

# Upper Adams School District

*Custodial Update - 11/25/2020*

## Keeping Our Schools Clean and Safe

Our Aramark Custodial Staff has been working diligently to keep our schools clean and safe during the COVID-19 Pandemic. The staff continually cleans high touch points during each school day. Currently the staff is conducting a deep clean of all district classrooms, offices and common areas.

We appreciate all that the staff from Aramark does to keep us safe.

These pictures show one of our Aramark Staff Members doing a deep cleaning of a classroom using an electrostatic machine. This is specialized equipment that reaches all areas in our schools.
