

5145 EYE AND FACE PROTECTION

All students shall wear eye protective devices when participating in, observing, or performing any function in connection with any courses or activities taking place in eye protection areas. Eye protection areas shall include, but not be limited to, industrial arts shops, science laboratories, and other school laboratories.

The School District shall purchase and make available for all students eye protective devices meeting ANSI standards Z87.1-1968.

Each program or course requiring the eye protective devices shall have such notation on all literature distributed to prospective students. Each teacher instructing in eye protection areas shall instruct, demonstrate, and constantly supervise the use, care, and storage of the eye protective devices. Each student enrolled in an eye protective course shall obtain the required eye protective device from the teacher; the device shall be returned at the end of the course.

Any student failing to comply with this requirement may be temporarily suspended from participation in said course, and the registration of a student for such a course may be canceled for willful, flagrant, or repeated failure to observe requirements.

All students involved in the operation of rotating equipment or such equipment where rapid discharge of material is common shall wear face protection in addition to eye protection. Other areas with peculiar hazards, such as welding, shall require the use of proper protective equipment from light as well as chips.

Students shall not be allowed in an eye protection area without approved eye protective devices.
