Budget Hearing

and

Annual Meeting

***7:00 p.m., Monday, August 1, 2022
Wisconsin Dells High School LMC***

August 1, 2022

Good Evening,

Welcome to the School District of Wisconsin Dells Budget Hearing and Annual Meeting. Your interest, presence, input and support for our District are appreciated.

Wisconsin Statutes 65.90(4) requires common school districts to hold a Budget Hearing in conjunction with the Annual Meeting. The purpose of the Budget Hearing is to provide an overview of the proposed budget and allow eligible electors an opportunity to ask questions.

Common school districts are directed by Wisconsin Statute 120.08 to conduct an Annual Meeting in a school building on the 4th Monday in August at 8:00 p.m., unless otherwise directed by the electors of the district, but not before May 15th or after October 30th. The powers of the Annual Meeting are limited to those specified in Wisconsin Statute 120.10.

Eligible electors (voters) are residents of the School District of Wisconsin Dells who are 18 years of age or older and who have lived in the District for a minimum of 28 consecutive days, immediately prior to the Annual Meeting. If any person's qualifications as an elector are challenged, the meeting chairperson shall administer the required oath of affirmation. Any challenged person who refuses to take such oath of affirmation may not vote.

Robert's Rules of Order will be observed during the Budget Hearing and Annual Meeting to facilitate orderly conduct of business. We ask that electors of the District wait to be recognized by the chair before speaking, and give their name when they wish to address those in attendance. The chair reserves the right to limit debates and limit speakers to given time limits as deemed appropriate. The chair will call for voice votes on motions, and may at the chair's discretion, call for a show of hands. Secret ballots may be requested from the floor.

Thank you for attending.

Sincerely,

*Terrance Slack
District Administrator*

TREASURER'S REPORT

The revenues, expenditures and ending fund balances depicted in the chart below are un-audited. The District's entire financial operation is audited annually, by an external auditing firm, in August and one of the auditor responsibilities is to finalize revenues, expenditures and ending fund balances in all funds.

The following chart shows the starting fund balance, revenues, expenditures and ending fund balances for each fund in which the District had transactions during the 2021-22 fiscal year:

POST-EMPLOYMENT BENEFIT TRUST (73) FUND REPORT

The District established an irrevocable trust in Fund 73, where funds could be deposited, invested and disbursed to cover its current and future contractual obligations to provide post-employment benefits to retired employees. Funds deposited into the trust are designated to cover the "current" or "future" cost of post-employment benefits. As required by Wisconsin Statutes, the Board must invest funds deposited into the trust to cover the future cost of post-employment benefits, on a fee for services basis, with a licensed firm, MidAmerica Administrative & Retirement Solutions, Inc. The District's investment advisor is registered under 15 USC 80b-3, is knowledgeable of school finance regulations, and adheres to the Board's overriding goal of protecting the trust principal.

Wisconsin Statutes require the Board to report the status of the trust to District electors at the Annual Meeting, and include the following data:

Amount in Trust: 06-30-21	\$2,620,789.09
Return on Investment: 07-01-21 to 06-30-22	\$41,015.44
Total Disbursements: 07-01-21 to 06-30-22	\$551,092.00
Investment Manager:	MidAmerica

2022-23 BUDGET HEARING MESSAGE

Each January, the District begins a budget building process that continues through the summer and culminates with the Board of Education approving the tax levy in late October. District employees present budget requests to their respective supervisor or administrator. Requests are prioritized, some requests are eliminated and eventually a budget is established that complies with the statutory revenue limit and meets the educational needs of our students. The Board tentatively approved the proposed budget in June for presentation at this Annual Meeting, but revisions will continue until it receives final approval in late October.

Wisconsin Act 16 established "Revenue Limits" for Wisconsin school districts, beginning with the 1993-94 school year. This legislation established a format for determining the maximum additional revenue a district may receive in state equalization aid, business computer aid and property taxes, with a few permissible exceptions, for Funds 10, 38, 41 and 80.

