DO's and DO NOT's for setting your child up for success

DO

- Rent or purchase from a reputable music store (online or in-person).
- Rent or purchase early in the summer to guarantee an instrument is secured for your musician.
- Refer to the lists below to purchase the appropriate required accessories for each instrument.

DO NOT

- Purchase an instrument because it is less expensive than renting - these "instruments" will break quickly and are not repairable.
- Purchase off an internet auction or wholesale site.
- Purchase from any store that sells anything other than music supplies.
- Purchase a "complete care kit" for an instrument. These kits include many items that are unnecessary or inappropriate for elementary students.
- Purchase a different brand or strength than listed below (Clarinet and Alto Saxophone)
