### **Workshops Description**

These workshops will target the new science curriculums for first teaching in September 2023. They are designed for participants who are keen to improve the teaching and learning experience in the DP classroom. The workshops will enable participants to:

- Consider how the course makes links with theory of knowledge (TOK) and creativity, activity, service (CAS)
- Develop an understanding of student and teacher approaches to inquiry in the DP/CP classroom

- Design course outlines that align with curriculum requirements, aims and assessment objectives of the subject, IB terminology and the relevant standards
- Design student engagements for interactions with the syllabus concepts and content
- Articulate the assessment requirements
- Use assessment criteria to make judgments about student achievement (criterion-related best fit)
- Interact with and explore the TSM and subject-specific teaching and learning resources on the programme resource center and in the programme communities throughout the curriculum life cycle