The 2001-03 State Budget removed Fund 80 from the revenue limit calculation. The proposed budget and tax levy under consideration by the electorate this evening was developed using a revenue limit calculation that was prepared in June. A district's revenue limit is influenced by three primary factors:

1. A three-year average of Third Friday in September Enrollments, plus 40 percent of the FTE summer school membership.
2. The statutory allowable increase in per pupil revenue.
3. The District's prior-year controlled revenue.

Revenue Limits = Historical Perspective:

Since 1993, "revenue limit" statutes have restricted a school board's ability to establish a tax levy that met the local district's program needs. Historically, statutory "revenue limit increases" did not keep pace with wage, benefit and other inflation-driven operational cost increases. In the early years of revenue limits, districts made cuts that did not impinge the educational program, but that has changed over time. For many years now, newspapers have regularly documented school budget cuts, layoffs and revenue limit referendums necessitated by state-imposed revenue limits. The level of cuts needed to create balanced expenditure and revenue budgets has increased annually in most districts and is further exacerbated in districts with declining enrollment.

Numerous factors impact the revenue limit and many are still projections at this point. The calculation can be finalized after the Third Friday Count that occurs in September and general equalization aid is certified in October. The District projects a increase of 6 FTE in its three-year membership average at this time. In addition, the State approved a \$0 increase in the Per Member Change for 2022-23. At this time, following the July 1 Aid Estimate, the District expects a \$2,231,998 increase in its General Equalization Aid, but a decrease of \$2,196,703 in its allowable revenue limit.

2022-23 REVENUE LIMIT CALCULATION - SIMPLIFIED

The following chart reflects the District's projected 2022-23 Revenue Limit calculation. The District anticipates steady enrollment this year, but the official 2022 Third Friday in September Enrollment Count will not be taken until September 16. There could also be additional exemptions applied in the final worksheet. The District's final Revenue Limit will be calculated in October, once all of the final numbers are received.

2022-23 GENERAL FUND (10) REVENUE BUDGET

The proposed 2022-23 General Fund Revenue Budget is \$23,940,153. This represents a \$913,258 or 3.97 percent increase. The chart below compares 2021-22 revenues to anticipated 2022-23 revenues:

<i>General Fund (10) Revenues</i>	<i>Actual 2021-22</i>	<i>Proposed 2022-23</i>	<i>Percent of Budget</i>	<i>Dollar Change</i>	<i>Percent Change</i>

Other Revenue (900)	30,210	63,788	0.27%	+ 33,579	+ 111.15%
TOTAL	23,026,895	23,940,153	100.00%	+ 913,258	+ 3.97%

Operating Transfers-In: This revenue source was formerly used to transfer categorical aid received for 66.30 Special Education Programs operated in Fund 94 to the General Fund. Under current DPI procedures, all special education transactions are now handled within Fund 27.

Local Sources: This revenue source includes property taxes, chargeback of property taxes, mobile home taxes, payments for services, building or equipment rental fees, school activity income, student fees and interest on investments. Local sources are budgeted to provide 71.65 percent of the 2022-23 general fund revenue, which is an decrease of \$8,707 or 0.05 percent. The July 1 preliminary Aid Estimate indicated that our school district is projected to drop out of negative tertiary aid this year, which could lead to a significant decrease in property taxes, if that estimate is accurate. In addition, the District is also anticipating a similar amount of interest receipts on investments from last year.

Inter-District Payments: This revenue source consists primarily of the open enrollment aid transfer. It will provide 4.57 percent of the total 2022-23 general fund revenue, which is an increase of \$118,560 or 12.14 percent. Most of this revenue is from open enrollment, which is based on applications received from students who live outside of the District to attend SDWD. Also included in this category is tuition revenue received for non-residents attending in the district through tuition agreements.

Intermediate Sources: This revenue source includes the transit of grant monies from intermediate sources, such as CESA 5 grant reimbursements. It will provide 0.09 percent of the total 2022-23 general fund revenue, which is a decrease of \$1,012 or 4.40 percent. The district anticipates receiving CTE grant funds again this year as part of this total.

