Greater Ohio Virtual School
Verification of Residency Report
January 2023

Monthly Residency Reminder: Each month the Greater Ohio Virtual School will notify all parents and guardians, via the One Call Now Messaging System, the requirement to report any changes in residency. The One Call Now System will send email, voice message, and text message notifications. Verification of the monthly notifications are listed below.

Email initiated by Website on 1/11/2023 10:11 AM ET

New Student Enrollment Verification:

- This will report will contain all new students enrolled for the 2022-2023 school year from December 8th through January 11th. Residency was verified via the criteria below:

The Greater Ohio Virtual School requires evidence establishing proof of residence as part of the application process for all new students. The Greater Ohio Virtual School will determine the student's district of residence based upon the address information contained in one of the acceptable documents. Acceptable documents for proof of residence are identified in ORC 3314.11(E) and include the following documents:

- A deed, mortgage, lease, current homeowner's or renter's insurance declaration page, or current real property tax bill.
- A utility bill or receipt of utility installation issued within ninety days of enrollment;
- A paycheck or paystub issued to the parent or student within ninety days of the date of enrollment that includes the address of the parent's or student's primary residence;
- The most current available bank statement issued to the parent or student that includes the address of the parent's or student's primary residence.
- Any other official document issued to the parent or student that includes the parent's or student's primary residence (i.e., Ohio driver's license, local Ohio voter registration documents; and any other state or locally issued identification).
- Any other official document approved by the Ohio Department of Education that may be used to determine proof of residency.

AGENDA ITEM 4F
BOARD ACTION NEEDED
EXECUTIVE DIRECTOR

Identification Process & Service Plan
For Children Who Are Gifted

November 2022

DEFINITION

"Gifted" means students who perform or show potential for performing at remarkably high levels of accomplishment when compared to others of their age, experience, or environment and who are identified under division (A), (B), (C), or (D) of section 3324.03 of the Ohio Revised Code.

PROCESS FOR GIFTED IDENTIFICATION

The Greater Ohio Virtual School, serving grades 7-12 shall recognize all identifications in superior cognitive ability, specific academic ability, creativity, and visual and/or performing arts if:

1. A state approved instrument has been used.
2. The identification occurred at a State of Ohio district
3. In the event the student's identification is from out of state- testing occurred within the last 24 months using an Ohio approved instrument. (If not, the student will need to be retested)

REFERRALS

Referral forms are available on The Greater Ohio Virtual School's website https://mygovs.com or by contacting the Gifted Coordinator or the Student Services Director.

Students may be referred on an ongoing basis, by any of the following:

- Child request (self-referral) or child referral of peer
- Parent/ Legal & Custodial Guardian
- Teacher recommendation or parent/guardian request
- Others(e.g., psychologist, community members, principal, gifted coordinator, etc.)

Upon receipt, the Gifted Coordinator will contact the student and/or parent to discuss the referral, determine if testing is appropriate and if so, schedule date/time for testing. Every effort will be made to accommodate students' schedules. Standard testing window is 90 days within the receipt of referral.

Special circumstances may arise if the student lives outside of the 50 mile radius; however every effort will be made to stay within that 90 day window. Written notification of results will be provided within 30 days of receipt of test results.

TESTING

Testing must be done in person. Testing may be completed Monday-Friday 9-3 at the GOVS Student Center 755 Western Row Road, Mason Ohio 45040. For students living outside of the 50 mile radius, arrangements will be made to test closer to their location. A list of assessments approved by the Ohio Department of Education may be found here:

Depending on the area being assessed, The Greater Ohio Virtual School may use any of the following for initial assessment and/or reassessment:

- Group or individually administered tests
- Audition or performance
- Display of work or exhibition
- Checklists

When results are not conclusive (falling within the margin of error) the student is eligible for a "second opportunity assessment". Parents must be notified within thirty days of the district receipt of testing results.

