COMPARISON
ADDENDUM**

FUNDAMENTAL 2: Maintain the highest learning standards in the areas of fine arts; health and physical education; English language arts; mathematics; financial education; science; environment and sustainability; social studies; world languages; computer science and educational technology.

Mercer Island School District Key Performance Indicators – SBA Comparison to Surrounding Districts Addendum

This profile is a snapshot of our Smarter Balanced Assessment of student performance across a variety of grade levels as measured against a league of comparable school districts. It enables us to reflect on our performance over time and analyze patterns and trends.

* Note, the spring 2020-2021 administration of the SBA was delayed until fall 2021-2022. Students in grades 4th-12th grade (except 10th grade) took the previous year's assessments. For example, 4th grade students took the 3rd grade assessments. The SBA is not administered to 9th graders, so current 10th graders did not test. Students in 3rd-8th and 10th grade will take the SBA for their current grade in spring 2022. Any 11th or 12th grade student who has not yet met the graduation pathway requirement will also test in spring 2022.
