicle lane crossing
7. school bus evacuation and other emergency procedures

Student school bus safety training shall commence during school bus safety week. All students who are transported by school bus and are enrolled during the first week of school must demonstrate achievement of the school bus safety training competencies by the end of the third full week of school. Students who enroll in a school after the first week of school and are transported by school bus shall undergo school bus safety training and demonstrate achievement of the school bus safety competencies within three weeks of the first day of attendance. The School District may deny transportation to a student who fails to demonstrate the competencies, unless the student is unable to achieve the competencies due to a disability.

The School District will, to the extent possible, provide kindergarten students with school bus safety training before the first day of school.

The School District will also provide student safety education for bicycling and pedestrian safety.

The School District's curriculum for transportation is maintained and available for review in the Transportation Office.

### **II. CONDUCT ON SCHOOL BUSES AND CONSEQUENCES FOR MISBEHAVIOR**

Riding the school bus is a privilege, not a right. Students are expected to follow the same behavioral standards while riding school buses as are expected on school property or at school activities, functions, or events. All school rules are in effect while a student is riding the bus or at the bus stop.

Consequences for school bus/bus stop misconduct will be imposed by the building principal or the principal's designee. In addition, all school bus/bus stop misconduct will be reported to the School District's Transportation Safety Director and to the Supervisor of Transportation. Serious misconduct may be reported to law enforcement.

#### A. School Bus and Bus Stop Rules

The School District school bus safety rules are to be posted on every bus. If these rules are broken, the School District's discipline procedures are to be followed. Consequences are progressive and may include suspension of bus privileges. It is the school bus driver's responsibility to report unacceptable behavior to the School District's Transportation Office/School Office.

**B. Rules at the Bus Stop**

1. Get to your bus stop 5 minutes before your scheduled pick-up time. The school bus driver will not wait for late students.
2. Respect the property of others while waiting at your bus stop.
3. Keep your arms, legs, and belongings to yourself.
4. Use appropriate language.
5. Stay away from the street, road, or highway when waiting for the bus. Wait until the bus stops before approaching the bus.
6. After getting off the bus, move away from the bus.
7. If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
8. No fighting, harassment, intimidation, or horseplay.
9. No use of alcohol, tobacco, or drugs.

**C. Rules on the Bus**

1. Immediately follow the directions of the driver.
2. Sit in your seat facing forward.
3. Talk quietly and use appropriate language.

7. Do not throw any object.
8. No eating, drinking, or use of tobacco or drugs.
9. Do not bring any weapon or dangerous objects on the school bus.
10. Do not damage the school bus.

**D. Consequences**

Consequences for school bus/bus stop misconduct will apply to all regular and late routes. Decisions regarding a student's ability to ride the bus in connection with co-curricular and extra-curricular events (for example, field trips or competitions) will be in the sole discretion of the School District. Parents or guardians will be notified of any suspension of bus privileges.

1st offense -warning--parent notification

2nd offense -up to five (5) school day suspension from riding the bus

3rd offense -up to one (1) month suspension from riding the bus

Further offenses -up to one (1) year suspension from riding the bus/meeting with parent

**1. Other Discipline**

Based on the severity of a student's conduct, more serious consequences may be imposed at any time. Depending on the nature of the offense, consequences such as suspension or expulsion from school may also result from school bus/bus stop misconduct.

**2. Records**

Records of school bus/bus stop misconduct will be forwarded to the individual school building and to the Transportation Office and will be retained in the same manner as

other student discipline records. Reports of serious misconduct will be provided to the Department of Public Safety. Records may also be maintained in the Transportation Office.

3. Vandalism/Bus Damage

Students damaging school buses will be responsible for the damages as will their parents. Failure to pay such damages (or make arrangements to pay) within two weeks of mailing a statement of damages may result in the loss of bus privileges until damages are paid.

4. Notice

Students will be given a copy of school bus and bus stop rules during school bus safety training. Rules are to be posted on each bus and both rules and consequences will be periodically reviewed with students by the driver. The parents of each elementary student shall receive annually a summary of rules of safety, eligibility, and behavior.

5. Criminal Conduct

In cases involving criminal conduct (for example, assault, weapons, possession, or vandalism), the Superintendent, and local law enforcement officials.

### **III. PARENT AND GUARDIAN INVOLVEMENT**

#### **A. Parent/Guardian Responsibilities for Transportation Safety**

7. Respect the rights and privileges of others.
8. Communicate safety concerns to school administrators.
9. Monitor bus stops, if possible.
10. Support all efforts to improve school bus safety.

#### **B. Parent and Guardian Notification**

A copy of the School District school bus and bus stop rules will be provided to each family at the beginning of the school year or when a child enrolls, if this occurs during the school year. Parents and guardians are asked to review the rules with their students.

