

Hamilton City School District

QUALITY PROFILE

Together, Postively Impacting Learning and Life

2022-23

Hamilton City Schools Community

On behalf of the students, staff, and Hamilton City Schools Board of Education members, we are excited to share our latest Quality Profile.

The challenges during the pandemic were unprecedented, but our students continue to learn and grow. Our mission, "Together, Positively Impacting Learning and Life," is something we live daily, and the Hamilton educational experience is unmatched.

As we start the 2022-23 school year, there is a definite sense of excitement. The district continues to serve students with our 5-star pre-school program, technology is 1:1 at every level, and the first year of our Early College Academy is starting in association with Miami University.

Throughout this Quality Profile, the importance of robust and high-quality academic programs and the vital role of co-curricular and extra-curricular activities, including visual / performing arts and athletics, will be highlighted.

Thanks to the support of the Hamilton community, we continue to provide a quality, well-rounded education for all students that leads to opportunities beyond high school.

Great Schools are the foundation of a Great Community, and I take pride in serving as the Superintendent of Hamilton City Schools.

Thank you for investing in our schools; together, we can make a difference.

Michael Holbrook
Superintendent

ACADEMICS

Hamilton City Schools is proud to recognize and honor the hard work of the Class of 2022! Boasting a graduating class of 612 students, the district converged on Virgil M. Schwarm Stadium to collaboratively celebrate the dedication and sacrifice of each graduate. In partnership with our families and the City of Hamilton, we strive to provide students with the opportunities and tools to be successful from preschool to graduation and beyond.

97.6 %

Hamilton High School 2022 Graduation Rate

82.4 %

Percent of seniors who will enroll in a 2-4 year college, enlist in the military, or have secured gainful employment after graduation

1,800

The number of total college credit semester hours earned by Hamilton High Students enrolled in our College Credit Plus Program.

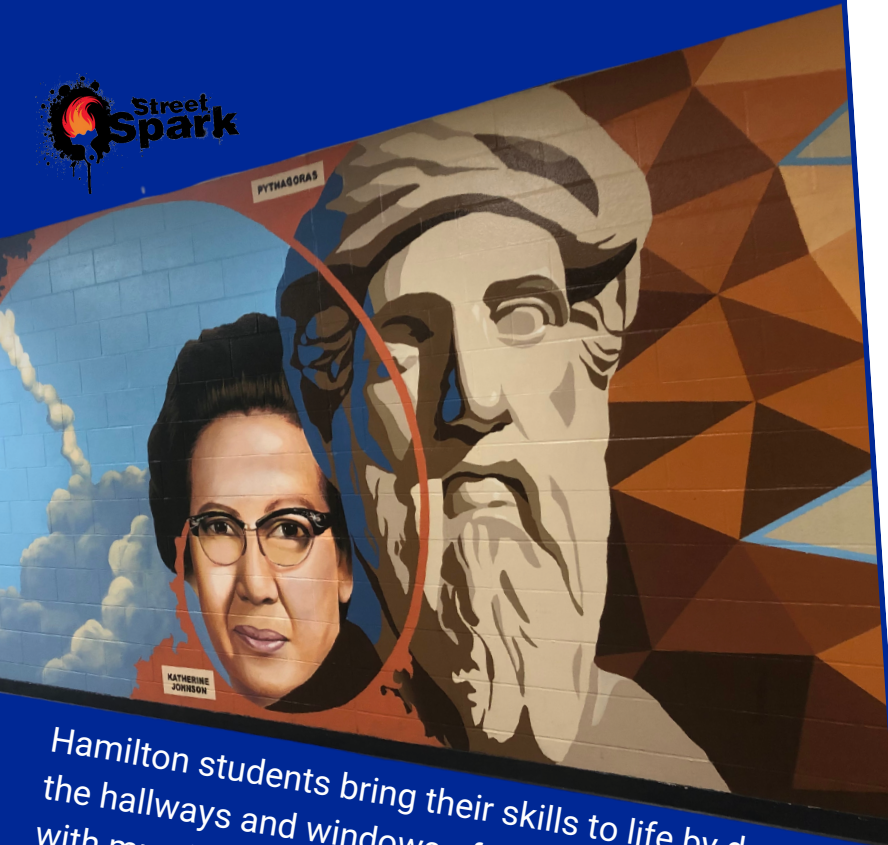

EARLY COLLEGE ACADEMY PARTNERSHIP

In addition to the robust College Credit Plus (CCP) Programming available at Hamilton High School, 50 juniors from Hamilton High School and Middletown High School will participate in Miami University's Early College Academy this fall. This innovative partnership allows students to attend classes at Miami University's Regional Campuses and receive dual credit for both high school and college, allowing participating students to graduate with an Associate in Arts degree and their high school diploma.

