RE: Periodic Six Month Surveillance Reports – August 2022

The Lincoln Park Board of Education would like to inform all parents, teachers and employees that copies of the Periodic Six Month Surveillance Report are on file in the Board Office and in the main office of each school. These plans are available for your review during normal school hours.

On August 29, 2022, the Lincoln Park Board of Education conducted a Periodic Six Month Surveillance of the schools in the district. Observations made during the surveillance indicated no discernible change in the condition of the ACBM (Asbestos Containing Building Material) identified at the subject facility. The asbestos-containing floor tile appeared to be in good condition, exhibiting normal wear. This wear did not appear to render any implementation of the floor tile friable, and is not considered to motivate any response action. Continued implementation of operations and maintenance activities is indicated as an appropriate response action relative to all of the ACB identified at the facility.

Sincerely,

Nicole C. Schoening, CPA, SFO
School Business Administrator/Board Secretary