### **IV. SCHOOL BUS DRIVER DUTIES AND RESPONSIBILITIES**

All school bus drivers shall be adequately prepared, both physically and mentally, each day to perform required duties. The driver is in full charge of the bus and the driver's duties include:

#### **A. Operating the vehicle in a safe and efficient manner.**

1. Safety. The primary concern of each driver is safety. Drivers will exercise extreme caution during the loading and unloading process as well as when driving.
2. Defensive Driving. All drivers are to drive defensively at all times. A definition of defensive driving is: driving in a manner to avoid accident involvement despite adverse conditions created by roads, weather, traffic, or errors of other drivers or pedestrians.

3. Driving Adjustments. Winter and wet weather driving may require adjusting speed and normal driving practices to compensate for road conditions.
4. Emergency Doors. Emergency doors must be free and operable. Under no circumstances may the doors be obstructed to prevent easy access.
5. Service Door. The service door of the bus must be closed at all times while the bus is in motion.
6. Overloads. The registration card in all vehicles designates the maximum number of passengers allowed to be carried. This limit cannot be exceeded. A driver should call the designated individual for instructions should a vehicle become overloaded.
7. Railroad Crossings. All vehicles used to transport must stop at railroad crossings, using required procedures, whether they are loaded or empty. School buses shall not activate the eight-way lights; four-way hazard lights are to be used before stopping and when crossing the tracks.
8. Speeding and Other Moving Violations. No bus will travel faster than road, traffic, and weather conditions safely permit regardless of the posted speed limit. Any driver convicted of a moving violation with a school bus will face disciplinary action. Other reports or warnings regarding speeding will result in suspension and/or termination.
9. Smoking Prohibited. Smoking by either the driver or the passengers is prohibited on any school bus, Type III vehicle, or on school property.

B. Conducting thorough pre-trip and post-trip inspections of the vehicle and special equipment.

1. Bus Inspection. Drivers are required to make a pre-trip inspection of the bus before each trip. Failure to do so is a violation of state law. Defects are to be reported in writing. Drivers are required to check their buses for students, vandalism, and articles left on the bus after each route segment.
2. Safety Equipment. All drivers are responsible for ensuring that the necessary safety equipment is aboard the bus, including fire extinguisher, first aid kit, bodily fluids clean-up kit, flashlight, reflectorized emergency warning device, and any additional items required by the District. Drivers of vehicles for disabled students will ensure all student health information cards are on board the bus.
3. Bus Cleaning. Drivers are required to keep the interior of their buses swept and free of trash at all times.
4. Fueling. The driver is responsible for ensuring that his or her assigned vehicle is adequately fueled before leaving the yard. Smoking is prohibited in the fueling area. The engine shall be turned off while fueling. Drivers should never fuel with passengers aboard.

C. Ensuring the safety, welfare, and orderly conduct of passengers while on the bus. (See Section II)

D. Meeting emergency situations in accordance with operating procedures. (See Section V)

E. Communicating effectively with school staff, students, parents, law enforcement officials, and the motoring public.

1. Relations with Students. Bus drivers will treat students with respect and will refrain from any conduct which is intended or could be perceived as demeaning, intimidating, or harassing and shall endeavor to establish and maintain good rapport with the students.
2. Relations with School Officials. School officials can and will be of considerable assistance to drivers. They are trained in the education of students, and it is in their best interest that control and discipline be maintained on the bus. Therefore, it is

very important drivers have good relationships with the school officials and give them full cooperation.

3. Relations with the Public. It is important to remember that, to the general public, the driver represents the School District. Buses are one of the most visible vehicles on the road. Drivers must deal with students, parents, and other motorists in a polite, professional, and considerate manner.
4. Student Discipline. Although drivers are responsible for maintaining order on the bus, drivers must always remember that the types of actions they may use are limited. Drivers must never, under any circumstances, use corporal punishment. Drivers have no authority to deny a child the privilege of riding the bus or drop the student at other than the designated stop. Any denial of bus-riding privileges can come only from the school authorities.
5. Route Changes. No driver is to make changes in the pick-up or drop-off schedule for his or her route without prior authorization. No stops are to be added, deleted, or moved without approval. No driver may deviate from the established route without prior permission except as required by an emergency or temporary road conditions. All requests for route changes shall be referred to the Supervisor of Transportation.
6. Route Problems. Any problems, of whatever kind, encountered by a driver on the routes or trips should be brought to the attention of the designated individual as soon as possible.
7. Unauthorized Passengers. Only authorized passengers may be transported in a bus. Any other passenger must be specifically approved.
8. Notices. It is the responsibility of the driver to check for notices each day and to check with his or her supervisor regularly.
9. Schedules. Drivers shall maintain their schedules so that no bus is ever early at a stop.

