

Transition Program

Upon enrollment, our MSIS clerk will alert Mrs. Wilson of the military family entering our school. We will provide them with the online resources on our page, schedule a school tour with the family, and introduce them to student leaders. The point of contact person will then alert our Beta Club who will appoint a peer to support the student as they get accustomed to our school.

Military School Liaisons

The School Liaison Officer serves as the primary link between schools, commanders, and military parents in K-12 academic matters. School liaisons are experienced professionals who support, advise and build partnerships with the civilian and military community to help address common education challenges of military families. School liaison support is available at no cost and open to all Defense Department identification card holders, educators who serve military students and community partners involved with pre-K-12 education.
