will be Tuesday & Thursday 3:00-4:30

#### • 4 Day Schedule

It has been decided that starting October 5th all students who are currently on the hybrid schedule will begin attending school on Monday, Tuesday, Thursday, and Friday. Wednesday will remain a fully remote day. There will be no more cohort days.

#### • 4 Day Schedule Expectations

Once we begin the 4 day schedule we will still have expectations for socially distancing when possible, practicing good hygiene, and wearing a mask at all times.

## Before School Procedures

When you arrive at school before the school day begins you will either go to the commons or the gym balcony. If one of these spaces has filled up then you will have to move to the other.

## Betsy Beehive Honey

The Bee Mindful Project is selling Savannah Bee Company honey for our Betsy Beehive to support maintaining our hive 1 12oz Jar is \$15, 2 Jars are \$30, and 3 Jars are \$33. If you're interested then see Mrs. Hilton in the Science Pod.

## Commons & Balcony Furniture

There will be additional seating in the commons and balcony starting next Monday to accommodate for the increase in students. Please do not move these seats from their original location. They have been placed to provide as much social distance as possible, so please be sure to keep them where they are.

## Senior ACT Voucher

Seniors are entitled to a free ACT voucher for the December 12th ACT. Please contact your counselor as soon as possible to pick up your voucher and get signed up for the test.

## Morning Temperature Checks

Temperature checks will still take place before students are allowed in the building. Please arrive early enough to accommodate for any extra time it may take to check the additional students that will be in the building each day.

## Remote Wednesday Expectations

On our new 4-day schedule Wednesday's will remain a fully remote day. You are still expected to be active and attend sessions scheduled by your teacher. Your attendance is confirmed by live interaction or your completion of coursework.

## Alumni Highlight- Meredith Roaten

Meredith Roaten is a 2016 graduate of EHS and 2020 graduate of George Washington University. She was able to turn an internship for National Public Radio into a full-time job as an editorial researcher in the Office of the Public Editor.

Meredith attributes her time as a member of the EHS Yearbook staff for igniting her lifelong passion.

"I spent two years in the yearbook club at EHS. That experience jumpstarted my curiosity and passion for amplifying people's stories."