Equitable Testing Procedures: Districts must ensure the fair and equitable testing of students for gifted identification. This includes selecting appropriate instruments and allowing for identification of all students, including those from populations traditionally underrepresented in gifted education. Districts must use allowable accommodations required by students' individualized education programs (IEPs) and 504 plans.

The Greater Ohio Virtual School makes every effort to ensure that tests reflect accurate aptitude/achievement for all students. The Gifted Coordinator may consult with the director of Special Education and/or the ESL coordinator to determine the most appropriate instrument.

All tests are administered by qualified personnel. Eligibility for gifted services may be higher than that for gifted identification.

AREAS OF IDENTIFICATION

Public school districts (city, local and exempted village) must provide opportunities for the evaluation of students in grades K-12 for gifted identification. Ohio law defines the criteria school districts must use for gifted identification.

Superior Cognitive Ability: Districts identify students as gifted in Superior Cognitive Ability if, within the previous 24 months, a student accomplishes any of the following: • Scores two standard deviations above the mean, minus the standard error of measurement, on an approved standardized individual or group intelligence test; • Performs at or above the 95th percentile on an approved basic or composite

battery of a nationally normed achievement test; or • Attains an approved score on one or more above grade-level standardized, nationally normed approved tests.

Specific Academic Ability: Districts identify students as gifted in specific academic ability if, within the previous 24 months, a student performs at or above the 95th percentile at the national level in a specific academic ability field on an approved individual or group standardized achievement test.

Creative Thinking Ability: Districts shall identify students as gifted in Creative Thinking Ability if, within the previous 24 months, a student does both of the following: • Scores one standard deviation above the mean, minus the standard error of measurement, on an approved standardized individual or group intelligence test; and • Exhibits sufficient performance on either of the following: o An approved individual or group test of creative ability; or o A checklist of creative behaviors.

Visual or Performing Arts Ability: Districts identify students as gifted in Visual or Performing Arts Ability when a student does both of the following: • Demonstrates superior ability in a visual or performing arts area through a display of work, an audition, or other performance or exhibition; and • Exhibits sufficient performance on an approved checklist of behaviors related to a specific arts area. Approved Assessments State law requires the Ohio Department of Education to maintain lists of assessments approved for various purposes, including gifted identification and prescreening.

TRANSFER/NEW STUDENTS

The Greater Ohio Virtual School accepts identification scores from other Ohio public schools using assessment instruments approved for use by the Ohio Department of Education. GOVS will also accept scores on assessment instruments approved for use by the Ohio Department of Education provided by other (private or out of state) school districts and/or trained personnel outside the school district when the test data is within the past 24 months.

APPEAL PROCEDURE

An appeal by the parent is the reconsideration of the results of any part of the identification or service process.

Parents should submit a letter to the gifted coordinator outlining the nature of the concern. A meeting will be scheduled with the parent/guardian, which may include other school personnel.

The Gifted Coordinator will issue a written final decision within 30 days of the appeal. This written notice should include the reason for the decision(s).

DISTRICT PLAN FOR THE SERVICE OF STUDENTS WHO ARE GIFTED

According to Ohio law, all districts must identify students who are gifted. Once students are identified, Ohio law mandates they are always classified as gifted; however, districts are not required to offer services. The following are services offered by The Greater Ohio Virtual School, which shall be provided with equal opportunity to all eligible identified gifted students.

College Credit Plus (CCP): CCP courses are available through area colleges and universities. These classes enable students to earn college credit that may transfer to other institutes of higher learning. There is an informational meeting held the 1st quarter of the new year i.e. 2nd semester, that all interested need to attend. Students will need to complete a letter of intent. At that time, the GOVS Guidance Counselor will determine if the student meets eligibility criteria.

Credit Flex: All students, including those who have been identified as gifted, are eligible to be considered for credit flex. Credit flex allows a student to "test out" of a course but earn the credit for that course. Parents and/or students should contact the Gifted Coordinator if they have an interest in this option.

Early Graduation: All students, including those who have been identified as gifted, are eligible to be considered for early graduation. Students need to contact their Guidance Counselor and communicate their desire to graduate early. The guidance counselor will review the transcript and if appropriate create a plan for early graduation.