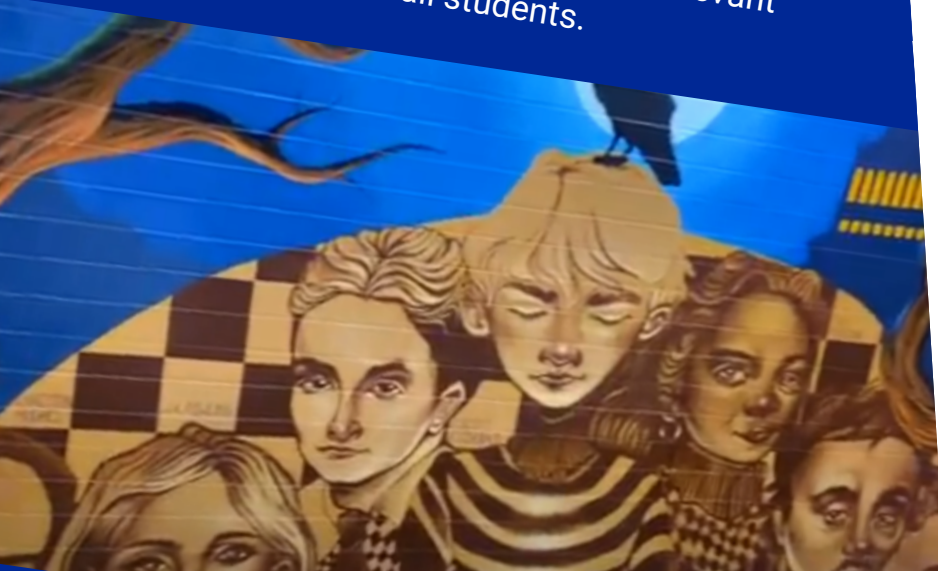

FINE ARTS

The Hamilton City School District prides itself on a long-standing tradition of rich and diverse Fine Arts offerings. The district's talented students continue to showcase their excellence in the vocal, instrumental, visual, and performing arts and are great ambassadors for the district.

Hamilton students bring their skills to life by decorating the hallways and windows of our secondary buildings with murals. These impressive pieces showcase our students' skill set and create a warm and relevant learning environment for all students.

The district's Show Choir ensembles compete locally and nationally and are often ranked amongst the best programs in the area. Co-curricular groups include Prestige (formerly Rhapsody in Blue), an advanced mixed choir, Vocal Elegance, an advanced women's choir, and CrescenDudes, the men's show choir.

Hamilton High School's Marching Band reigned supreme at this year's nationals bringing home a Superior Rating, and regularly travels, including a highlighted performance at Busch Gardens–Virginia.

Street Spark has selected several HHS students to design, paint, and share their talents throughout the city with the creation of striking murals.

ATHLETICS

Hamilton City Schools bleeds BLUE when it comes to athletics. Offering over 30 Division I High School Sports teams, "THE BIG BLUE" competes in the well-respected Greater Miami Conference (GMC), and our athletes boast an impressive record in and out of the classroom.

158

158 Hamilton High School Varsity student-athletes earned GMC All-Academic Awards in the classroom.

37

37 Hamilton High School student-athletes were designated as First or Second Team GMC for their respective sport.

80

80 athletes were recognized as Student-Athletes of the Week for their accomplishments for their respective sports.

A partnership with Kettering Health provides our student-athletes with access to 3 Athletic Trainers. The Hospital also funds annual \$5,000 scholarship endowment for students.