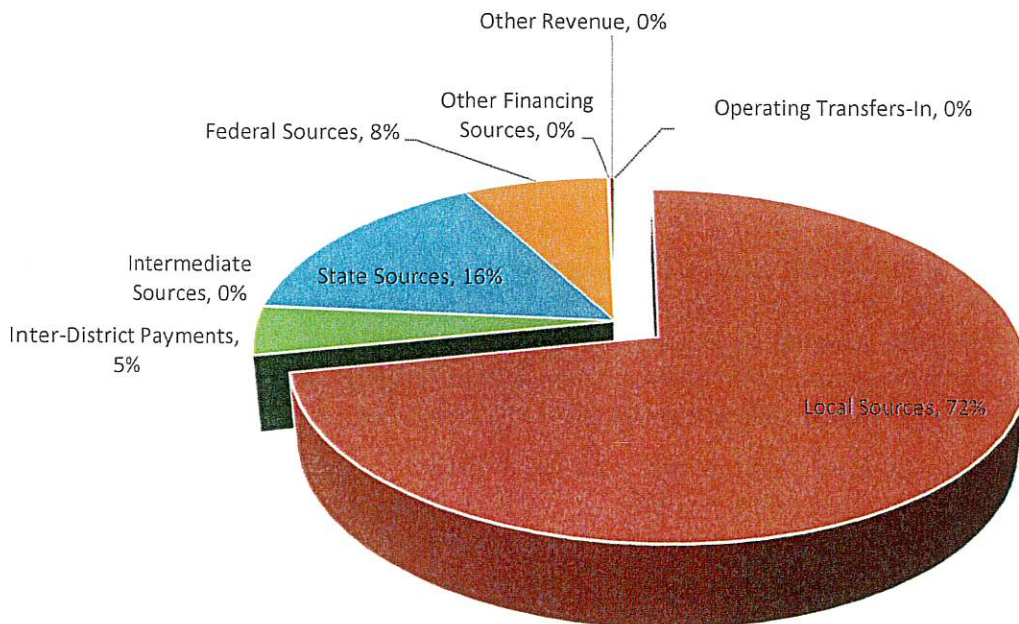

State Sources: This revenue source includes state equalization aid, SAGE/AGR aid, transportation aid, library aid, bilingual aid and per pupil adjustment aid. State sources will provide 15.70 percent of the total 2022-23 general fund revenue, which is an increase of \$1,573 or +0.04 percent. Early projections indicate that the District will be eligible for significantly more state equalization aid this year, which would increase this source more, while decreasing the local source (tax) revenues.

Federal Sources: This budget category includes federal grant sources such as IDEA Coordinated Early Intervention Services, Title I A, Title II A, Title III A and Title IV A. It will consume 7.62 percent of the total 2022-23 general budget and is \$ 769,385 or 72.94 percent higher than the federal sources revenues in 2021-22. The proposed budget increase is due to using additional funds from its ESSER funding.

Other Financing Sources: This revenue source includes capital leases, revenue generated from the sale of discarded school property, or insurance proceeds for property losses. This revenue category is very small, as it will provide 0.10 percent of the total general fund revenue in 2022-23. This represents a \$120 or 0.50 percent decrease in revenues.

Other Revenues: This revenue source includes refunds from prior year disbursements. This revenue category will provide 0.27 percent of the total general fund revenue in 2022-23, which is an increase of \$33,579 or 111.15 percent. These miscellaneous revenues received are a very small portion of the budget and can vary from year to year, and this proposed budget reflects that.

2022-23 Fund 10 (General Fund) Revenue Budget

2022-23 GENERAL FUND (10) EXPENDITURE BUDGET

The proposed 2022-23 General Fund Expenditure Budget for the School District of Wisconsin Dells is \$23,940,153. This represents an \$1,835,567 or 8.30% increase in General Fund expenditures. The 2021-22 General Fund expenditures are compared to the proposed 2022-23 General Fund Expenditure Budget in the chart below:

<i>General (10) Fund Expenditures</i>	<i>2021-22 (unaudited)</i>	<i>2022-23 Budget</i>	<i>Percent of Budget</i>	<i>Dollar Change</i>	<i>Percent Change</i>

Total	22,104,586	23,940,153	100.00%	+1,835,567	+ 8.30%

Salaries: This budget category includes wages and salaries paid to all non-special education personnel, including board members, administrators, teachers and support staff. It will consume 46.20 percent of the total 2022-23 general budget and is budgeted \$936,636 or 9.25 percent higher than the salary and wage expenditures in 2021-22. The proposed budget includes increases for all regular employees and is compliant with Wis. Stat. 111.70 that limits, without a referendum, increases in base wages for municipal employees, which includes school district employees. The increases are based upon a consumer price index for all urban consumers (CPI-U) increase of 4.70 percent. This budget includes another \$63,000 in projected supplemental pay increases for Professional Development unit increases based on criteria in the District's alternative compensation model.

