Meeting - Jan 11 Submission Date: Jan 12 Publication Date: Feb 6	

HASA NEWSLETTER '22-23 GUIDELINES:

Our keywords for submissions to the HASA Newsletter are unique, simple, and brief--U-S-B.

Unique- We would like our Newsletter to have original, value added information. We would like to assist NHRHS-sanctioned parent, teacher, and student organizations to publicize events and information. The best way for us to do that is to publish a link directing readers to your materials published elsewhere. The NHRHS website has a section for parent groups, for example. Please post your documents there, and you can provide us with a link to publish in the HASA Newsletter.

Simple- we are transitioning to a more streamlined Newsletter format. We would like all of the submissions to reflect this simplicity and ease of use.

Brief-We hope to substantially shorten the newsletter by making use of links directing the readers to pre-existing documents wherever possible Submissions should be sent to nhrshasanews@gmail.com. Your submissions should have: articles in Word format no google doc links used working links to email or website--make sure your links work properly. pictures submitted separately in .jpg format, no duplication of material that exists on another website; just links to its use of conventional grammar and formatting. Finally, we reserve the right to abridge, re-format, modify, or decline submissions due to space or editorial concerns.