#### F. Completing required reports.

It is the responsibility of the driver to completely fill out and timely turn in all reports, discipline referrals, time cards, and mechanical defect slips as required. This includes all requirements pertaining to pre-trip inspections and stop-arm violation reports.

#### G. Completing required training programs successfully. (See Section VI)

#### H. Providing maximum safety for passengers during loading and unloading.

1. Standeers Prohibited. Standeers are not allowed on a moving school bus. Drivers must not move a bus from a stopped position until all passengers are seated. Students are to remain seated until the bus has stopped.
2. Dangerous Articles. No weapons or articles that may be classified as dangerous may be transported on a school bus. This includes any and all weapons, gasoline cans, animals, and other dangerous or objectionable items. Possession of weapons on school property or the bus will not be tolerated. Companion dogs are allowed.

#### I. Wearing driver's seat belt whenever the bus is in motion.

Additional driver duties and responsibilities may be found in the driver handbook. All bus driver dismissals will be reported to the Department of Public Safety pursuant to Department of Public Safety directions.

2. The vehicle must comply with the Type III vehicle standards set forth in state statute 169.454.
3. Use of Type III vehicles shall be requested on a Field Trip Authorization form filed with the school principal.
4. Students will not be regularly transported in private vehicles. However, private vehicles may be used in an emergency. The District has no system of inspection for private vehicles.
5. The driver of a District Type III vehicle must conduct a pre-trip inspection. The Transportation Department regulates what is included in this inspection.
6. All drivers who transport students in Type III vehicles are subject to the same license check requirements as District school bus drivers as required by state law. Each employee who is to transport students in a Type III vehicle must first verify that they are qualified to do so. The principal at each school is responsible for maintaining a list of employees who have had their license checked and who can transport students.

In the event of a fire, the first priority is to evacuate the bus. Drivers will make certain passengers are safe before attempting to put out the fire.

B. Injuries/Medical Emergencies

Drivers and bus helpers will be familiar with first aid and CPR procedures. Drivers should first contact the dispatcher to call 911 in the case of serious injuries. Drivers should administer proper first aid in accordance with their training and level of ability. In the event an injured passenger is taken to the hospital, record the students' name and the name of the hospital where the student is sent.

C. Tornado

If there is likelihood that the tornado will hit a vehicle, and there is no escape route available or no time to drive to a safe location, the driver should evacuate the bus, taking the first aid kit. The driver will take the students to the basement of a nearby building or to the nearest depression or ditch upwind (toward the storm) of the bus far enough away from the bus so that the bus will not roll over on them and instruct them to cover their heads with their arms. If the students are wearing coats or jackets, these can be used to provide additional protection for their heads and bodies. Drivers should take only the first aid kit from the bus.

If drivers are on the road when they hear a tornado warning or spot a funnel and there is not time to evacuate the students after stopping the bus, drivers should have the students assume the protective position, remaining in their seats, with their heads below window level.

D. Evacuation

Drivers should evacuate buses only when there is a danger of fire, collision, or other potential hazard. Drivers should inform passengers that there is an emergency, and in very calm and precise terms, tell them exactly what they are to do. When safely possible, drivers will keep all evacuees a minimum of one hundred (100) feet from the bus. They should be loaded back onto the bus only when the driver has determined it is safe to do so.

E. Accident

In case of an accident, the driver should immediately assess students for injuries and begin any emergency first aid procedures if necessary. The driver must also notify the School District and law enforcement of any school bus accidents immediately.

Upon providing emergency care and notifying the District, the driver shall:

1. In cooperation with police officer and/or ambulance service, assist with the care of students.
2. See that all injured students receive proper care.
3. Determine facts pertaining to accident.
4. Call Transportation/District staff to give list of names and circumstances so they can begin calling parents.

7. Not leave the scene of an accident until released by the driver's supervisors.

Before leaving for the day, the driver shall fill out an accident report. All bus accidents will be reported to the Department of Public Safety.

F. Cold Weather Stop

If a driver is stuck or stalled in cold weather, the driver should call for assistance and wait for help. The driver should avoid relying on the engine to provide heat for the driver and passengers as long as possible. If it is necessary to run the engine to provide heat, the

driver will make sure the exhaust pipe is clear of snow, open windows for ventilation, and check passengers frequently for headaches or drowsiness.

G. Dangerous Weapons

If a driver observes or learns that a passenger may have a dangerous weapon on the bus, he or she should remain calm and call for assistance using a predetermined code. If the driver cannot use a radio to contact the dispatcher, ask a passerby or other motorist to do so from the nearest telephone. The driver should write out the number and location of the school bus, the nature of the emergency, and the status of the passengers.
