

# WiFi Information

Information Regarding Free and Low Cost WiFi Services

## A Message From the Upper Adams School District

As the Upper Adams School District moves towards remote learning opportunities, we are supplying our families with the following information to help you with WiFi access information. If you currently do not have WiFi service at your home, we encouraged to review the options below for potential help with this service.

Please note that the district has extended its internet access at the secondary campus to include the parking area near Musselman Stadium, parking area in front of Biglerville High School, and in the rear of the building near the baseball and field hockey fields. You may access the Guest WiFi from the safety and security of your vehicle. We hope that this will help our district families during this unprecedented time.

## FREE Community WiFi Spots

The following companies have opened their community WiFi Hotspots for public use for free:

Comcast/Xfinity - <https://hotspots.wifi.xfinity.com/>

PenTeleData/Service Electric - <http://www.ptdunleashed.com/>

Frontier - <http://www.frontierwifi.com/coverageareaf Frontier.aspx>

Charter Spectrum - <https://www.spectrum.com/wifi-hotspots>

Lackawanna County Free Wi-Fi - <https://www.lackawannacounty.org/index.php/wireless>

Atlantic Broadband - <https://atlanticbb.com/my-services/my-account/wifi-hotspots>

NOTE: You will need to copy and paste the links into your browser to go to the site.

## Cellular Carriers Give Free Wireless Access to the Internet

The following Cellular Carriers have given free wireless access to the internet to their current customers:

T-mobile

Sprint

Other cellular companies may be participating in the free unlimited data plan benefit for current customers. Please check with your cellular provider to determine what options your company may be providing to their current customers.

## Public Libraries WiFi Access

All Public Libraries across the country are opening their WiFi access to include their parking areas.

## Low Cost Internet Service

Several companies are offering a low cost internet service for low income households. You will need to contact the companies directly regarding this service:

Comcast/Xfinity

Zito Media

AT&T

Charter Spectrum (formerly, Time Warner Cable)

Centurylink

## Local Businesses/Restaurants/Larger Stores

While many businesses and restaurants may be physically closed, many of them have left their public wifi access open to their parking areas. There is not a comprehensive list of known businesses and restaurants that have their free wifi still active, however it is a viable option to explore if you live close to a restaurant or business that may offer free public wifi.
