TAPR Overview

- Due to changes in legislation, the performance report formerly known as the Academic Excellence Indicator System (AEIS) report is now the Texas Academic Performance Report (TAPR).
- AEIS was published from 1990-91 to 2011-12. Archived AEIS reports may be found on the AEIS Archives page through TEA.
- The TAPR provides information on the performance of students in each school and district in Texas. The reports also provide extensive information on school and district staff, programs, and student demographics.

Differences from Previous AEIS Reports

- STAAR Proficiency, STAAR Progress Measures, and Postsecondary Indicator results are shown.
- Replacement of financial profile section with direct HTML link to Financial Actual Report

New for 2017

- **STAAR Performance Level Descriptors** STAAR results are categorized as Approaches Grade Level, Meets Grade Level, or Masters Grade Level.

- **Inclusion of 2016 STAAR Data** STAAR data for 2016 is included to allow for direct comparisons of 2016 to 2017. The 2015-16 included only one year of this data.

- **Student Success Initiative (SSI)** The SSI grade-advancement requirement was suspended for the 2015-16 school year, and the June administration of STAAR for grade 5 and grade 8 were cancelled. As a result, the following data have been removed for both reading and mathematics.
  - STAAR Non-Proficient Students Promoted by Grade Placement Committee
  - STAAR Met Standard (Not Proficient in Previous Year)
    - Promoted to Grade 6 or 9

- **Participation** STAAR participation data for 2016 is included to allow for comparisons of 2016-2017.

- **Graduation Rate** lines have been added to indicate the 6-year extended federal graduation rate without exclusions for the Class of 2014 and the Class of 2013.

- **Profile** lines have been added that indicate the counts and percentages of students with disabilities. These counts are disaggregated by type of primary disability.

- **Mobility** lines have been added that indicate the mobility rate by race/ethnicity.

- **Staff Information** lines have been added that indicate the average years of experience of campus leadership.

Texas High School Graduates from FY2015 Enrolled in Texas Public or Independent Higher Education in FY 2016

Report of 2015-2016 High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education in FY 2017

Texas statute requires every school district to include, with their performance report, information received under Texas Education Code §51.403(e). This information, provided to districts from the Texas Higher Education Coordinating Board (THECB), reports on student performance in postsecondary institutions during the first year enrolled after graduation from high school.

Student performance is measured by the Grade Point Average (GPA) earned by 2015-2016 high school graduates who attended public four-year and two-year higher education in FY 2017. The data is presented alphabetically for each county, school district and high school. The bookmarks can be used to select the first letter of a county. Then the user can scroll down to the desired county, school district and high school.

For each student, the grade points and college-level semester credit hours earned by a student in fall 2016, spring 2017, and summer 2017 are added together and averaged to determine the GPA. These GPAs are accumulated in a range of five categories from < 2.0 to > 3.5. If a GPA could not be calculated for some reason, that student is placed in the "Unknown" column. GPA data is only available for students attending public higher education institutions in Texas. If a high school has fewer than five students attending four-year or two-year public higher education institutions, the number of students is shown but no GPA breakout is given. If a student attended both a four-year and a two-year institution in FY 2017, the student's GPA is shown in the type of institution where the most semester credit hours were earned.

The number of students located at Texas independent institutions is presented. Also shown are "not trackable" graduates, those with non-standard ID numbers that cannot be used to match student identifiers at Texas higher education institutions. "Not found" graduates have standard ID numbers but were not located in FY 2017 at Texas higher education institutions. They might have enrolled in higher education outside of Texas.

No data is given for high schools with 25 or fewer graduates.

Because the statute calls for data on the first year enrolled after graduation, the level of the institution attended by students in this report may not match that given in THECB's high school to college report at http://www.txhighereddata.org/Interactive/HSCollLink. That report shows where students attended in the fall semester after their high school graduation year. This report attributes students to the level of institution where they earned the most semester credit hours during the whole academic year, not just the fall semester.

Violence Prevention and Intervention Policies and Procedures

Staff development in areas related to violence prevention and intervention is an ongoing process. Sessions attended by KCISD staff members have been in Crisis Prevention Intervention, bullying, suicide prevention, and date violence.

Procedures such as requiring all visitors to use a check-in system at each campus before going anywhere in the building, requiring students to have passes to be in hallways, limiting release of students to the front offices have been implemented for the protection of our students. At the High School, requiring staff and students to wear a photo ID, monitoring of the parking lot, as well as requiring a parking tag help identify any suspicious people or vehicles on campus. All campuses have a lock down procedure in place to be used in emergency situations and emergency drills are practiced routinely.

The District continues to provide the Safe Schools Helpline which is designed to receive anonymous telephone calls so that an individual can report threats of violence, depression and illegal activity that could harm children in our school. The District has secured a District Security Officer who is assigned to all campuses and District facilities.

Guest speakers are invited to the campuses to provide age-appropriate information about child safety and anti-bullying for our students. At the elementary, the Watch D.O.G.S. (Dads of Great Students) program was implemented in 2013. These volunteers not only provide positive role models for our students but also provide an extra set of eyes to reduce misbehaviors and incidences of bullying.

A video surveillance security system records activity 24 hours a day on each campus. The purpose of the surveillance system is to deter possible criminal activity and to record any activity that involves students, staff, or campus guests.

In addition, all students have access to counseling services on their campus. Campuses use various strategies to help students develop problem-solving skills; such as inviting motivational speakers, hosting an Anti-Bullying Week, or having a counselor go into classrooms to teach them positive ways to handle conflict.