Acceleration: Being the nature of The Greater Ohio Virtual school as self-paced; students may move along the established continuum in a subject area(s) as long as they have received passing grades in prerequisite courses. The Guidance Counselor will review the student's readiness prior to opening up the next course in the continuum. Should the student desire to move beyond the next course and/or opt for CCP, the Gifted Coordinator along with the Guidance Counselor will meet with the student to discuss eligibility, their goals and motivation. **Early graduation is considered to be a form of Acceleration.**

Written Acceleration Plan (WAP): The WAP is designed to support the transition into more complex material than is traditional for their chronological age. When a student moves along a defined continuum, GOVS considers that to be a form of differentiation and will not claim that as Acceleration; therefore, WAP will be created. If the student skips steps in the continuum, a WAP will be created with supports outlined to assist the student's success. If a student enrolls at GOVS that has previously been accelerated, a WAP will be created.

A WAP will also be created for students enrolled in CCP classes if the student possesses an identification in that content area. CCP support will be defined and provided by the post-secondary institution. The GOVS Guidance Dept. will assist students in accessing this option. Success will be determined by passing grades in applicable courses.

WRITTEN EDUCATION PLAN (WEP) / NO SERVICE Letter

All students receiving gifted services will have either a WEP or a No Service letter on file. Parents and appropriate teachers of the student will receive copies. The WEP shall describe services to be provided and specify staff responsible. Educational differentiation options will be communicated to the teachers to be utilized as they deem appropriate.

The WEP contains:

- A description of services provided to the student
- Methods for evaluating student progress toward each goal
- Staff responsible for ensuring delivery of each service prescribed

Written Plans are provided to parents and students. Progress monitoring will be ongoing and measured in a combination of subject assessments passed, completed lessons, grades, and hours.

A No Service Letter documents one of the following:

- Services from The Greater Ohio Virtual School not available at this time.
- Student has opted out of Gifted Services

Department to Release Special Education Profiles

The Department will release the 2022-2023 Special Education Profiles for all districts and community schools soon. The Special Education Profile displays the district's performance on key indicators established by the Individuals with Disabilities Education Act (IDEA) and informs the district of any required activities based on these indicators. Districts must complete all required activities detailed in the Special Education Profile to demonstrate compliance with IDEA.

The Department is releasing the 2022-2023 Special Education Profiles in two phases:

- The upcoming first release contains all indicators that may have required actions. This includes compliance, disproportionality and survey indicators. Phase I includes exiting indicators and may have required actions for the first time this year.
- The second release, targeted for May 2023, will add informational student-outcome indicators that do not have required actions.

The Department will email notifications to superintendents, special education contacts and community school sponsors when profiles are available. Profiles will be available through the OH | ID Portal. Send questions about the Special Education Profile to the Office for Exceptional Children at OEC.profile@education.ohio.gov.

Updates on the New School Safety Plan Portal

As the Ohio School Safety Center is working on getting ready to implement the new school safety plan portal in Spring 2023, they are updating resubmission dates to better realign within districts and the school safety zones. Over the next couple weeks, if you receive a compliant email outside of your resubmission cycle, your future resubmission date has been modified. This is no cause for concern, and you have nothing due at this time. If you would like to check your schools resubmit date, review the right column "resubmit date" when looking up your school in the current school safety plan portal.

For questions, contact the Ohio School Safety Center at (614) 644-2641 or by email at:
OhioSchoolSafetyCenter@dps.ohio.gov

EMERGENCY DRILL LOGS ARE NOW ONLINE!

The State Fire Marshall has provided an update regarding a school's requirement to complete and submit a record of emergency evacuation drills log. The new requirement is that each school must create an account on the Ohio State Fire Marshall-Code Enforcement Portal and log the drills that would have typically been documented on the paper drill log. For additional information, please refer to the School Drill User Guide. Contact your compliance coordinator if you have any questions.

