SECTION: PROPERTY

TITLE: FACILITIES PLANNING

ADOPTED: March 20, 2008

REVISED: March 17, 2016

701. FACILITIES PLANNING

1. Authority
Title 22
Sec. 4.13
Pol. 100

The Joint Operating Committee shall develop and maintain a Comprehensive Plan, as required by State Board of Education regulations. The involvement of the Joint Operating Committee, staff, community, businesses and parents is an important part of this process. Facilities planning is an important component of planning.

SC 1850.1

The Joint Operating Committee shall periodically identify and prioritize the career and technical educational needs of the participating school districts in order to locate, maintain, renovate, or construct appropriate facilities.

2. Delegation of Responsibility

In order to inform the Joint Operating Committee of the school's future needs, the Administrative Director or appropriate personnel designated by the Administrative Director shall periodically:

1. Prepare a written description of existing physical facilities.

2. Report to the Joint Operating Committee on the enrollment by programs and by grades during the school year.

3. Estimate each spring the number of students who will be enrolled in the schools and in specific programs in September of the year for which the estimate is made.

4. Prepare student population projections and compare the actual population figures to the previously projected figures to detect early any changes in population trends.

5. Identify future trends in career and technology education, business, and industry that may impact the physical plant.

3. Guidelines
SC 701, 704, 1850.1

When planning to enlarge or modify its facilities, the Joint Operating Committee shall consider not only the number of students whose career and technical and educational needs must be met, but also the physical requirements of the programs best suited to meet those needs.
