Payroll Accounts

The net salaries of all employees of the Board were deposited in the Net Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account.

All payrolls were approved by the Superintendent and were certified by the President of the Board and the Board Secretary/Business Administrator.

Salary withholdings were properly remitted to the proper agencies, including health benefits withholdings due to the general fund.

Payrolls were delivered to the treasurer of school moneys with a warrant made to his order for the full amount of each payroll.

We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-8.3. As a result of the procedures performed, no errors were noted and no additional procedures were deemed necessary to test the propriety of expenditure classification.

FINDINGS – FINANCIAL AND COMPLIANCE**

Elementary and Secondary Education Act as Amended by the Every Student Succeeds Act (ESSA)

The E.S.E.A. financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the projects under Titles I through IV of the Elementary and Secondary Education Act as amended and reauthorized.

Our audit of the federal and state funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

Other Special Federal and/or State Projects

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the ACFR.

Our audit of the federal and state funds on a test basis, indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits are contained within the Special Revenue Section of the ACFR. This section of the ACFR documents the financial position pertaining to the aforementioned special projects.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursement filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund.

The amount of the expenditure charged to the current year's Final Report(s) for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 90 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement.

School Purchasing Programs

**Contracts and Agreements Requiring Advertisement for Bids
N.J.S.A. 18A:18A-3 States:**

"a. When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$32,000.00, the contract may be awarded by a purchasing agent when so authorized by resolution of the board of education without public advertising for bids and bidding therefor, except that the board of education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b of section 9 of P.L. 1971 c. 198 (C.40A:11-9) the board of education may establish that the bid threshold may be up to \$44,000.00. Such authorization may be granted on each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

**AUDITOR'S MANAGEMENT REPORT ON ADMINISTRATIVE
FINDINGS – FINANCIAL AND COMPLIANCE**

School Purchasing Programs (Continued)

Contracts and Agreements Requiring Advertisement for Bids (Continued)

b. Commencing in the fifth year after the year in which P.L. 1999 c. 440 takes effect, and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the board of education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2 and shall round the adjustment to the nearest \$1,000.00. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of every year in which it is made. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection a. of N.J.S.A. 18A:18A-5 may be awarded for a period not exceeding 12 consecutive months.

N.J.S.A. 18A:18A-4 states, "Every contract for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the board of education to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this chapter or specifically by any other law.

The board of education may, by resolution approve by the majority of the board of education and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the board of education finds that it has had negative prior experience with the bidder."

Effective July 1, 2020, the bid threshold in accordance with N.J.S.A. 18A:18A-3(a) and (c) is \$32,000.00. In accordance with N.J.S.A. 40A:11-9 (b) the bid threshold for all purchases made by the District's qualified purchasing agent is \$44,000.00. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18:39-3 is currently \$20,200.00.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies; the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

**AUDITOR'S MANAGEMENT REPORT ON ADMINISTRATIVE
FINDINGS – FINANCIAL AND COMPLIANCE**

School Purchasing Programs (Continued)

The system of records did not provide for an accumulation of purchases for which the School Board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our audit did reveal however, that the District did make purchases under State contracts and cooperative purchasing agreements.

School Food Service

PUBLIC HEALTH EMERGENCY

In accordance with the Governor's Declaration of Emergency pertaining to the public health emergency, all Public, Charter and Non-Public schools were ordered to close effective as of March 18, 2020 for an undetermined period to limit the spread of the virus. As a result, School Food Authorities (SFAs) were required to institute alternate procedures to provide meals to eligible students during the period of school closures. Governor Murphy's emergency declaration ended June 4, 2021; however, the United States Department of Agriculture's federal waiver continued through June 30, 2022. Food Service Agencies operated under this federal waiver.

As a result, School Food Authorities (SFAs) were required to provide meals in accordance with the regulations governing the National School Nutrition Seamless Summer Option (SSO). SFAs could also choose to participate in the National School Lunch Program utilizing standard counting and claiming practices.

SFAs were authorized to solicit and award emergency noncompetitive procurements and contracts with Food Service Management Companies in accordance with 2 CFR 200.320 and N.J.S.A. 18A:18A-7. The SFAs were also authorized to submit contract modifications to their existing Cost Reimbursable or Fixed Price contracts as necessary to ensure the feeding of all children throughout the age of 18, as well as persons over 18 with disabilities as defined in the regulations.

SFAs were notified of the requirement to maintain and report separate meal count records and financial records of all applicable costs incurred in providing meals to all students during the emergency.

We inquired of school management, or appropriate school food service personnel, as to whether the SFA's expenditures of school food service revenues were limited to allowable direct or indirect costs. There were no exceptions noted.

We also inquired of management about the public health emergency procedures/practices that the SFA instituted to provide meals to all students, maintenance of all applicable production records; meal counts; noncompetitive procurements; modification of existing contracts and applicable financial records to document the specific costs applicable to the emergency operations. We also inquired if the FSMC received a loan in accordance with the payroll protection plan and whether the funds were used to pay for costs applicable to the Food Service Programs. We also inquired if the PPP loan was subsequently forgiven and the FSMC refunded or credited the applicable amounts to the SFA.

The District utilizes a food service management company (FSMC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34 and 19-1 through 19-4.1.

**AUDITOR'S MANAGEMENT REPORT ON ADMINISTRATIVE
FINDINGS – FINANCIAL AND COMPLIANCE**

School Food Service (Continued)

Provisions of the FSMC cost reimbursable fixed price or non-competitive emergency procurement contract/addendum were reviewed and audited. The FSMC contract includes an operating results provision which guarantees that the food service program will return an operating profit of at least \$125,000.00. The operating provision has been met. All vendor discounts, rebates and credits from vendors and/or the FSMC were tracked and credited to the Food Service Account and reconciled to supporting documentation at least annually.

The financial transactions and statistical records of the school food service fund were reviewed. The accounts, meal count records were reviewed on a test-check basis. Cash receipts and bank records were reviewed for timely deposits.

Expenditures should be separately recorded as food, labor and other costs. Vendor invoices were reviewed, and costs verified. Inventory records on food and supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflect expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service.

The SFA recorded and maintained separate supporting documentation for additional costs (food, supplies, Transportation etc.) applicable to the implementation of the COVID-19 meal service under SSO or SFSP program requirements.

The FSMC did not apply for or receive a loan in accordance with the Payroll Protection Plan and did not use the funds to pay for costs applicable to the Food Service Program.

Net cash resources did not exceed three months average expenditures.

Time sheets were reviewed, and labor costs verified. Payroll records were maintained. Service employees were authorized by the board of educations. No exceptions were noted.

The number of meals claimed for reimbursement was verified against sales and meal count records. As part of the claims review process the edit check worksheet was completed. Reimbursement vouchers were timely filed, and meals claimed agreed with meal count records.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications or to the list of directly certified students on file, times the number of operating days, on a school by school basis. The free and reduced price meal policy was reviewed for uniform administration throughout the school system.

The school district maintains the detailed revenue and expenditure information necessary in order to execute the USDA mandated Non-Program Food Revenue Tool at least annually.

Statement of Revenues, Expenses and Changes in Fund Net Assets (ACFR Schedule B-5) does separate program and non-program revenue and program and non-program cost of goods sold.

2022-01 Finding: Net cash resources exceeded three months average expenditures.
