Principal's corner:

Our staff appreciates your support in verifying your 3-5 grade student arrives at school with a chromebook that is fully charged each day. Our school system has successfully transitioned to one device per student over the past few months. We realize that this has placed much responsibility on our students and families. However, we believe this will greatly enhance the educational process in Elizabethton City Schools. Your student will be required to turn in our chromebook at the end of the school year. Our plan is to return that exact device to them next year. Please consider providing a protective sleeve or backpack for your child to help care for the device. As we approach the end of this school year, we must remain vigilant in mitigating risk at school in every way possible. Be advised that students should NOT come to school if anyone in the home is awaiting test results. Notify the school and we are happy to work with you in providing alternative instruction. Please be understanding with us during field day, celebrations, etc. We will relax our safety procedures as much as we possibly can, while following CDC guidance. I hope that everyone enjoys your Spring Break!
