UPPER ADAMS SCHOOL DISTRICT
Biglerville High School
Upper Adams Middle School
FALL 2020 SPECTATOR PLAN

Upper Adams School District understands the importance of interscholastic sports and the educational impact athletics has for our students. We also understand the importance and passion our community has for our athletes and our sport programs. With the aforementioned in mind and the current lift by the Governor's office on the spectator ban at interscholastic sporting events, Upper Adams School District has developed the following plan for spectators at our home sponsored events. The following plan is to be strictly adhered to at all home events at both the JH and Varsity levels.

PA State Mandate

- All sport-related activities must adhere to the gathering limitations set forth by the Governor's Plan for Phased Reopening.
 - 25 or fewer people for indoor activity
 - 250 or fewer people for outdoor activity
- Gathering limitations include all players, coaches, medical personnel, security, officials, Game help, all other essential personnel, and spectators.
- All individuals present at the school facility must comply with the face covering (mask or face shield) order and social distancing guidelines.

School Mandates

- Student-athletes will receive two (2) sport passes for all home sponsored events.
- A valid sport pass will be required for entry into a sponsored event.
- Passes will be sport specific and will not be valid at other home events.
- No visiting team spectators will be allowed entry at our home events.
- Face coverings (mask or face shield) are required at all times within the venue.
- Spectator areas will be marked for the seating of two persons and will adhere to social distancing requirements. All spectators are to remain seated in the assigned areas.
- Stadium bathrooms will be open during the event. We will utilize the "one in - one out" model for bathroom usage.
- There will not be any concessions during any event.
- It is our intention to provide a live streaming option for most of our home events. Once we are set up for live streaming, information will be made available to the public.