Practice makes perfect at Hamilton City Schools, and district facilities are top-notch, including renovated weight rooms at Hamilton High School and the Freshman Campus. Student-athletes have two dedicated spaces for training under the guidance of three certified strength and conditioning coaches.

CAREER TECH

Educational opportunities abound for Hamilton City School students. Through our partnership with Butler Tech, students can take Career Tech courses at Hamilton High School or one of Butler Tech's regional campuses.

Our students have the opportunity to apply to Butler Tech in one of the following career-focused program pathways:

- 10th Grade Academy
- Auto Collision
- Technology
- Automotive
- Aviation Exploration
- Construction
- Cosmetology
- Criminal Justice
- Culinary Arts
- Dance
- Dental Science
- Digital Media
- Equine Science
- Exercise Science
- Firefighting
- Graphic Design
- Healthcare Science
- Information
- Instrumental Music
- Landscape Design & Construction
- Mechatronics
- PLTW
- Biomedical Science
- Precision Machining
- Theatre
- Veterinary Science
- Visual Art & Design
- Vocal Music
- Welding Technology

Career Technical Education programs offered at the Hamilton High School Campus include:

- Automotive Technology
- Business Administration Services
- Construction Management
- Emerging Media
- Engineering
- Exercise Science
- Healthcare Science
- Information Technology

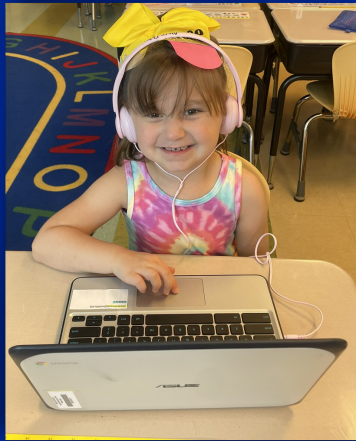

Helping young adults consider career pathways is an important area of focus. Supporting students doesn't stop with academic or athletic programming. Each year, graduating seniors and juniors are invited to participate in one of two Job Fairs designed to connect them with post-graduation career opportunities and summer or part-time employment. Nearly 300 students took advantage of this opportunity, which was a success for students and local employers needing a quality workforce.

TECHNOLOGY

Technology is the innovation of TODAY in Hamilton City Schools. From 1:1 computers for all students in PK-12 classrooms to the latest advances to help educators extend learning, Hamilton City Schools is committed to ensuring technology supports education and develops students to be competent and competitive in the 21st century.

800

The A.C.E.S (Access to Computers for Educational Success) Program provides over 800 new, touch screen devices annually to eighth-grade students for HS and beyond.

8

Elementary School Maker Spaces and STEM/STEAM Labs are available for students at each of the district's 8 elementary schools.

565

The HCSD Technology Department oversaw the installation of 565 Interactive ViewBoards in every PK-12 classroom and in common learning spaces to enhance learning.

2

Information Technology and Engineering Programs are available through Butler Tech at Hamilton High School's Career Technology Center.

100

Each summer HCSD invites 100 gifted and high-achieving students entering 4th - 6th grade to attend the district's Camp Invention.

1000

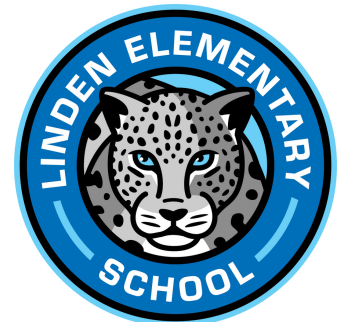

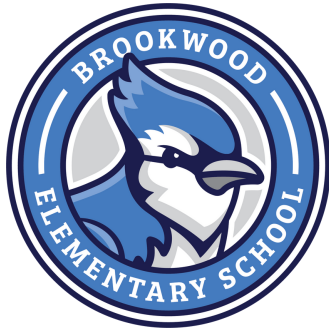

Over 1000 devices were repaired by the Technology Help Desk Program for HHS Transition Students during the 2021-2022 school year.

PRE-SCHOOL PROGRAM

The Hamilton City School District is a leader in early childhood education by offering tuition-free preschool to our community, including transportation. Our preschool program consistently earns a Five Star Quality Rating (out of five stars!) and prepares our youngest learners for kindergarten readiness.