Fringe Benefits: This budget category includes employer social security, employer contributions to the Wisconsin Retirement System, life insurance, health insurance, dental insurance, disability insurance, and retirement benefits for non-special education personnel. Fringe benefits for these non-special education employees will consume 16.50 percent of the total 2022-23 budget. It is \$216,964 or 5.81 percent higher than the actual 2021-22 fringe benefit expenditures.

The District's health insurance plan renewal with Dean Health and moving to a High Deductible HSA Plan resulted in a reduction of premiums for 2022-23. Premiums will be \$594.40 per month for a single HMO plan and \$1,545.44 per month for a family HMO plan. Employees may also opt for a POS plan and the premiums will be \$661.68 per month for a single plan and \$1,720.37 per month for a family plan.

There is no change in the amount of the monthly dental insurance premiums for 2022-23 and a slight increase in the Wisconsin Retirement rate, from 6.50 percent in 2022 to 6.80 percent for 2023, has been announced by the state. Social security, life, disability insurance and Employer

contributions to the Wisconsin Retirement System are driven by employee wages. The recommended budget also includes the benefits associated with the additional projected wage increases and the additional staff positions added.

Purchased Services: This budget category includes repairs, service agreements, telephone, fuel for heat and transportation, electricity, water and sewer, postage, printing, maintenance and construction projects and registration fees. Purchased services will consume 16.81 percent of the total 2022-23 budget. This expenditure category will be \$830,065 or 25.98 percent higher than the 2021-22 purchased services expenditures. With the opening of the high school in 2020, there were additional utilities budgeted. Another major area of this budget is open enrollment applications out. The District spends more than \$1,200,000 for resident students attending school in another district, but also receives money back for students who open enroll into the district. There are numerous other increases and decreases to the many line items in this area of the budget.

Non-Capital Objects: This budget category includes library books and textbooks, workbooks, audio-visual teaching aids, computer software, paper and instructional supplies. Non-capital objects will consume 4.91 percent of the total 2022-23 budget. It is \$188,778 or 19.15 percent higher than actual 2021-22 non-capital object expenditures. This area of the budget contains increases and reductions based on initial grant budget submissions. The largest increases were for custodial supplies, resource adoption materials and non-capital technology hardware.

Capital Objects: This budget category includes all equipment that costs more than \$300 and will consume 0.93 percent of the total 2022-23 budget. It is \$47,157 or 26.81 percent higher than the 2021-22 capital object expenditures. Most of the technology department budget falls into non-capital purchases.

