

ParentChild+

Equal Possibilities From The Start

The ParentChild+ Program works with parents/grandparents/guardians and their young children - ages 16-36 months during home visits to help families prepare their children for school success. An Early Learning Specialist, who lives or has worked in the neighborhood and shares a language and cultural background with the family, arrives at their front door bearing books and educational toys. Our specialists model engaging and educational activities for parents and children together, and then support parents as they take on the role of their children's first teachers. The visits are a half-hour and occur twice a week over 23 weeks.

Over the course of the program, families share a love of learning and experience success that will last a lifetime and will change their lives.

For additional information, please contact Lokia Small in the CFCE office at 508-580-7000, ext. 1251 or email her at lakiasmall@bpsma.org.

This program is supported through funds from a generous philanthropic funder, the MA Department of Early Education and Care and the Brockton Public Schools
