

# SECOND GRADE NEWS

DANIEL OF ST. THOMAS JENIFER ELEMENTARY SCHOOL

MARCH 2023

## MONTHLY FOCUS

In Reading, Second Grade will be focusing on two main skills. One skill, retell a story and determine the moral or lesson. The second skill, identify text features in nonfiction text to locate information efficiently. In Math, Second Grade will be focusing on composing numbers and comparing numbers on a number line up to 1,000.

This month in class, students will have opportunities to research and learn about a variety of women from the past and present who have made an impact on their community.