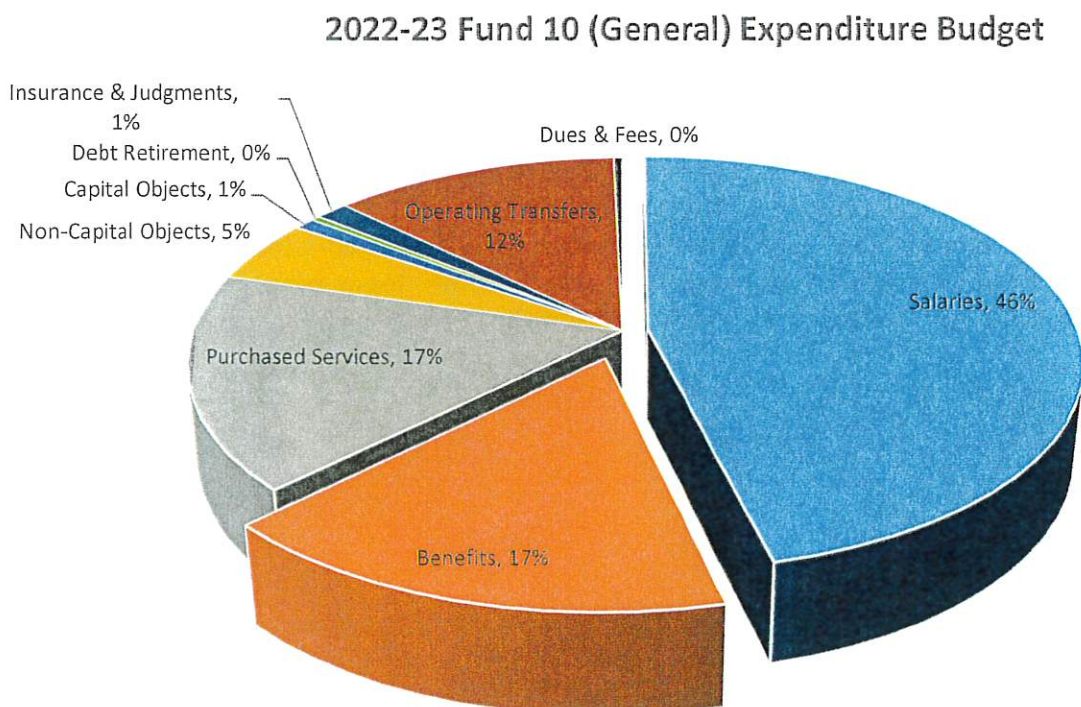

Debt Retirement: This budget category includes principal and interest on operational debt and equipment leases. It will consume 0.36 percent of the total 2022-23 budget and is a \$7,644 increase from 2021-22 expenditures. The proposed budget was developed with the assumption that no short-term borrowing would be necessary and includes lease payments for the District's Chromebook initiative, though last year's Chromebooks were purchased outright, rather than leased.

Insurance and Judgments: This budget category includes liability, property, and worker compensation insurance premiums and unemployment compensation. It will consume 1.46 percent of the total budget in 2022-23 and is \$33,932 or 10.72 percent higher than the 2021-22 insurance and judgment expenditures. Insurance costs continue to rise and that is evident in this year's budget.

Operating Transfers-Out: This budget category is used to transfer monies from Fund-10 to Fund-27 to cover special education salaries, benefits, open enrollment transfers, out-of-district tuition payments, transportation and the non-salary and benefit expenditures that support special education programs. It is used to transfer monies from Fund-10 to Fund-50 to cover any operational deficits or negative student accounts in the Food Service Program, if one occurs. And, the District created a Fund-46 Long Term Capital Improvement Fund, and this is the category used to record the transactions to transfer funds from the operating budget to that fund.

This area of the budget will consume 12.45 percent of the total in 2022-23 and is \$427,230 or 12.54 percent lower than 2021-22 actual expenditures in this area. Both salary and health insurance benefits associated with special education staff are expected to increase. When local expenditures increase in Fund 27 and any local and state revenue increase is not expected to offset those increases, the result is a higher operating transfer out of Fund 10 to cover the remaining deficit. In addition, an end of year transfer is budgeted to go to Fund 46 for long term capital improvements.

Dues and Fees: This budget category includes dues, entry fees, registration fees, and membership fees and will consume 0.37 percent of the total 2022-23 budget. It is \$1,621 or 1.88 percent higher than the 2021-22 dues and fees.

2022-23 SPECIAL EDUCATION (27) FUND BUDGETS

The proposed 2022-23 Special Education (Fund 27) Revenue and Expenditure Budgets for the School District of Wisconsin Dells are \$3,325,000. This represents a \$ 32,451 or 0.99 percent increase from the 2021-22 Special Education Budgets. Revenues and expenditures are required to be equal in this fund. Any deficit in operations is offset by an operating transfer from the General Fund (10). The 2021-22 Special Education revenues and expenditures are expected to be very similar to last year's numbers. They are compared to the proposed 2022-23 Special Education Budget in the charts below:

