# PARKWAY PANTHER PRESS

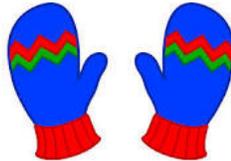

family  
conferences

## Spring Conferences

In response to the Winter Storm warning and potential weather this evening and tomorrow morning we will be transitioning all K5-8th grade conferences to a virtual format. The zoom link for your conference will be sent to you via email directly from your student's teacher.

### Parkway Spring Conferences Sign-Up

## lost & found

Everyone loses things now and then. When students lose something, they can look for it in the Lost and Found. When students find something that belongs to someone else, they can take it to the Lost and Found.

### TIPS

1. Putting your name on your jackets, sweaters, and other personal possessions will make it easy to find them and return them to you in case you lose them.
2. Items that you don't need for school, especially valuable ones, are best left at home. Why risk losing them?

### WHAT TO DO IF YOU LOSE SOMETHING

- Don't panic. Most lost items are soon found.
- Check for your lost item in the last place you had it. Perhaps it's in the classroom you were just in, so check around your seat and ask the teacher.
- If you don't find it, check the Lost and Found. Check once right away. If you don't find it there, check again later or in a day or two because somebody might have found it and turned it in.

Please note, our Lost and Found is located in the front entryway of Parkway. Many items have been sitting in the lost and found for months. Please encourage your students to stop by the Lost and Found to look for their items next week. Any items that are in the Lost and Found on Friday, March 17th will be donated to local shelters in hopes of helping other students and their families.

Our students are doing amazing things! In first grade classrooms, the students are creating Vowel Towns in which they are labeling all the parts of the town as an end of the unit celebration. In this unit, our first grade friends learned about vowel teams such as (ea) and (ie).

In an effort to ensure that we are protecting our students, we have safety protocols and procedures in place. We use a visitor management system called Raptor Technologies. If you are entering the building and moving beyond the front office, we will ask you to sign in, wear a visitor's badge and run your driver's license (or other form of ID) through the Raptor system. We appreciate your cooperation with our safety procedures as safety is one of our top priorities.

**NO SCHOOL FOR STUDENTS**  
PD Day - March 17th  
Spring Break - March 27-31