Ohio's Introduction to Dyslexia, K-3 Course Available

Ohio's Introduction to Dyslexia, Kindergarten-Grade 3 course now is available in the Department's Learning Management System. This free course is an option that meets the professional development requirements of Ohio's Dyslexia Support Laws. More information on accessing the course through the Learning Management System is available on the Department's webpage.

Direct questions about the professional development requirements to Dyslexia@education.ohio.gov.

Deadline to Request ACT Accommodations and Supports Extended

ACT recently extended the deadline for requesting accommodations and supports for the spring administration. The new deadline is Jan. 13.

Legal Team Update - Contract Renewals

Next year, eighteen (18) of our sponsored schools will be going through the renewal process. For those that will be going through the renewal process next year and years to come, here is a bird's eye view of what to expect.

The Renewal Process generally begins in September when the state report cards are released. Once the state report cards are released, CSS begins scoring the data and assembling the renewal reports which are identical to the annual report that you have just received for your school. At the same time, the school completes a renewal application and submits it to the sponsor. Each school must be eligible and score 75% of the total points available between the renewal report and the application. For more detailed information on this renewal process, refer to the Contract Performance Measures section of your charter school contract in Article XI, General Provisions.

We encourage all of our schools that are up for renewal next year, to thoroughly review and discuss the annual report that you just received in anticipation of the upcoming renewal process.

The School Improvement Team, in an effort to help our schools meet their staffing needs, has compiled a list of upcoming job fairs that are still accepting employer registrations from schools to participate in. Below is the link to the current list of job fairs for January through April 2023:

Job Fairs for Educators

As we become aware of additional job fairs, we will continue to update this document with those opportunities.

Armed School Staff Essential Training Program (ASSET)

Legislated under the 134th General Assembly, House Bill 99 permits a school district board or governing body to elect to arm specific staff members as well as the mandated training requirements for those individuals.

The same legislation created the Ohio Mobile Training Team (OMTT), within the Ohio School Safety Center (OSSC) who must create and provide required initial and annual requalification training for armed school staff.

The OMTTs model curriculum is called, Armed School Staff Essential Training (ASSET). The ASSET program is comprised of two core training programs, the initial, 24-hour certification program and the annual, 8-hour requalification program.

Armed School Staff Essential Training Program (ASSET) Curriculum

The following document provides the list of topics covered in the ASSET curriculum, the time allocations, and student performance objectives.

- Curriculum Crosswalk

The following document provides a high-level overview of the ASSET curriculum and time allocations as a one pager (printer friendly).

- Program Overview

The OSSC's ASSET 24-hour and ASSET 8-hour courses, for armed school staff, is anticipated to be available in Spring/Summer of 2023. If you would like to utilize the OSSC's ASSET 24-hour and/or ASSET 8-hour courses, reach out to your zone's liaison or manager to start planning now.

Federal Programs Reminder for January

Happy New Year from Federal Programs!

Most of us start the new year with resolutions or plans for the year. Your Federal Programs should also start with plans. First, where is the school in the process of completing all the required activities? As a reminder, the list of required activities can be found HERE.

Another New Year's Resolution, should be to expend all the ESSER II funds and as many of the ARP ESSER funds. The ESSER II funds expire on September 30, 2023. The ARP ESSER funds do not expire until September 30, 2024.

Keep in mind that schools must evaluate the intervention programs (Title I, Title III) and other programs funded by federal funds (Title II, Title IV, IDEA). Along with student achievement, parent and student surveys should be analyzed to determine program success. There are examples of surveys located on our website under Federal Programs.

If you have any questions regarding federal funds, please contact Nannette Sherman: nsherman@charterschoolspec.com or 740-607-9174.

Heading to Kindergarten

Heading to Kindergarten helps schools, families and communities work together to meet the needs of the whole child. Educators can visit the Heading to Kindergarten webpage HERE to explore these research-based tools and best practices.

