

## 2023 LEGISLATIVE PLATFORM

### OUR MISSION

Inspiring Excellence:  
Every Grownup, Every Child, Every Day.

### OUR VISION

Striving to become one of the  
top 10 school districts in the nation.

### OUR GOAL

By 2031, 100% of our students will  
graduate with a Diploma+ exiting  
high school prepared for college  
and careers in a global society.

*Dr. Anna Stubbelfield*  
Superintendent

OFFICE: 913-279-2235

## SPOTLIGHT ISSUES FOR THE 2023 LEGISLATIVE SESSIONS

### EDUCATIONAL GOVERNANCE

- We support general supervision of public schools under the state Board of Education, including setting standards for accreditation, learning standards, graduation, and licensure.
- We support management of public schools under locally-elected boards of education, including setting curriculum, staffing, financial management, and policies, so that schools can progress and meet State Board standards.

### SCHOOL FUNDING

- We support suitable finance provided by the Kansas Legislature, including continued implementation of the constitutionally suitable school funding and inflationary adjustments approved by the Legislature, the Governor, and the Kansas Supreme Court.

### HIGH-QUALITY STAFFING AND KPERS

- We support improving teacher recruitment and retention through local control of classroom content, respect for the teaching profession, and increased funding for salaries, including the inflationary adjustments approved by the Legislature and the state Supreme Court.

### WHO WE ARE

- USD 500 serves approximately 21,400 students.
- USD 500 is 82.3 % free/reduced lunch
- KCKPS demographics: 56% Hispanic, 24% Black, 9% White, 7% Asian
- 10 Preschool Sites, 28 Elementary Schools, 7 Middle Schools, 5 High Schools, 5 Alternative Schools/Programs
- In 2022, 49% of the students graduated with a Diploma+ giving our students what they need to succeed in today's world.

# ONGOING LEGISLATIVE PRIORITIES FOR USD 500

## SCHOOL FUNDING

- Continue the inflationary cost-of-living increase approved by the Kansas Supreme Court in 2018.
- Prioritize support and resources for students and their family's physical health, mental health, and safety.
- Fund special education to 92% of excess costs, as the law requires.
- Allocate funds for transportation of students living within a metropolitan area less than 2.5 miles from their attendance center and high-risk students who need a higher level of bus transportation.
- Support career and technical education funding by allowing for the expansion of career pathway programs.
- Prioritize funding for Parents as Teachers, infant/toddler special education, early childhood, English language learners, and summer school programs.
- Provide a more equitable formula for state aid distribution to support bond interest projects. Removal of state-wide caps on bond and interest projects is essential.

## SCHOOL EFFECTIVENESS

- Expand flexibility in the path-to-teacher licensure while retaining appropriate standards set by the State Board of Education.
- Support Medicaid services designed to improve access to healthcare that can reduce overall healthcare costs for families and improve academic outcomes for students.
- Support public and private business partnerships to meet student educational needs regarding college and career readiness.

## HIGH QUALITY STAFFING

- Provide additional flexibility to address ongoing staff shortages and management challenges.
- Support rules and incentives designed to treat all public employees equitably when returning to work post-retirement.

## EDUCATIONAL GOVERNANCE

- Support a system that abides by the Kansas Constitutional requirements that locally elected boards of education must operate public schools.
- Maintain the self-executing powers of the State Board of Education while opposing any legislation designed to provide public funding to private schools through tax credits and vouchers.
- Support a system that requires a Commissioner of Education that reports directly to the State Board of Education.
