Flight Path is a series of three interactive events in which members of the Unified School District of De Pere and other stakeholders will gather to plan and discuss priorities for the future of the District.

## WHY NOW?

The changes that occurred over the last few years along with new leadership in the District makes this the right time to think critically about our priorities and where we're headed as a District.

Our school district should reflect the diverse priorities and people in our community. Your unique perspective is critical to ensuring the feedback truly is representative of District residents and shareholders, as it will help shape the District for years to come.

## ARE THESE SESSIONS ABOUT FUTURE FACILITIES PLANNING?

While facilities are certainly an important topic for our District, these sessions are specifically designed to facilitate a deep dive into discussions about District priorities.

There will be a separate opportunity to provide feedback on the facilities planning process through a community-wide survey in September 2023.