2022-23 CAPITAL PROJECTS (40) FUND BUDGETS

Fund 40 includes Fund 46 (Long Term Capital Improvements) and Fund 49 (Other Capital Projects). The proposed total **2022-23 Capital Projects Fund (Fund 40) Revenue Budget** is **\$13,050,800**. This represents an **\$11,299,657 or 645.27 percent increase**. At the end of the fiscal year, \$50,000 is budgeted to be placed in Fund 46. The proposed **2022-23 Capital Projects Fund (Fund 40) Expenditure Budget** is **\$12,625,800**. This represents a **\$10,996,657 or 675.00 percent increase**. These revenues and expenses are primarily for the new Performing Arts Center, which is under construction and will be paid for with a gift/donated funds. The District will also continue to receive some interest. The charts below compare 2021-22 revenues and expenditures to the anticipated 2022-23 revenues and expenditures:

2022-23 FOOD SERVICE (50) FUND BUDGETS

The proposed 2022-23 Food Service Fund (Fund 50) Revenue Budget is \$990,000. This represents a \$138,894 or 12.30 percent decrease. The proposed 2022-23 Food Service Fund (Fund 50) Expenditure Budget is the same amount as revenues, \$990,000. This represents a \$138,392 or 12.26 percent decrease. All students will not be receiving free breakfast & lunch this year, so revenues are expected to drop, while more of the revenues will come from local sources (family payments), as opposed to federal sources (government reimbursements). In addition, with fewer kids eating due to meals not being free, food expenses are expected to decrease as well. The charts below compare 2021-22 revenues and expenditures to the anticipated 2022-23 revenues and expenditures:

STATE AID AND PROPERTY TAXES

The funding formula in Wisconsin was created to give the greatest amount of state aid to those districts with the lowest equalized property value per pupil and the least state aid to those districts with the highest equalized property value per pupil. Wisconsin Dells has a high equalized property value per pupil and receives very little in state equalization aid.

This following chart depicts the non-categorical state aids, Equalization and Special Adjustment Aid, received by the School District of Wisconsin Dells in the last ten years and the aid projection for 2022-23.

MAJOR FUND DEFINITIONS

A fund is an independent account entity that has a self-balancing set of asset accounts, liability accounts and equity accounts. Funds are established to segregate financial accounting of specific activities, in accordance with laws, regulations, restrictions, or limitations.

General (10) Fund: The General Fund is used to account for District financial activities for current operations, except those that must be accounted for in separate funds.

Special Project (20) Fund: This fund is used to account for activities that are funded, in whole or in part, by federal or state programs that are designed for specific purposes and which require accounting in a segregated fund.

Debt Service (30) Fund: Wisconsin Statute 67.11 requires districts to use this fund to account for the debt service tax levy, related revenues and all expenditures for long-term debt retirement. Districts must maintain a separate checking and/or investment account for this fund.

Capital Projects (40) Fund: This fund is used to account for financial resources involved in the acquisition of capital objects, construction of major capital facilities or major maintenance projects. Capital projects financed through long-term borrowing or a sinking fund (sec. 120.10 {10}) must be accounted for in this fund. Capital projects funded through other sources of revenue such as gifts, grants, sale of capital objects, etc., may be accounted for in this fund, depending on the circumstances.

Food Service (50) Fund: Federal regulations require that the Food Service Fund be accounted for separately. All revenues and expenditures related to Food Service are recorded in this fund. The Food Service Fund may not transfer money to any other fund. Any fund deficit at the end of the year must be eliminated through an operating transfer from the General Fund. Any fund balance must be retained for future use for Food Services.

Agency (60) Fund: The Agency Fund (Pupil Activity Fund) is used to account for assets held by the District for pupil organizations. This fund is treated only as balance sheet accounts in the District's accounting system. Separate records of revenues and expenditures are maintained in administering the accounts. This District moved all of its Student Activity accounts out of this fund last year and into Fund 21, as required by GASB 84. As a result, there is no balance in this fund.

Trust (70) Fund: This fund includes Fund 72 – Private Purpose Trust Fund, which is comprised of both expendable and non-expendable scholarship monies. It also includes the District's Fund 73 – Employee Benefit Trust Fund, from which all resources, including principal and interest, may only be expended to pay for employee post-employment benefits.