Submit Grade 3 Paper Testing Resolution for 2023-2024 by May 1

Ohio law allows districts the option of paper or online test administration for the third-grade state assessments. Community schools and districts electing to use the paper version must submit a copy of a board or governing authority resolution by May 1

Board Actions

REVIEW SCHOOL IMPROVEMENT PLAN AT EACH BOARD MEETING:

GOALS FOR 2022-2023 SCHOOL YEAR:

Goal 1: By 7/31/2023, GOVS will improve the performance of all students and grades 9-12 students by increasing by 100 students enrolled in a career program using earned industry recognized credentials.

Goal 2: By 5/31/2025, GOVS will improve the performance of all students and specifically students with disabilities, homeless students, English language learner, and grades 7-12 students by 10% in Social Emotional learning and growth using student/family satisfaction surveys.

DISCUSSION QUESTIONS TO CONSIDER:

- Are the goals, strategies, and action steps aligned to the priority actions that will impact the school report card? Evidence?
- Have the planned strategies and action steps been implemented? Discuss evidence.
- Which established action steps have been completed within the identified timelines? What obstacles (if any) have prevented implementation?
- How do the strategies and action steps differ from past practices? Are the strategies and action steps reflective of evidence-based practices? How do you know?
- What data has been collected to determine whether or not the strategies and action steps are positively impacting student learning outcomes?
- What is the data telling us? Are the trends changing?
- Does the school improvement plan need to be adjusted? What is the evidence?
- Are the necessary resources available and being used? If not, why?
- Is there additional technical assistance needed from the Management Company, Board, Sponsor, etc.?

Contract Terms for Renewal Eligibility

Per Section 11.7 of its contract with St. Aloysius, Greater Ohio Virtual School is eligible for renewal if it:

(1) Receives a grade of *Meets Standards* or higher in at least one applicable grade card component for the most recent school year; or
(2) Meets the criteria listed below:
   a. An overall report card grade that is **greater than three of the five comparison group schools,** consisting of traditional public schools and charter schools with similar student demographics within 5-10 miles of the school, if possible:

      i. Findlay Digital Academy
      ii. Fairborn Digital Academy
      iii. Ohio Digital Learning School
      iv. Auglaize County Educational Academy
      v. Quaker Digital Academy

Comparison information is displayed below.

The comparison schools for Greater Ohio Virtual School were selected during the contract process. The goal is for the comparison schools to be as similar as possible in demographic characteristics (percentages of families with low income; racial/ethnic minority; students with disabilities; and English Learners) as well as in close proximity to the school, if possible.

Current LRC Data

	Distance from School	Overall School Rating	Combined Graduation Rate	Achievement (fka High School Test Passage Rate)	Progress	Gap Closing
Greater Ohio Virtual School	***	Meets Standards	Exceeds Standards	Meets Standards	Meets Standards	Meets Standards
Auglaize County Educational Academy	99.3 miles	Exceeds Standards	Exceeds Standards	Exceeds Standards	Exceeds Standards	Exceeds Standards
Fairborn Digital Academy	38 miles	Exceeds Standards	Exceeds Standards	Exceeds Standards	Meets Standards	Meets Standards
Findlay Digital Academy	133 miles	Exceeds Standards	Exceeds Standards	Exceeds Standards	Exceeds Standards	Exceeds Standards
Ohio Digital Learning School	174 miles	Exceeds Standards	Exceeds Standards	Meets Standards	Meets Standards	Exceeds Standards
Quaker Digital Academy	251 miles	Exceeds Standards	Exceeds Standards	Exceeds Standards	Exceeds Standards	Exceeds Standards

Definitions:

Overall School Rating – A combination of the school's Achievement rate, Gap Closing component, Progress component, and Graduation Rates form the school's Overall Rating.
Combined Graduation Rate – Looks at the percentage of students who are successfully completing high school with a diploma in 4,5,6,7 and 8 years.
Achievement (fka High School Test Passage Rate) – Represents the number of students who passed all five state tests that are required for graduation.
Progress – Looks at the progress students in grades 9-12 are making in math and reading.
Gap Closing – Reflects how well subgroups of students are meeting the state's performance expectations in reading, math and graduation rates.
