Report of 2016-2017 High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education in FY 2018

Texas statute requires every school district to include, with their performance report, information received under Texas Education Code §51.403(e). This information, provided to districts from the Texas Higher Education Coordinating Board (THECB), reports on student performance in postsecondary institutions during the first year enrolled after graduation from high school.

Student performance is measured by the Grade Point Average (GPA) earned by 2016-2017 high school graduates who attended public four-year and two-year higher education in FY 2018. The data is presented alphabetically for each county, school district and high school. The bookmarks can be used to select the first letter of a county. Then the user can scroll down to the desired county, school district and high school.

For each student, the grade points and college-level semester credit hours earned by a student in fall 2017, spring 2018, and summer 2018 are added together and averaged to determine the GPA. These GPAs are accumulated in a range of five categories from < 2.0 to > 3.5. If a GPA could not be calculated for some reason, that student is placed in the "Unknown" column. GPA data is only available for students attending public higher education institutions in Texas. If a high school has fewer than five students attending four-year or two-year public higher education institutions, the number of students is shown but no GPA breakout is given. If a student attended both a four-year and a two-year institution in FY 2018, the student's GPA is shown in the type of institution where the most semester credit hours were earned.

The number of students located at Texas independent institutions is presented. Also shown are "not trackable" graduates, those with non-standard ID numbers that cannot be used to match student identifiers at Texas higher education institutions. "Not found" graduates have standard ID numbers but were not located in FY 2018 at Texas higher education institutions. They might have enrolled in higher education outside of Texas.

No data is given for high schools with 25 or fewer graduates.

Because the statute calls for data on the first year enrolled after graduation, the level of the institution attended by students in this report may not match that given in THECB's high school to college report at http://www.txhighereddata.org/Interactive/HSCollLink. That report shows where students attended in the fall semester after their high school graduation year. This report attributes students to the level of institution where they earned the most semester credit hours during the whole academic year, not just the fall semester.

Please note: In May 2012 the 2006-2007, 2007-2008, and 2008-2009 versions of the *Report of High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education* were updated to reflect a minor correction in how the GPA data are distributed across ranges.

"Not trackable" graduates have non-standard ID numbers that will not find a match at Texas higher education institutions.

Includes high schools with more than 25 graduates. If enrolllment in public higher education less than 5, the GPA data is omitted.

Violence Prevention and Intervention Policies and Procedures

Staff development in areas related to violence prevention and intervention is an ongoing process. Sessions attended by KCISD staff members have been in Crisis Prevention Intervention, bullying, suicide prevention, and date violence.

Procedures such as requiring all visitors to use a check-in system at each campus before going anywhere in the building, requiring students to have passes to be in hallways, limiting release of students to the front offices have been implemented for the protection of our students. At the High School, requiring staff and students to wear a photo ID, monitoring of the parking lot, as well as requiring a parking tag help identify any suspicious people or vehicles on campus. All campuses have a lock down procedure in place to be used in emergency situations and emergency drills are practiced routinely.

The District continues to provide the Safe Schools Helpline which is designed to receive anonymous telephone calls so that an individual can report threats of violence, depression and illegal activity that could harm children in our school. The District has secured a District Security Officer who is assigned to all campuses and District facilities. Additional security measures have been added on the high school campus, such as, a full time security officer and black wrought iron fencing around the perimeter of the campus.

Guest speakers are invited to the campuses to provide age-appropriate information about child safety and anti-bullying for our students. At the elementary, the Watch D.O.G.S. (Dads of Great Students) program was implemented in 2013. These volunteers not only provide positive role models for our students but also provide an extra set of eyes to reduce misbehaviors and incidences of bullying.

A video surveillance security system records activity 24 hours a day on each campus. The purpose of the surveillance system is to deter possible criminal activity and to record any activity that involves students, staff, or campus guests.

In addition, all students have access to counseling services on their campus. Campuses use various strategies to help students develop problem-solving skills; such as inviting motivational speakers, hosting an Anti-Bullying Week, or having a counselor go into classrooms to teach them positive ways to handle conflict.
