FOR IMMEDIATE RELEASE

LaGrange, GA., March 7, 2023 – Trackmobile’s President, Ralph Przybyszewski, greeted the Long Cane Middle School’s GreenPower team Tuesday morning for an eventful day at the facility. Led by Mr. Graham and Mr. McCalla, the 6th, 7th, and 8th-grade GreenPower teams learned about the engineering and production of mobile railcar movers.

During the engineering discussion, students learned about the different models, weight transfers, tire types, components, and product limitations, in relation to how the teams would build and operate their own greenpower cars.

Students then went on a tour of the facility to see the different phases of the production cycle. They also enjoyed driving a completed model of the railcar on the outside test track.

Near the end of the trip, Przybyszewski quizzed the students on what they had learned during the visit. We are so thankful for Trackmobile’s support and sponsorship of GreenPower in Troup County Schools.

About Troup County School System

Troup County School System is an accredited educational system with over 12,200 students in grades K-12. TCSS does offer a free Pre-K program at each elementary school. The system is comprised of eleven elementary schools, three middle schools, three high schools, one college and career academy, and one alternative learning center. Students within the school system are taught a rigorous and relevant curriculum that helps them make college and career choices beyond graduation. The system 2022 graduation rate is 85.9 percent. To learn more about Troup County School System, visit troup.org and the Troup County School System Facebook page.
