only

- **College App Week**

College App Week for seniors is September 21st - 25th. Lots of applications are free during this week only. Please stop by the counseling office anytime for help filling out your college application.

In honor of College App Week we ask everyone to wear college colors on Monday and Thursday

- **Hybrid Schedule**

It has been decided that EHS will remain on our current Hybrid Schedule indefinitely.

CollegeforTN

Be sure to check out the College for Tennessee website at www.collegefortn.org for important information on planning for college and career. This includes how to pay for college!

Paid Internships

There are still currently work-based learning internship opportunities for students in Elizabethton at Snap-On Tools and Rite Screen. At these internships, you will receive on-the-job training with a mentor and real-world work experience at up to \$10-12 per hour. Please contact Mr. Culbert in CTE for more info.

9/15 Board Meeting Updates

The consent agenda consists of various things that need board approval but do not require special attention such as research projects that Mr. Hensley and Mrs. Hurley are conducting or the disposal of equipment. The details of the consent agenda can be found on the board's section of the website. Then it was time for community members to speak if they have requested it. This meeting we had Ms. Rhonda Paulson, the owner of the Isaiah 1:17 house, who came to speak about some stories of the children that go to the house and how she thinks it's important for all schools to go back into normal session.

The board approved the hiring of another tech coordinator to help out in all of the schools to give them the support they need to continue using online resources effectively. Also, the board approved the maximum price agreement for the roofing project at TAD which allows us to start working with a company on replacing all the roofing on campus except for one small ticket booth by the stadium.

Parent Teacher Conferences

Parent-Teacher Conferences are scheduled for September 25th. This means that there is no school that day. Be sure to be in contact with your teachers about how to set up these meetings with your parent/guardians and your teachers.

Changemaker of the Month-Kenidy Harris

Kenidy Harris has been selected as the September Changemaker of the Month for demonstrating resilience, one of our core actions at EHS.

"A Changemaker is someone who puts in the effort or action into what they believe actually needs to be changed

It makes them the bigger person and makes their voice be heard when they do make change."
