

Kirbyville CISD ESSER Funds Stakeholder Input Survey Results

Kirbyville CISD is applying for a grant from TEA based on funds from the Elementary and Secondary School Emergency Relief Fund (ESSER III). The total amount of funding that Kirbyville CISD is eligible to receive is \$4,004,753.00.

Kirbyville CISD sought input from stakeholders (KCISD staff, parents, community members, and students) via a survey on our website that was available from June 10, 2021 until June 27, 2021 for stakeholders to complete. The survey was initiated in English and then updated to include Spanish translation. This resulted in 2 percentages for each category (High Need, Moderate Need, Low Need). Below each question result graph below we have combined the percentages for each category for the overall results for that question.

Please select your stakeholder category, check all that apply. (Seleccione su categoria de partes interesadas, marque todas las que correspondan.)