Community Service (80) Fund: Wisconsin Statutes 120.13 and 120.61 allow districts to permit use of the District's property for civic purposes and provide community services, such as adult education, community recreation and day care. This fund must be used to account for such activities.

Package and Cooperative Program (90) Fund: This fund is used to provide accounting for multi-district projects in which it is necessary to maintain a separate record of revenues and expenditures so that each participating district's share will be determined accurately. Such projects must be covered by a written agreement approved by the school board of each participating district.

MAJOR FUNCTION DEFINITIONS

Function is the purpose for which an object is used or for which a person acts. Function includes the activities or actions that are performed to accomplish specific objectives.

110 000 Undifferentiated Curriculum: An instructional situation in which one teacher is responsible for providing instruction in two or more curriculum areas to the same group of pupils, such as a K-5 teacher.

120 000 Regular Curriculum: An instructional situation in which a teacher is responsible to instruct a group of pupils in only one curricular area, i.e., a departmentalized approach (grades 6-12).

130 000 Vocational Curriculum: A vocational curriculum consists of occupationally related subject matter and related experiences designed to develop the knowledge, skills, attitudes and appreciations that relate to the world of work.

140 000 Physical Curriculum: The body of related subject matter and activities in health and daily living such as health education and physical education.

150 000 Special Curriculum: A special curriculum consists of courses and other provisions which are different from or in addition to those provided in the usual school program and are provided for exceptional pupils by specially qualified personnel. A subdivision of this sub-function is used to record transactions associated with special educational provisions made for the special type of pupil indicated. Special curriculum provides for special needs children who are gifted and talented and children who are limited as a result of physical, social, cultural, mental or emotional conditions.

160 000 Co-Curricular Activities: Co-curricular activities are comprised of the group of school-sponsored activities designed to provide opportunities for pupils to participate in such experiences as athletic events, forensics, etc.

170 000 Other Special Needs: Activities to meet the needs of students who are culturally/socially disadvantaged, gifted & talented, non-special education homebound and school age parent.

210 000 Pupil Services: Activities designed to assess and improve the well-being of students and to supplement the teaching process such as guidance, nursing and psychologist services.

220 000 Instructional Staff Services: Activities associated with assisting the instructional staff in providing learning experiences for students such as library services, instructional staff training and curriculum development. Activities involving supervision and coordination of the special education and athletic/activities programs are also recorded in this area.

230 000 General Administration: Activities concerned with establishing and administering policy in connection with operating the school district such as the School Board and Office of the Superintendent.

240 000 School Building Administration: Activities of Principals concerned with overall responsibility for a school building.

250 000 Business Administration: Activities concerned with paying, transporting, exchanging and maintaining goods and services for the school district, including fiscal and internal services necessary for operating the school. Transactions made for auxiliary services, such as maintenance and operations, food service and pupil transportation, are also recorded within this budget area.

260 000 Central Services: This area includes activities that support instructional and support services and are district-wide in nature.

270 000 Insurance and Judgments: This function includes liability, property, fidelity and other insurance premiums and judgments.

280 000 Debt Services: This area includes payment of principal, interest and processing costs for short-term and long-term loans and capital leases.

290 000 Other Support Services: Included in this function are CESA general administration charges and benefits paid to or on behalf of former employees of the District as a part of their early retirement program.

400 000 Non-Program Transactions: Non-program transactions include operating transfers from one fund to another to pay obligations of the receiving fund. Payments made to other school districts and CESAs for general tuition and instructional services, for both open enrollment and non-open enrollment students, are also non-program transactions.

REFERENDUM APPROVED INDEBTEDNESS

This chart depicts outstanding electorate-approved debt incurred by the District for facilities. The dollar amounts represent annual interest and principal payments the District will pay toward each project-obligation in the identified school year. The District makes two payments per year toward each obligation, in March and September. The Fund 39 tax levy amount in this budget will cover the interest and principal payments that will be made in March and September of 2023.

DISTRICT ENROLLMENT HISTORY

The District is required to take official enrollment counts on the 3rd Friday in September and the 2nd Friday in January. Enrollment counts are converted to a full-time equivalency (FTE) count.

