Community Commitment

WHAT YOU NEED TO KNOW ABOUT FENTANYL

The Pocatello Police have seen an increase in deaths, overdoses, and arrests for drugs in the area.

“We are definitely seeing an increase in drug use across the city, especially when it comes to fentanyl, and we want to get in-front of it before more people get hurt,” said Chief Schei. “This drug can be very dangerous and we want to get important information about its dangers to the community, to help save lives.”

Illicitly manufactured Fentanyl (IMF) comes in many forms. Learn how to identify Fentanyl and steps to take if you have concerns about this drug in school.
