## WHAT IS HOSA?

[smore.com/e3qy4](https://smore.com/e3qy4)

A Career and Technical Student Organization designed to develop future leaders for the health care system.

HOSA participation provides opportunities for students to:

- develop effective leadership qualities and skills;
- enhance communication skills;
- develop critical thinking and problem-solving skills;
- build self-esteem through individual and group achievement;
- participate in community service activities;
- develop character and responsible citizenship traits;
- set goals for life long learning and make realistic career choices;
- network with health care professionals and peers who have similar goals and access student scholarship opportunities.

## Mission:

The mission of HOSA is to enhance the delivery of compassionate, quality health care by providing opportunities for knowledge, skill and leadership development of all health science education students, therefore, helping the student meet the needs of the health care community.

What we do-  
Bears For Care  
Blood Drive  
Clothe a Child  
Chart your Course  
Dog Adoptions  
Nursing Homes  
Halloween Festival

#### Your Local HOSA Chapter:

"Our local HOSA Chapter is about serving out community and preparing ourselves for the health care feild" - Tighe Harrison

"The HOSA chapter at Little Elm High School is about promoting students to become what they want in health care and helping the community". -Skyla Kelly

"HOSA is about being apart of our community and also learning skills needed for our future profession" - Hannah Skinner

"Our HOSA chapter is striving to be in the medical feild and putting forth the work and effort required all while helping our community" -Tatum Mowery

**HOSA**

Endorsed by the U.S. Department of Education and the Health Science Education Division of ACTE, HOSA is not a club to which a few students in school join. Rather, HOSA is a partnership between students and the health care industry that operates in secondary, postsecondary and collegiate institutions as an integral part of Health Science Education Curriculum. When it is integrated into the Health Science classroom, with instructors who are committed to the development of the total person, HOSA becomes a powerful instructional instrument. Those who join the HOSA Partnership recognize the importance of providing students with training far beyond the basic technical skills needed for entry into the health care field.

**HOSA is 100% health care!**
