Guiding Principles

The basis of reasoning and action, your vision and expectations of the schools that help direct the goals and objectives in facility planning.

OUR DISTRICT'S EDUCATIONAL ENVIRONMENT WILL:

- **Be Safe, Secure & Welcoming** – not only for the physical buildings but also for the health and wellbeing of all its users
- **Provide Flexibility, Adaptability & Collaboration** – in teaching, learning, technology and spaces to serve future educational needs and support the whole child
- **Create Spaces to Support a Variety of Learning Styles and Programming** – to maintain academic excellence, provide opportunities and inspire lifelong learning
- **Foster Community Engagement** – to provide accessibility and functional use spaces that can serve as a community hub
- **Be Fiscally Responsible** – to attract and retain families and be sustainable
