

FISD SCHOOL SAFETY ADVISORY COMMITTEE

MEETING MINUTES

Feb. 23rd, 2022

1. Welcome
2. The committee reviewed the results of the state intruder detection audits results in January 2023.
 - Friendswood High School Detection Audit Results
 - Bales Intermediate Detection Audit Results
3. The committee reviewed current safety measures taken this school year from Nov. 10 – Feb. 23.
4. The committee then broke up into two groups to discuss measures that can be taken for the school district to increase (beyond what we currently do):
 1. Local agencies use of FISD facilities to do their trainings: Police, Fire, EMS, etc.
 2. Local agencies use of FISD campuses - familiarize themselves with the campuses even more than current measures (that have previously been reviewed by the committee).
 3. A greater contribution by local agencies towards staff and student training (beyond what we currently have in place)
 4. Add extra measures during drills and training to improve student, staff and local agency response – to better train for emergency type situations