The 3rd Friday in September count is used in the calculation of a district's revenue limit and both counts are part of the calculation used in determining the amount of state equalization aid a district will receive in the following school year.

PUBLIC SCHOOL OPEN ENROLLMENT & TUITION WAIVERS

Since the beginning of the 1998-99 school year, students have been able to attend any school district in the state, where space is available, under Wisconsin's public school open enrollment program. In order for students to participate, parents must submit application forms to the non-resident school district between the first Monday in February and the last weekday in April. An alternative application procedure also allows pupils to apply for open enrollment at any other time during the school year, if certain criteria are met.

Wisconsin law also permits a student who moves to another district after the open enrollment application window to continue to attend school in their previous district under what is called a tuition waiver. In some cases, students are able to attend the remainder of a school year and an additional year before having to apply under open enrollment to remain in the non-resident district.

The Department of Public Instruction (DPI) establishes an open enrollment basic transfer amount and transfers that amount of money from the student's district of residence to the district where the student is attending by adjusting the districts' state aid payments. A school district's equalization aid is increased or reduced by the net number of transfers times the basic transfer amount. For the 2021-22 school year, the amount was **\$8,161** per student. The budget presented tonight is based on a **\$8,224** regular transfer amount for the 2022-23 school year.

For 2021-22, the amount of the open enrollment transfer amount for pupils with disabilities was **\$13,013**. The budget is based on a **\$13,076** transfer amount for pupils with disabilities for the 2022-23 school year. The entire amount is a Fund 10 expenditure, and non-resident districts are not able to recoup additional costs beyond the transfer amount.

The following table shows the "actual" number of students who have participated in the public school open enrollment program and its impact on the District's budget since implementation in 1998-99 and a preliminary estimate for the upcoming school year.

SCHOOL DISTRICT OF WISCONSIN DELLS

CONNECT ♦ INSPIRE ♦ ACHIEVE
Everyone. Every day.

Our Vision:

Academic and individual excellence
for a stronger community.

Our Beliefs:

- We set high academic standards and expect each student to reach his/her full potential.
- We are committed to the whole child: healthy, safe, engaged, supported, and challenged.
- We embrace our diversity, integrate equitable practices, and believe all students will be successful regardless of race, income, gender, sexual identity and learning differences.
- We partner with families and community to develop informed and responsible citizens.
- We collaborate to support individuals and families.
- We deliver a consistent and rigorous curriculum in every classroom.
- We value adult learning as a key to student learning.
- We pursue innovative ideas, evidence-based practices, and modern technologies.
- We seek to provide physical environments that facilitate high levels of learning and serve the needs of our community.

MULTI-YEAR STRATEGIC PLAN

June 2020

Core Strategies:

The following four core strategies organize our continuous improvement work at the system and at the school level over the long-term. Our core strategies are further defined and supported by our strategic objectives. We will focus on key performance objectives each year within these identified areas in order to meet our system's mission, vision, and belief statements.

- **STUDENT GROWTH AND ACHIEVEMENT**
- **PROFESSIONAL GROWTH AND LEADERSHIP**
- **DISTRICT AND COMMUNITY ENGAGEMENT**
- **FACILITIES, FINANCE, AND OPERATIONS**

Strategic Objectives:

STUDENT GROWTH AND ACHIEVEMENT

Embed *equitable practices*; improve *K-12 literacy*, and *graduate students ready for post-high school success*.

PROFESSIONAL GROWTH AND LEADERSHIP

Provide *targeted professional development* that reflects our student growth and achievement priorities, and deepen the implementation and consistency of our *professional learning communities*.

DISTRICT AND COMMUNITY ENGAGEMENT

Initiate an ongoing *stakeholder feedback process* and develop *district communication practices* that promote our community as a great place to live, work and raise families.

FACILITIES, FINANCE, AND OPERATIONS

Implement a *long-term plan* that ensures *safe, clean, and healthy facilities* and *deliver student-focused services* while maintaining *fiscal responsibility*.

*We live our mission
and strive for our vision.*
THIS IS WD.
