

★ Support for Military Families at RES ★

Transition Planning

RES provides counseling services to military children to help address the various transitions that accompany military life.

Current RES students with military family backgrounds have partnered with RES Kindness Club members to welcome new military students and help ease their transition to our school.

★ Student Led Transition Program

Children from military families are welcome to join our Red & Blue Rangers club. This gives students an opportunity to interact with other students who have faced or are facing similar situations related to military life.

Academic Planning

The Richland Elementary handbook is available online to answer any questions about academics within our school. You can find the link under the “resources” tab. Our teachers are available to work with military families to ensure that their child’s educational journey is not interrupted during family transitions.

★ Exceptional Education Services

Richland Elementary offers gifted and special education services. You can find more information under the “resources” tab.

Mental Health Services

In addition to our school counselor, Richland Elementary is able to help meet mental health needs in a variety of ways. See the “resources” tab for more information.

★ Upcoming Military Recognition Events

RES celebrates our military service members and their families in various ways throughout the year. These include: Veterans Day events, military breakfasts, letters for the troops, Month of the Military Family (April), Purple Up Day (April 15th OR the Friday before if it falls on the weekend), and more. You can contact Mrs. Whiteted at rob516@rcsd.ms for more information on upcoming events.

Statewide School Liaison

Our Mississippi State School Liaison is Kristen Windham. She can be contacted through email at Kristen.Windham@GovReeves.ms.gov or by phone 601.941.7353.
